GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Lieutenant-Colonel T. K. GUTHRIE, Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 2nd May 1884, No. 2291.

I have the honor to request sanction of Government for the conversion of the building formerly used as a police hospital at Ramnad, Madura district, into a bungalow for the Assistant Superintendent of Police. The cost of the requisite alterations and additions is roughly estimated by the Executive Engineer at Rs. 4,050.

No. 1016, Judicial.

Forwarded to the District Magistrate of Madura for remarks.

(Signed) M. HAMMICK,
Acting Assistant Secretary.

9th May 1884.

From C. S. CROLE, Esq., District Magistrate of Madura, to the Chief Secretary to Government, dated Melur, 7th June 1884, No. 33.

With reference to G.O., E. No. 1016, dated 9th May 1884, Judicial Department, I have the honor to state that there is no objection to the building therein referred to being converted into a bungalow for the Assistant Superintendent of Police. Copy of the Acting Head Assistant Collector's report, No. 492, dated 25th May 1884, containing certain suggestions in regard to the improvement of the building, is enclosed for information.

ENCLOSURE.

From F. H. HAMNETT, Esq., Acting Head Assistant Collector, to the Collector of Madura, dated Chithanendul, 25th May 1884, No. 492.

In reply to your endorsement on endorsement, No. 1016, dated 9th May 1884, of the Chief Secretary to Government, I have the honor to forward an English report with a sketch from the deputy tahsildar of Ramnad, and to report that I have inspected the old police hospital and know of no objection to its being converted into a bungalow as proposed by the Inspector-General of Police.

2. I am not aware of the nature of the alterations and additions estimated for by the Executive Engineer, but I would suggest that the pillars of the verandah all round be raised to the height of the present walls and a verandah be constructed upstairs on the top of the present verandah. Two small rooms and a bath-room are needed upstairs.

3. I have also to observe that the basement of the present building is very low, compared with the surrounding compound, and I understand that the house is surrounded by a sheet of water during the rains. Arrangements should be made for the proper drainage of the compound, and for the construction of a brick drain all round the bungalow to carry off the water.
