PUBLIC WORKS DEPARTMENT.

Military Works.

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 15th May 1884, No. 108 A:—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, &c., below mentioned, which have been approved by the Commander-in-Chief. The estimate has been countersigned:—

Estimate, amounting to Rs. 1,157, for improvements to the roof of the family quarters and extending the drains at Poonamallee.

2. It is reported that the quarters in question were almost uninhabitable, by excessive leakage, during the last monsoon, hence the necessity for the improvement; and the drains do not carry off the foul water from the new range, and that therefore offensive smells are caused.

3. The question of abandonment of Poonamallee as a dépôt for European troops being under consideration of Government, it appears to the Commander-in-Chief undesirable to do more than execute necessary repairs to the buildings in question.

No. 2325, Military.

Approved and transferred to the Public Works Department.

NOTE OF REMARKS.

1. This estimate provides for improving the roof of, and extending the drains connected with the Family Quarters at Poona Malice. The amount of the estimate is Rs. 1,157.
2. The work consists in providing zinc sheeting for the roof valleys; removing and relaying the flat and pan tiles where the roof leaks; and in extending the drains used for carrying off foul water from the quarters. Of course removing and relaying flat and pan tiles should not come under the heading improvements. However the amount is small.
