GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers : —

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Tanjore, 21st November 1883, No. 1653 T.J.

I have the honor to request that, under paragraph 28, rule 6, Government will grant to all upper subordinates in this circle a horse allowance of Rs. 30 or less (at my discretion) when halted at head-quarters.

2. My reason for asking this is that the new Civil Travelling Allowance Code, unless this is granted, entails a great hardship on subordinates, especially the overseers. Under this Code an overseer is allowed Rs. 1½ (paragraph 30, rule 5) as daily allowance when marching or absent from head-quarters, but when at head-quarters he draws only actual expenses of keeping up camp equipage (paragraph 26, rule 1), and camp equipage in paragraph 3(m) is defined as meaning only apparatus for moving a camp. I believe I am right in considering the cost of keeping up a horse or pony is not camp equipage, and I do not allow it in this circle.

3. As a rule, overseers keep up one cart and a pony, and these are necessarily kept up during halts at head-quarters; the cost of keeping the cart can be and is allowed, but I am unable to allow anything for the upkeep of the pony, and this comes very hard on overseers. If, however, I am given the sanction I ask for, I shall be able, for the days they are at head-quarters, to allow them at the rate of Rs. 30 a month for the upkeep of the cart and pony that they must, to do their duty, keep up, and even this will not cover the actual expenses they are put to.

4. Should I be allowed to consider horses as part of camp equipage (that is, apparatus for moving a camp), I can, under G.O., No. 2476 W., dated 4th September 1883, arrange under the rules to remove this great hardship that the Travelling Allowance Code has brought on overseers without the sanction under paragraph 28, rule 6, asked for.

Sir,

I have the honor to request
that under para 28 Rule 6 that Govt.
will grant to all upper subordinates
in this circle a horse allowance of
Rs 30 or less (at my discretion) when
halted at Head Quarters.

2. My reason for asking this is
that the new Civil Travelling allow-
-ance (Rs 300); unless this is granted,
entails a great hardship on subordi-
-nates especially the overseers. Under
this (Rs 300) an Overseer is allowed Rs 1 1/2
(para 30 Rule 5) as daily allowance
when marching or absent from

Head

Head quarters, but when at Head
quarters he draws only actual
expenses of keeping up Camp equipage
(para 26 Rule 1) and Camp equipage
in para 3 (m) is defined as meaning
only apparatus for moving a camp.
I believe I am right in considering
the cost of keeping up a horse or pony
is not Camp equipage and I do not
allow it in this circle.

3. As a rule overseers keep up
1 Cart and a pony and these are
necessarily kept up during halts
at Head quarters; the cost of keeping
the Cart can be and is allowed but
I am unable to allow anything
for the upkeep of the pony and
this comes very hard on overseers.
If however I am given the sanction
I ask for I shall be able for the
days they are at Head quarters to
allow them at the rate of Rs 20 a
month for the upkeep of the Cart
and

12
and pony that they must do
their duty keep up, and even this
will not cover the actual expenses
they are put to.

4. Should I be allowed to con-
sider Horses as part of Camp equipage
(that is apparatus for moving a
camp) I can under G.O. No. 2476.W
dated 4th Sept/83 arrange under
the rules to remove this great
hardship that the Travelling allow-
ance Code has brought on overseers
without the sanction under para 28
Rule 6 asked for.

I have the honor to be
Sir.

I don't think this draft
order in C's note deals satis-
factorily with the matter.
Do not other subordinates similarly
situated draw this permanent
allowance?

S.E. does not state that the
man has not travelling to do
at a new Head Quarters. An
order at Winchester says, when
not at in District, has to knock
about field, office, different buildings
& tanks all about, and it is
just to such cases I fancy
that C.E. head makes this
application.

ascertain please what allowance
other subordinates draw under
this rule. If I remember right
the man at Helling certainly
draws it —

Endorsement No. 1104 W
dated 5th December 1883.

Under Section 28 rule 6
of the Civil Travelling Allowance
Code, Government can grant
to Upper Subordinates who
have a large amount of
travelling at or near head
quarters, an allowance not
exceeding Rs 30/- per mensem.
As I understand the Super-
intending Engineer's proposal,
these conditions are not com-
plied with, and he wishes to
grant them the allowance
for halts at Head Quarters
at or near which they have
not a large amount of
travelling, or in other words
he proposes to give them, up
to about one Rupee a day for
every halt at Head Quarters.
In my opinion this is not
admissible under the rules.

Trichinopoly 21st December 1883.

No. 1966 T.J

From

The Superintending Engineer,
6th Circle.

To

The Chief Engineer
P. W. D.

Sir,

ENCLOSURE

With reference to your Memo No 25452
forwarding for remarks a note by the
Examiners of P.W. Memo on my request that
Government would grant all subordinates
under para 28 Rule 6 a horse allowance
of Rs 30 or less at my discretion when halted
at Head Quarters, I have to point out
respectfully that the point in question
is one that the Examiners has nothing
whatever to do with and which owing
to his want of knowledge of the duties
of the Upper Subordinates, he has given
an opinion which is I may say valueless
and certainly not applicable to the case
in point.

2. Under the rules a Halt at
Head Quarters means that the officer

warded to the Deputy Engr. 6th Circle

with disposal

or subordinates did not on that day reach a distance exceeding 5 miles from Head Quarters (para 27).

I need not point out to you that as a rule officers & subordinates when as above halted at Head Quarters are in the habit of inspecting works round their Head Quarters and that in a delta district when works are close together an Overseer has constantly to remain within 5 miles of his head quarters at the same time he daily rides long distances. Doing this saves him no expenses as he has to and is allowed by the rules to maintain his bullock cart.

3. Again an Upper subordinate in charge of a Military or Civil station and a Talook, when at Head Quarters daily rides 5 miles or more inspecting buildings &c but similarly is allowed by the rules only the hire of his cart where as he is as it is called halted.

4. The above I trust shows clearly that as a rule the Upper subordinates in this Department have a large amount of travelling at or near Head Quarters and therefore the sanction I ask is

admissible both under the letter and spirit of the rules.

12/8
I therefore request that you will move Government to allow the Upper Subordinates in the list attached a horse allowance not exceeding Rs 30 under para 28 rule 6.

In conclusion I earnestly request that if this is not granted I may be allowed to consider Horses as part of camp equipage, there is no doubt but that the new rules are a great hardship on subordinates (and others who maintain proper establishments) and that it is necessary that something should be done soon.
