GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General
Establishment.

READ—the following papers:—

From G. T. WALCH, Esq., Officiating Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Russellkonda, 13th February 1884, No. 3351 G.D.

As requested in your memorandum, No. 1/15 G.D., of the 24th January 1884, I have the honor to submit, herewith, for sanction, a statement in the prescribed form showing the proposed increases and decreases in the water, regulation and navigation establishment in the Godáviri district as entered in the budget estimate sent from this office for 1884-85.

No. 26 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the increase of establishment applied for by the Superintending Engineer, I Circle, may be sanctioned.

CHEPÁK,
18th March 1884.

(Signed) J. O. HASTED, Colonel, R.E.,
Acting Chief Engineer for Irrigation.

From G. T. WALCH, Esq., Officiating Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 20th March 1884, No. 3657 G.D.

With reference to my letter, No. 3351 G.D., and the statement therewith forwarded, I have the honor to state that the establishment for Tallarevu lock at the end of bank canal in the Eastern division will be required from the 15th May next, when the canals re-open, and to request you will be good enough to obtain the sanction of Government to the same as early as practicable.

2. In the budget estimate * for 1884-85 and in the remark 2 in the above-quoted statement it was by mistake stated that this establishment would be required for four months only in 1884-85.

* Productive Public Works.

Not to be folded or otherwise damaged

No. 29 E.W.

Forwarded to the Chief Engineer, Public Works Department, in continuation of this office endorsement, No. 26 E.W., dated 18th March 1884.

CHP&E,
28th March 1884.

(Signed) A. S. RUSSELL,
for Ag. Chief Engineer for Irrigation.

From Captain C. C. RAWSON, R.E., Executive Engineer, in charge I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishwaram, 26th April 1884, No. 294 G.D.

With reference to your memorandum, No. 5 E., of the 10th April 1884, I have the honor to return herewith the statement recast in your office duly verified, together with the original statement received with the above memorandum, and to request you will be good enough to obtain the sanction of Government to the same as early as practicable.

2. I beg to point out that the increase given to certain delta superintendents is only Rs. 35 and not Rs. 65 as shown in the recast statement, because the increase of pay sanctioned in G.O., No. 238 W., of 28th January 1884, to delta superintendents P. Arunachalam and C. Sitaramudu, who were of the first grade, was a mistake, and this error has been rectified in G.O., No. 771 W., of the 22nd March 1884. The necessary corrections are therefore made in the statement in red ink.

- (1) This lock is absolutely necessary to work the weir and will be employed from after the weir is built, which will not be long after the 1st April next.
- (2) This establishment will be continued, if sanctioned from November 1884.
- (3) This merely requires the sanction of Government to the establishment at the Bank Canal lock.
- (4) which was demolished has been prepared to work at this side of the lock.
- (5) This increase was given to the Superintendent for being a toll taker at the Bank Canal lock which has ceased to be such from the 1st July last under the new Navigation rules sanctioned in G.O. No. 261 of 21st March 1883 and from the above date this increase has not been paid to the Superintendent.
