GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 14th May 1884, No. O-151.

I have the honor to submit, for the information of Government and communication to the Public Works department, copy of a letter from the Principal, Civil Engineering College, reporting on the results of the last B.C.E. degree examination.

ENCLOSURE.

From Lieutenant H. D. LOVE, R.E., Principal, Civil Engineering College, to the Director of Public Instruction, dated Madras, 4th March 1884, No. 790-C.

In continuation of my No. 672-C, dated 22nd January 1884, I have the honor to report that of the eight students of the first department who appeared for the B.C.E. degree examination in January, five have been successful, and have been classed as follows :—

K. Krishnan Nayar, B.A.,	First class.
S. I. Vaikuntam Aiyar, B.A.,	} Second class.
R. V. Narayana Aiyar,	
R. Nageswara Aiyar, B.A.,	} Third class.
A. R. Natesan, B.A.,	

2. This is the first occasion during my tenure of the Principalship that the college has been in a position to send up more than two students for University examination. I regard the present result as very gratifying, especially as there is in the history of the institution only one previous case on record, in which the distinction of a degree in the first class has been attained. This case was that of T. T. Raghava Chariar, B.A., and occurred in 1876.

3. It will be observed that R. Nageswara Aiyar, who was unfortunately compelled to be absent from the College examination in December, appears among the successful candidates for the University degree.

4. S. Krishnan Nayar, S. I. Vaikuntam Aiyar, and A. R. Natesan have, it is understood, secured temporary employment in the new tank divisions of the Public Works department. They report to me that they have accepted subordinate positions solely with the view of qualifying themselves by practical work for higher appointments. This circumstance indicates on their part a praiseworthy desire to become good practical as well as theoretical Engineers, and I trust it will not be without weight with the Public Works department when vacancies in the superior establishment occur.

5. Another certificated passed student, T. Bhavani Sankara Sastri, who was unsuccessful at the Degree examination, has, I learn, secured employment under one of the Local Fund Boards.

ORDER—dated 21st May 1884, No. 271, Educational.

Communicated to the Public Works department and to the Board of Revenue.

(True Extract.)
