Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Inspector-General of Registration, dated Coimbatore, 25th April 1884, No. 112 M.:—

With reference to G.O., No. 1501, Judicial, of 6th June 1883, I have the honor to forward, for transmission to Government for sanction, a plan and an estimate, amounting to Rs. 7,225, for constructing a registrar's office at Tellicherry, Malabar district.

2. A report, site plan and duplicate abstract estimate are herein enclosed.

No. 1153.

Submitted for the sanction of Government.

COTACAMUND,
30th April 1884.

(Signed) G. HAMNETT,
Inspector-General of Registration.

No. 971, Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

COTACAMUND,
5th May 1884.

(Signed) M. HAMMICK,
Acting Assistant Secretary.

ORDER—dated 16th May 1884, No. 1248 W., Public Works.

The plan and estimate, amounting to Rs. 7,225, for constructing a registrar's office at Tellicherry, in the Malabar district, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 35 W. of 1884-85, and classified as Civil Buildings, Original Works.

The plan and estimate of Rs. 7,225, for
constructing a — at Tellicherry, sanctioned.

6TH JUNE 1883, No. 1501, JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper:—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief
Secretary to Government, dated Ootacamund, 15th May 1883, T. No. 1116.

Under the authority conveyed in G.O., Judicial Department, No. 2115, dated
13th October 1881, the Office of Registrar of the Tellicherry District was revived,
but as no separate building was available for the purpose, the two rooms provided in
the Taluk Cutcherry for the Sub-Registrar were utilized.

2. On my inspection of the office on the 17th July 1882, I found the accommo-
dation insufficient. I recorded the annexed note, and instructed the Registrar to
bring the subject up separately. He accordingly did so in March last, and I at once
placed myself in communication with Mr. Logan, the Collector of the District.

3. Mr. Galton, the Acting Collector, has replied saying—

"I concur with the Sub-Collector in considering that an addition to the Taluk Cutcherry is
objectionable, and that the construction of a separate building on the Brennen Property, which
was lately purchased by Government, is preferable.

"Offices for the Postal and Telegraph Departments also appear to be most required at Telli-
cherry, and the best plan would be to construct a building capable of accommodating all these
departments, and distribute the cost between them."

4. I endorse Mr. Galton's views, but knowing as I do the difficulties and delays
which attend the erection of any large building combining other offices, I have the
honor to recommend that the sanction of the Government may be obtained for con-
structing a separate office for the Registrar on the standard design on the property
mentioned by Mr. Galton.

5. The Registrar writes—

"Much inconvenience is felt by me on account of the distant location of Registers and
Indexes in personally conducting the searches
prescribed in your Proceedings * G. No. 3164,
dated 10th November 1882.

"A temporary remedy for this evil might be found in making the records exchange places
with my clerks, did it not give birth to another evil of no less magnitude, viz., the placing of
my establishment wholly beyond my supervision.

"The importance of having my establishment as well as the records always within my sight
cannot be too strongly urged."

ORDER—dated 6th June 1883, No. 1501, Judicial.

The recommendation made in paragraph 4 is approved, and will be communicated
to the Public Works Department for the necessary orders.

 From the Chief Secy to Govt

NOTE OF REMARKS.

1. The accompanying plans and estimate provide for constructing a Registrar's office at Tellicherry in the Malabar District. The estimated amount is Rs. 7,225.
2. The following is para. 2 of the Report:—"The building will be constructed as per accompanying plan which has been prepared in consultation with the Inspector General of Registration as the accommodation provided in the Standard Design is quite inadequate for the Registrar and his establishment at this station (Tellicherry)." And recommendation of the plan.

I certainly do not like the arrangement, with its high pillars, interfering with floor space, and its complicated carpentry, and (probably costly) domes and such. The design & estimate have however been passed & approved by S. L. & sanction may be drafted by W. S. approved.

shows that the arrangement of the two rooms and veranda, which constitute the entire building, is the same as that set down in the standard design, but the length of the front room has been increased to 33½ feet, and the length of the record room to 31 feet. It is proposed to support the roof on trusses which, it is intended, should rest on 8 pillars so placed as to give a span of 16 feet to each truss. Few dormer windows have been allowed. Subject to approval, the introduction of pillars into the rooms appears a mistake for trusses may be provided, or rather, constructed to span across from wall to wall, 30 feet, and the walls may be prepared to receive or bear the trusses by means of pillars. The adoption

of the larger trusses would no doubt necessitate the positions of windows being suitably chosen.

3. The plans and estimate have been countersigned by the Insp. Genl. of Registration.
