No 607

Executive Engineer's Office
Coimbatore 19th April 1884

From

To

The Executive Engineer
Coimbatore DivisionThe Chief Engineer
D. P. W.

Through

Madras.

The Superintending Engineer
Fourth Circle

Sir

I have the honor to acknowledge receipt of Public Works Office No 752 W dated March 20th 1884 and to beg with all due deference to be permitted to offer the following reply to the arguments therein advanced to explain what I had regarded as my supersession.

2

It is said in para 3 of the

order that it is impossible at this distance of time to ascertain the reasons which actuated the then Government in assigning seniority ^{+? juniority} to the Coopers Hill Engineers of 1874 as compared with Lieutenants Hamilton and Baddeley; I beg to submit that this is not so and that it was supposed or assumed that some of the service at Chatham of these officers counted as service in the Public Works Department. There is no other possible explanation for their having been at once placed above all the 1874 Coopers Hill men. The assumption was, however, erroneous and might certainly have been known to be so in 1876 (vide paras 987-988 of the Army Regulations of that year and para 76 of the Madras Public Works Code) and it is possible that the same rule may have been in force

+ of 1874?
The 1874 rule
continued until
the 1876 rule
was introduced

force even earlier. The rectification might at any rate have been made in 1876 that is before the first promotions among the officers in question were made. The precedent of G.O. No 982 W. of October 12th, 1877 does not so far as I am aware apply; if my information regarding that order is correct, it dealt solely with the relative seniority of Lieutenants Hamilton and Baddeley.

3 In para 4 of the present order it is stated that "Seniority of itself confers no claim to promotion". But it is I submit equally recognised that "other things being equal seniority governs promotion" as indeed is sufficiently proved by the fact that seniority has governed nearly all, if not all permanent steps among the Coopers Hill Engineers and Lieutenants Hamilton

1870
as different
rule

53 and

and Baddeley during the last ten years. Its importance is thus obvious.

4 In para 5 of the order it is said that in no case can I have any grievance as I could not have been promoted in 1877 not having passed the required Departmental Tests. To this I would beg to be permitted to reply that the Departmental Tests now obtaining were by no means strictly enforced at that time; moreover, I had passed the Colloquial tests before the promotions of Lieutenants Hamilton and Baddeley were made. The only test that I ought to have, but had not, passed, to which the present allusion is possibly, must therefore be the Professional Examination, as there is no obligation to pass the Departmental Language test before promotion.

+ This statement is in a subsequent letter -

1573
motion to Assistant Engineer 1st Grade, but only before promotion to Executive Engineer Fourth Grade; none, however, of the officers promoted in 1877 and 1878 had passed the Professional Examination, as the necessity so to do had not then been discovered and was not so till 1879; I was therefore eligible for promotion equally with them.

5 Finally I would appeal against the argument contained in para 2 of the present Proceedings to the effect that Government cannot now reverse the order of seniority previously determined on; I would beg to lay stress on the extreme hardship of such a decision, if the existing order of seniority was based on an error, which I have endeavoured to show was undoubtedly the case. I would also in this connection beg to advance the very forcible

54 precedent

precedent in the precisely similar
case of Mr. Traill. That officer
came out to Madras as a 3^d Grade
Assistant Engineer in 1874 and
the Engineers who came out in 1875
were graded above him and
promoted before him; after some
years, however, he discovered an
order of the Government of India
to the effect that an officer who came
out in one year in the 3^d Grade
ought to be promoted to the 2nd Grade
(provided he be qualified) within
the year, so as to give him seniority
of the officers of the 2nd Grade of the
succeeding year; Mr. Traill made
a representation to this effect and
he was at once placed above all the
1875 men, and received as back
pay all the extra allowances he
would have drawn, had he always
held his proper position.

Personally, I do not aspire
to

to any back pay, but I do venture to
respectfully but earnestly press for
justice in the matter of the present
grading of the 1874 Coopers Hill
so far as relates to Captain Baddeley
and Lieutenant Hamilton.

I have the honor to be
Sir

Your most obedient servant

R. Davidson
Executive Engineer

J. P. Davidson Esq., Exec: Engr
Explains the circumstances
under which he considers to
have been superseded by
Lieutenants Baddley and
Hamilton —

No 797

Executive Engineer's Office
Coimbatore 24th May 1884

From,

J. P. Davidson Esq.
Executive Engineer
Coimbatore Dn.

To

The Superintending Engineer
4th Circle.

Sir,

With reference to your letter
No 287 C.I. of the 13th Instant,
I have the honor to reply as follows:
2. My statement that
"I had passed the colloquial test
before Lieut^{ts} Baddley and Hamil-
ton obtained their promotions"
is incorrect; I ought to have
said "moreover I had passed
the Departmental standard in
Hindustanee, before Lieutenants

Baddley and Hamilton
obtained their promotion;
this is correct in as much
as I passed the test on
the 1st October 1877, and the
Gazette containing the pro-
motions of Lieut^{ts} Baddley
and Hamilton did not issue
till ^{the} 26th December 1877 or 12
weeks after the date on which
I passed the test; the promo-
tions of Lieut^{ts} Baddley and
Hamilton were in this Gazette
antedated to 1st September 1877.

3. As at the time the
promotions were decided on
I was eligible for promotion,
I presume that I would not
have been superseded, and
I do not consider I was
superseded, Lt^{ts} Baddley

Page 852.

and Hamilton were promoted
in the order of their seniority,
and it is against the
grading of Lieut^{ts} Baddley
and Hamilton senior to me
in the 1st instance that
I wish to complain.
4. I would moreover
with reference to para 6 of
your letter point out that
even if Lieut^{ts} Baddley and
Hamilton had been graded
junior to the Coopers Hill men
of 1874, (which they were
not and this is the basis
of my complaint) I should
not have been promoted
in the Gazette of 26th December
1877 as Mr Vincent and
Garrett stood senior to me
in the list; in the Gazette
in question Lieut^{ts} Baddley

that though the rule regarding
language existed, it certainly
was not systematically enforced;
Lieut. Boddy and Mr Vincent
were both promoted without
having passed any test
in any language whatever
(Vide Gazettes of 26th December
1877 and 15th October 1878) -

7- I think still that I
have good grounds of
complaint and in this opinion,
from para 7 of your letter,
it would appear that you
agree, I request therefore
that my letter to the Chief
Engineer may be forwarded,
with any additional ex-
planation you consider necessary.

I have the honor to be
Sir,

Your most obedient
servant

H Davidson
Executive Engineer

Camp Coimbatore, 29th May 1884.

To

The Chief Engineer,
P. W. Department.

Encls. 57 &
of 29-5-84 Sir,

Enclosures 2
Letters Nos.
07 and 797
of 19th April
and 24th
May 1884

With reference to G. O. No. 752 W of 20th
March 1884, regarding Mr. Davidson's Com-
plaint of having been improperly superseded
by Captain Baddeley and Lieutenant
Hamilton, I have the honor to forward
for your information two further letters
from Mr. Davidson on the same subject
as he considers that his claims have not
been fully understood.

2. He points out,

(1) That the Re-establishment List of
1875 (corrected to 1st of January 1876) which was
arranged according to seniority and not
alphabetically, and the Gazette of 26th

60

November

November 1877, conclusively show that
Lieuts. Baddely and Hamilton were
improperly graded senior to the Coopers
Kild men of 1874;

* i.e. Contrary
to Army Regulations
of 1876 paras
987-8.

(2) That he passed the Departmental
Test in Hindustani on 1st October 1877, and
consequently was fully qualified for the
first vacancy which occurred on the 1st
March 1878;

* vide para
97 of the
P.W. Code

(3) That the promotions of Lieuts. Bad-
dely and Hamilton, though dated from
1st September 1877, were not made until
the 25th December 1877; 12 weeks after
he passed the Language Test;

* Gazette page
852.

(4) That though the Language Test
existed, it was not systematically enforced;
as is shown by the fact that Mr. Vin-
cent and Lieutenant Baddy were promo-
ted from 15th October and 25th December
1878 without having passed in any lan-
guage whatever;

(5) That none of the Officers promoted
in 1877 and 1878 had passed the Professional
Examinations and consequently in this
respect

respect he was equally eligible with them for
promotion.

153

3. In short by date of appointment
to the Department, he should have been
graded before Lieutenants Baddely and
Hamilton in the years 1875 to 1877; and se-
condly, that when the promotions of these
Officers were gazetted on 26th December 1877,
he was eligible for promotion, as regards
passing tests, equally with them.

I have the honor to be,

Sir,

Your most Obedt. servant.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the

Read the following

Letter from the S.E. IV Circle (H.E. No. 247
of May, 29, 1884)

His Excellency the Governor
in Council sees no reason to
modify the previous decision
in this matter, contained in
G.O. dated 20th March 1884
No. 752 W. He is not pre-
pared now to reopen the
question respecting the
relative seniority of officers,
settled nine years ago by
a former Government, on
grounds which doubtless

were good and sufficient. The Hon. A. E. ...

W.
5.6.84

I agree as to the inexpediency of reopening a question disposed of many years ago by a former Govt. but as the matter may form the subject of an appeal to the S.D. I think the papers had better be circulated with an explanatory letter giving a résumé of the case.

9/6

1881

S.E. IV Circle

from S. E. IV Circle

W. 247 - 7 29-5-84

153

With respect to the argument quoted in paragraph 3 of above from Mr. Davidson's letters, I beg to explain that it is altogether a mistake on that gentleman's part to suppose that, because he passed the qualifying examination on some date between 1st September & 26th December 1877, he was therefore qualified, equally with Lieut. Baddley & Hamilton, for a step which became available from the 1st September.

The contrary principle is always acted on, - and an instance occurred quite recently.

When the Govt. of India the other day authorised seven promotions to the grade of Exec. Engineer 4th, and three to that of Asst. Engineer 1st, with retrospective effect from 1-5-83, - it was held that

(2)

W. A. B. Todd was ineligible
for one of the last named
steps, on the ground that,
although he stood at the top
of the list of Asst. Engineer 2^d
grade, and had passed the
qualifying examination before
the letter from India authorising
the promotion was received,
he had not become so qualified
before 1-5-83, — and he
was accordingly superseded.

I beg to submit that
in my opinion, not only
has Mr. Davidson no valid
grievance, but that it is
inconvenient on all grounds
to reopen a question of this
nature which was decided
many years ago by a former
Gov^t for reasons which
were doubtless thoroughly
sound.

I have accordingly drafted
for approval a brief order
in that sense.

Sarat. 75. Young officers of Royal

Reciv: 11/6.

14.3/6 Cin 6/6.

Note on the question of the
relative seniority of Captains
Hamilton and Baddeley
and the Coopers' Hill Engineers
who came out to India at
the end of 1874.

Rightly or wrongly in the
 year 1875 Capt. Baddeley
 Hamilton was graded
 above the Coopers' Hill
 Engineers who came
 out in 1874 - The question
 is whether it is expedient
 now to enter on the merits
 of an arrangement
 made 9 years ago by a
 former Govt. The going
 of which was not then
 questioned by the men
 who now consider them
 selves aggrieved - Jan
 1882

It is contended by Mr.
 Davidson that Captains Hamilton
 and Baddeley should not, on
 appointment to the 2^d grade of
 Assistant Engineer, have taken
 precedence of the Coopers' Hill
 Engineers who came out to India
 about the same time.

inclined to agree with
 Col. Mearns that as that
 it is inexpedient but
 thought it well that the
 papers should be circulated

Mr. Davidson bases his
 contention on paras 95-96 of the
 present departmental code -
 a reproduction of para 987-988
 of the Army Regulations. The
 wording is as follows:-
 Para. 95. "Young officers of Royal

12/6. H.E.

Recd. 11/6.
 O.S. 3/6 C. 6/6.

"Engineers on first arrival
from England will be ordered
to join the head quarters of the
Sappers and Miners. After
performing one year's duty with
the Corps, those who have
during that time qualified
themselves by passing the
required linguistic tests, will
be considered eligible for
employment in the dept.
Para 76. "Engineer officers
will count duty with Sappers
and Miners, as duty in the
I.W.D., conditionally on their
having passed the Lower
Standard in Tamil or Telugu,
provided they join the dept.
at the expiration of twelve
months; but if they overstay
that time they must have
passed the full departmental

Probably Mr Davidson
is correct in stating that
Lieut Biddleley & Hamilton
shd have originally ranked
below the 100 per cent
men whose service dated
from 1 Oct 1874 in the
rule in force when the
Royal Engineer Officers
in question arrived in
India (apparently) con-
tained in G.O. 1 June 72
No 366 P.W.D. i.e. an officer
was entitled to enter the
I.W.D. in the same
position that he would have
held should he have entered
it originally at the date
of his arrival in India &
joining the Sappers &
Miners.
But if a mistake
was made here it really
does not very much
matter.
All were 2nd Grade As-
sistant Engineers and
as under Para 96 P.W.D.
before an Asst Engineer 2nd
Grade can be promoted
to 1st Grade he must
pass a colloquial ex-
amination in the lan-
guage of the country
in which he came to pass
the test. That Lieut Biddleley & Hamilton

who passed their Varma
cultural exam on 19 July
1877 were promoted to
2nd Grade with effect
from 1 Sept 77 while Lieut
Davidson who did not
qualify till 1 Oct 77 had
to wait till 1 April 1880.
Lieut Davidson appears to
be in error in stating
(para 4 letter 19 April 80
No 607) that there is no
obligation to pass the
Departmental Exam
before promotion to Asst Engineer
1st Grade.

Probably it would have
been better had G.O. 20th June
1884 No 752 ended with
the words "language test"
instead of "departmental
tests". In it does not
appear that Lieut Biddleley
& Hamilton had
passed, before promotion
the test described in Para
93 P.W.D.
I do not suppose the order
now to be issued on C.No
4566 to a simple refusal
to modify the previous
order No 1752. (13/6/80)
Yes. This is the best
course. It would be
absurd to re-open the question
which was settled on 14 Jan 1884

"test to be entitled to retain their
grading (Madras Army Regulations
paras 987.8)"
It must be remembered
that the Code in use nine years
ago did not contain this ruling.
The procedure as laid down in
the Code of 1870 reads as follows:
"Officers of the Royal Engineers
will usually be appointed in
the 2nd or 1st grade, according to
length of their previous service,
been better had G.O. 20th June
1884 No 752 ended with
the words "language test"
instead of "departmental
tests". In it does not
appear that Lieut Biddleley
& Hamilton had
passed, before promotion
the test described in Para
93 P.W.D.
I do not suppose the order
now to be issued on C.No
4566 to a simple refusal
to modify the previous
order No 1752. (13/6/80)
Yes. This is the best
course. It would be
absurd to re-open the question
which was settled on 14 Jan 1884
This rule was subsequently
altered by Standing Order No
10 of 1890 to read as follows:
"Officers of the Royal Engineers

"will usually be appointed
"in the 2^d or 1st grade of Aft-
"Engineers, and will be appointed
"permanently at once."

It will thus be seen that
the rules on the subject of
first appointment of R.E. officers
to the I.W. Dept. have not always
been uniform, - while no
specific rule seems to have
been in existence to regulate
the relative seniority of
Cooper's Hill and Royal
Engineers of the same year.

On what grounds the position
assigned to Capt. Hamilton
and Baddeley was based,
there are now no means of
judging; but there is no
warrant for assuming that
the reasons were not at the
time good and sufficient.

N. B.
Under this Standing Order
it would have apparently been
within the power of the Govt. to
have appointed Lieut. Hamilton
& Baddeley to the 1st grade on
their entering the Dept.

1573

Since then, promotions on
the establishment have been
made. Present relative seniority
is regulated by date of last
promotion, - and as all
promotions go by selection
~~and~~ not seniority, no officer
can claim any position on
the graded list of the dept.
higher than that which he
may at the time hold.

Mr. Davidson himself
now holds the position of Executive
Eng^r IV grade, to which he
was promoted in April 1884.
His previous promotion to Aft-
Eng^r 1st grade seems to have
been withheld owing to his
not having been qualified
in the Vernaculars. He did
not pass the requisite examinations.

68

till October 1877, - and it
was not till April 1880 that
room could be found for him
on the 1st grade of Assistant
Engineers - This was the first
step in his departmental
career, and his present relative
position very much depends
on it.
