OFFICE OF THE SUPERINTENDING ENGINEER,

6TH CIRCLE.

Kodaikanal 24/5/1884.

No. 306 T. J.

From

The Superintending Engineer,

6th Circle.

To

The Chief Engineer

P. W. D.

Sir,

I have the honor to bring to your
notice that, on receipt of G.O. No
2838 of 15th November 1881, ordering
the stoppage of the construction of
Police Hut at Agnethampally near
Vedarniam, Contractor Satcha Iyer
was directed to hand over to the
Salt Department all the materials
he then collected, which amounted
to nearly 2700 Rs, and paid for.

The Contractor has delivered
all the materials to the Salt Depart.
ment except 1080 Palmarah Rafters
valued at Rs 675 and 375 Sleepers
valued Rs 24-6-0 making a total
of Rs 699-6-0

The rafters were stored in a
house near Vedarniam + because

the contractor did not pay rent for the storage of the rafters, the owner of the house refused to give them up and although the contractor had been frequently called upon to deliver the rafters and reepers or to refund their value, there is no sign of his ever doing either of these

It appears that the rafters and reepers have all been removed from the place where they were stored, and the contractor has repeatedly promised to purchase other rafters, and on one occasion he informed Captain Smart that he had delivered them to the Salt Department and this however on enquiry proved to be untrue and finally the Contractor states that the owner of the house has improperly taken them away or sold them, & that he is to criminally prosecute him.

Under these circumstances I do not consider that there is any probability of the contractor refund-

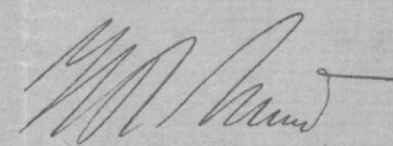

-ing the amount due to Government, and I therefore request that Government will authorize the amount to be written off to Profit and Loss and that an order may be issued that no Government contracts should be given to him.

The value of the articles due by the contractor is Rupees 699-6-
Due to contractor - - - - - 195-0-0
Balance against contractor 504-6-0

I regret the delay in reporting the matter to Government; it has been overlooked owing to changes of officers and also to evasive answers given by the contractor.

I have the honor to be
Sir

your most obedt. servt

PROCEEDINGS, 10TH OCTOBER 1881, No. 2209.

SUBMITTING for the information of Govern-
ment letter from the Commissioner of Salt Re-
venue intimating that he has asked the Execu-
tive Engineer, Tanjore, to stop further work in
connection with the construction of the Police
lines at the Vedarniem Factory, pending its
abolition; and approving the Commissioner's
action.

[10th October 1881, No. 2209.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 10th October 1881.

No. 2209.

Read—the following letter from W. A. HAPPELL, Esq., Officiating Commissioner of Salt Revenue, to the Secretary to the Board of Revenue, dated Madras, 14th September 1881, No. 7,094:—

AN estimate of Rs. 8,310 was sanctioned for constructing Police lines for two Head Constables and nineteen Constables at the Vedarniem Factory, Tanjore District, but subsequently reduced to Rs. 5,670. From a report received from the Deputy Commissioner of Salt Revenue, Southern Division, it appears that no work has been done towards constructing the lines (beyond the collection and preparation of materials to the value of Rs. 2,662 up to the 27th ultimo.) As the abolition of the Vedarniem Factory is under discussion, and as there will be no necessity for providing such costly buildings for the salt guards after reorganization, I have written to the Executive Engineer, Tanjore, to stop further work. If the abolition of the Vedarniem Factory is decided on, the materials already collected may be utilised in building the Police lines at Negapatam, for which an estimate of Rs. 7,620 was sanctioned in G.O., No. 2,921-W, dated 19th July 1878, and which it is proposed to construct departmentally.

Resolution—

SUBMITTED for the information of Government.

2. The Board approve the Commissioner's action.
