2. *Regular Estimate for* 1882-83.—As directed in paragraph 7 of G.O., dated 22nd July 1882, No. 754, a revised budget for 1882-83 is submitted which takes the place of the regular estimate for that year. The President's opening balance not agreeing with that advised by the Accountant-General, the Board have adopted the figures communicated by the latter officer. With reference to paragraph 3 of the President's letter printed in Board's Proceedings, 31st May 1883, No. 1511, the actual receipts under Land-cess are adopted in the abstract at the head of these Proceedings in lieu of the estimated figures. The increased revenue under this head, as compared with the original budget, is ascribed to the raising of the rate of cess from nine pies to one anna, and to the transfer to Road-cess of Rs. 16,950 erroneously credited to Land Revenue in previous years. Excluding the latter sum, the actual collections would appear to have amounted to Rs. 1,07,310 against a demand, current and arrears, of Rs. 1,36,960, leaving a balance uncollected at the close of the year of Rs. 29,650, or 21·6 per cent. of the demand. In consideration of the comparative paucity of funds under the General Fund, the Board's proposal to transfer to it the receipts from Fisheries, amounting to Rs. 8,000, is sanctioned. In other respects the Board's review of the revised budget for 1882-83 is approved.

3. *Budget Estimate for* 1883-84.—With reference to Board's Proceedings, dated 31st May 1883, No. 1511, the estimate of receipts from Land-cess will be raised to

Rs. 1,20,000 representing 86 per cent. of the demand, and those from Pound Fund reduced to Rs. 440. The necessary alterations have accordingly been made in the abstract at the head of these Proceedings. Statements of the demand, collection, and balance under Land-cess have been furnished with the Regular and Budget Estimates, but not in the form of foot-notes as required in paragraph 3 of G.O., dated 22nd July 1882, No. 754. The course therein prescribed should be followed in future. Under Charges, the allotments for Public Works appear to have been judiciously made, but the cost of the Engineering establishment is excessive and must be reduced without delay. From the detailed statement of charges on account of Engineering establishment, the explanation contained in paragraph 18 of the enclosure to the President's letter would appear to be inaccurate, as well as barely intelligible, no provision being made in the statement for any charges outstanding from a previous year. In any case it is not easy to see why, if the Engineer and Overseer had omitted to draw their pay in the beginning of 1882-83, they should not have drawn it when the regular estimate was submitted. The President will explain what was meant. The provision for Tools and Plant, calculated at $1\frac{1}{2}$ per cent. on the Public Works expenditure, should be Rs. 810, and the Road Fund share of it Rs. 780, and not Rs. 1,350 and Rs. 1,300 as shown in Statements I-B. and II. No provision has been made for refund of famine debt, but, in view of the present improved position of the circle, the opening balance exceeding the budget by Rs. 7,130 and the Land-cess estimate being raised by Rs. 20,000, the Government are inclined to think that a sum of Rs. 10,000 may be allotted for this purpose. The Board of Revenue will report on the subject.

4. As regards education, the assignment now made will be allowed to stand, pending the receipt of the further information called for in Board's Proceedings, dated 12th June 1883, No. 1711. In regard to other items, the revision of the Board being complete is accepted.

5. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Dindigul Circle for 1883-84.

RESOLUTION—dated 9th August 1883, No. 2304.

The Local Fund Budget Estimate of the Dindigul Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph 3 of the Government Order.*—The President is requested to report at an early date on the Order of Government directing a reduction in the Local Fund Engineering Establishment. With reference to the remarks on the reason alleged by the President for the increase in the cost of the Engineering Establishment as compared with the provision in the revised budget for 1882-83, it is observed that the assignment for the purpose in the original budget of 1882-83 is the same as that now entered in the current year's budget, viz., Rs. 14,430. But in the revised budget, owing to savings caused by the non-appointment of a separate Engineer during the first six months of 1882-83 and by the suspension of an Overseer, the allotment was reduced to Rs. 12,260, that is Rs. 2,170 less than the original provision. This is clearly

2. *Revised estimate for* 1883-84.—The land-cess is expected to yield Rs 20,000 less than the amount shown in the budget. No satisfactory explanation has been furnished for this decrease. The President's report on the subject, called for by the Board of Revenue, is awaited. About 50 per cent. of this decrease is covered by the enhanced revenue from tolls.

	New roads.	Repairs.	Total.
	RS.	RS.	RS.
Budget	4,100	47,920	52,020
Revised estimate ..	8,627	60,568	69,195
Increase ..	4,527	12,648	17,175

3. For roads the Board of Revenue sanctioned during the year Rs. 17,175 in excess of the budget provision, while the road fund reserve amounted to only Rs. 8,570. This excess allotment added to short receipts under Land-cess has led to the reduction of the closing balance from Rs. 18,220 to Rs. 4,300.

4. *Budget estimate for* 1884-85.—The estimated receipts under the various heads exhibit but few fluctuations as compared with those of the revised estimate except under Miscellaneous, Market fees, and Private contributions for sanitary purposes. The latter include collections from five sanitary associations, which, unlike those in the Madura

circle, are credited to the Local funds. Of a total grant of Rs. 9,250 under Grant III (*c*), Rs. 7,900 are entered as contributions to sanitary associations. The particulars of the proposed expenditure are not given.

5. The provision for public works is only just sufficient to meet the immediate and necessary wants of the circle. Any excess over the budget estimate which the land-cess may realize in the course of the year should be set aside to pay in part the famine debt of Rs. 24,976 which, it is understood, does not include Rs. 10,000 provided for payment during the current year.

6. The educational provision requires revision with reference to the remarks of the Director of Public Instruction. The provision for combined system schools should be restored, and the pay of the inspecting schoolmasters should not be reduced as proposed by the circle board in the face of the cogent reasons advanced by the Director. This will reduce the general fund reserve by about Rs. 1,300. It is presumed the local board do not approve the recommendation made in paragraph 6 of the Director's letter.

7. The provision for vaccination should be raised with reference to the remarks of the Sanitary Commissioner and batta should be restored to the vaccinators.

8. The budget is passed subject to the foregoing remarks.

9. It is not understood how Rs. 12,081, Local Fund Engineer's cheques, struck out by the Board, can find a place in the receipts of either an ordinary or a suspense account.

Read—the following letter from C. S. CROLE, Esq., President, Local Fund Boards, Madura, to the Secretary to the Board of Revenue, dated 31st March 1884, No. 41 :—

With reference to paragraphs 2 and 5 of the Board's Proceedings, No. 69, dated 11th January last, reviewing the budget of the Dindigul Circle for 1884-85, I have the honor to enclose copy of the Treasury Deputy Collector's letter, No. 522, dated 19th instant, containing the explanation therein called for. It would appear that the demand of land-cess in the regular estimate was fixed with reference to the average demand of the three previous years, due regard being had to the increased rate during 1883-84.

2. In view, however, of the current demand and collections up to end of February last and of the probable deductions which it may be found necessary to make while finally settling the demand, Rs. 1,16,000 may be put down as demand in the regular estimate. The same figure may be adopted as demand, and Rs. 1,20,000 as estimated collections, for the budget year 1884-85, as suggested by the Deputy Collector. I have the honor, therefore, to request that necessary alterations may be made in the budget.

ENCLOSURE No. 1.

From E. G. RICKETTS, Esq., Deputy Collector in charge of the Treasury, Madura, to the President, Local Fund Boards, Madura, dated 19th March 1884, No. 522.

Adverting to your docket, No. 117, of the 23rd ultimo, I have the honor to inform you that Rs. 1,04,000 was fixed as demand in the regular estimate for 1883-84 as regards land-cess in the Dindigul Circle with reference to the average demand of the previous three years, but that as the current demand up to the end of the last month comes to Rs. 1,19,571, I think that Rs. 1,16,000 may be put down in the regular estimate for 1883-84, making allowance for any deductions that may happen to be made in settling the demand, and the same figure may be repeated in the budget estimate for 1884-85 for the demand.

2. I beg also to state that Rs. 1,20,000 may be put down as estimated collections for 1884-85, both under arrears and current.

RESOLUTION—dated 24th April 1884, No. 1388.

The Local Fund Budget Estimate of the Dindigul Circle for 1884-85 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President's letter, dated 31st March 1884, No. 41, reporting on the decrease in land-cess demand, is submitted for the information of Government. As suggested by him, the estimated collections of 1884-85 are entered as Rs. 1,20,000.

3. *Paragraph* 5.—The total amount due on account of famine debt is Rs. 24,976 under G.O., dated 20th December 1882, No. 1993. Deducting from it Rs. 10,000 provided in the regular estimate of 1883-84, the balance of Rs. 14,980 (in round numbers) is entered in the budget for 1884-85.

4. *Paragraph* 6.—As directed by Government, Rs. 1,350 are provided for Local Fund Schools. The Local Fund Board having, in paragraph 3 of their Resolution printed in Board's Proceedings, dated 27th March 1884, No. 1139, approved of the proposal to have a separate Normal School for the circle, Rs. 2,000 are entered for the purpose. The President is requested to furnish details of the expenditure in the Statement III called for in paragraph 2 of the above Proceedings.

5. *Paragraph* 7.—Rs. 480 are added to the pay of the vaccination establishment, with reference to paragraph 2 of Board's Proceedings, dated 25th March 1884, No. 1092, and, as ordered by Government, Rs. 1,940 are added to contingencies on account of travelling allowance to vaccinators.

2. *Revised estimate for* 1883-84.—The land-cess is expected to yield Rs 20,000 less than the amount shown in the budget. No satisfactory explanation has been furnished for this decrease. The President's report on the subject, called for by the Board of Revenue, is awaited. About 50 per cent. of this decrease is covered by the enhanced revenue from tolls.

	New roads	Repairs.	Total.
	RS.	RS.	RS.
Budget	4,100	47,920	52,020
Revised estimate	8,627	60,568	69,195
Increase	4,527	12,648	17,175

3. For roads the Board of Revenue sanctioned during the year Rs. 17,175 in excess of the budget provision, while the road fund reserve amounted to only Rs. 8,570. This excess allotment added to short receipts under Land-cess has led to the reduction of the closing balance from Rs. 18,220 to Rs. 4,300.

4. *Budget estimate for* 1884-85.—The estimated receipts under the various heads exhibit but few fluctuations as compared with those of the revised estimate except under Miscellaneous, Market fees, and Private contributions for sanitary purposes. The latter include collections from five sanitary associations, which, unlike those in the Madura

circle, are credited to the Local funds. Of a total grant of Rs. 9,250 under Grant III (*c*), Rs. 7,900 are entered as contributions to sanitary associations. The particulars of the proposed expenditure are not given.

5. The provision for public works is only just sufficient to meet the immediate and necessary wants of the circle. Any excess over the budget estimate which the land-cess may realize in the course of the year should be set aside to pay in part the famine debt of Rs. 24,976 which, it is understood, does not include Rs. 10,000 provided for payment during the current year.

6. The educational provision requires revision with reference to the remarks of the Director of Public Instruction. The provision for combined system schools should be restored, and the pay of the inspecting schoolmasters should not be reduced as proposed by the circle board in the face of the cogent reasons advanced by the Director. This will reduce the general fund reserve by about Rs. 1,300. It is presumed the local board do not approve the recommendation made in paragraph 6 of the Director's letter.

7. The provision for vaccination should be raised with reference to the remarks of the Sanitary Commissioner and batta should be restored to the vaccinators.

8. The budget is passed subject to the foregoing remarks.

9. It is not understood how Rs. 12,081, Local Fund Engineer's cheques, struck out by the Board, can find a place in the receipts of either an ordinary or a suspense account.

Read—the following letter from C. S. CROLE, Esq., President, Local Fund Boards, Madura, to the Secretary to the Board of Revenue, dated 31st March 1884, No. 41 :—

With reference to paragraphs 2 and 5 of the Board's Proceedings, No. 69, dated 11th January last, reviewing the budget of the Dindigul Circle for 1884-85, I have the honor to enclose copy of the Treasury Deputy Collector's letter, No. 522, dated 19th instant, containing the explanation therein called for. It would appear that the demand of land-cess in the regular estimate was fixed with reference to the average demand of the three previous years, due regard being had to the increased rate during 1883-84.

2. In view, however, of the current demand and collections up to end of February last and of the probable deductions which it may be found necessary to make while finally settling the demand, Rs. 1,16,000 may be put down as demand in the regular estimate. The same figure may be adopted as demand, and Rs. 1,20,000 as estimated collections, for the budget year 1884-85, as suggested by the Deputy Collector. I have the honor, therefore, to request that necessary alterations may be made in the budget.

ENCLOSURE No. 1.

From E. G. RICKETTS, Esq., Deputy Collector in charge of the Treasury, Madura, to the President, Local Fund Boards, Madura, dated 19th March 1884, No. 522.

Adverting to your docket, No. 117, of the 23rd ultimo, I have the honor to inform you that Rs. 1,04,000 was fixed as demand in the regular estimate for 1883-84 as regards land-cess in the Dindigul Circle with reference to the average demand of the previous three years, but that as the current demand up to the end of the last month comes to Rs. 1,19,571, I think that Rs. 1,16,000 may be put down in the regular estimate for 1883-84, making allowance for any deductions that may happen to be made in settling the demand, and the same figure may be repeated in the budget estimate for 1884-85 for the demand.

2. I beg also to state that Rs. 1,20,000 may be put down as estimated collections for 1884-85, both under arrears and current.

RESOLUTION—dated 24th April 1884, No. 1388.

The Local Fund Budget Estimate of the Dindigul Circle for 1884-85 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President's letter, dated 31st March 1884, No. 41, reporting on the decrease in land-cess demand, is submitted for the information of Government. As suggested by him, the estimated collections of 1884-85 are entered as Rs. 1,20,000.

3. *Paragraph* 5.—The total amount due on account of famine debt is Rs. 24,976 under G.O., dated 20th December 1882, No. 1993. Deducting from it Rs. 10,000 provided in the regular estimate of 1883-84, the balance of Rs. 14,980 (in round numbers) is entered in the budget for 1884-85.

4. *Paragraph* 6.—As directed by Government, Rs. 1,350 are provided for Local Fund Schools. The Local Fund Board having, in paragraph 3 of their Resolution printed in Board's Proceedings, dated 27th March 1884, No. 1139, approved of the proposal to have a separate Normal School for the circle, Rs. 2,000 are entered for the purpose. The President is requested to furnish details of the expenditure in the Statement III called for in paragraph 2 of the above Proceedings.

5. *Paragraph* 7.—Rs. 480 are added to the pay of the vaccination establishment, with reference to paragraph 2 of Board's Proceedings, dated 25th March 1884, No. 1092, and, as ordered by Government, Rs. 1,940 are added to contingencies on account of travelling allowance to vaccinators.

2. *Revised estimate for* 1883-84.—The land-cess is expected to yield Rs 20,000 less than the amount shown in the budget. No satisfactory explanation has been furnished for this decrease. The President's report on the subject, called for by the Board of Revenue, is awaited. About 50 per cent. of this decrease is covered by the enhanced revenue from tolls.

	New roads	Repairs.	Total.
	RS.	RS.	RS.
Budget	4,100	47,920	52,020
Revised estimate ..	8,627	60,568	69,195
Increase ..	4,527	12,648	17,175

3. For roads the Board of Revenue sanctioned during the year Rs. 17,175 in excess of the budget provision, while the road fund reserve amounted to only Rs. 8,570. This excess allotment added to short receipts under Land-cess has led to the reduction of the closing balance from Rs. 18,220 to Rs. 4,300.

4. *Budget estimate for* 1884-85.—The estimated receipts under the various heads exhibit but few fluctuations as compared with those of the revised estimate except under Miscellaneous, Market fees, and Private contributions for sanitary purposes. The latter include collections from five sanitary associations, which, unlike those in the Madura

circle, are credited to the Local funds. Of a total grant of Rs. 9,250 under Grant III (*c*), Rs. 7,900 are entered as contributions to sanitary associations. The particulars of the proposed expenditure are not given.

5. The provision for public works is only just sufficient to meet the immediate and necessary wants of the circle. Any excess over the budget estimate which the land-cess may realize in the course of the year should be set aside to pay in part the famine debt of Rs. 24,976 which, it is understood, does not include Rs. 10,000 provided for payment during the current year.

6. The educational provision requires revision with reference to the remarks of the Director of Public Instruction. The provision for combined system schools should be restored, and the pay of the inspecting schoolmasters should not be reduced as proposed by the circle board in the face of the cogent reasons advanced by the Director. This will reduce the general fund reserve by about Rs. 1,300. It is presumed the local board do not approve the recommendation made in paragraph 6 of the Director's letter.

7. The provision for vaccination should be raised with reference to the remarks of the Sanitary Commissioner and batta should be restored to the vaccinators.

8. The budget is passed subject to the foregoing remarks.

9. It is not understood how Rs. 12,081, Local Fund Engineer's cheques, struck out by the Board, can find a place in the receipts of either an ordinary or a suspense account.

Read—the following letter from C. S. CROLE, Esq., President, Local Fund Boards, Madura, to the Secretary to the Board of Revenue, dated 31st March 1884, No. 41 :—

With reference to paragraphs 2 and 5 of the Board's Proceedings, No. 69, dated 11th January last, reviewing the budget of the Dindigul Circle for 1884-85, I have the honor to enclose copy of the Treasury Deputy Collector's letter, No. 522, dated 19th instant, containing the explanation therein called for. It would appear that the demand of land-cess in the regular estimate was fixed with reference to the average demand of the three previous years, due regard being had to the increased rate during 1883-84.

2. In view, however, of the current demand and collections up to end of February last and of the probable deductions which it may be found necessary to make while finally settling the demand, Rs. 1,16,000 may be put down as demand in the regular estimate. The same figure may be adopted as demand, and Rs. 1,20,000 as estimated collections, for the budget year 1884-85, as suggested by the Deputy Collector. I have the honor, therefore, to request that necessary alterations may be made in the budget.

ENCLOSURE No. 1.

From E. G. RICKETTS, Esq., Deputy Collector in charge of the Treasury, Madura, to the President, Local Fund Boards, Madura, dated 19th March 1884, No. 522.

Adverting to your docket, No. 117, of the 23rd ultimo, I have the honor to inform you that Rs. 1,04,000 was fixed as demand in the regular estimate for 1883-84 as regards land-cess in the Dindigul Circle with reference to the average demand of the previous three years, but that as the current demand up to the end of the last month comes to Rs. 1,19,571, I think that Rs. 1,16,000 may be put down in the regular estimate for 1883-84, making allowance for any deductions that may happen to be made in settling the demand, and the same figure may be repeated in the budget estimate for 1884-85 for the demand.

2. I beg also to state that Rs. 1,20,000 may be put down as estimated collections for 1884-85, both under arrears and current.

RESOLUTION—dated 24th April 1884, No. 1388.

The Local Fund Budget Estimate of the Dindigul Circle for 1884-85 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President's letter, dated 31st March 1884, No. 41, reporting on the decrease in land-cess demand, is submitted for the information of Government. As suggested by him, the estimated collections of 1884-85 are entered as Rs. 1,20,000.

3. *Paragraph* 5.—The total amount due on account of famine debt is Rs. 24,976 under G.O., dated 20th December 1882, No. 1993. Deducting from it Rs. 10,000 provided in the regular estimate of 1883-84, the balance of Rs. 14,980 (in round numbers) is entered in the budget for 1884-85.

4. *Paragraph* 6.—As directed by Government, Rs. 1,350 are provided for Local Fund Schools. The Local Fund Board having, in paragraph 3 of their Resolution printed in Board's Proceedings, dated 27th March 1884, No. 1139, approved of the proposal to have a separate Normal School for the circle, Rs. 2,000 are entered for the purpose. The President is requested to furnish details of the expenditure in the Statement III called for in paragraph 2 of the above Proceedings.

5. *Paragraph* 7.—Rs. 480 are added to the pay of the vaccination establishment, with reference to paragraph 2 of Board's Proceedings, dated 25th March 1884, No. 1092, and, as ordered by Government, Rs. 1,940 are added to contingencies on account of travelling allowance to vaccinators.
