GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

Proceedings of the Board of Revenue, dated 15th March 1883, No. 746.

Abstract.—Reviewing and submitting to Government the Local Fund Budget Estimate of the Anantapur Circle for 1883-84.

Proceedings of the Board of Revenue, dated 21st May 1883, No. 1406.

Abstract.—Submitting to Government remarks of the Director of Public Instruction on the Educational portion of the Local Fund Budget Estimate of the Anantapur Circle for 1883-84.

Order—dated 3rd August 1883, No. 1643, Financial.

The estimated receipts and charges of the Anantapur Circle for 1883-84 are compared below with the regular and budget estimates for 1882-83 :—

Receipts.

	Budget Estimate, 1882-83.	Regular Estimate, 1882-83.	Proposed Estimate, 1883-84.
	Rs.	Rs.	Rs.
Balances—			
Road Fund	50,490	54,400	28,200
Endowment Fund	..	..	300

General Fund	1,040	8,680	..
Total	1,67,180	1,70,810	1,31,190

2. *Regular Estimate for* 1882-83.—In the Land-cess Demand, Collection, and Balance Statement attached to the regular estimate the arrears appertaining to each year should be distinguished. It is not sufficient to say that the balance "represents the years 1875-76 to 1881-82." Except under Grant IV, the charges of the regular estimate especially under Grant I fall considerably short of the sanctioned estimate. On the repair of the circle roads, which were reported when the budget was submitted to be in a "miserable condition," the outlay was expected to amount only to about 62 per cent. of the allotment. Nor can the reasons assigned be accepted as satisfactory, no explanation being furnished of the short outlay during the first five months of the year.

3. Excluding opening balances the estimated receipts for 1883-84 fall short of the regular estimate by Rs. 2,130, owing chiefly to the fact that the land-cess arrears outstanding at the close of 1882-83 are not expected to exceed one-half of the amount in arrear at the commencement of that year. The land-cess estimate amounts to 90 per cent. of the total demand and is accepted. With reference to Board's Proceedings, 21st May 1883, No. 1406, credit will be taken for a total Provincial School grant of Rs. 720. The transfer of Special Fund and Ferry rent receipts to the General Fund is sanctioned.

4. Under Grant I owing to paucity of funds no provision is made for new works. The proportionate cost of the Engineering Establishment is extremely high, and the Circle Board will accordingly submit proposals without delay for its reduction. Calculated at $1\frac{1}{2}$ per cent. on the outlay on Public Works, the provision for "Tools and Plant" should be Rs. 800 and not Rs. 1,250. Under Grant II the allotment for Local Fund Schools will be raised to Rs. 1,890, and the sum of Rs. 160 provided for the Anantapur Municipal Girls' School struck out, with reference to Board's Proceedings, 21st May 1883, No. 1406. The remaining items of expenditure call for no remark.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Anantapur Circle for 1883-84.

(Signed) E. S. LAFFAN,
Ag. Under Secy. to Govt.

To the Board of Revenue, with enclosures.
" Revenue Department, with Board's Proceedings, 15th March 1883, No. 746.
" Public Works Department, with do.
" Accountant-General.
" Sanitary Commissioner for Madras.
" Surgeon-General with the Government of Madras.
" Director of Public Instruction.
" President of the Municipal Commission, Anantapur District.

READ—the following letter from N. A. ROUPELL, Esq., President, Local Fund Board, Anantapur, to the Secretary to the Board of Revenue, dated 12th August 1883, No. 26 :—

With reference to paragraphs 5 and 7 of the Proceedings of the Board of Revenue, No. 746, dated 15th March 1883, I have the honor to enclose copies of Circle Board's Resolutions passed at a meeting held on the 28th April 1883.

2. The removal of the maistries from the permanent staff, the only reduction which could conveniently be carried out, was effected from 1st May last, and therefore there will be a saving of Rs. 1,680 in the current year.

ENCLOSURE No. 1.

Proceedings of the Local Fund Board, Anantapur, at a Meeting held at Anantapur on the 28th April 1883.

* * * * *

No. 14. Read Board's Proceedings, No. 746, dated 15th March 1883, reviewing and submitting to Government the Local Fund Budget Estimate of the Anantapur Circle for 1883-84.

Resolution—The President may be requested to ask—

(1) The Tahsildar to report what reductions can be made in the Avenue establishment as some of the coolies may be dispensed with during the wet weather commencing from August to December, both inclusive.

(2) The Local Fund Engineer to report what reductions can be made in establishment as required in paragraph 5 of the above Proceedings.

As regards the question of dispensing with the services of the Second-class Deputy Inspector, in view to find funds to the employment of extra Vaccinators, as required in paragraph 7, the Board are unanimously against the proposal. Considering the vast area of the district, the services of Second-class Deputy Inspector are absolutely necessary for the effective supervision of the working of the Vaccine establishment.

ENCLOSURE No. 2.

Proceedings of the Local Fund Board, Anantapur Circle, at a Meeting held on the 28th May 1883.

* * * * *

14. Read letter, No. 113, dated 7th May 1883, from the Local Fund Engineer stating, in reply to the Circle Board's Resolution, No. XIV, of the 28th April 1883, that the only reduction can be recommended in the establishment is the removal of the maistries from the permanent staff.

Resolution—Recorded.

RESOLUTION—dated 29th August 1883, No. 2541.

The Local Fund Budget Estimate of the Anantapur Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President is requested to exhibit in future, with the foot-note showing the demand, collection and balance of Land-cess, the particulars of the years to which the arrears relate. In reference to the remarks on the short outlay estimated for road repairs, the Board would state that, according to the Local Fund report of the circle for 1882-83, nearly 97 per cent. of the allotment for this purpose was expended during the year.

3. *Paragraph 4 of the Government Order.*—In his letter read above, the President states that the only possible reduction in the Engineering Establishment is that pointed out by the Board, viz., the discontinuance of the services of the temporary maistries. This effects a saving of Rs. 1,680, but the establishment still costs Rs. 13,120, or nearly 25 per cent. of the provision for works, a rate much in excess of that paid to the Public Works Department, and above the rate of other circles. The President will point out to the Local Fund Board how the establishment can be further reduced, and will again report to the Board on the matter.

4. The provision for "Contributions to Provincial Funds" under Grant II will be raised by Rs. 1,200 to provide for the second additional Deputy Inspector of Schools recommended for the sanction of Government in paragraph 2 of the Board's Proceedings, dated 16th July 1883, No. 2040, and the necessary alterations specified in the statement printed in those Board's Proceedings will be carried out.

APPENDIX.

IV-B.—Detail of Sanitary Expenditure in the Anantapur Circle for the Year 1883-84.

Locality and Particulars.	Amount.	Remarks.
PENUKONDA TALUK.	Rs.	
Penukonda.—One sweeper on Rs. 4, and four sweepers on Rs. 3-8-0 each	216	
Bukkapatam.—Two sweepers at Rs. 3 each ...	72	
HINDUPUR TALUK.		
Hindupur.—Six sweepers at Rs. 3 each ...	216	
MADAKASIRA TALUK.		
Madakasira.—Four sweepers at Rs. 3 each ...	144	
DHARMAVARAM TALUK.		
Dharmavaram.—One sweeper at Rs. 4, and six sweepers at Rs. 3-8-0 each	300	
Kályandrúg.—Three sweepers at Rs. 3-8-0 each	126	
ANANTAPUR TALUK.		
Eight sweepers at Rs. 4 each employed beyond the limits of the town of *Anantapur*	384	
GOOTY TALUK.		
Gooty Town.—One maistry at Rs. 8 ... ... / Nine toties at Rs. 5 each ... / *Ten sweepers at Rs. 4 each ... / Three carts at Rs. 9-8-0 each ...	1,458	* Of these ten, one is a watchman at Gatchubhavi.
Gooty Railway Station.—Two sweepers at Rs. 5 each	120	
Guntakal.—Three sweepers at Rs. 4 each ...	144	
Uravakonda.—Seven sweepers at Rs. 4 each ...	336	
TADPATRI TALUK.		
Tadpatri Town.—Two carts at Rs. 12 each ... / One maistry at Rs. 8 ... / One gumasta at Rs. 8 ... / Fourteen sweepers at Rs. 4 each / Two road coolies at Rs. 4 each / Seven toties at Rs. 5 each ...	1,668	These establishments include the additional Establishment sanctioned in Board's Proceedings, No. 8070, dated 19th October 1882.
Yadiki.—Four sweepers at Rs. 4 each ... ... / Three toties at Rs. 5 each	372	
Rayalcheru.—Two sweepers at Rs. 4 each ... / One toty at Rs. 5	156	
Total ...	5,712	
Sanitary arrangements at Fairs and Festivals	298	
Village Sanitation	1,500	
Total ...	7,510

Total	1,57,921	1,09,320	1,10,920

2. *Revised estimate for* 1883-84.—The total opening balance of the revised estimate shows a falling off compared with the estimate of Rs. 25,066, which is ascribed chiefly to the fact that larger expenditure was incurred on communications in 1882-83 than was sanctioned in the revised estimate for that year. No explanation of this is afforded in these papers or in the report for 1882-83. The land-cess arrear balance amounts to 25 per cent. of the demand and extends over 10 years. The old arrears should be promptly collected or written off. It is noted that an income of Rs. 2,500 is expected from the toll gates, the establishment of which was sanctioned in G.O., dated 26th September 1883, No. 2150. Under Charges, considerable savings are expected to be effected in the Public Works allotment, notwithstanding the fact that an expenditure of Rs 2,081 was incurred on the Local Fund Engineer's residence and office building for which no provision was made in the budget. In paragraph 3 of the Board's proceedings, the General fund balance is credited with having fallen off by an amount which in fact represents the total falling off in the opening balance under all three funds.

3. *Budget estimate for* 1884-85.—In the budget for the ensuing year the income from land cess is estimated at the same figure as in 1883-84, viz., Rs. 85,000. As this represents less than 80 per cent. of the demand, efforts should be made to improve the collections. Enhanced revenue is anticipated from tolls and market rents. Under Charges no provision is made for new works owing to want of funds. The maintenance allotment for communications is fixed at Rs. 45,000. The provision for the Local Fund Engineering establishment is, as observed by the Board of Revenue, even after the slight reduction effected by the circle board, very high. The President will report, after obtaining the views of the Local Fund board, whether the services of the supervisor may not be dispensed with as no new works of any importance are to be undertaken. It is noted that Rs. 2,500 are provided for part payment of the famine debt. The balance (Rs. 5,895) it is proposed to pay by annual instalments of Rs. 2,500 (*vide* G.O., 28th February 1884, No. 442). The Educational provision is

considered insufficient by the Director of Public Instruction, but, as the Board remark, it appears to be as much as the circle board can afford. The Gooty Munro's chattram and dispensary having been transferred to the Local Fund board with effect from 1st April 1884, their receipts and charges should be incorporated in the budget under Grant III, the amount provided for payment of contribution being struck out. The contributions for Medical college and Sanitary inspection should be Rs. 530 in each case. This will reduce the General reserve to Rs. 990. The circle board's attention should be drawn to paragraph 2 of the Sanitary Commissioner's letter. Subject to the above remarks the budget is passed.

Local Fund—Budgets.

Reviewing and passing the budget estimate of the Anantapur Local Fund circle for 1884-85.

Board of Revenue, 14th January 1884, No. 92.

PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from N. A. ROUPELL, Esq., President, Local Fund Board, Anantapur, to the Secretary to the Board of Revenue, dated 8th October 1883, No. 42:—

I have the honor to submit the budget estimates of the Anantapur Circle for 1884-85, together with all the statements prescribed by the Board of Revenue. The budget was approved by the Local Fund Board at their meeting held on the 5th October 1883. A copy of their resolution on the subject is enclosed.

Regular Estimate for 1883-84.

2. The opening balances of the regular estimate are the figures communicated by the Accountant-General after audit. The variations between the figures of the sanctioned budget and those of the regular estimate have been fully explained in the remark column of the regular estimate.

3. The opening balances at the commencement of the year amounted to Rs. 14,088, or 62 per cent. less than the budget estimate, as detailed below:—

—	Regular Estimate.	Budget Estimate.	Difference.
	Rs.	Rs.	Rs.
Road Fund	7,876	28,200	— 20,324
General Fund	5,712	8,680	— 2,968
Endowment Fund ..	500	300	+ 200
Total ..	14,088	37,180	— 23,092

This is due to large expenditure during 1882-83 in excess of the regular estimate.

4. As the balances were greatly reduced, the gross receipts of the year fell short of the budget estimate by Rs. 20,069, or 15 per cent. on the whole, as shown below:—

—	Road Fund.		General Fund.		Endowment Fund.	
	Budget Estimate.	Regular Estimate.	Budget Estimate.	Regular Estimate.	Budget Estimate.	Regular Estimate.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Balance on 1st April 1883	28,200	7,876	8,680	5,712	300	500
Receipts	57,710	60,360	34,770	35,143	1,700	1,700
Total ..	85,910	68,236	43,450	40,855	2,000	2,200
Difference ..	— 17,674		— 2,595		+ 200	

5. *Expenditure.*—The following is a comparative abstract showing the variations under each grant :—

—	Regular Estimate.	Budget Estimate.	Difference.
	RS.	RS.	RS.
Grant I	67,844	76,150	— 8,306
„ II	9,644	10,200	— 556
„ III	23,135	23,320	+ 185
„ IV	4,418	4,350	+ 68

6. The total expenditure under Grant I is estimated at Rs. 67,844, or Rs. 8,306 less than the sanctioned budget, and it is attributable to the probable savings and deductions under the following items :—

	RS.
Communications	7,000
Civil Buildings	500
Cost of Local Fund Engineering Establishment	806

7. Under Grant II, the regular estimate is Rs. 9,644, against Rs. 10,200 in the budget estimate. The difference—Rs. 556—is due to the savings in the pay of the Inspecting Schoolmaster at Hindupur and of an additional Provincial Deputy Inspector of Schools, who have not been appointed as yet.

8. The estimated expenditure under Grant III amounts to Rs. 23,135, or Rs. 185 less than the budget. This is due to the variations which have been fully explained in the remark column of the regular estimate.

9. *Grant IV.*—The increase under Grant IV is due to the payment of the annual increment to the Auditor and leave allowances to the Local and Special Fund Accountant in the Collector's office and payment for superannuation, &c., not provided for in the budget.

10. The following is an abstract of the regular estimate :—

—	Road Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.
New Works—				
Communications	...	...	...	...

These balances have been carried over to frame the budget for 1884-85.

BUDGET ESTIMATE FOR 1884-85.

11. *Receipts.*—The estimated receipts, including the above balance of Rs. 5,803, under all heads, amount to Rs. 1,07,413, against Rs. 1,11,291 in the regular estimate, the receipts under most of the items being almost the same as in the current year.

The principal items requiring remarks are these :—

Surplus Pound Fund.—As the greater portion of the Pound Funds is to be utilized, according to recent orders, for the improvement of the cattle pounds in the district, the probable income under this head is put down at Rs. 200, or just half of the current year's estimate.

Fisheries.—This is estimated at Rs. 900, with reference to the actuals of 1882-83, which amount to Rs. 868.

Land Cess.—The current year's estimate is repeated without change, with reference to the actuals of the last year as well as of the last five months of the current year and the general state of the season.

Local Fund Tolls.—In the regular estimate, the annual income from the three toll-gates to be newly opened is estimated at Rs. 7,500, and the same is repeated here.

The total receipts under all heads amount to Rs. 1,07,413, as shown hereunder :—

	RS.
Road Fund	69,846
Endowment Fund	3,147
General Fund	34,420

12. *Expenditure.*—The total expenditure under all heads amounts to Rs. 1,04,724, and is distributed as exhibited below :—

		Details of Expenditure.	Total.
		RS.	RS.
Grant I	Road Fund	66,579	
	General Fund	2,511	
			69,090
Grant II.	General Fund	9,244	9,244
Grant III.	General Fund	21,030	
	Endowment Fund	1,000	
			22,030
Grant IV.	Road Fund	2,826	
	General Fund	1,534	
			4,360
Balances—			
Road Fund		441	
General Fund		101	
Endowment Fund		2,147	
			2,689
			1,07,413

Grant I—New Works.—No provision has been made for any new work for want of funds.

Repairs.—Rupees 45,000 for Communications and Rs. 500 for Civil Buildings have been provided, against Rs. 47,300 and 2,000, respectively.

Miscellaneous Public Improvements.—Considering the state of the General Fund, it is not possible to make a larger provision than Rs. 1,500, or nearly 4½ per cent. of the available assets, for the improvement and maintenance of the avenues.

Local Fund Engineering Establishment.—The provision made is Rs. 12,200, or 26 per cent. on the outlay on works. This percentage is high, but as there are no original works in the circle and the major part of the allotment relates to repair and maintenance of the several roads scattered all over the district, the establishment proposed to be retained as below is absolutely necessary and is not susceptible of further reduction :—

No.	Designation.	Pay.	Travelling Allowance.
		RS.	RS.
1	Engineer	200	90
1	Supervisor	125	60
1	Overseer	50	10
1	Overseer	40	10
4	Overseers, at Rs. 35 each	140	30
1	Accountant	40	..
1	Draughtsman	30	..
2	Clerks on Rs. 20 each	40	15
1	Clerk	15	..
11	Lascars at Rs. 6 each	66	20

Tools and Plant.—Rs. 600, or about 1·3 per cent. on the outlay, have been provided.

Road Fund Reserve.—Rs. 6,790, or 10 per cent. of the estimated receipts, is allotted under Reserve to meet emergencies.

Grant II.—The allotments made under all heads are the same as in the current year, with the exception of the contribution to be paid to the second additional Deputy Inspector of Schools sanctioned in G.O., dated 24th August 1883, No. 1874. The state of the General Fund does not permit the payment of the contribution for the next year. Hence the total expenditure is reduced from Rs. 10,200 to Rs. 9,244, or 27 per cent. on the available assets, against 21½ per cent. in the current year. Of the total allotment of Rs. 9,244, Rs. 3,300, or 35·7 per cent., is provided for results grant. As this amount is not, however, adequate to meet the requirements in full, the Director of Public Instruction will be requested to issue the necessary orders for reducing the rate of the grant proportionately.

Grant III—Hospitals and Dispensaries.—Provision has been made for the maintenance of all the dispensaries in the circle, including the minor dispensary at Uravakonda.

Vaccination.—The current year's allotment remains unaltered with the exception of batta to be paid to mothers of vaccinated children and travelling allowance to the establishment, which have been reduced, with reference to the actuals of the last year and the regular estimate, from Rs. 1,700 to Rs. 1,050.

Sanitary Establishment.—The amount appropriated under this head is Rs. 7,100, or 21 per cent. on the total available assets. The state of the General Fund, as already explained, does not permit a larger allotment.

Chattrams and Bungalows.—Provision has been made for the maintenance of all the choultries and bungalows by an allotment of Rs. 700, against Rs. 670 in the current year.

Grant IV.—The total allotment under all heads amounts to Rs. 4,360, against Rs. 4,350 in the current year, including the annual increment allowed to the district auditor. For want of funds, no provision has been made for General Reserve, and the General Fund will close with a small balance of Rs. 101, while the Road Fund and Endowment Fund close with a balance of Rs. 441 and Rs. 2,147, respectively.

The total expenditure under General Fund has been distributed as follows, as compared with the current year :—

	Percentage in 1884-85.	Percentage in 1883-84.
1. Civil Buildings	1⅓	4½
2. Avenues	4½	9½
3. Engineering Establishment	1⅓	4¼
4. Education	27	21½
5. Hospitals and Dispensaries	13⅓	10
6. Vaccination	14	12¾
7. Sanitation	21	17⅓
8. Contributions	7½	6½
9. General Management	4½	3
10. Miscellaneous	5	5⅓
11. Reserve		5⅓

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 25th October 1883, No. 5469 :—

I have the honor, by desire of the Surgeon-General, to state that the provision made in Grant III of the 1884-85 Local Fund budget estimate of the Anantapur Circle for the maintenance of the four dispensaries is adequate and calls for no remarks save in the item of "Medical Subordinate."

	RS.
Pay	35
Allowance	10
	45 × 12
	= 540
¾ of 540 = 1620/4	= 405

2. The sum of Rs. 450 provided for the three-fourths of the pay and allowance of the Second-class Hospital Assistant attached to the Uravakonda Dispensary should be reduced to Rs. 405.

3. Rs. 470 are entered as contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner, Madras, to the Secretary to the Board of Revenue, dated Pálghat, 6th November 1883, No. 1424 :—

I have the honor to report, for the information of the Board of Revenue, that Rs. 7,100, or 25 per cent. of available income, have been set apart for the sanitary requirements of the Anantapur Local Fund Circle for the year 1884-85. It is less than the grant for the current year by Rs. 410. "The state of the General Fund does not permit a larger allotment." Conservancy will absorb the largest share of the grant, viz., Rs. 5,964 ; village sanitation, Rs. 838 ; and sanitary arrangements during fairs and festivals, Rs. 298.

2. The vaccination grant amounts to Rs. 4,790, being Rs. 700 less than that of the current year. The decrease is due to a reduction having been made in the item "Batta to Mothers," and in the travelling allowance of the staff in general, with reference to the actuals of the past year. No details of the establishment to be employed are given, but I presume it will be the same as at present maintained, which I pronounced * to be inadequate and not in accordance with rules.

* In letter, No. 1165, dated 30th November 1882, to the Board of Revenue.

READ—the following letter from N. A. ROUPELL, Esq., President, Local Fund Board, Anantapur, to the Secretary to the Board of Revenue, dated 30th November 1883, No. 62 :—

ABSTRACT.—Forwarding the Road Map of the Anantapur Circle called for in the Revenue Board's Memorandum, No. 6852, dated 31st October 1883.

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 7th December 1883, No. 8273:—

I have the honor to submit the following remarks on the provision made for education in the Local Fund budget estimate of the Anantapur Circle for 1884-85.

2. *Receipts.*—The educational assets of the circle are estimated at Rs. 15,610:—

	Rs.
Provincial grant for schools	720
One-sixth Land-cess and arrears of interest	14,200
School fees	490
Sale of books	200
Total ...	15,610

Credit is taken for a grant of Rs. 720 from Provincial Funds on account of salary grants to the Local Fund Middle School, Tadpatri, and for scholarship and salary grants for the Normal School. The Acting Inspector of Schools, Second Division, however, thinks that, under ordinary circumstances, only two-thirds of the sanctioned number of students can be expected to answer the conditions prescribed in my Proceedings, No. 5497, of the 10th August 1883 (copy forwarded for information), and to continue throughout the year. He thinks, therefore, that only Rs. 320 may safely be taken credit for on account of scholarships. Possibly, this estimate is too low. I therefore suggest that Rs. 500 should be taken credit for on this account.

3. *Charges.*—The charges budgeted for aggregate Rs. 9,240, against Rs. 10,200 in the current year, as shewn below:—

	Budget, 1883-84.	Budget, 1884-85.
	Rs.	Rs.
Inspection	340	350
Training Schools	1,540	1,800
Local Fund Schools...	1,890	1,910
Results Grants	3,300	3,300
Miscellaneous	430	380
Contribution to Provincial Funds...	2,700	1,500
Total ...	10,200	9,240

4. *Inspection.*—The provision made under this item does not call for any remarks, with the exception that the excess of Rs. 10 has not been accounted for.

5. *Training Schools.*—The allotment for the Normal School, Anantapur, is considered to be sufficient by Mr. Bickle.

6. *Local Fund Schools.*—With the exception of a slight increase in the item of miscellaneous charges, the provision under this head is the same as for the current year. In reporting upon the Local Fund Schools, Tadpatri and Penukonda, Mr. Bickle recommended that, in consideration of the very satisfactory work done by the second master of the Tadpatri School, his salary, which is only Rs. 15 per mensem, should be raised to Rs. 20, and that a fourth master should be appointed for both the schools to take charge of the preparatory classes. Mr. Bickle is also of opinion that a trained master on Rs. 7 a-month may be selected from among the pupils now under training in the Anantapur Normal School. To give effect to these proposals, I beg that the present provision may be raised by Rs. 228, or in round numbers, Rs. 230.

7. *Results Grants.*—Under this head also, the current year's provision is repeated. Mr. Bickle considers the allotment "*quite inadequate.*" The President, who is aware of the inadequacy of the provision, requests that the necessary orders may be issued by me for reducing the rate of grant proportionately. If a reduction is decided on, the reduced rate must be settled by the Board and duly notified, as provided in Rule 78 of the Grant-in-aid Code. Considering the backward state of education in the circle,

only 1 per cent. of the population being under instruction, any reductions in the rate of grant should, if possible, be avoided, and the present allotment should be raised to Rs. 4,500. I may here point out that the actuals for 1882-83 were Rs. 4,071.

8. *Contributions to Provincial Funds.*—In my letter printed in G.O., Financial, No. 578, of the 3rd September last, I took credit for a sum of Rs. 3,000, being the contribution to Provincial Funds on account of two Deputy Inspectors of Schools for the Anantapur Circle sanctioned in G.Os., Financial and Educational, Nos. 1874 and 673, dated 24th August and 20th September 1883. In the budget now under review, provision has been made for the contribution for one Deputy Inspector alone, on the plea that the state of the General Fund does not permit of the payment of the contribution for next year. Setting aside the position of the General Fund, it will be seen from paragraph 2 *supra* that the estimated receipts of the circle amount to Rs. 15,610, while the estimated charges come to Rs. 9,240. Taking into account Rs. 230 referred to in paragraph 6, there is a surplus of Rs. 6,140, from which the second contribution of Rs. 1,500 may be easily met. This contribution has been taken credit for in the revised scheme of Deputy Inspectors sanctioned in G.O., No. 578, dated 3rd September 1883, and a second Deputy has been appointed for the circle, so that the Circle Board cannot now recede from their position. I therefore trust that the contribution may be raised from Rs. 1,500 to Rs. 3,000. Considering, however, the heaviness of the proportionate charge for education, I will endeavour to provide for a reduction of the contribution in Provincial budget, but meanwhile the grant should stand.

9. *Miscellaneous.*—The reduced provision for purchase of books based on the actuals of 1882-83 appears to be sufficient.

10. The contribution on account of the Anantapur school-house, referred to in Board's Proceedings, No. 2449, of the 21st August last, has not been provided for.

RESOLUTION—dated 14th January 1884, No. 92.

The Local Fund Budget Estimate of the Anantapur Circle for 1884-85 is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Receipts.*—The President's opening balance does not tally with that recently communicated by the Accountant-General. The necessary corrections will be made in this office. The total balance is distributed among the Minor Funds as follows:—

	Rs.
Road Fund	6,335
Endowment Fund	500
General Fund...	5,279
Total ...	12,114

Compared with the estimated balance of the budget, there is a decrease of Rs. 25,066, due to the falling off in land-cess receipts in 1882-83, and to larger expenditure on communications than was anticipated in the regular estimate for that year. In the current year, Land-cess collections are expected to be Rs. 85,000, that is, 75 per cent. of the total demand of Rs. 1,12,884. The Collector's attention has been called to the slackness in realizing the old arrears, and he has been requested to report in detail on the amounts said to be irrecoverable—Board's Memorandum, dated 2nd November 1883, No. 6877, R.S., and Board's Proceedings, dated 30th November 1883, Mis. No. 10108. The receipts from tolls are estimated at Rs. 3,350, against Rs. 850 entered in the budget. The increase is due to the establishment of toll-gates at Gooty, Penukonda and Kaliyándrúg, as sanctioned in G.O., Financial Department, dated 26th September 1883, Mis. No. 2150. Rs. 28 realized by the sale of unserviceable furniture in dispensaries should not be entered under "Contributions by private individuals." Rs. 76 are shown as the sale-proceeds of escheated lands. The President is requested to report how the lands came to the possession of the Local

Fund Board, and why and under what authority they were sold. The other items of receipt call for no remark. The total assets are —

	RS.
Road Fund	66,695
Endowment Fund	2,200
General Fund	40,422
Total ...	1,09,317

3. *Expenditure.*—Under New Works, Rs. 2,081 are provided for the construction of an office and residence at Anantapur for the Local Fund Engineer of the circle. Rs. 40,300 are assigned for road repairs, against Rs. 47,300 allotted in the budget. It is stated that the former amount will be sufficient owing to the unfavorable character of the season for road-making. Rs. 200 since sanctioned on account of contingent charges of toll-gates will be entered in the regular estimate. The unallotted portion of the Road Fund reserve is Rs. 3,258, which will accordingly be substituted for the President's figure. Under Grant III, Rs. 8 are provided for "Proportionate cost of cutlery establishment in Store Depôt." The President is requested to report the authority under which the charge is incurred. The provision for markets has been raised from Rs. 570 to Rs. 1,053, and that for choultries from Rs. 310 to Rs. 355. In neither case was the sanction of the Board of Revenue obtained for the additional allotment. The sum of Rs. 483 required for markets will be sanctioned from the Endowment Fund balance. The additional amount set down for choultries cannot be allotted, as the General Fund is insolvent. For the same reason, the increased provision for the Munro's dispensary at Gooty will be struck out. The President is requested to report the nature of the extra charges incurred in 1882-83, for which the additional sum is needed. The other items of expenditure do not call for special notice. The actual opening balance of the current year under the General Fund having fallen short of the budget estimate by Rs. 25,066, and there being no closing balance in the budget to meet the deficit, the General Reserve must be struck out. The following is an abstract of the regular estimate of charges as revised by the Board:—

——	Road Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.
New Works—				
Communications	...	...	...	...
Civil Buildings	1,388	...	693	2,081

Or in round numbers ...	4,590	1,150	— 440	5,300

These balances will be carried forward to the budget estimate for 1884-85.

BUDGET ESTIMATE FOR 1884-85.

4. *Statement I-A—Revenue and Receipts.*—The Provincial grant for schools will be reduced to Rs. 620, the Director of Public Instruction being of opinion that no more than that amount will probably be paid. Under Land-cess, the current year's figure is repeated. The estimated collections are 79 per cent. of the total demand. The income from Tolls is estimated at Rs. 8,350, the whole of the increase over the current year's budget (Rs. 850) being expected from the three Local Fund toll-gates newly sanctioned by Government. The Bellary Local Fund Board having opened a dispensary of their own at Rayadrug, they have discontinued the annual contribution of Rs. 500 for the Kaliyándrúg dispensary belonging to this circle hitherto paid for the treatment of persons living in the adjoining villages of the Bellary Circle. Market rents are expected to amount to Rs. 2,000. As the fee-system has since been extended to six other markets, the estimate will be raised to Rs. 6,110. Private subscriptions for the Uravakonda Dispensary and for sanitary purposes are expected to be Rs. 2,000. The other items of receipt are unimportant and call for no remark. The total assets are—

	RS.
Road Fund	69,790
Endowment Fund	7,260
General Fund	33,870
Total ...	1,10,920

5. *Statement I-B, Expenditure—Grant I, Public Works.*—No provision is made for New Works. Rs. 45,000 are assigned for Road Repairs, against Rs. 47,300 in the current year's budget. The maintenance grants of some of the minor roads have been revised. The sum of Rs. 500 set apart for the repair of Civil Buildings will be struck out, as the General Fund is insolvent. The cost of the Local Fund Engineering Establishment is put down as Rs. 11,600, against Rs. 13,120 in the current year's budget. The cost is still exceedingly high, being, inclusive of the charge for contingencies, 26 per cent. of the proposed outlay on works. The Board cannot accept the President's statement that the present establishment is absolutely necessary and not susceptible of further reduction. The circumstance that no new works are carried out and that the establishment is employed on ordinary road repairs shows that a cheaper agency will meet the requirements of the district. The Road Fund Reserve at 10 per cent. of the receipts amounts to Rs. 6,520, and there is a further balance of Rs. 670 after providing Rs. 2,500 for part payment of the Famine debt. The share of cost chargeable to the Road Fund of the Local Fund Engineering Establishment, of General Management and of Tools and Plant, should be, respectively, Rs. 11,810, Rs. 2,710 and Rs. 580.

6. *Grant II, Education.*—The grant for Education is Rs. 9,240, against Rs. 10,200 in the current year's budget. The Director of Public Instruction recommends that the provision for Local Fund schools and result grants should be raised by Rs. 230 and Rs. 1,200, respectively, and that the full contribution of Rs. 3,000 promised by the Local Fund Board on account of two additional Deputy Inspectors should be entered in the budget. The Board regret that, owing to the low state of the General Fund, they are unable to support any of these proposals. As observed by him, the proportion of the cost of the two additional Deputy Inspectors and of the Inspecting Schoolmaster (Rs. 3,350) to the total outlay on education (Rs. 9,240) is very great, being 36 per cent., against an average ratio in all circles of 12 per cent. Under the circumstances, the Board would suggest that the third Deputy Inspector, who has probably not yet been entertained, be not employed for the present. The existing two Deputy Inspectors would seem to be sufficient for supervising the few schools in the circle, one of them being virtually paid from Local Funds, and the other from Provincial Funds. As pointed out by the Director, it is within the competence of the Local Fund Board to reduce the rate of result grant, but it is desirable that the reduction should be gradual, so that the change may not prejudicially affect the progress of education The provision for the Normal School will be altered to the current year's figure (Rs. 1,540), and that for the purchase of books to the amount expected from their sale (Rs. 200),

Reviewing and submitting to Government the *Local Fund Budget Estimate* of the Anantapur Circle for 1884-85.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

Proceedings of the Board of Revenue, dated 14th January 1884, No. 92.

ABSTRACT.—Reviewing and submitting to Government the Local Fund budget estimate of the Anantapur circle for 1884-85.

ORDER—dated 21st April 1884, No. 845, Financial.

The estimated receipts and charges of the Anantapur Local Fund circle for 1884-85 are compared below with the revised estimate for 1883-84 and the actuals for 1882-83 :—

RECEIPTS.

	Actuals, 1882-83.	Revised estimate, 1883-84.	Budget estimate, 1884-85.
	RS.	RS.	RS.
Balances—

General fund	5,279	—440	..
Total	1,57,921	1,09,320	1,10,920

2. *Revised estimate for* 1883-84.—The total opening balance of the revised estimate shows a falling off compared with the estimate of Rs. 25,066, which is ascribed chiefly to the fact that larger expenditure was incurred on communications in 1882-83 than was sanctioned in the revised estimate for that year. No explanation of this is afforded in these papers or in the report for 1882-83. The land-cess arrear balance amounts to 25 per cent. of the demand and extends over 10 years. The old arrears should be promptly collected or written off. It is noted that an income of Rs. 2,500 is expected from the toll gates, the establishment of which was sanctioned in G.O., dated 26th September 1883, No. 2150. Under Charges, considerable savings are expected to be effected in the Public Works allotment, notwithstanding the fact that an expenditure of Rs 2,081 was incurred on the Local Fund Engineer's residence and office building for which no provision was made in the budget. In paragraph 3 of the Board's proceedings, the General fund balance is credited with having fallen off by an amount which in fact represents the total falling off in the opening balance under all three funds.

3. *Budget estimate for* 1884-85.—In the budget for the ensuing year the income from land cess is estimated at the same figure as in 1883-84, viz., Rs. 85,000. As this represents less than 80 per cent. of the demand, efforts should be made to improve the collections. Enhanced revenue is anticipated from tolls and market rents. Under Charges no provision is made for new works owing to want of funds. The maintenance allotment for communications is fixed at Rs. 45,000. The provision for the Local Fund Engineering establishment is, as observed by the Board of Revenue, even after the slight reduction effected by the circle board, very high. The President will report, after obtaining the views of the Local Fund board, whether the services of the supervisor may not be dispensed with as no new works of any importance are to be undertaken. It is noted that Rs. 2,500 are provided for part payment of the famine debt. The balance (Rs. 5,895) it is proposed to pay by annual instalments of Rs. 2,500 (*vide* G.O., 28th February 1884, No. 442). The Educational provision is

considered insufficient by the Director of Public Instruction, but, as the Board remark, it appears to be as much as the circle board can afford. The Gooty Munro's chattram and dispensary having been transferred to the Local Fund board with effect from 1st April 1884, their receipts and charges should be incorporated in the budget under Grant III, the amount provided for payment of contribution being struck out. The contributions for Medical college and Sanitary inspection should be Rs. 530 in each case. This will reduce the General reserve to Rs. 990. The circle board's attention should be drawn to paragraph 2 of the Sanitary Commissioner's letter. Subject to the above remarks the budget is passed.

(True Extract.)
