GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

No. 227 T.J.

Report by the Superintending Engineer, VI Circle, on the estimates for forming village roads from Thirunagari to join road No. 43 and from Streevanjiam to Manakal, in Shiyáli and Nannilam taluks, Tanjore district, Rs. 5,300 and Rs. 6,900, respectively.

These two estimates are for village roads joining two main roads; the necessity for these works is not shown, nor proper surveys and sections are submitted. The roads are to be formed with earth (top width 5 yards) and sanded over to a breadth of 3 yards. Cross sections of streams are given, but as no maximum water-levels and the nature of the soil are marked on them, this office is unable to give any opinion as to the sufficiency or otherwise of the water-way and foundations allowed for masonry works; but it is presumed that the Local Fund Engineer has thoroughly examined these points and satisfied himself.

2. The road from Thirunagari to road No. 43 is stated to be in continuation of the road from Thirunagari to Palayapoliem, which, if completed, will give a thorough line from Coleroon bank at Mahandrapally to Thiruvangadoo. As the road passes through poramboke and waste lands no compensation for land is required.

3. The road from Streevanjiam to Manakal joins the Thattagudy, Nadagudy, &c., villages with the roads Nos. 14 and 16.

4. The rates are fair and the estimates are recommended for sanction.

KODAIKANAL,
12th May 1884.

(Signed) H. R. MEAD, Lieut.-Col., R.E.,
Superintending Engr., VI Circle.

Note by the Chief Engineer, Public Works Department.

The estimates are submitted for the sanction of Government.

2. With regard to the width of sanding for the roads, it is noted that the specifications and estimates do not agree. It is suggested that the Local Fund Board should, in communication with the Superintending Engineer, decide on the exact width to be adopted.

26th May 1884.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 5th June 1884, No. 1411 W., Public Works.

The undermentioned estimates are sanctioned, and registered as shown below :—

	Amount of Estimate. RS.	Register No.
Forming a village road from Streevanjiam to Manakal, in the Tanjore district	6,900	Local No. 11 W. of 1884-85.
Forming a village road from Thirunagiri to road No. 43 in the Tanjore district	5,300	„ No. 12 W. of „

2. The attention of the Local Fund Board should be drawn to the suggestion in the Chief Engineer's note.

Public Works Department, 1884-85.

Current No. *4150*

Letter No. *227 T. S.*

Dated the *12th May 1884*

From the *S.E. VI Circle*

NOTE OF REMARKS.

*1. The two undernamed estimates with plans have been submitted:— An estimate for forming a village road from Streevanjiam to Manakal — Rs. 6,900; An estimate for forming a village road from Thirunagiri to Road No. 43 — Rs. 5,300. Both the proposed roads will run in the Tanjore District.
2. In both cases the roads are to be formed of earth with a surface breadth of 15 feet — the center 12 feet to be sanded — in the first instance to a depth of 3 inches, in the second, to a depth of 4 1/2 inches. It must be here remarked*

that the width of sanding

L.S. G.P.S.

23-5-84, R. S. G. S.

as set down in the specifications of the roads is 9 feet (3 gds.) but the detailed estimates give 12 feet (4 gds.). For the road from Steevanjiam to Manakal, 18 culverts of 1 1/2 feet span, 3 culverts of 3 feet span and 4 culverts of 6 feet span have been provided. In this case compensation for lands amounts to Rs. 412-2-0. For the road from Shirunagari to Road No. 43, 3 culverts of 1 foot span, 4 culverts of 2 feet span, 3 culverts of 6 feet span and 1 double vented culvert, each vent 6 feet span, have been provided.

S E VI presumes that the L. E. Engr., with reference to the culverts, has examined and satisfied himself on the points of waterway and depth of foundations.

3. It is to be observed

that the plans and estimates do not bear the countersignature of the President or Vice President of any L. E. Board.
