2. *Revised estimate for* 1883-84.—The Road fund opening balance of 1882-83, as shown in the accounts now submitted, is Rs. 29,127 less than that adopted in the revised estimate of that year. Notwithstanding this fact, the balance of 1883-84 shows a falling off of only Rs. 11,770 as compared with the sanctioned budget, which is not explained. The increase of Rs. 36,420 in the General fund balance is explained to be due to short expenditure on new buildings and sanitation. The land-cess collections, though expected to be Rs. 20,000 in excess of the budget estimate, cannot be pronounced satisfactory seeing that nearly 22 per cent. of the total demand will, it is expected, remain uncollected at the close of the year. The reduction in the Public Works provision under the General fund is not explained, nor is any information given as to the nature of the revised scheme for village sanitation which has been referred to the Sanitary Commissioner. It is observed that the budget provision for sanitation has been cut down by Rs. 7,400. Columns 4 and 5 of the list of subsequent allotments are left blank.

3. *Budget estimate for* 1884-85.—The estimate of receipts for 1884-85 does not call for remarks. Under Charges, the Public Works provision is fully explained and is approved, but no expenditure should be incurred on the new buildings proposed in the budget till the plans are approved and estimates have been sanctioned. It is noted that the last instalment of the famine debt due to Provincial funds is to be paid in the current year. The provision for education, which is in excess of that for 1883-84 by Rs. 6,560, is generally approved by the Director of Public Instruction. In statement III, the grant for the construction and repair of school-houses is shown as Rs. 7,890, and in Statement I, parts I and II as Rs. 7,960. Under Grant III the provision for medical practitioners has been struck out by the Board of Revenue on the ground that no vernacular medical students are expected to pass out of the medical school this year, but it should be explained how and on what account the charge was incurred in 1883-84 and previous years. The land-cess collections, though expected to be Rs. 20,000 in excess of the budget estimate, cannot be pronounced satisfactory seeing that nearly 22 per cent. of the total demand will, it is expected, remain uncollected at the close of the year. The reduction in the Public Works provision under the General fund is not explained, nor is any information given as to the nature of the revised scheme for village sanitation which has been referred to the Sanitary Commissioner. It is observed that the budget provision for sanitation has been cut down by Rs. 7,400. Columns 4 and 5 of the list of subsequent allotments are left blank.

3. *Budget estimate for* 1884-85.—The estimate of receipts for 1884-85 does not call for remarks. Under Charges, the Public Works provision is fully explained and is approved, but no expenditure should be incurred on the new buildings proposed in the budget till the plans are approved and estimates have been sanctioned. It is noted that the last instalment of the famine debt due to Provincial funds is to be paid in the current year. The provision for education, which is in excess of that for 1883-84 by Rs. 6,560, is generally approved by the Director of Public Instruction. In statement III, the grant for the construction and repair of school-houses is shown as Rs. 7,890, and in Statement I, parts I and II as Rs. 7,960. Under Grant III the provision for medical practitioners has been struck out by the Board of Revenue on the ground that no vernacular medical students are expected to pass out of the medical school this year, but it should be explained how and on what account the charge was incurred in 1883-84 and previous years. The increased grant for sanitation is satisfactory. The contributions to the Nellore and Ongole municipalities provided in the budget differ from those taken credit for in the Municipal budgets. The differences should be explained and adjusted.

2. *Regular Estimate for* 1882-83.—The President's opening balance for 1882-83 not agreeing with the closing balance of 1881-82 as advised by the Accountant-General, the Board have adopted the latter officer's figure. The regular estimate of Land-cess collections is very unsatisfactory, over 41 per cent. of the arrears, which extend over a period of eight years, and about 39 per cent. of the current demand being expected to remain unrealized at the close of the year. The Government are unable to understand why this circle, more than any other in the Presidency, should be so backward in the matter of collection, and they look to the President to effect an improvement in this respect. Under "7, Miscellaneous," a sum of Rs. 458 shown in Column 2 of the regular estimate is omitted in Column 5, and in the same column "Receipts from Travellers' Bungalows" are erroneously set down as Rs. 492 instead of Rs. 592, the total of Columns 2 and 4. Allowing for these errors, the total assets should in round numbers be Rs. 4,19,260 and not Rs. 4,18,700. In the absence of explanation as to the nature of the Miscellaneous receipts, the whole of the excess, Rs. 558, is credited to the General Fund in the abstract at the head of these Proceedings. Under Charges it is stated that more than half the allotment for new choultries

will remain unutilized at the end of the year, but no reason is assigned. As the Board's revision of the regular estimate took place on the 30th March 1883, there was apparently no need to enter Rs. 3,620 under Road Fund Reserve. The provision will accordingly be struck out. In other respects the remarks passed by the Board on the regular estimate are approved.

3. *Budget Estimate for* 1883-84.—The forecast of Land-cess collections for the current year is again extremely low, but will be allowed to stand for the present. The President will report later on in the year to what extent it can be raised. The fact that no income is estimated under "Interest on Arrears of Cess," notwithstanding the large arrears outstanding, should be explained.

4. Under Grant I the allotments, as revised by the Board in their Proceedings, dated 25th May 1883, No. 1445, are approved, and, under the circumstances therein stated, the proposal to postpone the adjustment of the famine debt for another year is sanctioned, as is also the proposed increase in the pay of the Local Fund Engineer. The provision for Tools and Plant should be Rs. 2,440 and not Rs. 2,630. With regard to the remaining grants, the Government have nothing to add to the remarks already passed by the Board of Revenue.

5. The following discrepancies appear in the accounts and should be explained:—

	Statement I-A.	Statement I-B.	Statement III.	Statement IV-A.

RESOLUTION—dated 7th September 1883, No. 2661.

The Local Fund Budget of the Nellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President's attention is drawn to the remarks of Government regarding the backward state of the Land-cess collections.

3. *Paragraph* 3 *of the Government Order.*—The President will, in due course, submit through the Board the report called for in this paragraph.

4. *Paragraph* 5 *of the Government Order.*—In regard to the discrepancies noticed in this paragraph, it is observed that the President has explained in paragraph 39 of his letter printed in Board's Proceedings, dated 30th March 1883, No. 904, that of the sum of Rs. 1,700 entered under Provincial Grants for Schools, Rs. 698, or Rs. 700 in round numbers, were expected on account of the Upper Fourth Classes in the Náyudu-

pet, Venkatagiri and Kandukúr Schools, and that Rs. 1,000 were anticipated on account of Local Fund pupils passing the fourth standard if boys, and all standards if girls, in other schools. As the particular schools in which the latter amount would be earned was probably not known, the amount was omitted in Statement III. It will now be entered in lump in that statement. In regard to school fees, it is noted that the difference has arisen by entering round figures in the General Statement of Receipts (I-A). Rs. 100, entered as Bungalow Contingencies in Statement I-B, will be altered to Rs. 140, the establishment charges being reduced by Rs. 40, which is the provision in Statement IV-A on account of furniture required for the Udayagiri Bungalow.

5. The allotment of Rs. 180 originally provided for the pay of the Writer attached to the District Medical and Sanitary Officer will be restored in the budget with reference to Board's Proceedings, dated 24th July 1883, No. 2114, and the provision for Sanitation will be altered as indicated in paragraph 2 of Board's Proceedings, dated 11th August 1883, No. 2346.

BOARD OF REVENUE, 15TH MARCH 1884, No. 937.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. LEE-WARNER, Esq., President of the Local Fund Board, Nellore, to the Secretary to the Board of Revenue, dated 6th October 1883, No. 85 :—

* Will follow in a packet post.

I have the honor to submit the Local Fund Budget for 1884-85, with the usual statements as per accompanying * list.

2. *Regular Estimate of Receipts for* 1883-84—*Road Fund.*—The closing balance for 1882-83 as advised by the Accountant-General has been adopted for the estimate. The Land-cess collections have been estimated with reference to actuals of the last year, and from the Demand, Collection and Balance Statement, it would appear that 11 and 28 per cent. of the arrear and current demands respectively are expected to be unrealized at the close of the year. Most of the arrear balance, being the Cess on Land-revenue Arrears recommended to be written off, will soon disappear from the accounts. Surplus Pound Fund and Fishery Rents have been similarly calculated on the actuals of the preceding year while the collections from "Tolls" have been set down according to the rental of this year. The total receipts as shown below are Rs. 2,72,846 :—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	RS.	RS.
Balance	45,170	77,736
Land-cess Collections	1,66,670	1,80,000
Pound Fund	4,000	4,720
Fisheries	1,500	800
Tolls	7,500	7,500
Tolls from Ongole Municipality	..	1,090
Public Works Receipts	1,000	1,000
Total	2,25,840	2,72,846

3. *Expenditure.*—Out of an aggregate allotment of Rs. 1,54,594 on account of New Works and Repairs, Rs. 1,45,000 are expected to be spent, leaving a balance of Rs. 9,594, the decrease under this head being due to the fact that most of the estimates for Flood Repairs and a few of those for New Works are undergoing revision (*vide* Board's Proceedings, No. 7124, Miscellaneous, dated 22nd August 1883). The other items call for no remarks. The total charges are estimated at Rs. 1,97,265, leaving a balance of Rs. 75,580 on the 1st April 1884 :—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	RS.	RS.
New Works	27,510	25,000
Repairs	1,22,010	1,20,000
Engineer Establishment	30,130	31,235
General Management	4,100	3,965
Contingencies	1,840	1,760
Tolls and Ferries	60	..
Tools and Plant	2,240	2,320
Reserve	18,060	12,985
Total	2,05,950	1,97,265

4. *General Fund Receipts*, 1883-84.—The receipts under this head are estimated at Rs. 1,65,661, against the budget estimate of Rs. 1,23,510, showing an increase of Rs. 42,151 over the latter. This is due to the large balance left on the 1st April 1883, on account of short expenditure on works during the preceding year and the expected increase during the year in Land-cess collections. The receipts from School-fees show a decrease of Rs. 700 less than the budget estimate, and accordingly I have framed the regular estimate with reference to the actuals of the last year, being Rs. 1,954, rather than following the high figures of the budget estimate. The subjoined compares the regular estimate with the budget :—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	Rs.	Rs.
Balance	34,380	70,804
Land-cess	83,330	90,000
School-fees	2,700	2,000
Sale of Books	1,000	900
Bungalow Fees	400	700
Miscellaneous	..	157
Provincial Grant	1,700	1,100
Total ..	1,23,510	1,65,661

5. *Expenditure under Grant I.*—The total expenditure under Grant I is estimated at Rs. 9,095, against the budget estimate of Rs. 16,360, and the expenditure on works alone is given at Rs. 7,310 out of an aggregate allotment of Rs. 15,643 including subsequent sanctions :—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	Rs.	Rs.
New Works	6,000	3,000
Repairs	1,710	3,000
Miscellaneous Public Improvements	5,610	1,310
Engineer Establishment	2,680	1,575
Tools and Plant	200	120
Contingencies	160	90
Total ..	16,360	9,095

6. *Grant II.*—Rs. 36,830 are expected to be spent within the year out of the budget estimate of Rs. 39,150 and the aggregate allotment of Rs. 39,592 inclusive of subsequent sanctions, as shown in the appended statement :—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	Rs.	Rs.
Inspection	3,500	3,200
Training School	2,620	2,560
Local Fund Schools	22,280	20,170
Result Grant	6,500	7,500
Miscellaneous	2,750	1,900
Contribution for Additional Deputy Inspector	1,500	1,500
Total ..	39,150	36,830

The decrease under "Inspection" and "Training Schools" is due to the expected abolition, from 1st January 1884, of the Inspecting Schoolmasters of the Nellore and Kávali Ranges and the Third Master in the Training School, in order to provide funds for the new Normal School. The amount paid on account of Results Grants during 1882-83 was Rs. 7,320, and this year I raised it to Rs. 7,500.

7. *Grant III.*—The total charges under Grant III are Rs. 41,528, as compared in the following statement with the budget provision—

Items.	Budget, 1883-84.	Regular Estimate, 1883-84.
	Rs.	Rs.
Dispensaries	2,800	3,868
Medical Pupils	2,150	2,700
Do. Practitioners	1,240	1,240
Vaccine Establishment	9,650	11,000
Sanitation	18,400	11,000
Choultries	1,090	670
Bungalows	970	900
Contribution to Dispensaries	6,800	6,560
Lying-in-Hospital	1,140	900
Dieting Lunatics	50	250
Inspecting Vaccine Agency	1,340	1,340
Midwives in Taluks	1,140	1,100
Total ..	46,770	41,528

8. The increase under "Dispensaries" is due to an allotment of Rs. 400 granted on account of Furniture, Rs. 251 on account of Rápúr Dispensary, Rs. 120 on account of Charge Allowance to Mr. Allen at Gúdúr, and some other provisions made as detailed in the list of subsequent allotments herewith submitted. The entertainment of ten pupils in this month, and the payment of Rs. 25 a month to the Hospital Assistant who translates lectures to the students, account for the increase against "Medical Pupils," while the increase under "Vaccination" arises from a revision of the establishment in the Nellore Range sanctioned in Board's Proceedings, No. 5145, dated 11th August 1883, and the grant of an extra allowance to Hospital Assistants for vaccinating cases, *vide* Board's Proceedings, No. 5328, dated 17th August 1883.

9. A rough scheme for village sanitation has been sent up to the Sanitary Commissioner for approval, and on receipt of his sanction, steps will be taken to spend the amount.

10. The other items call for no remarks.

11. *Grant IV.*—The details of expenditure under this grant are as given below, and they need no special explanation :—

Items.	Budget, 1883-84.	Regular Estimate 1883-84.
	Rs.	Rs.
Contribution for Controlling Establishment at the Presidency .	2,090	2,090
Do. for Collector's Office	660	660
Do. for Local Fund Board's Office	1,250	1,250
District Audit Office	1,020	1,020
Contingencies	1,450	1,150
Pensionary Contribution	..	100
Refunds	..	100
	6,470	6,370
General Fund Share ..	2,370	2,405

12. The aggregate charges of General Fund under various grants came to Rs. 93,581, leaving a balance of Rs. 72,080 for 1884-85—

	Rs.
Grant I	9,095
„ II	36,830
„ III	41,528
„ IV	2,405
General Reserve	3,723
Total ..	93,581

BUDGET ESTIMATE FOR 1884-85.

13. *Road Fund Receipts.*—As shown in the following statement, the total receipts are estimated at Rs. 2,69,880. My remark against Land-cess under the regular estimate of receipts applies to the estimate for 1884-85 as well :—

Items.	Regular Estimate, 1883-84.	Budget Estimate, 1884-85.
	RS.	RS.
Balance	77,736	75,580
Land-cess Collections	1,80,000	1,80,000
Pound Fund	4,720	4,500
Fishery Rents	800	800
Tolls	8,590	8,000
Public Works Receipts	1,000	1,000
Total ..	2,72,846	2,69,880

14. The Tolls are expected to yield Rs. 8,000 or Rs. 560 less than in this year, the decrease being accounted for by smaller receipts from the first and second sources in the subjoined statement :—

Names of Gates.	Rental for 1883-84.	Rental for 1884-85.
	RS.	RS.
Pennér Anicut	2,550	2,500
Gúdúr	2,910	2,000
Bodilingampad	2,010	2,400
Contribution from Ongole Municipality	1,090	1,100
Total ..	8,560	8,000

The Pennér Anicut contractors are always complaining of the interruption to traffic and their profits caused by the constant submersion of the road-way during the times of even the most ordinary flood. The Gúdúr contractors say that, in the present state of the law, they are unable to prevent evasion of the toll, and, from the draft of the District Municipalities Bill, it does not appear that it is the immediate intention of the Government to make any new provision in favor of toll-keepers. The site of the gate at Bodilingampad having been proposed to be removed to a more convenient locality for catching the traffic, I expect an increase of Rs. 400 on this year's rental.

15. *Road Fund Expenditure.*—Out of the available assets of Rs. 2,69,880, Rs. 2,66,860 are proposed to be spent on the following items, leaving a balance of Rs. 3,020 :—

Items.	Regular Estimate, 1883-84.	Budget, 1884-85.
	RS.	RS.
New Works	25,000	88,930
Repairs	1,20,000	1,02,870
Engineer Establishment	31,235	26,780
General Management	3,965	4,510
Contingencies	1,760	2,650
Tolls and Ferries	..	60
Tools and Plant	2,320	2,870
Reserve	12,985	19,430
Famine Adjustment	..	18,760
Total ..	1,97,265	2,66,860

16. *New Works.*—Of the Rs. 88,930 allotted for New Works, Rs. 54,730 relate to Sanctioned Works (items Nos. 1, 3, 4, 6, 7, 8, 9, 10, 11, 13, 14, 20 and 22), Rs. 31,500 to Unsanctioned Works (items Nos. 2, 5, 12, 15, 16, 17, 18, 19 and 21), and Rs. 2,700 to Petty Works.

Item No. 1.—The Great Northern Road between the 140th mile and the Kistna frontier is reported to be very bad and almost impassable during the wet weather. As the estimate for the work was sanctioned more than three years ago, and the rates and circumstances must have considerably changed in the interval, the Local Fund Engineer has been requested to frame a revised estimate.

Item No. 4.—This road leads from Kottapatam to Cumbum and is an important line of communication. It is proposed to complete the same during the year.

Item No. 5.—This is a most important branch road connecting Ongole with the Buckingham Canal and Kottapatam. It is much used, but it has been left till now in an incomplete state.

Item No. 22—*Gúdúr to North Arcot frontier.*—A sum of Rs. 500 is provided to complete the estimate amount and to restore the road.

No funds have been provided for the canal and basin, as it is agreed that the main communication should be first restored.

Measures will be adopted to send up estimates for unsanctioned works within the first four months of the official year, as required in Section 47 of the Local Fund Department Public Works Code.

17. The Engineering Establishment is the same as in 1883-84, except that an increase of Rs. 50 a month is recommended to the Local Fund Engineer as reported in this office No. 91, dated 28th October 1882. A sum of Rs. 3,200 is allowed for the Contingencies of the Engineering Establishment, against Rs. 2,000 allotted in the current year, and the increase is attributed to larger expenditure under Stationery, Printing, Binding and Postage Charges since the introduction of new forms. The Travelling Allowance has been calculated with reference to the new Travelling Allowance Code.

18. The amount for Tools and Plant has been calculated at $1\frac{1}{2}$ per cent. on works.

19. *General Fund Receipts for* 1884-85.—The receipts under this head are estimated at Rs. 1,69,380 as given in the subjoined statement :—

Items.	Regular Estimate, 1883-84.	Budget Estimate, 1884-85.
	RS.	RS.
Balance	70,864	72,080
Land-cess Collections	90,000	90,000
School-fees	2,000	2,800
Provincial Grant	1,100	2,900
Sale of Books	900	900
Bungalow Fees	700	700
Miscellaneous	157	..
Total ..	1,65,661	1,69,380

20. In the estimate of School-fees, I have followed the details given by the Deputy Inspectors in Statement No. III, though I should think that they are a little too high.

21. The sum of Rs. 2,900 entered against Provincial Grant is made up of the following items :—

	RS.
Normal Schools	1,780
Kandukúr, Venkatagiri and Náyudupet Schools	698
Grants to be earned by boys passing in the Fourth Standard, and girls	500
Total ..	2,978

The Headmaster of the present Normal School at Nellore being a Trained Man, a credit of one-third of his salary is taken from Provincial Funds, and a similar credit is

also taken for the new school, to the Headmastership of which a Trained Student will, in all probability, be appointed. A further credit of half the stipends in both the schools is allowed, as the Inspector says that, under the rules, the Local Fund Board is entitled to it. The grants for Náyudupet, Venkatagiri and Kandukúr Schools are due to the opening of an Upper Fourth Class there.

22. *Expenditure under Grant I.*—The proposed expenditure under Grant I is Rs. 46,440, and it is distributed as follows :—

	Rs.
Civil Buildings	24,580
Repairs	2,350
Miscellaneous Public Improvements	12,810
Engineering Establishment	5,550
Tools and Plant	600
Contingencies	550
Total	46,440

23. It is proposed to provide suitable tiled buildings for the Local Fund Dispensaries at Kávali, Gúdúr, Kandukúr and Rápúr, at an aggregate cost of Rs. 7,000. On more than one occasion, the Board have sustained loss by the firing of the miserable thatched buildings, in which, for want of better accommodation, they had been obliged to store their medicines and other property. This provision is therefore absolutely necessary.

24. The School-houses at Udayagiri, Gúdúr and Kávali are intended to be commenced and completed within the year at a cost of Rs. 7,170.

25. Rupees 4,060 are assigned for the construction of Choultries at Kottapatam and Kanigiri. The Buckingham Canal Committee having consented to build a choultry at Dugarázpatnam, the Circle Board has provided Rs. 2,000 for a Musaferkana at the station.

26. *Grant II.*—The expendiure under Grant II is Rs. 43,420 as given below :—

Items.	Regular Estimate, 1883-84.	Budget, 1884-85.
	Rs.	Rs.
Inspection	3,200	2,140
Training Schools	2,560	5,118
Local Fund Schools	20,170	23,462
Result Grant	7,500	9,000
Miscellaneous	1,900	2,200
Contribution for the Additional Deputy Inspector.	1,500	1,500
Total	36,830	43,420

27. The decrease under "Inspection" is due to the abolition of the Inspecting Schoolmasterships of the Nellore and Kávali Ranges; and the increase under "Training Schools" arises from the establishment of another school at Kandukúr.

28. The small increase under Local Fund Schools is due to the fact that provision has been made to convert the Municipal West School, which at present is attached to the Normal School as a Practising Department, into a Local Fund School. Small increases have also been allowed to the staff of teachers as will be seen from Statement No. III.

29. A provision of Rs. 9,000 is made for Results Grants on the reports of the Deputy Inspectors that the schools are improving both in number and efficiency.

30. *Grant III.*—The expenditure under this grant is estimated at Rs. 61,725.

Items.	Regular Estimate, 1883-84.	Budget Estimate, 1884-85.
	Rs.	Rs.
Dispensaries	3,868	7,240
Medical Pupils	2,700	3,400
Do. Practitioners	1,240	1,200
Vaccine Establishment	11,000	11,860
Sanitation	11,000	25,400
Choultries	670	1,040
Bungalows	900	1,035
Contribution to Dispensaries	6,560	6,800
Lying-in Hospital	900	1,000
Dieting Lunatics	250	150
Inspecting Vaccine Agency	1,340	1,460
Midwives	1,100	1,140
Total	41,528	61,725

31. Provision is made for eight Dispensaries at Gúdúr, Kandukúr, Addanki, Venkatagiri, Kávali, Atmakúr, Kanigiri and Udayagiri, and eight months' provision for Podili, Darsi and Náyudupet, as the Zillah Surgeon expects English students to pass out at the Final Examination about July 1884. In my No. 81, dated 7th September, I asked for sanction to the opening of these institutions at Atmakúr, Kanigiri and Udayagiri, and as regards Podili, Darsi and Náyudupet, sanction will be obtained as the students pass out. It would be observed from Statement No. IV-A that two English students, also expected to pass, are proposed to be kept in reserve.

32. Provision is made for ten additional students and the payment of Rs. 25 a month to the Hospital Assistant who translates lectures, which accounts for the increase under "Medical Pupils."

33. The Zillah Surgeon expects six vernacular students to pass, and proposes to locate them at Allúr (near Kottapatam), Pannur, Dugarázpatnam, Kaluvoyu, Allúr (near Nellore) and Sulurpet. Provision is accordingly made for them for eight months in the year.

34. The increase under the "Vaccine Staff" is due to recent changes of establishment sanctioned in the Nellore Range, and to the appointment of an additional Deputy Inspector on Rs. 40.

35. The allotment for Sanitation has been calculated at 15 per cent. on the General Fund assets, and the sum of Rs. 25,400 so arrived at is proposed to be distributed as follows :—

	Rs.
Water Pandals	3,000
Improvement of Village-sites	4,000
Do. of Water-supply	8,000
Sanitary Arrangements at Venkatagiri and Penchalakond Festivals.	400
Conservancy including Scavengering, Village Sanitation, &c.	10,000
Total	25,400

36. The sale of the bungalows at Ojili, Venkatachellum choultry and Ramapatam has been sanctioned in Board's Proceedings, No. 8165, dated 26th September 1883. For the remainder it has been found necessary to make increased provision for furniture. The allotment for each has accordingly been raised to Rs. 20.

37. Rs. 1,460 are provided to meet the Travelling Allowance of the Zillah Surgeon and a moiety of the Assistant Surgeon's Pay as directed in paragraph 10 of G.O., No. 391, dated 22nd February 1883.

38. The charges under Grant IV, amounting to Rs. 7,340, call for no remark, being the usually allowed items.

39. The total expenditure under General Fund is —

		RS.
Grant I	..	46,440
„ II	..	43,420
„ III	..	61,725
„ IV	..	2,830
Reserve	..	9,730
Total	..	1,64,145

and the balance is Rs. 5,235.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 8th November 1883, No. 5727 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum provided in Grant III of the 1884-85 Local Fund Budget Estimate of the Nellore Circle, for the maintenance of the dispensaries, is adequate, and calls for no remarks.

2. A sum of Rs. 1,460 is entered as contribution towards the expenses of the sanitary inspection.

3. The entry "Inspecting Vaccine Agency," in paragraph 30 of the President's letter to your Board and in the expenditure statement, should be altered to "Sanitary Inspection."

No. 85, of the 6th October 1883.

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Secretary to the Board of Revenue, dated Madras, 21st December 1883, No. 8594 :—

I have the honor to submit the following remarks on the Local Fund Budget Estimate of the Nellore Circle for 1884-85.

2. *Receipts.*—The assets appertaining to Education are estimated at Rs. 51,600, exclusive of moiety of the General Fund opening balance (Rs. 36,040):—

	RS.
Provincial grant ..	2,900
One-sixth land-cess ..	45,000
School-fees ..	2,800
Sale of books ..	900
Total ..	51,600

The grant from Provincial funds may be accepted, though, under the rules, all the normal pupils admitted may not be found eligible for a moiety of their stipends from Provincial funds. The fee estimates are considered by the President a little too high, but in view of the revised scheme of fees now before Government, the figure may stand.

3. *Charges.*—The expenditure proposed under Grant II amounts to Rs. 43,420, against Rs. 39,150 in the current year's budget:—

	Budget, 1883-84. RS.	Budget, 1884-85. RS.
Inspection ..	3,500	2,140
Training schools ..	2,620	5,118
Local Fund schools ..	22,280	23,462
Results grants ..	6,500	9,000
Miscellaneous ..	4,250	3,700
Total ..	39,150	43,420

The increase is chiefly due to the opening of a second normal school in the district and the additional sum budgeted for results grants.

4. *Inspection.*—The Local Fund Board, having resolved to dispense with the services of the Inspecting Schoolmasters of the Nellore and Kávali ranges, have reduced the allotment for inspection by Rs. 1,360. The Deputy Inspector of Schools, Kávali Range, points out that this measure will prejudicially affect the interests of primary education. The Inspector has expressed no opinion. The provision must stand, as the Local Fund Board reckoned on this saving when they proposed to open a normal school at Kandukúr, but I would prefer that these agents should not be dispensed with at present, as the number of trained teachers in the district is small. They do good work when properly supervised. This should follow from the new rules regulating their duties.

5. *Training Schools.*—The grant for the Nellore and Kandukúr Local Fund normal schools is ample. I would recommend the entertainment of a competent gymnastic instructor in each of the normal schools and the supply of apparatus, as I consider it essential that each normal pupil teacher should receive instruction in gymnastics, so that when he returns to his school he may create among the children entrusted to his care a love for physical exercises. Aid will be given for salary and apparatus from Provincial funds.

6. *Local Fund Schools.*—The increased allotment for the Board schools is intended to meet the cost of the Municipal (West) school which the Board propose to convert into a practising school to be attached to the Nellore Normal School. The changes proposed in the teaching staff of certain schools have my approval. The Deputy Inspector observes that—

(i) provision should be made for house-rent to the Kaváli school, as the building will not be soon completed;
(ii) an allotment of Rs. 10 should be made for repairing the Budamaganta school-house;
(iii) the name of the "Anamasamudram" school should be changed to "Anamasaundrampet."

I beg to recommend these changes be carried out in the budget.

7. *Results Grants.*—The increased allotment should be passed with reference to the actuals of 1882-83 and the growing demands of results schools.

8. *Miscellaneous.*—The entry under this head calls for no remark, with the exception of the amount budgeted for commission on sale of books, which should be Rs. 135, or in round numbers 140, at 15 per cent. on the estimated sale-proceeds of books.

RESOLUTION—dated 15th March 1884, No. 937.

The Local Fund Budget Estimate of the Nellore Circle for 1884-85 is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Statement* 1-*A*—*Receipts.*—The opening balance adopted by the President differs from that recently reported by the Accountant-General. The latter figure will be adopted for the purposes of the regular estimate. It is distributed among the minor funds as follows:—

	RS.
Road Fund ..	37,021
General Fund ..	70,804
Total ..	1,07,825

The Road Fund balance given above falls short of the amount adopted by the President by more than Rs. 40,000, owing to the elimination of the adjustment head "Cheques payable," and the assets available for expenditure are therefore *pro tanto* less. The General Fund balance is about double that anticipated in the budget, owing to short expenditure on New Works—Civil Buildings and under Sanitation in 1882-83. In the current year, Land cess is estimated at Rs. 2,70,000, that is, Rs. 20,000 more than in the budget. The anticipated collections are 78 per cent. of the demand. The President states that the balance at the close of the year will soon disappear from the accounts, as it consists mostly of irrecoverable arrears. He is requested to explain why more than 28 per cent. of the current demand is expected to remain uncollected at the end of the year. The revenue from Tolls is put down as Rs. 8,590 against Rs. 7,500 in the budget. The other items do not call for notice. The total assets are—

	RS.
Road Fund	2,32,131
General Fund	1,65,661
Total ..	3,97,792

3. *Statement I-B—Expenditure.*—Excepting the provision for the repair of Civil Buildings, the several items under Grant I are within the budget allotments. It is stated that most of the estimates for flood repairs and a few of those for new works are undergoing revision. The regular estimate of expenditure under Grant II is Rs. 36,830 and under Grant III Rs. 41,528, against Rs. 39,150 and Rs. 46,770, respectively, sanctioned in the budget. Grant IV falls short of the budget estimate by Rs. 100. As the year is drawing to a close, the entries against the Road and General Fund reserves will be struck out.

4. The following is an abstract of the regular estimate of charges:—

These balances will be brought forward in the budget of 1884-85.

BUDGET ESTIMATE FOR 1884-85.

5. *Statement I-A—Receipts.*—The increase anticipated under Provincial Grants for Schools is fully explained in paragraph 21 of the budget covering letter. The income from the surplus of the Pound Fund will be reduced to Rs. 3,200, with reference to the Special Funds budget. The regular estimate figure for Land-cess is repeated. The President is requested to forward without delay the usual statement of the probable demand, collection and balance of cess for 1884-85. Tolls are expected to bring in Rs. 8,000, against Rs. 7,500 in the current year's budget. The other items of receipt do not call for remark. The assets are—

	RS.
Road Fund	2,41,100
General Fund	1,72,850
Total ..	4,13,950

6. *Statement I-B—Expenditure—Grant I, Public Works.*—Rs. 88,930 are assigned for New Works—Communications. The amount is distributed among twenty-two works costing more than Rs. 1,000 each and seven petty works costing Rs. 1,000 and less. Of the former, fourteen are sanctioned works, and estimates are promised for the others. The available assets being, as already stated, less than what were anticipated by the President owing to the difference between his and the Accountant-General's balances, the eight unsanctioned works referred to will be struck out. Under Civil Buildings, Rs. 24,580 are provided for the construction of four dispensaries, three schools, two choultries, and three musaferkhanas. The President will expedite the submission of the estimates promised for these. Rs. 12,000 are assigned for planting avenues. The provision for road repairs is Rs. 1,02,870, against Rs. 1,22,010 in the current year's budget. The decrease is due to the allotment in 1883-84 of Rs. 34,600 for special repairs to roads damaged by the floods of November 1882—Board's Proceedings, dated 25th May 1883, No. 1445. As sanctioned in G.O., Financial Department, dated 9th August 1883, No. 1699, the pay of the Local Fund Engineer has been raised to Rs. 500 a-month. The provision for the Local Fund Engineering establishment, including contingent charges, is Rs. 35,530, that is, 17 per cent. of the estimated outlay on works. The allotment for tools and plant will be reduced to Rs. 3,050, and the Road Fund reserve to Rs. 19,300. Rs. 18,760 are provided for liquidation of the balance of famine debt, as directed in G.Os., dated 20th December 1882, No. 1993, and 9th August 1883, No. 1699. The share chargeable to the Road Fund of the cost of the Engineering Establishment, Contingencies, Tools and Plant, and General Management should be, respectively, Rs. 26,000, Rs. 2,570, Rs. 2,450 and Rs. 4,100. The total Road Fund expenditure amounts to Rs. 2,36,540, leaving a balance of Rs. 4,560.

7. *Grant II, Education.*—Rs. 43,420 are provided under Grant II, against Rs. 39,150 in the current year. The provision for educational inspection is reduced from Rs. 3,500 to Rs. 2,140, by dispensing with the services of two inspecting schoolmasters, in view to find funds for the additional normal school at Kandukúr. The attention of the Circle Board is invited to the remarks of the Director of Public Instruction, in the latter part of paragraph 4 of his letter, recommending the continuance of these inspecting schoolmasters for some time longer, and to his suggestion in paragraph 5 to arrange for imparting instruction in gymnastics to the normal pupils. The changes proposed in the strength and pay of the teaching staff of the Local Fund schools are sanctioned. As recommended in paragraph 6 of the Director's letter, a sum of Rs. 24 will be provided in the budget for the house-rent of the Kávali school, but with regard to the other changes proposed in the same paragraph, it is observed that the name of the school at Anamasaundrampet is correctly entered in the budget, and that the Budamagunta school is apparently intended to be closed, there being no provision for it in the present budget. Commission on sale of books should be Rs. 140 as stated by the Director.

8. *Grant III, Medical and Sanitary.*—Rs. 6,830 are provided for maintaining nine dispensaries during the whole year and three dispensaries for eight months, against Rs. 2,620 provided for five dispensaries in the current year's budget. Of the additional seven dispensaries for which provision is made by the Circle Board, four have been sanctioned in the orders marginally noted, and the President states that he will apply for sanction for opening the remaining three dispensaries as soon as the local medical pupils pass their final examination in July next. From the same batch of students, two are to be kept in reserve for filling temporary vacancies, &c. It is, however, observed from the President's letter submitted to Government with Board's Proceedings, dated 5th March 1884, No. 751, that these pupils will not appear for examination in July next, but are to be allowed another year to pass. The dispensaries at Podili, Darsi and Naidupet cannot therefore be opened next year. The allotment for these institutions and for the reserve hospital assistants will therefore be struck out, Government having, in G.O., dated 15th December 1883, No. 2872, Miscellaneous. sanctioned a new dispensary at Beripetah cusbah, its cost—viz., Rs. 630—will be added to the budget provision for Hospitals and Dispensaries. Under Medical Practitioners, Rs. 1,200 are assigned for six vernacular students who are expected to pass next year and whom it is proposed to locate at the places noted in the margin. As the arrangement in regard to the final examination would seem to apply to these pupils also, the provision will be struck out; but in view to meet the stipends of the eleven medical pupils, the allotment for the local Medical School will be raised by Rs. 1,000. Rs. 11,860 and Rs. 25,400 are assigned for Vaccination and Sanitation, respectively, the corresponding figures of the current year being Rs. 9,650 and Rs. 18,400. The Sanitary Commissioner's remarks on this part of the budget have not been received. Rs. 3,400 are provided for the Medical School at Nellore, and Rs. 410 on account of establishment and contingencies for the District Medical and Sanitary Officer. The former will, as already stated, be raised to Rs. 4,400.

9. *Grant IV, Miscellaneous.*—The contribution for the controlling establishments at the presidency will be reduced to Rs. 2,560, the actuals of last year. The general reserve at 10 per cent. of the receipts is Rs. 9,730, and there is a balance of Rs. 9,440.

2. *Revised estimate for* 1883-84.—The Road fund opening balance of 1882-83, as shown in the accounts now submitted, is Rs. 29,127 less than that adopted in the revised estimate of that year. Notwithstanding this fact, the balance of 1883-84 shows a falling off of only Rs. 11,770 as compared with the sanctioned budget, which is not explained. The increase of Rs. 36,420 in the General fund balance is explained to be due to short expenditure on new buildings and sanitation. The land-cess collections, though expected to be Rs. 20,000 in excess of the budget estimate, cannot be pronounced satisfactory seeing that nearly 22 per cent. of the total demand will, it is expected, remain uncollected at the close of the year. The reduction in the Public Works provision under the General fund is not explained, nor is any information given as to the nature of the revised scheme for village sanitation which has been referred to the Sanitary Commissioner. It is observed that the budget provision for sanitation has been cut down by Rs. 7,400. Columns 4 and 5 of the list of subsequent allotments are left blank.

3. *Budget estimate for* 1884-85.—The estimate of receipts for 1884-85 does not call for remarks. Under Charges, the Public Works provision is fully explained and is approved, but no expenditure should be incurred on the new buildings proposed in the budget till the plans are approved and estimates have been sanctioned. It is noted that the last instalment of the famine debt due to Provincial funds is to be paid in the current year. The provision for education, which is in excess of that for 1883-84 by Rs. 6,560, is generally approved by the Director of Public Instruction. In statement III, the grant for the construction and repair of school-houses is shown as Rs. 7,890, and in Statement I, parts I and II as Rs. 7,960. Under Grant III the provision for medical practitioners has been struck out by the Board of Revenue on the ground that no vernacular medical students are expected to pass out of the medical school this year, but it should be explained how and on what account the charge was incurred in 1883-84 and previous years. The increased grant for sanita-

tion is satisfactory. The contributions to the Nellore and Ongole municipalities provided in the budget differ from those taken credit for in the Municipal budgets. The differences should be explained and adjusted.
