READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Kankipad, 14th May 1884, No. 426 K.S.:—

I have the honor, with reference to G.O., No. 2514 of the 7th September 1883, sanctioning an estimate for the construction of a sub-registry office at Gannavaram, to report that on applying to the Collector of the Kistna for information as to the sum to be paid as compensation for the land required for the site, the Collector informs me that the Zemindar, in whose estate the land is situated, is willing to give the site without compensation, reserving to himself the reversionary right.

2. I write therefore to ask whether the land can be accepted on those terms, or whether it should be acquired outright.

ORDER—dated 6th June 1884, No. 1421 W., Public Works.

The Superintending Engineer may take over the land; but, before the transaction is concluded, the deed of transfer should be submitted to the Government for approval, as it is not quite clear what is meant by the reversionary right which the Zemindar proposes to reserve.
