ABSTRACT.—Submitting to Government the Local Fund budget of Chittoor circle, North Arcot district, for 1884-85.

Proceedings of the Board of Revenue, dated 2nd May 1884, Mis. No. 3692.

Read—the following letter from A. J. STUART, Esq., President of the Local Fund Boards, North Arcot, to the Secretary to the Board of Revenue, dated 22nd April 1884, No. 169:—

With reference to paragraph 6 of the Proceedings of the Board of Revenue, No. 949, dated 17th March 1884, I have the honor to state that it was intended to meet the contribution on account of the High school building at Chittoor from funds set free by the establishment of several new municipalities under the new Municipal Act, which it was thought would have been passed sooner than has been the case. It seems still most likely that several municipalities will be constituted during the current year, and that considerable savings will accrue thereby. Moreover, the new Local Boards Act will shortly become law and will make available for general purposes balances from the Road fund. When the Accountant-General declares the balance, steps can be taken, if necessary, to limit expenditure so as to meet this demand within the current year.

Resolution—dated 2nd May 1884, Mis. No. 3692.

Submitted to Government in continuation of Board's Proceedings, dated 17th March 1884, No. 949.

2. *Revised estimate for* 1883-84 *of the late Chittoor circle.*—The list of subsequent allotments forwarded by the President should have been revised with reference to the sanctions referred to in paragraph 3 of the Board's Proceedings read above. The land-cess demand, collection, and balance statement does not show the years to which the arrears relate.

3. *Budget estimate for* 1884-85 *of the North Arcot Local Fund circle.*—Credit is taken for a provincial grant of Rs. 3,680 on behalf of Local Fund schools, of which Rs. 2,070 are on account of schools in the late Chittoor circle. The Director of Public Instruction approves of it, but it is observed that of the latter amount only Rs. 1,080 appear in statement III. Rs. 8,940 are expected from the Surplus Pound fund and fishery rents, the whole of which will be credited to the General fund. The land-cess estimate is 93 per cent. of the demand, and is satisfactory. The contribution of Rs. 500 for the Ranipet dispensary, taken credit for in the budget of the late Chittoor circle submitted by the Board, will be struck out from both sides of the account. The contribution from the mahant of Tirupati is correctly shown under endowments, and it is not understood why the amount paid in 1882-83 was credited to "miscellaneous." The President's statement in paragraph 10 of his letter printed in the Board's Proceedings read above, that the dispensary building at Tirupati is expected to be completed in 1883-84, does not appear to be correct, since Rs. 5,000 for the completion of the work are provided in the budget for 1884-85. A contribution of Rs. 15,000 is provided in the budget of the late Vellore circle for a causeway across the Pálár, but no credit was taken for the amount in the budget of the late Chittoor circle, nor is any provision made for the work. The circles having been amalgamated, the contribution from one to the other will be struck out; but this must not be taken as any indication on the part of Government that the work is not in their opinion a highly desirable one. On the contrary, the Right Honorable the Governor in Council would view its construction with the greatest satisfaction. The President will report as to the steps which the Local Fund Board propose to take during the year, in view to the construction of this work. In paragraph 23 of the Vice-President's letter submitting the estimates of the late Vellore circle, it is stated that estimates are being prepared in the Chittoor circle. The absence of any provision calls therefore for explanation. For the repair of roads Rs. 1,58,030 are provided against Rs 1,88,720 in 1883-84. The Road fund reserve should be Rs. 18,330, and this amount is provided in the budget. The share of the cost of the Local Fund Engineering establishment, general management, tools and plant and contingencies debitable to the Road fund should be Rs. 24,890, 8,520, 2,690, and 2,490, respectively. The total Road fund expenditure is Rs. 2,17,900, leaving a balance of Rs. 43,440.

4. Under education the provision for results grants is considered insufficient, and the Director complains that no allotment is made for the promised contribution towards the Chittoor High school building. The President promises to supplement the former provision in the course of the year; and, as regards the latter, it is hoped that sufficient funds will, as suggested by the President, be set free when the new District Municipalities Act is introduced. The request made for a contribution from Provincial funds of one-fourth pay of the medical subordinate attached to the Kuppam dispensary will be

referred to the Surgeon-General for remarks. In statement V submitted along with the budget of the late Chittoor circle, Rs. 50 are shown as appropriation to the Endowment fund, for which, however, no credit is taken in statement IV. The total charges of the Ranipet dispensary are shown as Rs. 4,835 in statement IV-A, while only Rs. 4,230 appear in statement IV. In statement V again the total charges of unendowed hospitals are shown as Rs. 13,460. According to statement IV-A they are but Rs. 12,920. These discrepancies should be explained. The Endowment fund closes with a *minus* balance of Rs. 690 and the General fund with a *nil* balance and a reserve of Rs. 8,590, which is, however, Rs. 3,400 below 10 per cent. of its receipts.

2. *Regular Estimate for* 1882-83.—The large increase of Rs. 32,268 in the opening balance as compared with the sanctioned budget is ascribed to short expenditure on Communications in 1881-82, as explained in the Board's Proceedings, 1st November 1882, No. 2636. Notwithstanding an advance of Rs. 20,000 in the estimated collections under Land-cess, the arrears at the close of the year were expected to amount to 15·7 per cent. of the aggregate demand. These arrears extend over five years and should be brought to speedy adjustment. In other respects the regular estimate, as reviewed by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—The estimated receipts for 1883-84, excluding the opening balance, amount to Rs. 2,09,690. Under Land-cess the estimate amounts to 86 per cent. of the total demand. Owing to paucity of funds under the General Fund, the Board of Revenue propose, as in the previous year, to transfer from the Road to the General Fund the revenue derived from Fishery rents, Pound Fund, and Grass rents, aggregating Rs. 4,120. The proposal is sanctioned. The Provincial grant for schools shown in Statement I is Rs. 1,060, whereas that shown in Statement III is Rs. 820. The entries in both statements should be identical.

4. Under Public Works no provision is made for "New Works—Communications;" but, on the other hand, the allotment for the upkeep of existing roads is considerably increased. As regards the large Road Fund balance remaining unallotted, it is gathered from paragraph 4 of the President's letter embodied in Board's Proceedings, 12th April 1883, No. 1021, that the President has already submitted proposals, which have not yet reached Government, for utilizing a portion of it, and has promised to make further proposals in the course of the year. Calculated at one-and-half per cent. on the outlay on Public Works, the total provision for "Tools and Plant" and the share debitable to the Road Fund should be Rs. 2,000 and 1,780, respectively, and not Rs. 3,160 and 2,940 as shown in Statements I and II. So also the cost of Engineering Establishment chargeable to the Road Fund should be Rs. 15,150 and not Rs. 15,970. Under Education it is proposed to establish a girls' school at Chittoor, to entertain additional masters in certain schools, and to employ sweepers at all schools. These proposals meet with the approval of the Director of Public Instruction and are sanctioned. The Director suggests that the assignment for results grants, which at present stands reduced to Rs. 6,000 on the ground of want of funds, should be raised at least to Rs. 7,500. Having in view the actuals of 1881-82, the Government regard the suggestion as worthy of consideration, and trust that the Circle Board will be able to provide the necessary funds either from savings under Education or from some other source.

5. Owing to the paucity of funds already alluded to, the Circle Board are unable to provide the full reserve under the General Fund, which in consequence closes with a *nil* balance. The Board of Revenue will consider whether, in the present state of the law, any means can be adopted to place this fund on a more satisfactory footing. The remaining items call for no remark.

6. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chittoor Local Fund Circle for 1883-84.

RESOLUTION—dated 9th August 1883, No. 2302.

The Local Fund Budget of the Chittoor Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—With reference to the remarks in this paragraph, it is observed that Rs. 2,11,730 were actually collected against Rs. 2,00,000 anticipated in the Regular Estimate. Out of the balance of Rs. 16,947 outstanding at the close of the year, it is satisfactory to note that Rs. 12,416 have been realized up to the end of June last.

3. *Paragraph* 3 *of the Government Order.*—The discrepancy noticed in the concluding portion of this paragraph was due to the omission to include in Statement III the Provincial grant of Rs. 240, referred to in paragraph 5 of the Board's Proceedings, dated 5th January 1883, No. 12. The necessary corrections have been made.

4. *Paragraph 4 of the Government Order.*—In regard to the utilization of the Road Fund Balance, copies of the Board's Proceedings, dated 17th April 1883, No. 2643, Routine, and 16th July 1883, No. 4549, Routine, will be submitted for the information of Government. No further proposals of any importance have been received.

5. *Paragraph 5 of the Government Order.*—In the present state of the law, there are no means by which the General Fund can be supplemented. The Board are therefore unable to suggest any present means for improving the position of this fund.

6. With reference to Board's Proceedings, dated 12th April 1883, No. 1028, the income from Pound Fund will be altered to Rs. 380.

ABSTRACT.—Submitting to Government the Local Fund budget of Chittoor circle, North Arcot district, for 1884-85.

Proceedings of the Board of Revenue, dated 2nd May 1884, Mis. No. 3692.

Read—the following letter from A. J. STUART, Esq., President of the Local Fund Boards, North Arcot, to the Secretary to the Board of Revenue, dated 22nd April 1884, No. 169:—

With reference to paragraph 6 of the Proceedings of the Board of Revenue, No. 949, dated 17th March 1884, I have the honor to state that it was intended to meet the contribution on account of the High school building at Chittoor from funds set free by the establishment of several new municipalities under the new Municipal Act, which it was thought would have been passed sooner than has been the case. It seems still most likely that several municipalities will be constituted during the current year, and that considerable savings will accrue thereby. Moreover, the new Local Boards Act will shortly become law and will make available for general purposes balances from the Road fund. When the Accountant-General declares the balance, steps can be taken, if necessary, to limit expenditure so as to meet this demand within the current year.

Resolution—dated 2nd May 1884, Mis. No. 3692.

Submitted to Government in continuation of Board's Proceedings, dated 17th March 1884, No. 949.

2. *Revised estimate for* 1883-84 *of the late Chittoor circle.*—The list of subsequent allotments forwarded by the President should have been revised with reference to the sanctions referred to in paragraph 3 of the Board's Proceedings read above. The land-cess demand, collection, and balance statement does not show the years to which the arrears relate.

3. *Budget estimate for* 1884-85 *of the North Arcot Local Fund circle.*—Credit is taken for a provincial grant of Rs. 3,680 on behalf of Local Fund schools, of which Rs. 2,070 are on account of schools in the late Chittoor circle. The Director of Public Instruction approves of it, but it is observed that of the latter amount only Rs. 1,080 appear in statement III. Rs. 8,940 are expected from the Surplus Pound fund and fishery rents, the whole of which will be credited to the General fund. The land-cess estimate is 93 per cent. of the demand, and is satisfactory. The contribution of Rs. 500 for the Ranipet dispensary, taken credit for in the budget of the late Chittoor circle submitted by the Board, will be struck out from both sides of the account. The contribution from the mahant of Tirupati is correctly shown under endowments, and it is not understood why the amount paid in 1882-83 was credited to "miscellaneous." The President's statement in paragraph 10 of his letter printed in the Board's Proceedings read above, that the dispensary building at Tirupati is expected to be completed in 1883-84, does not appear to be correct, since Rs. 5,000 for the completion of the work are provided in the budget for 1884-85. A contribution of Rs. 15,000 is provided in the budget of the late Vellore circle for a causeway across the Pálár, but no credit was taken for the amount in the budget of the late Chittoor circle, nor is any provision made for the work. The circles having been amalgamated, the contribution from one to the other will be struck out; but this must not be taken as any indication on the part of Government that the work is not in their opinion a highly desirable one. On the contrary, the Right Honorable the Governor in Council would view its construction with the greatest satisfaction. The President will report as to the steps which the Local Fund Board propose to take during the year, in view to the construction of this work. In paragraph 23 of the Vice-President's letter submitting the estimates of the late Vellore circle, it is stated that estimates are being prepared in the Chittoor circle. The absence of any provision calls therefore for explanation. For the repair of roads Rs. 1,58,030 are provided against Rs 1,88,720 in 1883-84. The Road fund reserve should be Rs. 18,330, and this amount is provided in the budget. The share of the cost of the Local Fund Engineering establishment, general management, tools and plant and contingencies debitable to the Road fund should be Rs. 24,890, 8,520, 2,690, and 2,490, respectively. The total Road fund expenditure is Rs. 2,17,900, leaving a balance of Rs. 43,440.

4. Under education the provision for results grants is considered insufficient, and the Director complains that no allotment is made for the promised contribution towards the Chittoor High school building. The President promises to supplement the former provision in the course of the year; and, as regards the latter, it is hoped that sufficient funds will, as suggested by the President, be set free when the new District Municipalities Act is introduced. The request made for a contribution from Provincial funds of one-fourth pay of the medical subordinate attached to the Kuppam dispensary will be

referred to the Surgeon-General for remarks. In statement V submitted along with the budget of the late Chittoor circle, Rs. 50 are shown as appropriation to the Endowment fund, for which, however, no credit is taken in statement IV. The total charges of the Ranipet dispensary are shown as Rs. 4,835 in statement IV-A, while only Rs. 4,230 appear in statement IV. In statement V again the total charges of unendowed hospitals are shown as Rs. 13,460. According to statement IV-A they are but Rs. 12,920. These discrepancies should be explained. The Endowment fund closes with a *minus* balance of Rs. 690 and the General fund with a *nil* balance and a reserve of Rs. 8,590, which is, however, Rs. 3,400 below 10 per cent. of its receipts.

PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from A. J. STUART, Esq., President, Local Fund Boards, North Arcot District, to the Secretary to the Board of Revenue, dated Wandiwash, 11th October 1883, No. 511 :—

I have the honor to forward herewith the budget estimate of the Chittoor Circle for the ensuing official year 1884-85, together with the regular estimate for the current year as passed by the Local Fund Board at their meeting held on the 28th September 1883.

2. The statements noted in the margin and a road map of the circle are also herewith submitted.

1. List showing the details of the existing establishment.
2. Statement showing the subsequent alterations and additions, &c., for 1883-84.
3. Demand, Collection and Balance Statement appertaining to Regular Estimate for 1883-84.
4. Demand, Collection and Balance Statement of Land-cess.
5. General Fund Statement.

Regular Estimate, 1883-84.

3. This year opened with a balance of Rs. 1,16,646, of which Rs. 84,892 was under the Road Fund, Rs. 18,926 under the Endowment Fund and Rs. 12,828 under the General Fund. This, added to the year's receipts, viz., Rs. 1,94,229 (Rs. 51,954, actuals of the first five months, and Rs. 1,42,275, probable receipts of the remaining seven months), make the total assets of the year Rs. 3,10,875 against an estimate of Rs. 3,20,050. The decrease is chiefly under Land-cess and is due to causes explained in the explanatory memorandum accompanying the regular estimate.

4. The budget allotment under the several grants, excluding the Road Fund and General Fund reserves of Rs. 12,350 and Rs. 2,400, respectively, amount to Rs. 2,29,610. The additional allotments sanctioned by the Board of Revenue from time to time during the year is Rs. 41,662, and this, added to Rs. 5,842, for which applications for funds have been recently sent to the Board of Revenue, make the total additions to the budget grant Rs. 47,504. Against these grants there is an expenditure of Rs. 2,69,036 as per regular estimate, and it appears under the several grants as hereunder :—

	Rs.
Grant I	1,94,736
Do. II	24,554
Do. III	40,753
Do. IV	8,993

This gives the year a closing balance of—

Under Road Fund	31,905
Under Endowment Fund	7,380
Under General Fund	2,554
Total ...	41,839 in all.

Budget for 1884-85.

5. The budget estimate for 1884-85 opens with a balance of Rs. 41,830, which is distributed as follows :—

	Rs.
Road Fund opening balance	31,900
Endowment Fund do.	7,380
General Fund do.	2,550

This included with the receipts of the year, viz., Rs. 2,01,550, make the total assets of the circle Rs. 2,43,380, against Rs. 3,20,050, the estimate of the current year.

6. RECEIPTS.—*Receipts from Provincial Funds.*—The sum of Rs. 2,070 represents the contribution from Government of Rs. 240 on account of the school at Gudiyátam, half the result grant, viz., Rs. 1,080, from Provincial Funds for standards above the third in the Local Fund Combined System Schools, and which the Local Fund Board receive as they stand in the position of managers to their schools, as also the contribution of Rs. 750 promised by the Director towards the construction of school-houses at Kuppam and Gudiyátam.

7. *Statement I (a), Land-cess.*—It will be observed from the Demand, Collection and Balance Statement that Rs. 16,547 are expected to remain on 1st April 1884. This, added to Rs. 1,66,500, the current demand, make the total demand for the year 1884-85, Rs. 1,83,047. Of this sum, Rs. 1,66,500 are expected to be realized this year, Rs. 14,500 under arrears and Rs. 1,52,000 under current, leaving at the end of the year an uncollected balance of Rs. 16,547. So large a balance is due to the fact that kists, amounting to about Rs. 14,000, only fall due a few days before the close of the year, and are usually paid in the following year.

8. *Tolls.*—The receipts from tolls are the same as last year.

9. *School Fees.*—The estimate under this head shows an increase of Rs. 260 over that of the current year and is due to the opening of two new schools at Tirutani and Kávéripák, and to increased strength in some of the existing schools.

10. *Hospitals and Dispensaries.*—As the Devastanam dispensary building, in course of construction at Tirupati, is expected to be completed in 1883-84, the Mahant will pay the balance still due from him on account of the building. It is also expected that the building will be available for the hospital next year. Hence the increased receipts to meet the incidental charges.

11. *Market Receipts.*—This is based upon the receipts in the regular estimate, which are again fixed on actual receipts.

12. *Contribution.*—Rs. 870 are expected in the way of contributions from private sources. The Zemindar of Kangundi has promised Rs. 580 for the construction of a school at Kuppam, and the inhabitants of Gudiyátam Rs. 290 for the same purpose.

13. *Fishery Rent, Pound Fund, &c.*—Owing to paucity of funds, the fishery rent, pound and grass rent, have been transferred to the General Fund, the demands on the fund having been considerably increased of late, owing to the growing wants of the district in respect of medical relief and in the way of improving sanitation, especially water-supply.

There are no other items calling for any special remark.

14. *Grant I—Public Works, New.*—For want of funds no provision can be made for new works under Communications, New Works. Of Rs. 5,300 provided for Civil Buildings, Rs. 5,000 is for the Devastanam dispensary at Tirupati and the rest for additions proposed for the travellers' bungalows at Ranigunta and Tirupati.

15. *Repairs.*—The outlay proposed for the maintenance of communications shows a decrease of Rs. 10,440 in the budget grant for the current year.

This has been rendered necessary by the comparatively small receipts anticipated in the next year. But in effecting the reductions, care has been taken to deal with them all in the order of their importance, judged from the traffic over them. The mile grants of the roads have been redistributed on this principle, so that the roads that have the heaviest traffic are allowed Rs. 400 to Rs. 200, and those with a little less Rs. 175, and so on. In some cases one road is allowed different grants according to the nature of the localities it traverses and the amount of traffic on different parts of it. Proceeding on this principle the mileage grants have been slightly increased in a few cases. The roads, the repair of which was newly sanctioned last year, have also, many being railway feeders asked for by the Consulting Engineer, and other important famine lines, been continued. Rs. 1,000 has been provided for the improvement of village roads in each taluk, in the manner explained in my application, No. 325, dated 26th June 1883. Provision has been made in a sum of Rs. 930

for repairing the old police station at Kálahasti so as to adapt it to a school-house; and also for whitewashing and repairing the Local Fund Engineer's office, the travellers' bungalows, dispensaries, &c., particularized in Appendix to Part II.

16. Under Miscellaneous Public Improvements, an outlay of Rs. 11,450 is provided—Rs. 2,500 for maintaining avenues, Rs. 8,950 for the improvement of markets, including one at Arkónam, which has been recently transferred from the General Fund to the Endowment Fund.

17. *Establishment.*—The Engineering Establishment charges are nearly the same as last year; under Contingencies there is an increase due to provision made for printing the necessary Public Works forms, and for the purchase of postage labels, which are estimated to cost Rs. 720, a comparatively heavy charge, the result of Local Fund covers being treated as private ones and charged as such.

18. *Tools and Plant.*—The provision under this head has been calculated at 1½ per cent. on the total outlay on Public Works, viz., Rs. 1,25,890.

19. The sum of Rs. 1,60,260 provided under Grant I is debitable as follows:—

	RS.
Road Fund	1,39,670
Endowment Fund	16,250
General Fund	4,340

The other items under this grant do not call for any special remark.

20. *Grant II—Education.*—A sum of Rs. 24,820 is provided in the next year's budget against Rs. 24,270 in the current year, and it is distributed as under—

	1884-85. RS.	1883-84. RS.
Inspection	1,700	1,480
Training Schools	2,080	2,080
Local Fund Schools	14,550	13,280
Result Grant	5,000	6,000
Contribution to Provincial Fund	480	480
Purchase of Books	600	750
Maintaining a student in Muhammadan Normal School, Madras	80	80
Maintaining two students in the Agricultural College ...	240	240

21. *Inspection.*—The additional Deputy Inspector of Schools was allowed a clerk on Rs. 15 per mensem to relieve him to some extent of clerical work, so that he may be able to devote more attention to inspection and preparation of schools, both of which devolve upon him by reason of there being no Inspecting Schoolmaster.

22. *Local Fund Schools.*—The provision made under this head shows an increase of Rs. 1,270 over the estimate of the current year, and is due to the opening of two new schools, one at Tirutani and the other at Kávéripák, at a cost of Rs. 1,147, and to additional teachers provided for some of the existing schools as per particulars below:—

——	——	Salary per Mensem.	Result Grant.
		RS.	RS.
	Additional Master.		
Chittoor	1	5	1
Gudiyátam	1	8	4
Papanayadupett ...	1	6	3
	Hindustani Teacher.		
Ranipet	1	7	3
	Additional Master.		
Royalpetta	1	6	3

The school at Tirutani, abandoned by the Mission, was taken over by the Local Fund Board under sanction conveyed in G.O., Mis. No. 1710, dated 9th August 1883.

Kávéripák is a large and important town, and there are materials for a middle-class school there. It is intended to start it as soon as possible this year. The growing popularity of the schools at Chittoor, Gudiyátam, Papanayadupett and Rovalpetta necessitates the additions proposed in the teaching staff, while a Hindustani teacher was added to the school at Ranipet at the request of the Mussulman population of Ranipet, supported by the Deputy Inspector and Inspector. The salaries of the second and third masters of the Puthur school were raised from Rs. 7 and 6 to 12 and 7 respectively as recommended by the Inspector, thus placing it on a par with the other schools of the same grade. Provision has also been made to meet an increase of Rs. 3 per mensem to the salary of the Assistant Master, Punganúr (*vide* Revenue Board's Proceedings, No. 1362, dated 15th May 1883). The house-rents of the schools at Baireddipalle Melvidianamcuppam, Papanayadupett, Chembakoor, and Vadumalpett have been slightly increased to provide additional accommodation which is needed. Against this increased provision small savings have been effected in allotment for "Furniture," "Maps" "Books, &c.," the former being reduced to a uniform scale of Rs. 5 for each school against 10 this year, while the latter has disappeared altogether. It is found that there is no necessity for the purchase of these every year. The Local Fund Board having purchased a house at Náráyanavaram for the school, no provision is made for rent there.

23. *Result Grant.*—The allotment of Rs. 5,000 proposed is Rs. 1,000 less than that of the current year; though this is much to be regretted, there appears to be no way out of the difficulty, owing to paucity of funds under the General Fund and the daily increasing charges on it. The Board will certainly be prepared to supplement it to the extent of their power if, in the course of the year, funds can be set free in any way.

24. *Miscellaneous—Purchase of Books.*—As there is a large stock of unsold books in hand in the several depôts in the circle, only Rs. 600 has been provided against Rs. 750 in the current year.

25. With reference to the Proceedings of the Board of Revenue, Mis. No. 443, dated 18th January 1883, the Local Board have resolved to send two students to the Agricultural College at Saidápet and Rs. 240 is assigned for them.

The other items under this grant do not call for any special remark.

26. *Grant III.*—Two new dispensaries have just been opened as per sanction conveyed in G.O., Mis. No. 1483, dated 13th July 1883, viz., in Gudiyátam and Kálahasti, and provision is made for them. The charges however under Hospitals and Dispensaries taken as a whole do not much exceed the estimate of the current year—a fact due to the economy practised in these institutions under the management of the District Surgeon, Dr. Ratton.

The sum of Rs. 6,460 under "Salaries of Medical Subordinates" represents the net cost to the Local Board on account of the Apothecaries and Hospital Assistants in charge of Hospitals and Dispensaries, and excludes the contribution from Government.

The increase in the provision for "Clerks and Servants" is due chiefly to the provision made for a clerk for the Tirupati Dispensary next year, and for the peons that the District Surgeon is allowed under G.O., No. 391, dated 22nd February 1883.

The provision for diet of patients has been much reduced in the Chittoor and Ranipet and Palmanér Hospitals as also in the Lying-in Hospital at Ranipet. As it is likely that the dispensary at Tirupati will be ready next year for in-patients also, Rs. 1,000 has been provided for dieting. A reduction of Rs. 400 has been effected under medicines and apparatus, while a similar sum has been provided for the new dispensaries. Hence the total allotment remains the same as this year. The allotment under contingencies has been raised on account of provision made for the new dispensaries and of the increase under the hospitals at Tirupati and Ranipet.

27. *Vaccination.*—This shows an increase of Rs. 1,000 over the current year's budget, and represents the provision made for employment of an additional Deputy Inspector of Vaccination on Rs. 40 per mensem, sanctioned in G.O., No. 1715 P. dated 31st August 1883, the travelling allowance that may be payable to him, the batta that is now allowed to vaccinators in the circle as is done elsewhere, and that paid to mothers for supplying fresh vaccine lymph.

28. *Improvement of Water-supply.*—The allotment of Rs. 3,330 made under this head is distributed as per particulars in Statement IV-B (*i*) over the various taluks and divisions in the circle. Further details of it were given in the list that accompanied the application (for allotment of funds), No. 498, dated 3rd October 1883. The amount is required, as therein explained, for watchers to prevent the fouling and pollution of drinking water in important villages in the circle. For want of funds, no provision can be made for improvement of village-sites. A small reduction is made in the existing scavengring establishment, where it is now proportionally high.

29. *Sanitary Establishment.*—The Sanitary Establishment maintained at present in Chittoor consists of—

18 Scavengers.	2 Pygusts on Rs. 7 each.
1 Pygust on Rs. 10.	6 Scavengring carts.

Looking to the population of the town in comparison with other towns for which establishments are provided, this establishment was reduced to—

10 Scavengers.	4 Scavengring carts.
1 Pygust on Rs. 10.	

In other towns the arrangements hitherto in force were not disturbed.

30. *Contributions to Provincial Funds.*—The contribution payable towards the cost of the Medical College and inspecting agency has been calculated at 0·5 per cent. of the receipts.

31. *Grant IV.*—The items under this head do not call for remark, being made the same as in this year, except in the case of "Contingencies and Stationery," the allotment under which has been cut down by Rs. 700. Of this sum, Rs. 500 is under Travelling Allowance, which is set down as Rs. 100 against 600 in the current year, the remainder being under contingencies. As the Circle Board establishment have little or no travelling to do, only Rs. 100 is considered sufficient.

32. *General Fund.*—Calculated at 10 per cent. of the receipts, the General Fund Reserve ought to be Rs. 6,960; but for want of funds, no more than Rs. 2,000 can be provided, while the balance is only Rs. 690. The Road Fund has only a closing balance of Rs. 1,460 and the Endowment Fund, Rs. 560, making in all Rs. 2,660. But the receipts have been cautiously estimated and the 10 per cent. reserve in the Road Fund has been provided.

33. Copy of the resolution of the Circle Board passing the budget is herein enclosed.

ENCLOSURES.

Remarks on the Regular Estimate of Receipts and Charges of the Local Funds of the Chittoor Circle for 1883-84.

(*a.*) A. RECEIPT.—The decrease in the Road Fund balance is chiefly attributable to the fact that uncashed cheques issued by the Local Fund Engineer during 1881-82 were cashed to the extent of Rs. 38,762 during 1882-83, while the total amount of uncashed outstanding at the close of the latter year and remaining for payment during 1883-84 was only Rs. 10,272.

(*b.*) The increase in the Endowment Fund balance is chiefly owing to the Mahant of Tirupati having paid a contribution of Rs. 10,000 during the past official year on account of the dispensary building, while the estimated contribution given in the regular estimate for that year is only Rs. 6,000.

(*c.*) The increase in the General Fund balance is partly due to an increase in the receipts of past official year, chiefly under Land-cess and Fishery rents, and partly to short expenditure during the same year, chiefly on account of the Civil Dispensary building at Palmanér and maintenance of avenues.

(*d.*) The sum of Rs. 358 represents the contribution payable by Government towards the pay and allowance of certain medical subordinates (*vide* G.O., Financial Department, No. 944, dated 11th May 1883) from 11th May to 31st July 1883, at Rs. 133-12-0 per mensem. No provision has been made on the above account from the 1st August 1883 as the Accountant-

General has intimated in his letter, No. 2967, dated 30th August 1883, that the said contribution should be drawn on a separate establishment pay bill from Provincial Funds, the pay and allowances of the medical subordinates in question *minus* the above contribution alone being chargeable to the Local Funds from the above date.

(*e.*) The increase under this head is owing to corresponding increase in the estimated income of the Pound Fund, and the sum of Rs. 840 shown as the regular estimate is the surplus expected to be available for transfer to the Chittoor Circle, even after providing the additional allotment of Rs. 900 for the improvement of pounds alluded to in Board's Proceedings, No. 1028, dated 12th April 1883.

(*f.*) The increase under this head is with reference to the actuals of the past official year and of the first five months of the current official year.

(*g.*) The decrease under this head is partly due to the major portion of the arrear balance having been collected during the past official year.

The current official year opened with a land-cess arrear balance of Rs. 16,947, of which Rs. 2,900 were irrecoverable and were written off the accounts, leaving a recoverable balance of Rs. 14,047. The annual demand of land-cess amounts to Rs. 1,66,500, thus making the arrear and current demands Rs. 1,80,547. Of this sum, Rs. 1,64,000 (viz., Rs. 13,000 under arrear and Rs. 1,51,000 under current) are expected to be realised during the current official year (the collections of the past five months being Rs. 37,939), leaving an uncollected balance of Rs. 16,547 at the close of the current official year. So large an uncollected balance is due to the fact that kists, amounting to about Rs. 14,000, only fall due a few days before the close of the year and are usually paid only in the following year.

(*h.*) The increase under this head is attributable to the arrear of rent due on account of the Arkónam chattram for the past official year being expected to be collected during the current year.

(*i.*) The decrease under this head is with reference to the actuals of the past official year, and those of the first five months of the current official year.

(*j.*) The regular estimate has been based upon the actuals of the past official year and of the past five months of the current official year.

(*jj.*) The receipts under this head chiefly comprise of interest on arrear of land-cess. Interest to the extent of Rs. 3,547 was levied during the past official, and the arrear of land-cess which remained for collection during the current, year was small, and thus the comparatively small amount of interest to be collected during the year. This accounts for the decrease under this head.

(*k.*) The regular estimate has been based upon the actuals of the past five months of the current official year, which amounted to Rs. 619.

(*l.*) The increase under this head represents the arrear of contribution due on account of the Local Fund Schools at Venkatagiri and Punganúr.

(*m.*) The regular estimate has been based upon the actuals of the past official year and of the first five months of the current official year.

B. EXPENDITURE—*Grant I, Public Works.*—The grant sanctioned in the current year's budget *plus* the additional allotment subsequently sanctioned by the Board of Revenue has been taken as the regular estimate of expenditure generally under the several heads of this grant, New Works, Civil Buildings, the savings, if any, will be taken as a set-off against any new item of expenditure which may hereafter be found necessary to propose during the remaining months of the current official year.

The budget grant for New Works, Civil Buildings is Rs. 5,000, and further allotment to the extent of Rs. 15,796 were subsequently sanctioned in the following Board's Proceedings :—

					RS.
No. 2592,	dated 16th April 1883	...	...	...	262

„ 4,020	„ 20th „ „	...	...	...	200
			Total	...	15,796

And application, No. 505, dated 27th September 1883, was submitted to Board for Rs. 2,819, thus making the total allotment Rs. 23,615. Out of the allotment of Rs. 14,708 sanctioned for the construction of the Tirupati Dispensary building, the Local Fund Engineer proposes to expend only Rs. 9,708 during the current year and has applied for an allotment of the remaining Rs. 5,000 for expenditure during the next official year, which sum has accordingly been provided in that year's budget, and hence Rs. 18,615 has been put down as the regular estimate under this head.

The increase in the regular estimate under the other heads of Grant I as compared with the sanctioned budget grant is accounted for as follows :—

Grant II, Education—(*a.*) This has been calculated as follows :—

	RS.
Pay and fixed travelling allowance of additional Deputy Inspector for seven months, at Rs. 100 per mensem ..	700
Pay and travelling allowance of the peon at Rs. 10 per mensem	70
Contingencies for seven months, at Rs. 5 per mensem ..	35
Increase of pay to the additional Deputy Inspector of Schools from 1st December 1882 to 31st March 1883. .	40
Clerk under the additional Deputy Inspector for eleven months this year	165
Application for the two latter items and for Rs. .. account of the Local Fund Schools were already submitted—*vide* No. 505, dated 27th September 1883.	180 on 1,190

(*b.*) *Grant III, Sanitation.*—The decrease under this head is chiefly due to the pay and allowances of the Medical subordinates *minus* the Government contribution alone being chargeable to the Local Funds. The regular estimate includes Rs. 1,332, being the estimated charges of the new dispensaries at Kálahasti and Gudiyátam.

(*c.*) The decrease under this head is chiefly due to savings in the grant sanctioned for the feeding expenses of the Annadana Chattram at Sholinghur.

(*a.*) Calculated at 5 per cent. on the assets of the Local Funds, excluding the opening balance.

(*bb.*) The increase under this head represents chiefly the pay of tank watchmen for six months for which an application for allotment has been submitted to the Board on the 3rd October 1883, No. 498.

(*e*) The increase under this head is due to the fact that the average monthly expenditure amounts to Rs. 45 while the budget grant provides for only Rs. 42 per mensem.

EXTRACT from Minutes of Proceedings of the Local Fund Board, Chittoor Circle, passed at their Meeting held on the 28th September 1883.

* * * * *

1. Read and passed draft budget for 1884-85.

Resolution.—Resolved that the Engineer be instructed in preparing the maintenance estimates for 1884-85, to allot two-thirds of the amount for materials, one-sixth for a permanent staff of mile coolies, and one-sixth for spreading and other expenses.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Tellicherry, 15th November 1883, No. 1468 :—

I have the honor to report that the Local Fund Board, Chittoor, have set apart a sum of Rs. 13,540 for the sanitary requirements of the circle during 1884-85. This yields a percentage of 24·4 to available income, and is in excess of the grant for the current year by Rs. 2,470, the increase being chiefly due to provision having been made for the improvement of water-supply. No provision has been made for the improvement of village-sites; the proposed total allotment may, however, be accepted for the purposes intended. It will be distributed as follows :—

	RS.
Improvement of water-supply	3,330
Scavengering establishment	9,010
Other sanitary outlay (fairs and festivals)	1,200
Total ..	13,540

The Vaccination grant amounts to Rs. 5,570, against Rs. 4,570 for the current year. It may be accepted. The increase is owing chiefly to provision having been made for the additional Deputy Inspector of Vaccination sanctioned by Government.

READ—the following letter from A. J. STUART, Esq., President of the Local Fund Boards, North Arcot, to the Secretary to the Board of Revenue, dated Tirutani, 27th November 1883, No. 592 :—

With reference to the Proceedings of the Board of Revenue, dated 8th October 1883, No. 3013, communicating G.O., dated 20th September last, No. 617, Educational, sanctioning the proposal of the Director of Public Instruction to transfer the additional Deputy Inspector of Schools, Chittoor Circle, to the Provincial list on payment of an annual contribution of Rs. 1,500 from Local Funds to Government, I have the honor to inform you that, previous to the receipt of the said Proceedings and in the absence of Government sanction to the proposal, a provision of Rs. 1,700 was made in the budget estimate for 1884-85 under "Payment for Inspection," for the Deputy and his establishment.

2. I have the honor now to request that you will be good enough to reduce the allotment in question to Rs. 1,500—the contribution to be paid next year to Government on account of the Deputy.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 5th December 1883, No. 6216 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the provision made in Grant III of the 1884-85 Local Fund Budget Estimate of the Chittoor Circle for the maintenance of the eight dispensaries is adequate and calls for no remarks save in the item of "Medical Subordinate."

2. A sum of Rs. 430 is provided for the pay of the two Third-class Hospital Assistants attached to the Chittoor dispensary. It should be increased to Rs. 600, as the moiety of the pay (Government contribution) of one of the Hospital Assistants sanctioned in the marginally noted Government Orders has been withdrawn : *vide* G.O., No. 944, of 11th May 1883, Financial Department.

No. 837, of 13th June 1873, Financial Department.
No. 2022, of 13th November 1876, Financial Department.

3. The provision made for the pay, &c., of the First-class Apothecary and Hospital Assistant of the Ranipet Dispensary, viz., Rs. 2,250, is incorrectly calculated. It should be Rs. 2,235.

4. The marginally-noted figures are entered as contribution towards the expenses of the Medical College and Sanitary Inspection.

	RS
College	1,010
Inspection	1,010

5. The entry "Inspecting Vaccine Agency" in the body of the budget remarks and in the expenditure statement should be altered to "Sanitary Inspection."

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 7th December 1883, No. 8276 :—

I have the honor to submit the following remarks on the provision made for Education in the Budget Estimate of the Chittoor Circle for 1884-85.

2. *Receipts.*—The educational assets of the circle may be estimated at Rs. 33,580, exclusive of the moiety of the General Fund opening balance :—

	RS.
Provincial grant	1,320
One-sixth Land-cess	27,750
School-fees	3,380
Sale of books	460
Contributions	670
Total ...	33,580

This is exclusive of the building grant of Rs. 750 expected from Provincial Funds and Rs. 870 from the Zemindar of Kangundi and the inhabitants of Gudiyátam, on account of the construction of school-houses at Kuppam and Gudiyátam and for which credit has been taken in the circle budget.

3. *Charges.*—The proposed outlay on Education is Rs. 24,820, against Rs. 24,270, the sanctioned estimate for the current year :—

	Budget, 1883-84. RS.	Budget, 1884-85. RS.
Inspection	1,480	1,700
Training Schools	2,080	2,080
Local Fund Schools	13,280	14,550
Results grants	6,000	5,000
Miscellaneous	1,430	1,490
Total ...	24,270	24,820

4. *Inspection.*—The increased charge under this head is stated to be due to the additional Deputy Inspector of Schools having been provided with a clerk. The sanction of Government having been since obtained for the transfer of the additional Deputy to the provincial list, the clerk will be paid from Provincial Funds and the contribution need not exceed Rs. 1,500 in the present budget.

5. *Training Schools.*—The provision for the Chittoor Normal School is the same as in the current year's budget and calls for no remarks.

6. *Local Fund Schools.*—For these schools Rs. 14,550 are provided, against Rs. 13,280. The excess provision is intended to cover the cost of the two new schools opened at Tirutani and Kávéripák, as well as of the increased charges consequent on additional teachers for some of the existing schools and the increase of the pay of the assistant master of the Punganúr school. These proposals meet with my approval. I observe, however, from Statement III, that three teachers are provided for the Periyanayagapundi and Thuthipet schools, the average attendance being only 43 and 45 respectively. For the Chandragiri, Kálahasti, Kuppam, Putúr and Tirutani schools, the average attendance in which is respectively 50, 60, 55, 50 and 60, four teachers are provided. I consider that the number of teachers for which provision has been made is too high, an ordinary teacher being able to manage a class of 30 boys. No provision has been made for the purchase of maps, books, &c., and the allotment for furniture has been reduced to a uniform scale of Rs. 5. For the reasons stated by the President, the above reduction appears reasonable. In paragraph 6 of my letter, No. 1908, dated 28th March last, I pointed out that no provision was made for the contribution of Rs. 10,450 promised by the Chittoor Circle Board towards the High School building. The President, however, in paragraph 6 of his letter printed in Board's Proceedings, No. 1021, of the 12th April last, stated that an allotment would, "if possible, be obtained from the General Reserve in the next year's budget for payment that will have to be made during that year." In reply to a letter from me on the subject, the President stated in August last that steps would be taken, if possible, to obtain the necessary allotment of funds after the actual opening balances were communicated by the Accountant-General. I regret now to bring to notice that the above matter has not been attended to in the current year's budget. The Chittoor School building is being pushed on, and it is very desirable that funds should be provided for its early completion. In Statement I-B, a sum of Rs. 1,25,890 is entered under Grant I. But it may perhaps include provision for the promised contribution. Unless funds are provided this year, or at least in the beginning of 1884-85, it is almost certain that the building, which is now rapidly progressing, will come to a standstill. I therefore request that the Circle Board be required to arrange for the payment of the amount agreed upon as early as possible, by deferring outlay on works less urgent.

7. *Results Grants.*—The allotment made under this item is less than that provided in the current year's budget by Rs. 1,000. The actuals of 1882-83 amounted to Rs. 7,989. The grant for the current year, viz., Rs. 6,000, was considered quite insufficient, and I recommended in my letter referred to in the preceding paragraph that it should be raised to Rs. 7,500. The reduced provision is stated to be owing to the impecuniosity of the Board, but they promise that the grant will be supplemented in the course of the year. In these circumstances, the allotment now made may stand, but I would strongly deprecate any reduction in the rate of grants at present. I beg to point out here that the expenditure proposed by the Board, viz., Rs. 24,820, falls short of the educational assets by nearly Rs. 10,000.

8. *Miscellaneous* —Provision has been made under this head for sending two students to the School of Agriculture, as well as for the stipend of a teacher sent to the Muhammadan Normal School for training. The expenditure on account of commission on sale of books is given as Rs. 90. The correct sum should be Rs. 70 at 15 per cent. on the estimated sale-proceeds of books.

RESOLUTION—dated 17th March 1884, No. 949.

The Local Fund Budget Estimate of the Chittoor Circle for 1884-85 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Receipts.*—The opening balance adopted by the President differs from the closing balance of 1882-83 recently advised by the Accountant-General. The latter is distributed among the minor funds as shown below :—

	RS
Road Fund	77,167
Endowment Fund	18,926
General Fund	12,828
Total ...	1,08,921

Credit is taken in the regular estimate for a refund of Rs. 358 from Provincial Funds. In G.O., dated 11th May 1883, No. 944, Government ordered that a part of the pay of the medical subordinates attached to Local Fund dispensaries should be borne by Provincial Funds, but as those subordinates were paid entirely from Local Funds from 11th May to 31st July 1883, it has become necessary to refund to Local Funds the amount payable by Government for that period. From 1st August last, the salaries of the medical subordinates are duly apportioned and debited to Local and Provincial Funds. Land-cess collections are estimated at Rs. 1,64,000, against Rs. 1,80,000 entered in the budget. The increase is due to the arrear demand being less than what was anticipated. The probable collections are 91 per cent. of the total demand, and may be accepted. The Court of Wards having sanctioned from the Kangundi Estate funds contributions of Rs. 290 for constructing a school-house at Kuppam and of Rs. 192 for opening a dispensary at the same place, credit will be taken for these amounts in the regular estimate. The other items of receipt are not important. The total assets are—

	Rs.
Road Fund	1,90,325
Endowment Fund	32,784
General Fund	80,523
Total ...	3,03,632

3. *Statement I-B, Expenditure.*—The total allotment sanctioned up to the date of the regular estimate, viz., Rs. 2,541, is entered as the probable outlay on "New Works—Communications," and it is stated that any new item of expenditure can be met from savings. As this will not be feasible, the amount sanctioned by the Board up to the present date, viz., Rs. 6,205, will be shown as the probable expenditure under the above head. The principal works for which funds were allotted were metalling the road from Arcot Railway Station to the bank of the Pálár and the construction of certain culverts. Rupees 1,39,322 are provided for road repairs. The excess over the budget was sanctioned mainly for the following works :—

	Allotment. Rs.
Restoring the Naikanery Ghât Road	5,400
Repairing the road from Punganúr to Mysore frontier ...	3,500
Repair of village roads	3,000
Repairing some of the Famine roads	6,000

The assignment for Civil Buildings has been raised to Rs. 18,615 under New Works and to Rs. 2,334 under Repairs. The increase in the latter is mainly due to Rs. 1,699 having been allotted for repairing the endowed chattram at Sholingur. In reference to new works, it is observed that no allotment has been granted for constructing the Tirupati dispensary, though the estimate for the work was sanctioned in G.O., Public Works Department, dated 8th June 1883, No. 1614-W. The President should have submitted an application in the usual form. Rupees 9,708 are now sanctioned from the Endowment Fund balance. It is noted that the Mahant of Tirupati paid Rs. 10,000 in 1882-83 on account of this work. Of the other buildings sanctioned during the year, the more important are two school-houses at Gudiyátam and Kuppam, costing together Rs. 2,255. The provision for Hospitals and Dispensaries under

Grant III will be raised by Rs. 384 sanctioned for the new dispensary at Kuppam. The other items of expenditure do not differ much from the budget grants. The following is an abstract of the regular estimate of charges as amended by the Board:—

BUDGET FOR 1884-85.

4. *Statement I-A, Receipts.*—The Circle Board have taken credit for a provincial grant of Rs. 2,070 on account of schools, and the Director approves of the estimate. The income from Land-cess is estimated at Rs. 1,66,500, against Rs. 1,80,000 in the current year's budget and Rs. 1,64,000 in the regular estimate. The anticipated collections are 90 per cent. of the total demand. The receipts from Tolls are expected to amount to Rs. 2,820, as in the current year. Rupees 8,570 are entered under Endowed Hospitals and Dispensaries, against Rs. 4,070 in the current year. It is expected that the Tirupati dispensary will be completed next year, and that the balance due from the Mahant on that account will be paid in. Rs. 580 are entered as contribution from the Kangundi estate for building the school-house at Kuppam. The President having, in his letter, dated 5th February 1884, No. 47, stated that the late zemindar had promised to pay Rs. 290 for the purpose, the Court of Wards have sanctioned only that amount in their Proceedings, dated 11th February 1884, Mis. No. 1269, and credit has been taken for it in the current year's regular estimate. The entry in the budget will therefore be struck out. The Court of Wards having agreed in their Proceedings, dated 20th December 1883, Mis. No. 11022, to contribute Rs. 577 a-year for the new dispensary at Kuppam, Rs. 580 will in round numbers be entered in the budget. The other items do not call for special notice. The total receipts are—

	RS.
Road Fund	1,35,010
Endowment Fund	24,170
General Fund	72,920
Total ...	2,32,100

5. *Statement I-B, Expenditure—Grant I, Public Works.*—No allotment is made for new works under Communications. Of the sum of Rs. 5,300 provided for "Civil Buildings—New Works," Rs. 5,000 are for completing the dispensary building at Tirupati, and Rs. 300 for constructing out-houses to two travellers' bungalows. For want of funds, the latter will be struck out. Rs. 1,08,210 are assigned for the repair of communications, against Rs. 1,18,650 in the current year's budget. The maintenance grants of roads have been revised with reference to the traffic passing over them. Rs. 2,500 are set apart for the maintenance of avenues and Rs. 8,950 for the improvement of markets. As the Market Endowment Fund will otherwise close in deficit, the assignment for markets will be reduced by Rs. 1,000. The other entries under this grant do not call for remark. The share of the cost of General Management, of the Engineering establishment of Tools and Plant and of on Ctingencies chargeable to Road Fund should be, respectively, Rs. 5,060, Rs. 14,720, Rs. 1,640 and Rs. 1,810. The total Road Fund expenditure is Rs. 1,35,010, and it has not been possible to provide a reserve of 10 per cent. or a working balance of 5 per cent. of the receipts as ordered by Government. But if Government should desire to increase the reserve, which is now only Rs. 1,510, it may be done by striking out the provision of Rs. 5,750 for the repair of town roads.

6. *Grant II, Education.*—As requested in the President's letter, No. 592, the entry of Rs. 1,700 under Educational Inspection will be struck out. Rs. 14,550 are provided for Local Fund Schools, against Rs. 13,280 in the current year. The increase is due to the new schools that have been established and the additional masters required for the existing schools. The allotment will be further raised by Rs. 350, to meet the charges sanctioned in the orders quoted in the margin. Additional masters are sanctioned for the schools at Chittoor, Gudiyátam and Royalpatti, at Rs. 5, 8 and 6, respectively, per mensem. As suggested by the Director of Public Instruction in paragraph 6 of his letter, the number of masters in each school should be so regulated that each teacher may have a class of about thirty pupils. The President is requested to report regarding the contribution for the school building at Chittoor. The allotment for result grants is Rs. 5,000, against Rs. 6,000 in the current year. The Circle Board promise to supplement it in the course of the year, if possible. Commission on sale of books should, as pointed out by the Director, be Rs. 70.

Board's Proceedings, dated 1st March 1884, No. 698.
Board's Proceedings, dated 1st March 1884, No. 699.

7. *Grant III, Medical and Sanitary—Hospitals and Dispensaries.*—Rs. 20,520 are assigned for Hospitals and Dispensaries, against Rs. 19,858 in the current year's budget. The provision will be raised to Rs. 21,370. Part of the excess will be required for the new dispensary at Kuppam sanctioned in G.O., dated 15th January 1884, Mis. No. 97, and the remainder will be needed for the increase in the salaries of medical subordinates referred to in paragraphs 2 and 3 of the Surgeon-General's letter. The sanction of Government is requested for the payment from Provincial Funds of one-fourth of the salary of the medical subordinate attached to the Kuppam dispensary. Provision is made for a clerk for the Tirupati dispensary, but the necessity for one is not stated. The President is requested to submit a separate application before entertaining the clerk. Rs. 350 are provided for the clerk and two peons allowed to the District Surgeon. As one-third of the cost will be borne by the Vellore Circle, the amount will be reduced to Rs. 2 50 and entered under "(*h*) Miscellaneous." Rs. 5,570 are provided for Vaccination, against Rs. 4,570 in the current year. The increase is for the additional Deputy Inspector sanctioned in G.O., P.D., dated 31st August 1883, No. 1715. The Sanitary Commissioner states that the allotment of Rs. 13,540 for Sanitation, against Rs. 11,070 in the current year, may be accepted. The other items under this grant call for no remark.

8. *Grant IV, Miscellaneous.*—The provision for the controlling establishments at the Presidency will be altered to Rs. 2,440—the actual amount paid in 1882-83. The General Reserve ought to be Rs. 6,960, but only Rs. 2,260 are available.

ABSTRACT.—Submitting to Government the Local Fund budget of Chittoor circle, North Arcot district, for 1884-85.

Proceedings of the Board of Revenue, dated 2nd May 1884, Mis. No. 3692.

Read—the following letter from A. J. STUART, Esq., President of the Local Fund Boards, North Arcot, to the Secretary to the Board of Revenue, dated 22nd April 1884, No. 169:—

With reference to paragraph 6 of the Proceedings of the Board of Revenue, No. 949, dated 17th March 1884, I have the honor to state that it was intended to meet the contribution on account of the High school building at Chittoor from funds set free by the establishment of several new municipalities under the new Municipal Act, which it was thought would have been passed sooner than has been the case. It seems still most likely that several municipalities will be constituted during the current year, and that considerable savings will accrue thereby. Moreover, the new Local Boards Act will shortly become law and will make available for general purposes balances from the Road fund. When the Accountant-General declares the balance, steps can be taken, if necessary, to limit expenditure so as to meet this demand within the current year.

Resolution—dated 2nd May 1884, Mis. No. 3692.

Submitted to Government in continuation of Board's Proceedings, dated 17th March 1884, No. 949.

2. *Revised estimate for* 1883-84 *of the late Chittoor circle.*—The list of subsequent allotments forwarded by the President should have been revised with reference to the sanctions referred to in paragraph 3 of the Board's Proceedings read above. The land-cess demand, collection, and balance statement does not show the years to which the arrears relate.

3. *Budget estimate for* 1884-85 *of the North Arcot Local Fund circle.*—Credit is taken for a provincial grant of Rs. 3,680 on behalf of Local Fund schools, of which Rs. 2,070 are on account of schools in the late Chittoor circle. The Director of Public Instruction approves of it, but it is observed that of the latter amount only Rs. 1,080 appear in statement III. Rs. 8,940 are credited from the Surplus Pound fund and fishery rents, the whole of which will be credited to the General fund. The land-cess estimate is 93 per cent. of the demand, and satisfactory. The contribution of Rs. 500 for the Ranipet dispensary, taken credit for in the budget of the late Chittoor circle submitted by the Board, will be struck out from both sides of the account. The contribution from the mahant of Tati is correctly shown under endowments, and it is not understood why the amount paid in 1882-83 was credited to "miscellaneous." The President's statement in paragraph 10 of his letter printed in the Board's Proceedings read above, that the dispensary building at Tirupati is expected to be completed in 1883-84, does not appear to be correct, since Rs. 5,000 for the completion of the work are provided in the budget for 1884-85. A contribution of Rs. 15,000 is provided in the budget of the late Vellore circle for a causeway across the Pálár, but no credit was taken for the amount in the budget of the late Chittoor circle, nor is any provision made for the work. The circles having been amalgamated, the contribution from one to the other will be struck off; but this must not be taken as any indication on the part of Government that the work is not in their opinion a highly desirable one. On the contrary, the Right Honorable the Governor in Council would view its construction with the greatest satisfaction. The President will report as to the steps which the Local Fund Board propose to take during the year, in view to the construction of this work. In paragraph 3 of the Vice-President's letter submitting the estimates of the late Vellore circle, it is stated that estimates are being prepared in the Chittoor circle. The absence of any provision calls therefore for explanation. For the repair of roads Rs. 1,58,030 are provided against Rs 1,88,720 in 1883-84. The Road fund reserve should be Rs. 18,330, and this amount is provided in the budget. The share of the cost of the Local Fund Engineering establishment, general management, tools and plant and contingencies debitable to the Road fund should be Rs. 24,890, 8,520, 2,690, and 2,490, respectively. The total Road fund expenditure is Rs. 2,17,900, leaving a balance of Rs. 43,440.

4. Under education the provision for results grants is considered insufficient, and the Director complains that no allotment is made for the promised contribution towards the Chittoor High school building. The President promises to supplement the former provision in the course of the year; and, as regards the latter, it is hoped that sufficient funds will, as suggested by the President, be set aside when the new District Municipalities Act is introduced. The request made for contribution from Provincial funds of one-fourth pay of the medical subordinate attached to the Kuppam dispensary will be

referred to the Surgeon-General for remarks. In statement V submitted along with the budget of the late Chittoor Circle, Rs. 50 are shown as appropriation to the Endowment fund, for which, however, no credit is taken in statement IV. The total charges of the Ranipet dispensary are shown as Rs. 4,835 in statement IV-A, while only Rs. 4,230 appear in statement IV. In statement V again the total charges of unendowed hospitals are shown as Rs. 13,460, according to statement IV-A they are but Rs. 12,920. These discrepancies should be explained. The Endowment fund closes with a *minus* balance of Rs. 690 and the General fund with a *nil* balance and a reserve of Rs. 8,590, which is, however, Rs. 3,400 below 10 per cent. of its receipts.
