GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following papers:—

From Colonel T. E. TENNANT, Inspector-General of Jails, to the Secretary to Government, Public Works Department, dated Ootacamund, 7th May 1884, No. 140.

I have the honor to invite your attention to my letter, No. 84, dated 28th March 1884, forwarding plan and estimate for repairs to the hospital in the female compartment of the penitentiary, Madras. The Superintendent of Prisons reports that there are five cases of chicken-pox amongst the women and there is great want of hospital room.

2. In G.O., No. 3403, dated 28th November 1883, the Superintending Engineer was directed to see that the requisite repairs were carried out without delay.

From Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 19th May 1884, No. 661.

With reference to your memorandum, No. 105 E., dated 8th instant, I have the honor to report that the Executive Engineer, Presidency division, forwarded to the Superintendent of Prisons, on the 25th March 1884, with reference to G.O., No. 3403 W., of the 28th November 1883, estimates for—

| 1. Repairing the buildings in the penitentiary at Madras ... ..                    | 1,670 |
| 2. Improvements to the hospital in the female enclosure at the penitentiary ... .. | 2,120 |

2. These estimates were disposed of in G.O., No. 982 W., dated 16th April 1884. On the receipt of this Government order I addressed the Inspector-General of Jails on the 12th instant (with reference to a communication from the Examiner of Public Works Accounts) to ascertain what the probable savings on the estimates would be by the employment of convict labor on the works, as suggested in paragraph 4 of the Inspector-General of Jails' letter in G.O., No. 982 W., of the 16th April 1884. On my receiving a reply from the Inspector-General of Jails, which, from what I was told in the penitentiary this morning, I soon may do, further action will be taken towards the execution of the works as regards any materials and labor which may be required to be supplied by the Public Works Department.

ORDER—dated 23rd May 1884, No. <sup>1308 W.</sup><sub>A</sub>—Public Works.

It is observed that the estimate of Rs. 2,120, sanctioned in G.O., No. 982 W., dated 16th April 1884, for improvements to the women's hospital at Madras penitentiary was, on the recommendation of the Inspector-General, ordered to be carried out by the Jail Department. The work should be put in hand at once, any labor or materials required from the Public Works Department being supplied by the Executive Engineer.
