Read—the following letter from Colonel R. C. STEWART, Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 28th August 1883, No. 695 :—

In continuation of my letter, No. 671, dated 21st instant, on the subject of public buildings for the Regiments of Native Infantry at Trichinopoly, and previous correspondence, I have the honor, by desire of the Commander-in-Chief, to submit that His Excellency is exceedingly anxious that the necessary buildings for the accommodation of the arms, &c., of the regiment should be completed at the same time that the lines are.

2. His Excellency the Governor in Council is aware that the scheme for the construction of lines for native corps by the labor of the men themselves is purely experimental, and the Commander-in-Chief thinks it very desirable that the men should not suffer the disappointment of finding, after having completed their own houses, that the Government have not provided the necessary accommodation for their arms, accoutrements, and regimental stores.

3. Sir Frederick Roberts is aware that this work is not entered in the current year's Budget, but His Excellency feels sure that the Government will coincide with him in the necessity for commencing it at once, so that the buildings may be ready for occupation simultaneously with the men's lines, which it is confidently expected will be completed by the end of this official year.

4. Under the above circumstances, I am desired to express Sir Frederick Roberts' earnest hope that the Government will find it possible to make a special grant for this work.

No. 4701, Military.

Endorsement on the above.

Transferred to the Public Works Department for consideration, in continuation of No. 4619, dated 22nd August 1883.

Order—dated 21st September 1883, No. 2659 W., Public Works.

The Government regret that there are absolutely no funds at their disposal at present for allotment to the buildings referred to in the foregoing correspondence.

2. The Government of India will, however, be requested to allot, as a special case, a sum of Rs. 10,000 for expenditure on estimates which may have been duly sanctioned.

To

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

In forwarding, for the information of the Government of India, the accompanying copy of a letter from the Quartermaster-General, I am to request that, under the circumstances represented by His Excellency the Commander-in-Chief, the Government of India may be moved to allot, as a special case, a sum of Rs. 10,000 for expenditure on duly sanctioned public buildings in connection with the Native Infantry Lines now under construction at Trichinopoly.

2. There has been some difficulty in procuring copies of standard plans for guidance, the Inspector-General of Military Works to whom application was made being now, it is understood, in communication with the Government of India on the matter. The allotment of funds applied for will, I am to say, be utilized only on works for which estimates on authorized designs have been duly sanctioned.

I have the honor to be,
Sir,

Read—the following letter from the Quartermaster-General, to the Secretary to Government, Military Department, dated Fort St. George, 4th December 1883, No. 8583 :—

With reference to the telegrams from the Government of India referred to the Commander-in-Chief in No. 6258, dated 19th November 1883, I have the honor, by order, to state that the public buildings attached to the old Putur lines at Trichinopoly cannot be made use of again for the following reasons :—

1. The site of the new lines is so far distant from them.
2. No nearer site admitting of their use can be found.
3. The use of the old site of the lines cannot be thought of, it having been condemned as unhealthy and its abandonment decided on—*vide* orders of Government (Financial), No. 1564, dated 31st August 1876 * and (Military) No. 1342, dated 21st March 1882.
