GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 6th February 1884, No. 61-E.W.

With reference to paragraph 2 of G.O., No. 2333 W., of 20th August last, I have the honor to forward, for sanction, plans and estimates, amounting to Rs. 1,03,370, for alterations and additions to the buildings lately purchased from Messrs. Stanes and Company, to fit them for use as court-houses for the District and Sub Judges and the district munsif of Calicut.

1 Site plan
8 Plans } by banghy.
1 Detail estimate.
1 Abstract estimate in duplicate.
1 Specification.
1 Report.

2. In paragraph 2 of my letter, No. 285, of 14th July 1883, printed in the above Government order, it was stated that the Executive Engineer had approximately estimated the cost of improving the existing buildings at Rs. 41,300 ; but the estimate of additions and improvements, as now worked out, amounts to Rs. 58,370, and includes certain additional buildings not thought of when the rough estimate was prepared. These are waiting-room for witnesses, tiffin-room for pleaders and clerks, coach-house, stable, and latrine.

3. The estimate, as it now stands, is made up as follows :—

		RS.
(1.)	Altering the dwelling-house for District and Sub Judges' courts and their offices	6,092
(2.)	Altering the office for district munsif's court and his office ...	4,201
(3.)	Dismantling the pulping house and two open sheds and constructing in their places—	
	i. Record-rooms	20,672
	ii. Accommodation for sheriff's and batta establishment ...	13,540
(4.)	Dismantling the stables, cook-houses, &c., and constructing—	
	i. New tiffin and waiting rooms for vakils and clerks ...	7,950
	ii. Waiting room for witnesses	1,765
	iii. Stables and latrine	2,850
	iv. Coach-house	1,300
		58,370
(5.)	Purchase of site and buildings	45,000
	Total ...	1,03,370

4. Full particulars regarding the proposed alterations and additions are given in the accompanying report and specification. The positions of the new buildings now proposed are those selected by the District Judge. The plans have been approved by him.

No. 362 C., Public Works.

Forwarded for the consideration of Government in the Judicial Department.

CHEPÂK, 15th February 1884.

(Signed) J. SHAW-STEWART, Colonel, R.E., Secretary to Govt., P.W.D.

G.O., dated 11th March 1884, Mis. No. 646, Judicial.

Read—the following letter from the Registrar, High Court, Appellate Side, to the Chief Secretary to Government, dated 1st March 1884, No. 723.

I am directed to acknowledge the receipt of the endorsement of Government, Judicial Department, dated 22nd February 1884, No. 380, referring, for the remarks of the Honorable the Judges of this Court, plans and estimates for making certain alterations and additions to the buildings lately purchased from Messrs. Stanes and Company to fit them for use as court-houses for the District and Subordinate Judges and the district munsif of Calicut, and to state, in reply, that the Court approves generally of the local officer's recommendations.

2. Some of the accommodation, however, appears to be allotted on a very extravagant scale. The space appropriated to vakils is 50 × 40 feet besides verandahs, and the tiffin-rooms are of the same size upstairs and also have a verandah. The nazaret and copyists' room, marked 4 in the general plan, measures as much as 138 × 30 feet.

3. Both the nazir's office and the record-room should be made more compact instead of being two long sheds, as proposed, and the former should be located nearer the judge's court-house. It seems that there happens to be a store-room of the same dimensions as the proposed nazaret and copyists' room, but as these dimensions afford much more space than can possibly be required and as the store-room is to be entirely dismantled, no advantage can result from providing these departments with accommodation on the same site. As the space provided for the custody of records seems also to be somewhat extravagant, the court is of opinion that the portion of that building nearest to the court-house might be allotted to copyists, and that a part of the building marked 7 would do very well for the nazaret. The copyists might also be accommodated here, if space cannot be spared from the record-room marked 3.

4. The construction of the latrine adjoining the back of the stable wall is objectionable. It should be an entirely separate building and be placed nearer the witnesses' waiting-shed.

Order—dated 11th March 1884, Mis. No. 646, Judicial.

The remarks of the Judges of the High Court will be forwarded to the Public Works Department for attention.

(True Extract.)

(Signed) E. F. WEBSTER,
Chief Secretary.

No. 655 C., Public Works.

Forwarded to the Superintending Engineer, IV Circle, for consideration and re-adjustment of the plans and estimates, if feasible, in the light of the remarks of the Judges of the High Court.

CHEPÂK,
17th March 1884. (Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Naduvatam, 22nd May 1884, No. 236 E.W.:—

With reference to your endorsement, No. 655 C., of 17th March 1884, I have the honor to resubmit the estimate for law courts at Calicut, which has been revised by the Executive Engineer, Coimbatore, in communication with the District Judge of Malabar, to meet as far as possible the wishes of the High Court.

2. The alterations made are fully explained in the letter of the Executive Engineer, and they have resulted in reducing the total amount of the estimate by Rs. 8,130. The first estimate prepared by the Executive Engineer amounted to Rs. 1,03,370; the present revised estimate comes to Rs. 95,240. This should, however, I may observe, be called the second revised estimate, as the original estimate for these law courts was prepared by the Consulting Architect and amounted to Rs. 1,11,141. The general result of the purchase of Messrs. Stanes' property and the alterations now proposed is to reduce the probable cost of the work by Rs. 15,901.

ENCLOSURE.

From J. P. DAVIDSON, Esq, Executive Engineer, Coimbatore Division, to the Superintending Engineer, IV Circle, dated Coimbatore, 26th April 1884, No. 982.

I have the honor to return the plans and estimates for constructing law courts at Calicut, received with your No. 176 C.I., dated 24th March 1884.

2. I referred the remarks made by the High Court to the District Judge, Malabar, and the plans and estimates for record-rooms, &c., now submitted have been prepared in accordance with his suggestions.

3. The following alterations have been made:—

(1.) The vakils' and tiffin room has been altered from a two-storied into a one-storied building, the accommodation being reduced by one-half. This is in accordance with the suggestion made in paragraph 2 of letter, No. 723, dated 1st March 1884, from the High Court.

(2.) The long record-room provided in the plans first submitted, and which it was proposed to construct near the District Court, or the site now occupied by an open store-shed, has been lengthened 12 feet, and accommodation is now provided in it for the following:—

i. District Judge's records	60′ × 30′
ii. Sub-Judge's records	15′ × 30′
iii. Sheriff's and batta establishment	30′ × 30′
iv. 40 Clerks	60′ × 30′

(3.) The long room proposed to be constructed near the district munsif's court has been shortened by 78 feet, and divided into two rooms, viz.—

i. District munsif's, record and property room	30′ × 30′
ii. 10 Clerks	30′ × 30′

These alterations meet, in a general way, the wishes of the High Court by reducing the accommodation, and are also directly in accordance with the requirements of the District Judge as stated in a demi-official letter addressed to me on the 8th instant.

(4.) The latrine and stables have been separated and will form two distinct buildings. This meets the views expressed in paragraph 4 of the letter of the High Court.

4. The result of these alterations is a saving of Rs. 8,130, the amount of the estimate as now submitted being Rs. 95,240, as against Rs. 1,03,370, the amount of the one forwarded on the 17th January 1884.

5. From the demi-official letter of the District Judge I gather that both the High Court and District Judge consider it advisable to avoid, as far as possible, the demolition of existing buildings. With reference to this I would mention that the open store-sheds proposed to be dismantled, and on the site of which the two buildings to accommodate, respectively, District and Sub Judges' records and district munsif's records are to be constructed, could not satisfactorily be altered; and as they consist merely of laterite pillars carrying very light trusses and a zinc roofing, the actual demolition intended is not of an extensive character.

6. Sanction was accorded last year to the collection of materials to the value of Rs. 5,000. I presume that work is to be proceeded with in current year, and have issued orders to this effect to the sub-division officer, Calicut.

7. The request contained in paragraph 2 of your No. 176 C.I., dated 24th March 1884, has been complied with.

No. 227 E., Public Works.

Forwarded for the approval of Government in the Judicial Department, with advertence to proceedings in that Department, Mis. No. 646, dated 11th March 1884.

Ag. Assistant Secretary.

OOTACAMUND,
13th June 1884.

ORDER—dated 20th June 1884, No. 1553 W., Public Works.

The revised estimate, amounting to Rs. 95,240, for the Calicut law courts, is sanctioned. The estimate includes a sum of Rs. 45,000 for purchase of the land and of the existing buildings.

2. The Superintending Engineer has not applied for funds for the execution of the work provided for in the estimate. He will now report the allotment required during the current official year.

3. This sanction has been registered as Provincial No. 66 W. of 1884-85, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

1. In W.S endorsement No. 655 C. of the 17th March/84, the attention of S.E. IV. was directed to certain remarks of the Judges of the High Court passed on the plans and estimate submitted by S.E. IV. for converting the property purchased from Stanes & Co. at Calicut in the Malabar District, into New Law Courts. S.E. IV. has resubmits plans and estimate modified in the light of those remarks. The estimates amount is, now, Rs. 95,240- or Rs. 8,130 less than the amount of the estimate last submitted, Rs. 1,03,370.

2. The alterations requested

by the High court, relative to the plans and estimate last submitted, are as follows:— A reduction of the accommodation allowed in the Vakils' and Tiffin rooms; also a reduction in the size of the District Munsiffs Nazaret and bofejists' Room; a better and more compact arrangement of the Nazir's office and Record room; and a better location of the latrine as a separate building. These changes have been well and fairly carried out though not exactly on the lines, or suggestions, thrown out by the High court. — The building containing the Vakils' and Tiffin rooms has been reduced from a double storied to a single storied structure, on the original base line.

1553

The District Munsiffs Nazaret and bofejists' room has been reduced from 138 ft. x 30 ft., inside measurement, to two rooms, each 30 ft. x 30 ft., inside measurement. The Nazir's office and Record room are to be accommodated in one long building instead of in two long sheds as formerly proposed. As may be seen in the site plan, the latrine will be well removed from the other buildings. The alterations as now proposed by E.E. are approved by the District Judge.

3. Subject to approval, the relative positions of trusses with doors and windows as shown on the plans of the Nazaret and bofejists' Rooms and the Nazir's office may well be improved.

Note of available funds.

Funds have not been applied for by the SE for 1884-85 either in his Budget Estimates or in the statement of demands. It is now difficult to say whether funds required for the work can be met from the Revenue until Government accounts are not yet settled. If the present Estimate can be sanctioned in time so as to admit of any outlay being incurred before the close of the year, the question of funds can be settled on receipt of information from the SE as to the probable amount that can be spent.

Submitting plans
and estimates for altering
the property lately belong
:ing to Stanes and Co.
into ——.

Judicial Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the P.W. Dept. dated 15th Feb: 84, No. 362 C.
From the Registrar, High Court, Appellate Side,
dated 1st March 1884, No. 723.

I am directed to acknowledge the
receipt of the Endorsement of Govt.,
Judicial Dept., dated 22d February 1884,
No. 380, referring for the remarks of
the Honorable the Judges of this Court
Plans and Estimates for making certain
alterations and additions to the buildings
lately purchased from Messrs Stanes and
Company to fit them for use as Court
houses for the District and Subordinate
Judges and the District Munsif of
Calicut and to state in reply that the
Court approves generally of the local
officers' recommendations.

2. Some of the accommodation however
appears to be allotted on a very
extravagant scale. The space
appropriated

appropriated to Vakils is 50 x 40 feet besides Varandahs and the tiffin rooms are of the same size upstairs and also have a varandah. The Nazaret and Copyists' room marked 4 in the general plan measures as much as 138 x 30 feet.

3. Both the Nazir's office and the Record Room should be made more compact instead of being 2 long sheds as proposed and the former should be located nearer the Judge's Courthouse. It seems that there happens to be a Store room of the same dimensions as the proposed Nazaret and Copyists' room, but as these dimensions afford much more space than can possibly be required and as the Store room is to be entirely dismantled, no advantage can result from providing these departments with accommodation on the same site. As the space provided for the Custody of records

Seems

seems also to be somewhat extravagant, the Court is of opinion that the portion of that building nearest to the Courthouse might be allotted to Copyists and that a part of the building marked 7 would do very well for the Nazaret. The Copyists might also be accommodated here if space cannot be spared from the Record room marked 3.

4. The Construction of the latrine adjoining the back of the Stable wall is objectionable. It should be an entirely separate building and be placed nearer the witnesses' waiting shed.

Order dy 11th March 1886 In the Mr. & Mrs.

The remarks of the Judges of the High Court will be forwarded to the P.W. Dept. for attention.

Enclosures in two Covers.

With reference to your Endorsement No 655C of 17th March 1884, I have the honor to resubmit the Estimate for Law Courts at Calicut which has been revised by the Executive Engineer Coimbatore, in communication with the District Judge of Malabar, to meet as far as possible the wishes of the High Court.

2. The alterations made are fully explained in the letter of the Executive Engineer and they have resulted in reducing the total amount of the Estimate by Rs 8130.

The

The first Estimate prepared by the Executive Engineer amounted to Rs. 1,03,370; the present revised Estimate comes to Rs. 90,240. This should however, I may observe be called the second revised Estimate, as the original Estimate for these Law Courts was prepared by the Consulting Architect and amounted to Rs. 1,11,141. The general result of the purchase of Messrs. Stanes' property and the alterations now proposed is to reduce the probable cost of the work by Rs. 15,901.

14

I have the honor to return the Plans and Estimates for constructing Law Courts at Calicut received with your No. 176/C.J dated 24th March 1884.

2 I referred the remarks made by the High Court to the District Judge Malabar and the plans and estimates for record rooms &c now submitted have been prepared in accordance with his suggestions.

3 The following alterations have been made.

(1) The Vakeels and Tiffin room

It has

has been altered from a two storied into a one storied building, the accommodation being reduced by one half; this is in accordance with the suggestion made in para 2 of letter No 723 dated 1st March 84 from the High Court.

(2) The long record room provided in the plans first submitted, and which it was proposed to construct near the District Court, or the site now occupied by an open store shed, has been lengthened 12 ft; and accommodation is now provided in it for the following.

(1) District Judge's Records 60' × 30'
(2) Sub judges Records 15' × 30'
(3) Sheriff Batta Establishment 30' × 30'
(4) Forty Clerks 60' × 30'

(3) The long room proposed to be constructed near District Munsiff's Court has been shortened by 78 ft, and divided into two rooms. viz

District Munsiff Record and Property room 30' × 30'
10 Clerks 30' × 30'

8/9

These alterations meet in a general way the wishes of the High Court by reducing the accommodation, and are also directly in accordance with the requirements of the District Judge as stated in a demi official letter addressed to me on the 8th Instant. 1553

(4) The latrine and stables have been separated and will form two distinct buildings; this meets the views expressed in para 4 of the letter of the High Court.

4 The result of these alterations is a saving of Rs 8130- the amount of the estimate as now submitted being Rs 95240, as against Rs 103370 the amount of the one forwarded on the 17 January 84.

5 From the demi official letter of the District Judge I gather that both the High Court and District Judge consides it advisable to avoid as far as possible the demolition of existing buildings; with reference to

this

this I would mention that the open store sheds proposed to be dismantled, and on the site of which the two buildings to accommodate respectively "District and sub Judges Records" and District Munsiffs records are to be constructed, could not satisfactorily be altered, and as they consist merely of laterite pillars carrying very light trusses and a zinc roofing, the actual demolition intended is not of an extensive character.

6. Sanction was accorded last year to the collection of materials to the value of Rs 5,000. I presume that work is to be proceeded with in the current year; and have issued orders to this effect to the sub Division officer Calicut.

The request contained in para 2 of your No 176/C.J dated 24th March/84 has been complied with.
