From the Consulting Engineer for Railways, dated 19th December 1883, No. 348.
From the Chief Engineer for Irrigation, dated 1st February 1884, No. 9 E.W.
Proceedings of the Financial Department, dated 3rd April 1884, Mis. No. 756.
Proceedings of the Board of Revenue, dated 5th June 1884, No. 1908.

Order—dated 7th July 1884, No. 1684 W., Public Works.

With their letter, No. 1029 G., dated 25th July 1883, the Government of India forwarded draft of a circular which it was proposed to issue, with a view to the Survey Department being supplied with information "as to all public works, such as canals, irrigation channels, railways, and roads, which have been lately constructed, are in course of construction, or are sanctioned ;" and they inquired whether the work imposed by the circular could be undertaken.

2. In reply to references on the subject, the Chief Engineer for Irrigation and the Consulting Engineer for Railways reported that there would be no difficulty in supplying the information asked for ; but, as regards roads, the Board of Revenue proposed, instead of the written lists of works required by the Surveyor-General, to furnish duplicate copies of the Local Fund road maps, which, it was said, showed the roads constructed, in course of construction, and proposed for construction.

3. The Government of India, however, did not consent to these road maps being transmitted to the Surveyor-General, but requested, in their letter, No. 1510 G., dated 30th November 1883, that lists of roads be prepared, under the orders of the Madras Government, from the road maps, and forwarded to the Survey Department.

4. In paragraph 3 of G.O., No. 3532 W., dated 8th December 1883, the Board of Revenue were instructed to forward the duplicate set of road maps to the Chief Engineer, to whom was delegated the duty of compiling the list of works required by the Surveyor-General.

5. The Board of Revenue have now submitted the road maps in question, but it has been found impracticable to compile from them a written list such as is required by the Government of India. In many cases no distinction is shown between old roads, roads lately constructed, and roads in course of construction or proposed for construction ; while no distinguishing names can be found for many of the main and branch lines of communication.

6. Paragraph 3 of G.O., No. 3532 W., dated 8th December 1883, will therefore be cancelled, and instead of the procedure therein prescribed, the Board of Revenue will be requested, in the Financial Department, to obtain from each Local Fund Board a written list for the year 1883, of roads which have been lately constructed, roads in course of construction, and roads sanctioned ; and to forward a compiled list to Government in the Public Works Department. A similar list should be submitted annually by 1st December.

7. The lists of irrigation and railway projects received from the Chief Engineer for Irrigation and from the Consulting Engineer for Railways will now be forwarded to the Surveyor-General.

Genl
Estabt

Ord:-

From the absence of distinguishing names &c in most cases, I has found it impracticable to identify the roads in the maps with those named in the Circle Budgets.

1684-7

The Budgets moreover only give ~~allotments~~ roads for which allotments are granted. We cannot therefore be sure about all roads sanctioned but not commenced.

The accompanying draft order is therefore submitted for approval.

23/6/84

It is proposed to send up only a few sample maps for ~~app~~ his inspection.

12

S.A.W.

Draft appended. It is evidently quite impracticable to do the needful in this office from the information available & from the maps sent. Four sample maps may go to Govt as proposed.

Proceedings of the Finl. Dept .. No. 756 (Mis) d/ 3d April/84

Proceedings of the Board of Revenue .. No. 1905 d/ 5th June 1884

Note – Only four of the maps are forwarded as samples for Govt inspection

With their letter No. 1029 G. dated 25th July 1883, the Government of India forwarded draft of a Circular which it was proposed to issue, with a view to the Survey

Department being supplied with information" As to all Public Works, such as canals, irrigation channels, railways, and roads, which have been lately constructed, are in course of construction, or are sanctioned";— and they inquired whether the work imposed by the Circular could be undertaken.

2. In reply to references on the subject, the Chief Engineer for

for Irrigation and the Consulting Engineer for Railways reported that there would be no difficulty in supplying the information asked for; but, as regards roads, the Board of Revenue proposed, instead of the written lists of works required by the Surveyor General, to furnish duplicate copies of the Local Fund road maps, which, it was said, showed the roads

constructed,

constructed, in course of construction, and proposed for construction.

3. The Government of India however did not consent to these road maps being transmitted to the Surveyor General, but requested, in their letter No. 1510 G. d/ 30th Novr. 1883, that lists of roads be prepared, under the orders of the Madras Government, from the road maps, and forwarded to the Survey Department.

In

4. In para 3 of G.O. No. 3532 W dated 8th Decr. 1883, the Board of Revenue were instructed to forward the duplicate set of road maps to the Chief Engineer, to whom was delegated the duty of compiling the list of works required by the Surveyor General.

5. The Board of Revenue have now submitted the road maps in question, but it has been found

impracticable

impracticable to compile from them a written list such as ~~that list~~ is required ~~down~~ by the Government of India. In many cases no distinction is shown between old roads, roads lately constructed, ~~those~~ and roads in course of construction or proposed for construction, ~~and~~ while no distinguishing names can be found for many of the main and branch ~~roads~~ lines of communication.

6. Para 3 of G.O. No. 3532W dated 8th December

December 1883, 1884-5 will therefore be cancelled, and instead of the procedure therein prescribed, the Board of Revenue will be requested, in the Financial Department, to obtain from each Local Fund Board a written list for the year 1883, of roads which have been lately constructed, ~~are~~ roads in course of construction, ~~and have~~ ~~been~~ and roads sanctioned; and

5

and to forward a compiled list to Government in the Public Works Department. A similar list should be submitted annually by 1st December.

7. The lists of irrigation and railway projects received from the Chief Engineer for Irrigation and from the Consulting Engineer for Railways will now be forwarded to the Surveyor General.

(H.E. No. 1685 W d/ 7th July)
