3. The selection of the works under class A, and the amount of their allotments, have been settled in Committee, in accordance with the arrangements sanctioned in G.O., No. 2856 W., dated 11th October 1883. It has not been possible to allot funds to all works brought forward by Superintending Engineers. Those unprovided for have been shown under class B, and can again be brought forward during the year should funds hereafter become available.

4. Provision has, in accordance with G.O., No. 3208 W., dated 12th November 1883, been made for incomplete educational works. It was not found possible, however, to allot funds for *new* works of this class.

5. Rs. 50,000 are provided for the road from Ootacamund to Gúdalúr, and Rs. 10,000 for the road from Kótagiri to Mettupálaiyam. These grants will be expended by the Nílgiri Local Fund Board, as previously.

6. The Superintending Engineers concerned will lose no time in submitting for the sanction of Government, plans and estimates for those works for which provision has been made for expenditure in 1884-85. Pending sanction to the estimates, no outlay should be incurred. It must also be understood that no expenditure is to be incurred on class B works without specific appropriation of funds, the amounts shown in the schedule being those *applied for*. They are not allotments.

7. Early application should be made for the temporary establishments required during 1884-85, and for funds required to meet the charges of the year, under this head, as well as for incomplete and minor works.

8. With these remarks, the preliminary issue of the Provincial Budget Estimate for 1884-85 is circulated for the information and guidance of the officers of the department, and four copies are forwarded for the information of the Government of India.

PUBLIC WORKS DEPARTMENT.

READ—the following letter from Colonel W. S. TREVOR, R.E., Secretary to the Government of India, Public Works Department (Account—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 6th February 1884, No. 27 A.I.:—

I am directed to acknowledge the receipt of your letter, No. 1015 I., dated 10th December 1883, applying for an increase of grants under "F. Famine Relief and Insurance—34. Protective Works—Irrigation" for the year 1884-85, for expenditure on the Buckingham canal and on the investigation of projects, and in reply to state that there are no funds at the disposal of the Government of India at present from which the grant of Rs. 3,50,000 already provisionally sanctioned can be increased, and that in consequence the Government of India is not in a position to modify the views expressed in paragraph 2 of this office letter, No. 116 A.I., dated 7th November 1883. Should the accounts of the current year show any lapse of the protective grant, the possibility of increasing the grant to the Buckingham canal will be considered. Meanwhile it is hoped that the full grant promised from Provincial funds will be assigned to this project.

2. I am to express regret that the Government of India is unable to continue the grant from Protective funds for the investigation of projects. Such charges, I am to point out, are met in other provinces from Provincial funds and this procedure may well be followed in Madras.

ORDER—dated 14th March 1884, No. 691 W., Public Works.

The Government of India has already been informed * that the full grant promised from Provincial funds has been assigned to the Buckingham canal for expenditure during 1884-85.

* Proceedings of Madras Government, No. 172 I., dated 12th February 1884.

2. In reply to the request made in letter, No. 173 I., dated 12th February 1884, the Imperial allotment on Original Works of the Buckingham canal for 1884-85 has been increased by the Government of India to Rs. 1,50,000 in their letter, No. 40.A.I. of 22nd February 1884.

3. Owing to the final decision now communicated by the Government of India with regard to the incidence of cost for the investigation of projects, the Government have no alternative but to close the A. and D. Project divisions. The staff of the A. Project division has already been broken up, and that of the D. Project division is employed in the offices of the Superintending Engineer, Tank Maintenance Scheme, and Chief Engineer for Irrigation.

43

4. The B. and C. Project divisions will be maintained for the present from Provincial funds, and the Superintending Engineers, III and IV Circles, will submit, at an early date, the report already called for by the Chief Engineer for Irrigation with reference to paragraph 3 of Proceedings of Madras Government, No. 1014 I., dated 10th December 1883.

5. Copy of these Proceedings will be forwarded to the Government of India.

ORDER—dated 12th June 1883, No. 1641 W., Public Works.

In the papers read above, the Superintending Engineer, the Consulting Architect, and the Superintendent, Public Work Stores have applied for funds on account of (*a*) Minor Works anticipated, in lump sums, (*b*) Incomplete Works of 1882-83, (*c*) New Works, recommended to be taken up in 1883-84, (*d*) Repairs, (*e*) Tools and Plant and (*f*) Temporary Establishment.

2. The Military Minor Works grant, *vide* Budget Item No. 8, amounts to only Rs. 21,987, but the demands of Superintending Engineers are as follows :—

	Rs.
For Minor Works anticipated, to be placed at their disposal in lump sums	27,400
For Incomplete Minor Works	4,696
For Incomplete Major Works	41,801
For New Major Works	38,320
For New Minor Works	6,457
Total ...	1,18,674

The Minor Works grant has been distributed as follows :—

	Rs.
For Minor Works anticipated as per Statement A	12,200
For Minor Works as per Statement B.	3,938
For Major Works as per Statement B.	4,279
Reserve with Government	1,570
Total ...	21,987

3. With reference to G.O., No. 1076 W., dated 11th April 1883, it has only been found practicable to place Rs. 7,000 at the disposal of Officers Commanding Divisions and Districts, which His Excellency the Commander-in-Chief will instruct to be distributed in such proportions, as he may deem necessary.

4. The Superintending Engineer, Third Circle, in his No. 445, dated 12th May 1883, suggests that in lieu of the Minor Works grant, the Military Repair grant be placed at the disposal of Officers Commanding Divisions and Districts. The opinion of His Excellency the Commander-in-Chief will be obtained on this point, through the Military Department.

5. Under Repairs Military the demands of Superintending Engineers amount to Rs. 2,87,150, but as the budget provision is only Rs. 2,75,000, the demands have been reduced to Rs. 2,72,150, *vide* Statement A which accompanies this resolution. This leaves Rs. 2,850 as a reserve with Government.

6. Rs. 3,085 have been placed at the disposal of Superintending Engineers under Original Works, Postal, and Rs. 5,079 allotted for Major and Minor Incomplete and New Works, under the same head of service, *vide* Statement B. The reserve with Government after deducting the allotments made in the Government Orders quoted in the margin, is Rs. 231. The demand under Postal Repairs has been reduced from Rs. 6,025 to Rs. 4,400 which leaves a reserve balance of Rs. 600 with Government.

7. The distribution of the grant under Telegraph is shown in Statement A.

8. Statements C and D show the several demands made by Superintending Engineers under Provincial, and the allotments passed. The demands under Original Works,

exclusive of Registration and Police Works which will be separately dealt with, are as follows :—

	Rs.
For Minor Works anticipated, to be placed at their disposal in lump sums	32,177
For Incomplete Minor Works	10,760
For Incomplete Major Works	2,50,744
For New Major Works	15,377
For New Minor Works	54,798
Total ...	3,63,856

	Rs.	
Reserve with Government	85,173	But since the reserve with Government, after deducting the appropriations already made as per margin, is only Rs. 74,368, the demands have been considerably reduced, as shown below :—

For Minor Works as per Statement D.	14,037
For Major Works as per Statement D.	40,418
Reserve with Government	68
Total ...	73,723

9. Appropriations have been asked for 23 Incomplete and 33 New Registration Buildings, aggregating Rs. 1,02,620, but as the reserve with Government is only Rs. 24,070, it has not been found possible to allot funds for any new works.

	Rs.
Reserve Budget Item No. 61 ...	22,077
Resumed do. No. 53 ...	1,993
Total ...	24,070

10. A list of Police Works costing above Rs. 1,000 and under Rs. 2,500 each, and for which funds have been applied for by Superintending Engineers, has been sent to the Inspector-General of Police for his remarks, prior to allotment of funds.

11. The provision in budget for converting the terraced roof of the Tahsildar's Cutcherry at Russellkonda into a tiled one, Item No. 12, viz., Rs. 2,330, not being required by the Superintending Engineer, has been resumed and added to the reserve.

12. Under registration buildings also, the provision for the District Registration Office at Bellary, Item No. 53, has been reduced to Rs. 2,293, as Rs. 1,993 was spent on the work in 1882-83. The amount resumed has been added to the reserve with Government under Registration.
