2ND JUNE 1884, No. ^{1376 W.}_A PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Chief Engineer, Public Works Department, dated Ootacamund, 30th May 1884, No. 268-A:—

At an inspection made this morning by His Excellency the Commander-in-Chief of the two ranges of huts occupied by the detachment, 21st regiment, native infantry, on escort duty at this station, he remarked on the following requirements to these buildings, and which I have the honor to request may be provided for as early as practicable:—

- (a) Room used as a temporary hospital for men detained requires a glazed window.
 - (b) Room occupied by the hospital assistant of the detachment requires a glazed window.
 - (c) An extension of No. 2 range, so as to afford accommodation for the two native officers.
 - (d) Improvement of the drainage at the back of the two ranges, and the digging of a catch-drain, to prevent all the water from the hill side above the buildings from draining down on to them.
2. It is understood that military labor can be largely utilised in carrying out this work.
3. The Commander-in-Chief is of opinion that if the above work be carried out there will be no necessity for construction of barracks for the detachment of native infantry now quartered at Ootacamund. This therefore disposes of the question raised in order, dated 24th April 1884, No. 1043, Public Works, paragraph 2, and the Government in the Military Department have been addressed accordingly.

ORDER—dated 2nd June 1884, No. ^{1376 W.}_A Public Works.

Communicated to the Superintending Engineer, IV Circle, who will issue the requisite instructions for carrying out the works indicated by His Excellency the Commander-in-Chief.

2. The estimate of Rs. 12,930, for the native infantry barracks at Ootacamund, is hereby cancelled.

From

THE QUARTERMASTER-GENERAL,

To

THE Chief Engineer

Public Works Department.

SIR,

At an inspection made this morning by His Excellency the Commander-in-Chief of the two ranges of huts occupied by the Detachment 21st Regiment N.I. on escort duty at this Station, he remarked on the following requirements to these buildings, and which I have the honor to request may be provided for as early as practicable.

(a) Room used as a temporary hospital for men detained, requires a glazed window.

(b) Room occupied by the Hospital Assistant of the Detachment — do — do.

(c) An extension of No 2 range, so as to afford accommodation for the two Native Officers.

(d) Improvement of the drainage at the back of the two ranges, and the digging of a catch drain to prevent all the water from the hill side, above the buildings from draining down on to them.

2. It is understood that Military labour can be largely utilized in carrying out the work.

3. The Commissioner in Chief is of opinion that if the above work be carried out there will be no necessity for construction of barracks for the Detachment of N.I. now quartered at Oltacamund. This therefore disposes of the question raised in Order 24th April 1884 No 1043 Public Works, Para 2, and the Government in the Military Department
