2. *Revised Estimate for* 1883-84.—The transfer of the Pound Fund contribution from the Road fund to the General fund is sanctioned under the circumstances stated by the Board of Revenue. Compared with the budget estimate, the revised estimate shows a considerable increase in the expenditure on new roads owing chiefly to allotments made out of the Provincial grant of Rs. 25,000. Credit is now taken in the revised estimate for Rs. 5,000 sanctioned by G.O., 31st March 1884, No. 879 W.

3. *Budget Estimate for* 1884-85.—The President applies for the repetition of the Provincial grant of Rs. 25,000 made during the last two years, on the ground that the money is emergently required for the Beltangadi and Sitanadi bridges now in progress, the Road Fund reserve of Rs. 9,820 being required for minor bridges and culverts for which there are estimates amounting to Rs. 37,805. As the Government will probably be in a position to give the required assistance, credit will be taken for the amount in anticipation of an allotment.

4. The educational provision is generally approved by the Director of Public Instruction. It is noted that for Local Fund combined system schools, the local board have resolved to restrict the stipends to passed teachers and the results grants to 50 per cent. of the maximum rate except as regards schools in special localities. 2. *Revised Estimate for* 1883-84.—The transfer of the Pound Fund contribution from the Road fund to the General fund is sanctioned under the circumstances stated by the Board of Revenue. Compared with the budget estimate, the revised estimate shows a considerable increase in the expenditure on new roads owing chiefly to allotments made out of the Provincial grant of Rs. 25,000. Credit is now taken in the revised estimate for Rs. 5,000 sanctioned by G.O., 31st March 1884, No. 879 W.

3. *Budget Estimate for* 1884-85.—The President applies for the repetition of the Provincial grant of Rs. 25,000 made during the last two years, on the ground that the money is emergently required for the Beltangadi and Sitanadi bridges now in progress, the Road Fund reserve of Rs. 9,820 being required for minor bridges and culverts for which there are estimates amounting to Rs. 37,805. As the Government will probably be in a position to give the required assistance, credit will be taken for the amount in anticipation of an allotment.

4. The educational provision is generally approved by the Director of Public Instruction. It is noted that for Local Fund combined system schools, the local board have resolved to restrict the stipends to passed teachers and the results grants to 50 per cent. of the maximum rate except as regards schools in special localities. The

increase to the pay of one of the inspecting schoolmasters from Rs. 27½ to Rs. 30 a-month is sanctioned. The inadequate provision for medicines and apparatus and for vaccination and sanitation can, as pointed out by the Board of Revenue, be supplemented from the special Provincial grant of Rs. 3,000.

2. *Regular Estimate for* 1882-83.—The regular estimate, as revised by the Board of Revenue, is accepted. The large increase over the budget under New Works, Communications, is stated to be due partly to subsequent allotments sanctioned by the Board of Revenue on account of works left incomplete at the close of 1881-82, and partly to new works undertaken in order to utilize the special Provincial grant of Rs. 25,000 within the year. A full account of the manner in which this grant has been expended should be given in the report for the year.

| | Rs. |
|---|---|
| Budget .. .. .. .. | 14,000 |
| Regular Estimate .. .. .. | 61,540 |

3. *Budget Estimate for* 1883-84.—The estimated receipts of 1883-84, excluding opening balance and Provincial grants, show an increase of Rs. 560 over the regular estimate. Credit is taken for a Provincial grant of Rs. 25,000 for roads and of Rs. 3,000 for general purposes. As observed by the Board of Revenue, the budget should have been prepared without reference to any grant which might be anticipated from Provincial Funds; and the President has assigned no satisfactory reason for adopting any other course. It is observed that the provision made for New Works, Communications, in the budget is Rs. 36,000, while Rs. 12,840 are allotted as a Road Fund reserve against Rs. 8,640 in 1881-82. From paragraph 7 of the President's letter, dated 20th February 1882* it is gathered that the annual amount at that time at the disposal of the Local Board for new works was Rs. 20,000, and this has since been raised by the creation of two new toll-gates to Rs. 24,269 (G.O., 23rd January 1882, No. 140, Financial, paragraph 3). In round numbers, therefore, Rs. 24,270 would appear to be the whole amount available from the resources of the circle for new roads and Road Fund reserve, and the allotments under those heads will accordingly be reduced to Rs. 16,270 and Rs. 8,000 respectively. The Government are not unprepared to consider on application for a special grant for the year from Provincial Funds, but the reasons for such application must be distinctly set forth, as well as the objections assumed to exist to the establishment of new toll-gates on important lines of communication, such as the Charmadi and Agumby Ghát roads. The Land-cess is expected to yield Rs. 3,000 more than the regular estimate, but it is noted that as regards the current demand the anticipated collections amount only to 78·9 per cent., an estimate which should certainly be exceeded. With regard to the General Fund it does not appear possible to appreciably reduce the estimate of expenditure, and at the same time provide an adequate reserve, and the special grant of Rs. 3,000, for which credit has been taken, will accordingly be allowed to stand.

* Printed in G.O., 31st May 1882, No. 396, Financial.

4. Under Charges, Public Works, three new works are proposed, only one or at most two of which can now be undertaken, unless sufficient cause is shown for a grant-in-aid from Provincial Funds. No expenditure should be incurred on any of these works until the estimate has been duly sanctioned. Ample provision is made in the budget for repairs to communications. The cost of the Local Fund Engineering establishment is estimated at Rs. 18,000, which is nearly 23 per cent. of the total outlay on works. It is stated that no portion of this amount is debitable to the General Fund, as there are no works to be executed from that fund by the agency referred to. The reduction in the number of Inspecting Schoolmasters, in view of the contemplated appointment of an Additional Deputy Inspector of Schools, is approved. It is observed, however, that the District of South Canara has recently been constituted a separate Inspector's Division, and in these circumstances it will be for the Director of Public Instruction to consider whether the appointment of another Deputy Inspector is any longer required. It is to be hoped that the transfer of the Normal School, which was sanctioned so long ago as G.O., 17th August 1882, No. 964, will take place at an early date, and the grant now sanctioned from Provincial Funds should be understood to be contingent on the speedy fulfilment of this condition. It would appear that the Government Order in question was never communicated by the Board of Revenue to the Director of Public Instruction. The attention of the Local Board will be specially drawn to the concluding remarks in paragraph 6 of the Director's letter printed in the second of the Board's Proceedings read above.

5. The enhanced provision for dispensaries and sanitation is satisfactory, but is only possible in consequence of the aid afforded by the Provincial grant. A sum of Rs. 3,350 is set apart as a General Reserve, and the General Fund closes with a small balance of Rs. 350.

6. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Canara Circle for 1883-84.

RESOLUTION—dated 6th June 1883, No. 1631.

The Local Fund Budget of the Canara Circle for 1883-84 is printed and circulated herewith to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President will notice that a report is required as to the manner in which the Provincial grant of Rs. 25,000, made in 1882-83 for roads, was expended.

3. *Paragraph 3 of the Government Order.*—With reference to the remarks in this paragraph that in his letter, dated 20th February 1882, No. 243, the President estimated the amount at the disposal of the Local Board for New Works at Rs. 20,000, and that this sum has since been raised by the creation of two new toll-gates to Rs. 24,269, the Board observe that the President arrived at the former sum by anticipating Rs. 26,000 under the head Receipts from Tolls (*vide* statement in the margin of paragraph 7 of the President's letter referred to and recorded in G.O., dated 31st May 1882, No. 396, Financial Department) ; that almost the same amount, viz., Rs. 26,400, is estimated as the toll receipts for 1883-84 ; and that, therefore, the amount available for new roads and the Road Fund Reserve should be held to be only Rs. 20,400. The figure adopted by Government for new works will, however, be retained in the budget, and the President will propose how he wishes to distribute the amount on the three new works in Part I. It is observed that the estimate for the first work has been sanctioned in G.O., dated 27th November 1882, No. 3122, Public Works Department. As regards the retrenchment ordered to be made under the head Road Fund Reserve, the Board note that the original figure, Rs. 12,840, was calculated at 10 per cent. of the estimated receipts, including the Provincial grant of Rs. 25,000. As, however, this amount has been disallowed, the reserve at 10 per cent. of the receipts is reduced to Rs. 10,340, and this sum will be entered in lieu of the figure (Rs. 8,000) suggested by Government. The excess will correspondingly reduce the balance from Rs. 4,330 to Rs. 1,990. The President will report separately, as directed by Government, as regards the special aid for roads required from Provincial Funds. His attention is also drawn to the remarks as regards the collections under Land-cess.

4. *Paragraph 4 of the Order.*—Early steps should be taken for the transfer of the Normal School to the Local Fund Board. The Director of Public Instruction will now be furnished with a copy of G.O., dated 17th August 1882, Mis. No. 964.

5. With reference to paragraph 3 of Board's Proceedings, dated 13th March 1883, No. 732, read in the Government Order, Rs. 1,000 have been entered as receipts under the head Provincial Grant for Schools. The details as to the expenditure under Grant II, as settled in the above Proceedings, have been adopted in the budget now circulated. With reference to the President's letter, dated 9th May 1883, No. 687, above read, he will in due course furnish particulars as to the cost of each school therein specified according to the detail required in Statement No. III, a lump sum of Rs. 918 being now provided for the schools.

## PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from J. STURROCK, Esq., President of the Local Fund Board, Canara Circle, to the Secretary to the Board of Revenue, dated Mangalore, 19th October 1883, No. 1510 :—

I have the honor to submit the budget estimates of the Canara Circle for the ensuing official year 1884-85, together with a copy of the Proceedings of the special meeting of the Local Fund Board held on the 5th instant for the discussion and settlement of the budget. The proposals of the educational officers for the budget having been received in time for consideration along with the other portions of the estimate, the budget for the ensuing year is submitted in a complete form without leaving the educational details to be submitted separately, as has been done for the last two years. The Inspector of Schools was not able to attend the meeting; but both the Deputy Inspectors were present, and with their aid there was no difficulty in settling the several details.

2. *Regular Estimate for* 1883-84—*Receipts.*—The total assets of the Local Fund Board for the current year according to the regular estimate amount to Rs. 1,87,380 against the budget estimate of Rs. 1,52,880, the increase being due to the special grant of Rs. 25,000 sanctioned in the Government Order communicated with Board's Proceedings, dated 29th August 1883, No. 7344, and to the excess in the opening balance over the estimate. Excluding the opening balance and the special grants the ordinary receipts are expected to amount to Rs. 1,30,352 against the budget estimate of Rs. 1,34,900, the decrease of Rs. 4,548 being the net result of a decrease of Rs. 3,040 under Canal and Ferry Fund Receipts, of Rs. 1,200 under Land-cess, and of Rs. 1,400 under Tolls, and an increase of Rs. 1,092 from other items of receipts.

3. The figures entered as the probable receipts from the Canal and Ferry Fund have been adopted from the regular estimate of the Canal and Ferry Fund Budget for 1884-85, and the decrease as compared with the estimate is due to the budget figures having been fixed with reference to the actuals of the last year which were abnormally high. The decrease under the Land-cess is attributable to the arrear demand being less than the estimate, and that under Tolls to the lack of competition in the bids for the leases of the Sullia, Kalladka, and Bantvál gates. The only other items that appear to require notice is the expected results grants from the Municipal Fund for the practising branch of the Normal School, Mangalore. No receipts were entered in the budget from this source, but the Municipality having since admitted the school for examination during the current year, Rs. 200 are entered as the probable grant to be earned by the school.

4. *Expenditure.*—The total probable expenditure during the current year is estimated at Rs. 1,80,910 against the budget estimate of Rs. 1,36,850 (excluding the reserves), the increase of Rs. 44,060 being due to the subsequent allotments for incomplete works and for new works already undertaken or about to be undertaken chiefly with the aid of the special Government grant of Rs. 25,000. These works are shown in the detailed list of subsequent allotments and transfers. It is expected that the whole amount entered against "Public Works" will be expended during the year. It will be observed that of the three new works proposed in the budget, one, namely Renewing the timber superstructure of the Hosangadi bridge, has not been provided

for in the regular estimate, and this is owing to the estimate for the work not having received the necessary sanction. The estimate which had been under scrutiny by the Public Works Department for some time has just been returned for revision.

5. The expenditure under other grants does not seem to call for any explanation, except that under Grant III, where a new item has been introduced, namely "the District Medical and Sanitary Officer's establishment, Rs. 550," with reference to paragraph 8 of G.O., 22nd February 1883, No. 391, Public Department.

6. The regular estimate leaves a closing balance of Rs. 5,020 under the Road Fund and of Rs. 1,450 under the General Fund.

7. *Budget Estimate for* 1884-85—*Receipts*—(1) *Opening Balance, Rs.* 6,470.—This being the closing balance of the regular estimate just referred to needs no explanation.

8. (2) *Allotments from General Revenue*—(*a*) *Provincial Funds.*—As ordered by Government no special grant of any kind has been taken credit for in the budget; but the necessity for a special grant being more pressing than ever, as will be observed from this budget, I shall, as desired by the Local Fund Board, submit a separate representation on the subject.

The amount, Rs. 1,380, entered as a grant for schools consists of:—

| | RS. |
|---|---|
| (*a*). Grant-in-aid for the Normal School, being one-third of the salary of the Head Master ... ... ... ... ... ... | 200 |
| And half of the stipends to students ... ... ... ... | 480 |
| | 680 |
| (*b*). Results grants to the IV, V, VI, and VII standards of the Local Fund Middle School, Coondapoor ... ... ... | 700 |
| Total ... | 1,380 |

9. (*b*) *Special Funds—Surplus Pound Fund, Rs.* 90; *and Canal and Ferry Fund, Rs.* 15,550.—The amounts shown against these two heads have been taken from the Special Fund Budgets for 1884-85 and represent the surpluses that will be available at the close of the year for transfer to the Local Funds.

10. (3) *Rates and Taxes*—(*a*) *Cess on Land, Rs.* 87,000, *and* (*b*) *Tolls, Rs.* 24,500.—The estimate of receipts from these sources is based on the statements furnished by the Collector under Section 29 of the Local Fund Act, and represents the average receipts for the last three years.

11. The other items of receipts do not seem to call for any remarks.

12. The total estimated receipts, including the opening balance, amount to Rs. 1,37,330, of which Rs. 1,03,310 form the assets of the Road Fund and Rs. 34,020 of the General Fund, as shown below:—

*Road Fund.*

| | RS. |
|---|---|
| Opening balance ... ... ... | 5,020 |
| Two-thirds land-cess and interest ... | 58,040 |
| Canal and Ferry Fund ... .. | 15,550 |
| Tolls ... ... ... ... ... | 24,500 |
| Sale of materials ... ... ... | 200 |
| Total ... | 1,03,310 |

*General Fund.*

| | RS. |
|---|---|
| Opening balance ... ... ... | 1,450 |
| Grant for schools ... ... ... | 1,380 |
| One-third land-cess and interest ... | 29,020 |
| Pound Fund ... ... ... ... | 90 |
| Fees in schools ... ... ... | 660 |
| Sale of books ... ... ... | 300 |
| Bungalow fees ... ... ... | 500 |
| Avenues ... ... ... ... | 300 |
| Results grants ... ... ... | 220 |
| Miscellaneous ... ... ... | 100 |
| Total ... | 34,020 |

The receipts from the Surplus Pound Fund have been credited to the General Fund with reference to Board's Proceedings, No. 2466, dated 22nd August 1883.

13. EXPENDITURE—*Road Fund.*—Out of the income of Rs. 1,03,310 of the Road Fund, the following allotments have been made in the budget now submitted:—

| | RS. |
|---|---|
| Repairs (Communications) ... ... ... ... ... ... | 61,530 |
| Do. (Inspection and Toll-sheds) ... ... ... ... | 1,600 |
| Local Fund Engineering establishment ... ... ... ... | 18,000 |
| Contingencies ... ... ... ... ... ... ... | 600 |
| Share of the cost of general management ... ... ... ... | 3,470 |
| Cost of the scrutiny of plans and estimates ... ... ... | 1,500 |
| Tools and plant ... ... ... ... ... ... | 1,820 |
| Reserve at 10 per cent. of receipts ... ... ... ... ... | 9,830 |
| Closing balance at 5 per cent. ... ... ... ... ... | 4,960 |
| Total ... | 1,03,310 |

The allotment of Rs. 61,530, which is on account of the annual maintenance grant for the roads in the circle, exceeds the current year's budget provision by Rs. 1,025 as follows:—

| | RS. |
|---|---|
| (1) Additional grant for road No. 18 ... ... ... ... ... | 600 |
| (2) Do. do. do. „ 17 ... ... ... ... ... | 385 |
| (3) Grant for the Mulki-Mudabidri road ... ... ... ... | 40 |
| Total ... | 1,025 |

14. The additional allotment for road No. 18 is necessary, as four miles of that road which were maintained hitherto by the Mysore Public Works Department have now been made over to this circle as included within the limits of South Canara as demarcated in 1881. Even before the settlement of the boundary it was known that these four miles were within British territory, but when the construction of the ghât road was projected about 1868-69, the British Government, for reasons which need not here be explained in detail, were not prepared to undertake any new ghât work, and the Mysore authorities considered the opening out of that part of Mysore so important that they undertook the construction of the ghât road as far as Hosangadi on the plains. The question of maintenance has been raised this year for the first time, and the Local Fund Board see no reason why the upkeep of the portion within the circle should not fall upon them. It is reported to have been gravelled and kept in excellent order by the Mysore Government at a cost of Rs. 150 per mile, and the Local Board have resolved that the same maintenance grant should now be allowed.

15. The excess allotment for road No. 17 is due to a reclassification of roads mentioned in the accompanying Proceedings of the Local Fund Board, under which the grant for the new road No. 17 (a portion of the former No. 17 and No. 19) has been raised by Rs. 385, so that the whole road may have a uniform rate of Rs. 55, the rate allowed for the old road No. 17.

16. For the recently constructed portion of the Mulki-Mudabidri road, the Board have sanctioned an allotment for the current year, and it is proposed to continue the grant annually.

17. The provision made for the repair of inspection and toll-sheds also exceeds the current year's grant by Rs. 600, as the roofs of some of the inspection sheds are reported to need renewal during the next year.

18. The allotment made on account of the Local Fund Engineering establishment and contingencies is a repetition of the current year's budget provision.

19. The amount Rs. 3,470 entered as the share of the cost of general management is the portion of the total expenditure under Grant IV, which is debitable to the Road and General Funds in the ratio of their assets.

20. The charge of the scrutiny of the plans and estimates by the Department of Public Works has been roughly provided at Rs. 1,500, there being no means of arriving at an approximate figure. There is no separate allotment for the charge in the current year's budget. The amount levied from this circle for the last year was Rs. 3,378,

giving a very high incidence, which is probably due to the exceptional causes referred to in my letter, No. 1388, dated 20th September 1883.

21. The allotment made on account of tools and plant is two and-a-half per cent of the provision made for works including the reserve.

22. The amounts provided on account of reserve and closing balance require no explanation, having been calculated at the fixed rates of 10 and 5 per cent. of the receipts.

23. After providing for the ordinary and necesary charges, no funds are available for the two new works, namely, the Beltangadi and the Sithanadi bridges, which will require at least Rs. 30,000 for expenditure during the ensuing year, and there are works which will absorb the Rs. 9,830 set aside as reserve when the time comes for distributing it.

24. *General Fund.*—The expenditure proposed to be incurred on account of the General Fund amounting to Rs. 34,020 is as follows :—

| | Rs. |
|---|---|
| Grant I.—Public Works ... ... ... ... ... ... | 1,350 |
| Do. II.—Education ... ... ... ... ... ... | 16,400 |
| Do. III.—Sanitation and Medical Services ... ... ... | 15,130 |
| Do. IV.—Share of the cost of general management ... ... | 1,140 |
| Total ... | 34,020 |

25. *Grant I, Rs.* 1,350.—This amount is the same as the current year's provision, and is intended for the petty monsoon repairs to —

| | Rs. |
|---|---|
| (*a*) School-houses ... ... ... ... ... ... ... ... | 100 |
| (*b*) Dispensaries ... ... ... ... ... ... ... ... | 200 |
| (*c*) Chattrams, &c. ... ... ... ... ... ... ... | 250 |
| (*d*) Travellers' bungalows ... ... ... ... ... ... | 600 |
| (*e*) Maintenance of avenues ... ... ... ... ... ... | 200 |
| Total ... | 1,350 |

26. The allotment for repairs to buildings was hardly sufficient for the current year, while that for the maintenance of the avenues was quite inadequate ; but want of funds prevents increased provision being made in this as in many other cases.

27. *Grant II, Education.*—The share of the General Fund devotable to education amounts to Rs. 16,400 as shown below :—

| | | Rs. |
|---|---|---|
| One-sixth land-cess and interest ... ... ... ... ... | | 14,510 |
| Grants from Government ... ... ... ... ... ... | | 1,380 |
| Do. Municipal Fund ... ... ... ... ... ... | | 220 |
| School-fees ... ... ... ... ... ... ... ... | | 660 |
| Sale-proceeds of books ... ... ... ... ... ... ... | | 300 |
| | | 17,070 |
| Deduct— | | |
| Amount allotted for repairs to school buildings ... ... | 100 | |
| Proportionate share of cost of management, Grant IV ... | 570 | |
| | — | 670 |
| | | 16,400 |

and the whole of the above amount has been allotted for education.

28. The budget estimate of expenditure received from the Inspector of Schools, VIIth Division, amounted to Rs. 22,687, of which Rs. 16,400 was just the sum required for the maintenance of the existing schools and other educational establishments, and the rest was in connection with new proposals, such as the establishment of additional schools on the Combined and results systems, the employment of two more Inspecting Schoolmasters, the establishment of another Normal School for the Southern Range, the opening of sessional schools for the training of village schoolmasters, &c. As will be

observed from the Proceedings of the Local Board some of these proposals have been approved, but the provision of funds for carrying out the proposals was obviously impossible.

29. The allotments made in the budget under Grant II are as follows :—

| | Rs. |
|---|---|
| (*a*) Inspection ... ... ... ... ... ... ... ... | 1,020 |
| (*b*) Training Schools ... ... ... ... ... ... ... | 1,944 |
| (*c*) Local Fund School, Coondapoor ... ... ... ... ... | 1,250 |
| (*d*) Seventy-eight Combined Schools ... ... ... ... ... | 8,092 |
| (*e*) Results grants ... ... ... ... ... .. ... | 3,700 |
| (*f*) Books for sale ... ... ... ... ... ... ... | 394 |
| Total ... | 16,400 |

30. (*a*) *Inspection.*—The allotment of Rs. 1,020 is on account of the salary and travelling allowance, &c., of the two Inspecting Schoolmasters employed by the Local Fund Board, one for the Northern Range and the other for the Southern Range :—

| | Rs. |
|---|---|
| Salary Rs. 30 + 25 = 55 × 12 ... ... ... .. ... = | 660 |
| Travelling allowance Rs. 15 + 15 = 30 × 12 *minus* expected savings. = | 300 |
| Contingencies Rs. $2\frac{1}{2} + 2\frac{1}{2} = 5 \times 12$ ... ... ... ... = | 60 |
| Total ... | 1,020 |

The amount exceeds the allotment in the current year's budget by Rs. 30, as the Local Fund Board have, at the recommendation of the educational officers, resolved to increase the pay of one of the Inspecting Schoolmasters from Rs. 27-8-0 to Rs. 30 in consideration of long and efficient service.

31. *Training Schools.*—The provision made against this head is on account of the Mangalore Normal School and is particularized below :—

| | Rs. |
|---|---|
| Salaries of masters 50 + 22 = 72 × 12 ... ... ... ... = | 864 |
| Servant 5 × 12 ... ... ... ... ... ... ... = | 60 |
| Stipends to students ... ... ... ... ... ... ... = | 960 |
| Contingencies ... ... ... ... ... ... ... ... = | 60 |
| Total ... | 1,944 |

The allotment is the same as that sanctioned for the current year, except that the salary of the second master, which is provided in the current year's budget at the maximum pay of the post, namely, Rs. 25 per mensem, has been entered in this budget at Rs. 22 per mensem, as the present incumbent, who is drawing Rs. 21 this year, will be entitled to an increment of Rupee 1 next year. The net estimated expenditure on account of the school is Rs. 984.

32. (*c*) *Local Fund Schools—Coondapoor Middle School.*—This is the only middle school now maintained from the Local Funds. The current year's allotment has been repeated except as regards results grants to teachers, which have been provided at Rs. 350 instead of Rs. 250 in the current year, as the school is expected to earn a larger grant by opening an Upper IVth Class.

The amount Rs. 1,250 consists of —

| | Rs. |
|---|---|
| (1) Salaries of masters (30 + $17\frac{1}{2}$ + $12\frac{1}{2}$ + 10) 70 × 12 ... ... = | 840 |
| (2) Servant 3 × 12 .. ... ... ... ... ... ... = | 36 |
| (3) Contingent allowance 2 × 12 ... ... ... ... ... = | 24 |
| (4) Results grants ... ... ... ... ... ... ... = | 350 |
| Total ... | 1,250 |

The school is expected to be self-supporting during the ensuing year.

33. (*d*) *Combined Schools.*—The allotment of Rs. 8,092 is intended for the maintenance of seventy-eight existing Combined Schools; Rs. 4,800 have been provided on account of fixed stipends to teachers, and Rs. 3,040 on account of results grants. With regard to fixed salary grants, the Local Board have resolved to adhere to the rule introduced from the beginning of the current year, namely, that no stipends should be given to unpassed men; and as to the results grants they have, at the instance of the educational officers, decided that except in exceptionally unhealthy and backward localities, results payments should be restricted to 50 per cent. instead of allowing the maximum grants as hitherto. The allotments now made in the budget on account of the two kinds of aid have been estimated by the educational officers with reference to the above rules, and will be sufficient for the seventy-eight schools proposed to be maintained.

The provision Rs. 8,092 also includes the pay of three peons employed for the distribution of monthly salary grants to the several Combined Schools. The current year's budget provides Rs. 10,905 on account of the Combined Schools calculated on the maximum salary and results grant, which will result in a considerable saving, which will be required to supplement the small provision of results grants to private schools.

34. (*e*) *Results Grants.*—Rs. 3,700 are provided for results grants to purely private schools. The current year's allotment is Rs. 1,800, and the actual expenditure for 1882-83 was 3,274.

35. (*f*) *Purchase of Books, &c.*—The provision made on this account is also based on the estimate furnished by the educational officers.

36. *Grant III.*—The share of the General Fund receipts to which this grant is entitled is as follows:—

| | RS. | |
|---|---|---|
| Opening balance ... ... ... ... ... ... ... ... | | 1,450 |
| One-sixth of the land-cess and interest ... ... ... ... | | 14,510 |
| Travellers' bungalow fees ... ... ... ... ... ... | | 500 |
| Avenues ... ... ... ... ... ... ... ... | | 300 |
| Miscellaneous ... ... ... ... ... ... ... ... | | 100 |
| Surplus Pound Fund ... ... ... ... ... ... ... | | 90 |
| | | 16,950 |
| Deduct— | | |
| Amount allotted under Grant I ... ... ... ... | 1,250 | |
| Proportionate cost of general management ... ... ... | 570 | |
| | | 1,820 |
| Net Receipts ... | | 15,130 |

The above available income of Rs. 15,130 has been allotted as shown below:—

| | RS. |
|---|---|
| (*a*) Hospitals and Dispensaries ... ... ... ... ... | 5,440 |
| (*b*) Vaccination ... ... ... ... ... ... ... ... | 4,200 |
| (*c*) Sanitary establishment and cleansing of tanks, &c. ... ... | 1,970 |
| (*d*) Choultries (chattrams) ... ... ... ... ... ... | 320 |
| (*e*) Travellers' bungalows ... ... ... ... ... ... | 700 |
| (*f*) Contribution on account of the Medical College ... ... ... | 650 |
| (*g*) Do. do. Sanitary inspection ... ... | 650 |
| (*h*) Do. do. Mangalore Civil Dispensary ... | 600 |
| (*i*) District Medical Officer's establishment ... ... ... ... | 500 |
| (*j*) Lunatics ... ... ... ... ... ... ... ... | 100 |
| Total ... | 15,130 |

37. (*a*) *Hospitals and Dispensaries, Rs.* 5,440.—Four out of the six dispensaries are in charge of Civil Apothecaries, the remaining two being under the charge of the First and Third Class Hospital Assistants, respectively. Due provision has been made for the salaries, &c., of these medical subordinates. A Civil Apothecary would be desirable for the charge of one of the remaining dispensaries in place of the present Third-class Hospital Assistant, but unless a native of this district is available, it will not be worth while to replace the present incumbent who is now to some extent accustomed to the people and their languages.

The Local Board have been obliged to make reduced allotments for "diet of patients and medicines and surgical apparatus and supplies," which though falling short of those sanctioned for the current year by Rs. 120 and Rs. 900, respectively, are not very much below the actuals of the last year.

38. (*b*) *Vaccination, Rs.* 4,200.—The details of the provision for vaccination are given below:—

| | RS. |
|---|---|
| One First-class Deputy Inspector of Vaccination on Rs. 70 per mensem ... ... ... ... ... .. ... | 840 |
| Travelling allowance at As. 12 per diem *minus* expected savings .. | 200 |
| One Peon at Rs. 8 per mensem ... .. ... ... ... | 96 |
| Travelling allowance at Anna 1 per diem ... ... ... .. | 20 |
| One Second-class Deputy Inspector of Vaccination on Rs. 40 per mensem ... ... ... ... ... .. ... | 480 |
| Travelling allowance at As. 12 per diem *minus* expected savings ... | 200 |
| One Peon at Rs. 7 per mensem ... ... ... ... ... | 84 |
| Travelling allowance at Anna 1 per diem ... ... ... ... | 20 |
| Five First-class Vaccinators at Rs. 18 each per mensem ... ... | 1,080 |
| Five Second-class do. at Rs. 10 each per mensem ... ... | 600 |
| Five Pupil Vaccinators at Rs. 7 each per mensem ... ... ... | 420 |
| Contingencies ... ... .. .. ... ... ... ... | 100 |
| Batta to mothers of children from whom lymph is extracted ... | 60 |
| Total ... | 4,200 |

The total provision shows a decrease of Rs. 560 as compared with that of the current year, as the present budget provides for only five second class and five pupil vaccinators instead of seven second class and eight pupil vaccinators. This reduction as well as that under Hospitals and Dispensaries has been found necessary, in order to avoid a deficit in the budget which would otherwise be inevitable. The reduced staff will afford one first class, one second class, and one pupil vaccinator for each taluk. But as only a small grant is required to maintain at least the current year's efficiency, the Board trust that they will not be compelled to give effect to the reductions proposed, which, for the purposes of the budget, have been found unavoidable.

39. (*c*) *Sanitary Establishment, &c., Rs.* 1,970.—The provision made in the budget on this account falls short of that of the current year by only Rs. 50, and is intended to meet the cost of the permanent conservancy establishment of nineteen scavengers,* and of the sanitary arrangements to be made at the annual fairs and festivals, and a small reserve to meet any miscellaneous charges in connection with the sanitary improvement and conservancy.

| | Number of Scavengers. |
|---|---|
| * Coondapoor | 2 |
| Udipi ... | 4 |
| Karkal ... | 2 |
| Mulki ... | 2 |
| Bantvál ... | 4 |
| Puttur | 1 |
| Kásaragód | 4 |
| Total ... | 19 |

40. *Chattrams, Rs.* 320.—The current year's allotment has been repeated, which provides for the salary of the eight sweepers attached to the chattrams and Rs. 30 for contingencies. A new chattram has been opened at Kásaragód, but no additional provision has been made on its account, it having been arranged that the sweeper attached to te dispensarhy should also look after the chattram which is close at hand.

41. *Travellers' Bungalows, Rs.* 700.—The provision made on account of the travellers' bungalows consists of Rs. 650 intended to meet the salary of the sweepers of the eighteen bungalows in the circle (including the newly opened bungalow at Uppinangadi) at Rs. 3 per mensem, and of Rs. 50 on account of contingencies.

42. *Contribution towards the Medical College* and Sanitary Inspection†.*—The amounts entered against these items have been calculated at the fixed rate of ·5 per cent. of the estimated receipts.

* Rs. 650. † Rs. 650.

43. *Contribution towards the Mangalore Civil Dispensary, Rs.* 600.—The usual provision has been made on this account.

44. *Diet of Lunatics.*—The provision of Rs. 100 made against this head which is the same as that of the current year, is necessary, as there are two lunatics in the Asylum at Calicut, who are maintained partly at the cost of this circle and partly of the Mangalore Municipality.

45. *District Medical Officer's Establishment, Rs.* 500.—The details of the provision made on account of this establishment entertained as authorized in the Government Order quoted in paragraph 5 are as follows :—

| | RS. |
|---|---|
| Clerk on Rs 20 × 12 ... .. ... .. ... ... ... | = 240 |
| Two peons (7 + 6) Rs. 13 × 12 .. ... ... ... ... | = 156 |
| Stationery, &c. ... ... ... ... ... ... ... ... | = 104 |
| Total ... | 500 |

46. *Grant IV.*—The proposed expenditure under Grant IV amounts to Rs. 4,610. The current year's provision has been repeated in the case of almost all the items appearing under the grant. The allotment for "(*b*) Controlling Establishment in the Collector's Office" exceeds that of the current year by Rs. 70, being the pensionary contribution sanctioned in Board's Proceedings, referred to in my letter, dated 24th September 1883, No. 1418, and the allotment for "(*c*) District Audit Establishment" shows a decrease of Rs. 60, as the auditor, who has not yet been confirmed, will not be entitled to the increment until after the close of the ensuing year.

47. After providing for the usual objects of expenditure under the General Fund, no amount is available for a reserve and a balance, notwithstanding the reduced allotments in some cases and the limiting of the expenditure to what is absolutely necessary in other cases. The General Fund is also therefore in need of special aid, which will be separately applied for as desired by the Local Board.

48. A list of sanctioned establishment in the form prescribed in Board's Proceedings, No. 2326, dated 10th August 1883, is enclosed.

49. The road map of the circle, received with Board's Proceedings, No. 8230, dated 28th September, is being revised and will be submitted at once.

50. Extracts from this letter and copies of the budget statements have been furnished to the Director of Public Instruction, the Surgeon-General with the Government of Madras, and the Sanitary Commissioner.

ABSTRACT.—Forwarding the road map of the Canara Circle.

---

READ—the following letter from A. J. STURMER, Esq., Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 30th October 1883, No. 5489 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1884-85 Local Fund Budget Estimate of the Canara Circle for the maintenance of the six dispensaries is sufficient and calls for no remarks except in the items of "Medical Subordinate" and "Medicines and Apparatus."

2. A sum of Rs. 450 is provided for the three-fourths of the pay of the Civil Apothecary attached to the Bantvál Dispensary. It should be increased to Rs. 620, as the subordinate will be entitled to charge allowance of Rs. 25 per mensem from July next.

3. The Surgeon-General is of opinion that the provision made for "medicines and apparatus" is inadequate and should be raised.

4. The dispensary at Uppinangadi having been transferred to Puthur under O.G., No. 1225, dated 19th June 1883, necessary correction should be made in statement IV-A.

| | RS. |
|---|---|
| College ... ... | 650 |
| Inspection ... ... | 650 |

5. The marginally-noted figures are entered as contribution towards the expenses of the Medical College and sanitary inspection.

6. With reference to paragraph 37,* a Civil Apothecary, a native of the district, is not at present available, but should one pass out of the Medical College next year, he will be placed at the disposal of the President.

* President's covering letter to the budget estimate.

7. In paragraph 42 the percentage of the estimated receipts is stated to be 5 per cent.; it should be altered to 0·5 per cent.

---

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Pálghat, 6th November 1883, No. 1423 :—

I have the honor to report, for the information of the Board of Revenue, that the sanitary allotment of the Canara Circle for 1884-85 is less than that for the current year by Rs. 50, being Rs. 1,970 against Rs. 2,020. It bears a proportion of 6·8 per cent. to available income, and must be pronounced inadequate. It is proposed to distribute the allotment thus :—

| | RS. |
|---|---|
| Improvement of water-supply .. .. .. .. .. .. | 50 |
| Conservancy .. .. .. .. .. .. .. .. | 1,140 |
| Fairs and festivals .. .. .. .. .. .. .. | 570 |
| General sanitary improvements .. .. .. .. .. | 210 |
| Total .. | 1,970 |

2. The vaccination grant amounts to Rs. 4,200 against Rs. 4,760 for the current year. The decrease is owing to a contemplated reduction in the number of vaccinators, but hopes are entertained that it may not be necessary to carry it out.

---

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 7th December 1883, No. 8275 :—

I have the honor to submit the following remarks on the provision made for education in the budget estimate of the Canara Circle for 1884-85.

2. *Receipts.*—The educational assets of the circle are estimated at Rs. 17,070, exclusive of a moiety of the General Fund opening balance.

| | RS. |
|---|---|
| One-sixth land-cess and interest thereon .. .. .. .. | 14,510 |
| Provincial grant .. .. .. .. .. .. .. .. | 1,380 |
| Municipal do. .. .. .. .. .. .. .. .. | 220 |
| School fees .. .. .. .. .. .. .. .. | 660 |
| Sale-proceeds of books .. .. .. .. .. .. .. | 300 |
| Total .. | 17,070 |

The entry against the "Provincial Grant" represents the salary and scholarship grants to the Normal School, Mangalore, as well as results grants to the Local Fund school, Coondapoor, for the higher standards, and the item may be accepted. The contribution from Municipal funds represents the grant for the fourth standard claimable by the Practising department of the Mangalore Normal School, which the Municipality is required to pay under G.O., Financial, No. 1857, dated 5th December 1882. The estimated increase in the fee collections seems to be based on the actuals of 1882-83.

3. *Charges.*—The total charges are estimated at Rs. 16,400 against Rs. 15,520, the sanctioned estimate for the current year:—

| | Estimate, 1883-84. | Estimate, 1884-85. |
|---|---|---|
| | RS. | RS. |
| Inspection .. .. .. .. .. .. | 990 | 1,020 |

| Local Fund schools .. .. .. .. .. | 10,490 | 9,340 |
| Results Grants.. .. .. .. .. .. | 1,800 | 3,700 |
| Miscellaneous .. .. .. .. .. .. | 260 | 390 |
| Total .. | 15,520 | 16,400 |

4. *Inspection.*—The increase of Rs. 30 under this item is due to the resolution of the Board to increase the pay of one of the Inspecting Schoolmasters from Rs. 27-8-0 to Rs. 30. As the increase was recommended by the educational officers of the circle it has my approval.

5. *Training Schools.*—The provision made under this head appears to be sufficient. No provision is, however, made for imparting instruction in gymnastics. An instructor has been employed in connection with the Government College, Mangalore, and I would suggest that his services be secured for an hour every day, as it is very desirable to create a taste for physical exercises among normal pupils. The decrease in the allotment for salaries of masters is satisfactorily accounted for.

6. *Local Fund Schools.*—Under this head provision is made for the Local Fund Middle School, Coondapoor, as well as for the 78 Primary schools on the Combined System. The decrease of over Rs. 1,000 in the allotment is due to the provision for fixed stipends having been reduced in consequence of the resolution of the Board to adhere to the rule introduced in the beginning of the current year that no stipends be given to unpassed men. As regards results grants the Board have decided at the instance of the educational officers to give only 50 per cent. of the grants earned except in exceptionally unhealthy and backward districts. The Combined schools of this district have hitherto been conducted on too expensive a scale. I am not aware if any of the schools provided for in statement III are intended for the benefit of *Bants* and *Billuvas* as suggested in paragraph 6 of my letter, No. 750, dated 8th February 1883.

7. *Results Grants.*—The increased provision of Rs. 3,700 for results grants is based on the actuals for 1882-83 and may be accepted. I believe that part of this sum is intended to meet the grant on account of night schools, a few of which have been lately opened.

8. *Miscellaneous.*—The allotment made on account of this item is sufficient.

RESOLUTION—dated 1st March 1884, No. 692.

The Local Fund budget estimate of the Canara Circle for 1884-85 is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Statement I-A—Receipts.*—The opening balance adopted by the President differs slightly from that recently reported by the Accountant-General. The latter

figure will be adopted for the purposes of the regular estimate, and is distributed among the minor funds as follows:—

| | RS. |
|---|---|
| Road Fund ... ... ... ... ... ... ... | 23,747 |
| General Fund ... ... ... ... ... ... | 5,338 |
| Total ... | 29,085 |

The actual balance is nearly double that estimate in the budget, and the increase is due to the expenditure on certain bridges and culverts having fallen short of the sanctioned allotments in 1882-83, as stated in paragraph 5 of Board's Proceedings, dated 7th September 1883, No. 2660. Under Provincial grant for roads credit is taken for a sum of Rs. 25,000 sanctioned in G.O., dated 13th August 1883, Mis. No. 1736. The probable contribution from the Canal and Ferry Fund is put down as Rs. 15,860 against 18,900 in the budget. The former figure has been adopted from the regular estimate of the Canal and Ferry Fund, and the decrease is ascribed to the budget estimate being based on the abnormal receipts of 1882-83. Both in the regular estimate and in the ensuing year's budget the Pound Fund contribution is credited to the General Fund instead of as heretofore to the Road Fund, and Board's Proceedings, dated 22nd August 1883, No. 2466, are quoted as authority for the transfer, but those Proceedings were applicable only to the Trichinopoly District. As, however, the General Fund is in greater need of being supplemented than the Road Fund, the Circle Board's action is approved and recommended for the sanction of Government. Land-cess is estimated at Rs. 85,500, that is, Rs. 1,200 less than the budget figure. The decrease is due to the arrear demand being less than was anticipated. The present estimate is 83 per cent. of the demand and may be accepted. Tolls are expected to yield Rs. 25,000 against Rs. 26,400 in the budget. Interest on arrears of revenue should appear under "7 Miscellaneous," and not under "Rates and Taxes." Rs. 200 are expected from the Mangalore Municipality as result grant for the Practising branch of the Elementary Normal School at that place. The other items do not differ materially from the budget. The total assets are:—

| | RS. |
|---|---|
| Road Fund ... ... .. ... ... ... ... ... | 1,46,847 |
| General Fund ... ... ... ... ... ... ... ... | 40,590 |
| Total ... | 1,87,437 |

3. *Statement I-B—Expenditure.*—Rs. 53,331 are assigned for "New Works, Communications," against Rs. 16,270 sanctioned in the budget. The large increase is due to the subsequent allotments sanctioned chiefly for works left incomplete at the close of 1882-83, and for new works undertaken with the aid of the special Government grant of Rs. 25,000. The most important of these is the construction of an iron girder bridge across the Sitanadi river on road No. 5, Mangalore, to the Mysore frontier, for which an estimate amounting to Rs. 41,000 was sanctioned in G.O., dated 20th August 1883, No. 2340 W. The grant for New Works, Civil Buildings, will be reduced to Rs. 3,000, as the construction of a choultry at Bajpi, for which Rs. 1,100 were applied, was disallowed for want of funds in Board's Proceedings, dated 15th October 1883, Mis. No. 8580. Previous application should have been made for the allotment of Rs. 550 provided for the District Medical and Sanitary officer's establishment. It is now sanctioned from the General Fund balance.

4. The following is an abstract of the regular estimate of charges as amended by the Board of Revenue.

These balances will be taken over to the budget of 1884-85.

BUDGET ESTIMATE FOR 1884-85.

5. *Receipts.*—Under allotment from General Revenue, credit will be taken for Rs. 3,000 sanctioned for general purposes in G.O., dated 28th December 1883, No. 2949, Financial Department. Land-cess is expected to yield Rs. 87,000 against Rs. 86,700 entered in the current year's budget. The estimated collections are 83 per cent. of the total demand. The income from tolls, Rs. 24,500, falls short of the current year's estimate, and is said to be based on the last three years' actuals. Interest on arrears of revenue should, as already stated, appear under "7 Miscellaneous." The other items of receipt do not call for notice.

The assets are —

| | RS. |
|---|---|
| Road Fund .. ... ... ... ... ... ... | 1,03,370 |
| General Fund ... ... ... ... ... ... | 38,120 |
| Total ... | 1,41,490 |

6. *Expenditure—"Grant I, Public Works."*—For want of funds no new works are entered in the budget. Rs. 63,130 are set apart for repairs, communications. The increase of Rs. 1,620 over the current year's budget grant is clearly explained in paragraphs 13 to 17 of the President's letter. Rs. 1,150 are provided for the repair of buildings and Rs. 200 for the maintenance of avenues. The current year's provision for the Local Fund Engineering establishment and contingent charges is repeated. The charges on this account are 29 per cent. of the proposed outlay on works, but if the Provincial grant of Rs. 25,000, referred to in G.O., dated 28th December 1883, Mis. No. 2949, is sanctioned, and if, as is probable, the whole of that amount and the Road Fund reserve are utilized within the year, the percentage will be reduced to 19. It is stated that $2\frac{1}{2}$ per cent. of the provision for works and of the Road Fund reserve is set aside for tools and plant. As Government have directed that the assignment should be only $1\frac{1}{2}$ per cent. of the outlay on works, it will be reduced to Rs. 950. As in the current year the charges on account of the Local Fund Engineering establishment, contingencies, tools and plant, and the scrutiny of Local Fund plans and

estimates are wholly debited to the Road Fund. The share of the cost of general management chargeable to the Road Fund should be Rs. 3,800. The total Road Fund expenditure amounts to Rs. 97,810, leaving a balance of Rs. 5,560.

7. *Grant II, "Education."*—Rs. 16,400 are provided under Grant II against Rs. 15,520 in the current year. The provision for inspection shows an increase of Rs. 30 owing to the proposal to raise the pay of one of the Inspecting Schoolmasters from Rs. $27\frac{1}{2}$ to Rs. 30 a month. The proposal is approved and recommended for sanction. The Circle Board's attention is invited to paragraph 5 of the Director's letter on the desirability of imparting instruction in gymnastics to the Normal pupils. The provision for Local Fund Combined System schools shows a decrease of about Rs. 1,000, owing to the Local Board having resolved not to give stipends to unpassed men, and to restrict the result grants to 50 per cent. of the maximum rate except for schools in unhealthy and backward localities. When the fixed monthly stipends are withdrawn, the schools so affected should be classified as pure Result Grant schools, and will, it is presumed, be entitled to full grants. The President is requested to report on the point noticed in the latter part of paragraph 6 of the Director's letter. The provision for pure Result Grant schools has been raised from Rs. 1,800 to Rs. 3,700 with reference to the actuals of last year.

8. *Grant III, "Medical and Sanitary."*—Rs. 5,440 are assigned for hospitals and dispensaries. The amount will be raised by Rs. 170 as suggested in paragraph 2 of the Surgeon-General's letter. The President's attention is invited to the opinion expressed by the Surgeon-General that the provision for medicines and surgical apparatus is inadequate. As suggested by him, Puthur will be substituted for Uppinangadi in Statement IV-A. Rs. 4,200 are allotted for vaccination and Rs. 1,970 for sanitation against Rs. 4,760 and Rs. 2,020, respectively, in 1882-83. The Sanitary Commissioner considers the provision inadequate. As Government have sanctioned Rs. 3,000 for general purposes, the Local Fund Board will doubtless apply for additional allotments. The other items of expenditure under this grant do not call for remarks.

9. *Grant IV, Miscellaneous.*—The amount of contribution for the controlling establishments at the Presidency will be raised to Rs. 1,610, the actuals of last year. The other items under this grant vary but little from the current year's estimate. The general reserve at 10 per cent. of the receipts is Rs. 3,560, and there is a small balance of Rs. 110.

2. *Revised Estimate for* 1883-84.—The transfer of the Pound Fund contribution from the Road fund to the General fund is sanctioned under the circumstances stated by the Board of Revenue. Compared with the budget estimate, the revised estimate shows a considerable increase in the expenditure on new roads owing chiefly to allotments made out of the Provincial grant of Rs. 25,000. Credit is now taken in the revised estimate for Rs. 5,000 sanctioned by G.O., 31st March 1884, No. 879 W.

3. *Budget Estimate for* 1884-85.—The President applies for the repetition of the Provincial grant of Rs. 25,000 made during the last two years, on the ground that the money is emergently required for the Beltangadi and Sitanadi bridges now in progress, the Road Fund reserve of Rs. 9,820 being required for minor bridges and culverts for which there are estimates amounting to Rs. 37,805. As the Government will probably be in a position to give the required assistance, credit will be taken for the amount in anticipation of an allotment.

4. The educational provision is generally approved by the Director of Public Instruction. It is noted that for Local Fund combined system schools, the local board have resolved to restrict the stipends to passed teachers and the results grants to 50 per cent. of the maximum rate except as regards schools in special localities. The increase to the pay of one of the inspecting schoolmasters from Rs. 27½ to Rs. 30 a-month is sanctioned. The inadequate provision for medicines and apparatus and for vaccination and sanitation can, as pointed out by the Board of Revenue, be supplemented from the special Provincial grant of Rs. 3,000.
