GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From J. P. DAVIDSON, Esq., Executive Engineer, Coimbatore Division, to the
Superintending Engineer, IV Circle, dated Coimbatore, 7th January 1884,
No. 9.

With reference to your No. 500 of 19th July 1883, I have the honor to request
you will be good enough to obtain more decided orders of Government about providing
monsoon tatties to the Military Department by this department.

2. These tatties have been, as a rule, provided by this department in all the
military stations on the west coast, but the Examiner objects to such expenditure
under paragraph 1158 of the Public Works Code.

3. As numerous requisitions for such tatties are received from the military
authorities, probably owing to want of promulgation of an order in the Military
Department similar to that passed in this department (No. 3368 W. of 20th December
1882), I have the honor to request you will be good enough to again bring the matter
to the notice of Government with a view to definite orders being issued on the
subject.

4. I would point out that, if it be decided that the military authorities are in
future to undertake the provision of all monsoon tatties, it is very advisable that they
should be at an early date informed of this decision.

No. 19 W.

Forwarded to the Chief Engineer, Public Works Department, for disposal.

2. The Quartermaster-General was furnished with a copy of G.O., No. 3368 W.,
of 20th December 1882, in which it is laid down that the bamboo chicks should be
supplied and put up by the military authorities. The undersigned is therefore of
opinion that funds for the purpose should be provided in that department.

ENCLOSURE.

From Brigadier-General R. C. STEWART, Quartermaster-General, to the Controller of Military Accounts, Fort St. George, dated Ootacamund, 2nd April 1884, No. 2175.

In returning docket of the Secretary to Government, Military Department, No. 304, of 19th January 1884, forwarded with your No. 3566 of the 22nd January 1884, I have the honor to inform you that, in the opinion of His Excellency the Commander-in-Chief, it is essential that tatties and chicks should be supplied to barracks and married quarters of British troops on the western coast, as a protection against the weather during the south-west monsoon, and as these protections are almost as necessary to the various buildings as doors and windows to render them inhabitable. This necessity has hitherto been acknowledged by the provision of the tatties, &c., by the Public Works Department, except in the special cases disposed of under Government Orders as per margin. His Excellency would therefore now suggest that paragraph

From the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 2nd June 1884, No. 560 M.W.

In reply to your letter, No. 76 E., dated 2nd May 1884, inquiring whether in the provinces immediately under the Government of India the supply of tatties to military buildings devolves on the officers of the Public Works Department or on the Regimental authorities, I am directed to forward herewith a copy of the Bengal Barrack Regulations, in paragraphs 654—681 of which will be found the orders relating to tatties, which are in force in the Bengal Presidency.

ORDER—dated 24th June 1884, No. 1588 W., Public Works.

From paragraph 672 of the Bengal Barrack Regulations, it is observed that "tatties are supplied by the Commissariat Department" in that presidency. The same rule will be followed in this presidency.
