GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Major J. L. L. MORANT, R.E., Officiating Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepâk, 9th June 1884, No. 391:—

I have the honor to forward, herewith, for early approval and sanction, an estimate for building brick and mortar pillars under the girder beams, and inserting new joists under the terrace of the store-room of the Survey Department of the Revenue Board buildings, Chepâk. The nature of the work to be done is detailed in the specification attached to the estimate. The work being very emergent has been begun in anticipation of sanction. Two joists fell and broke theodolites belonging to the survey. Others threaten to fall and the whole roof is most dangerous, as described in the report attached to the estimate. The roof covers the old building said to be 50 years old.

Office Note from the Consulting Architect to Government, dated 11th June 1884, No. 401.

Order—dated 21st June 1884, No. 1566 W., Public Works.

The estimate, amounting to Rs. 1,778, for strengthening the roof of the store-room of the Survey Office at Chepâk, is sanctioned against the minor works grant to the Consulting Architect's division.

2. This sanction has been registered as Provincial No. 67 W. of 1884-85 and classified as Civil Buildings, Original Works.

To

The Chief Engineer, Public Works Department.

Sir,

Enclosures.
1 Estimate.

I have the honor to forward herewith for early approval and sanction an Estimate for Building brick and mortar Pillars under the Terrace of the Store Room of the Survey Department of the Revenue Board buildings Chepauk. The nature of the work to be done is detailed in the Specification attached to the Estimate. The work being very emergent has been begun in anticipation of sanction- Two Joists fell and broke Theodolites belonging to the Survey. Others threaten to fall and the whole roof is most dangerous, as described in the report attached to the Estimate. The roof covers the old building said to be 50 years old.

No. 1066 D

To C A.

Please state whether, all things considered, it will not be better to remove altogether the decayed & decaying wood-work, with the dangerous terracing above, & reconstruct the roof?

C.S.

No. 401.

Chepauk
11th June 1884.

To. D. W.

No. I certainly would not advocate this. It would cost much more and occupy a longer time in doing it. The upper concrete roof seems perfectly good and did not leak last year, I am told. Thanks for the suggestion.

Yours truly
C. A.
