## NOTE OF REMARKS.

The plan and estimate  
herewith submitted are  
for the repair of the  
District Court House at  
St. Louis. The estimate  
amounts to \$2,250, which  
exceeds the funds of the  
present value of the  
building \$1,200.

The work proposed to  
be done is to remove the  
whole of the existing  
roof which covers the  
rooms running the entire  
length of the building,  
and the open veranda  
on the sides of the roof,  
and then to re-roof the  
center rooms with tiles  
supported on timber,  
and the veranda with  
flat tongued iron.

tiled roof is unsafe. By  
 covering the verandahs  
 with flat terracing the  
 ventilation and lighting  
 of the center rooms may  
 be improved by intro-  
 -ducing ventilators  
 between the tiled eaves  
 and the terracing. It  
 is intended to improve  
 the present office accom-  
 -modation, and to effect  
 this satisfactorily it is  
 necessary to form a bay  
 room.

3. The scantlings of tim-  
 -bers are not in accord  
 with those laid down  
 in the standard spe-  
 -cification but they  
 may be accepted as  
 safe.

4. The plan and estimate  
 have been counter-  
 signed by the District Judge
