BOARD OF REVENUE, 23RD JUNE 1884, No. 2173.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from C. A. GALTON, Esq., Acting Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 7th June 1884, No. 584:—

I have the honor to state that I removed my office to the Municipal buildings on the 26th ultimo, in accordance with instructions received from Government by telegram.

2. As these buildings required certain alterations to adapt them for use as a cutcherry, I ordered them to be carried out at once in anticipation of the Board's sanction. I request, therefore, that a fresh allotment of Rs. 1,000 may be sanctioned at an early date to meet the unexpected charge.

3. I take this opportunity of bringing to the notice of the Board that my present office is nearly three-fourths of a mile from the Treasury, Record-room, Currency Office, Press and Bank. As papers have to be constantly carried between the new cutcherry and these offices, I find it very difficult to manage with the present establishment of peons and attenders. I therefore request that the temporary establishment as per margin may be sanctioned as it is absolutely necessary.

4. It is very desirable that my office should be in communication, by telephone, with the Treasury, Currency Office, Record-room and Bank. I therefore request the Board will also be pleased to accord their sanction for the construction of a line, instructions being issued through the proper channel to the Chief Superintendent of Telegraphs here to complete the work without delay. This will be an immense convenience, and will save the messengers many trips per diem, whilst the cost of upkeep will be trifling and will merely require an adjustment between Provincial and Imperial.

RESOLUTION—dated 23rd June 1884, No. 2173.

The additional allotment of Rs. 1,000 is sanctioned from savings in other districts under "Civil Buildings in charge of Civil Officers."

2. The sanction of Government is requested to the entertainment of the temporary establishment asked for in paragraph 3 of the Collector's letter, at a cost of Rs. 34 per mensem. The Board agree with the Collector as to the necessity for his office being

connected by telephone with the Treasury Office, Bank, &c., and request that instructions may be issued through the proper channel to the Chief Superintendent of Telegraphs at Calicut for laying down a line at an early date.

3. A proposition statement in the prescribed form is herewith submitted.

Proceedings, 23rd June 1884, No. 2173.

Sanctioning the additional Allotment of Rs. 1,000 in connection with the removal of Malabar Collector's Office to the Municipal Buildings; requesting sanction of Government to the entertainment of Temporary Establishment asked for by the Collector at a cost of Rs. 34 per mensem; and agreeing with the Collector as to the necessity for his office being connected by Telephone with the Treasury Office, Bank, &c.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

3rd July 1884, No. 3197.

Military Buildings.

Read the following paper:—

No. 63. From Brigadier-General R. C. STEWART, Quarter Master General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 1st July 1884, No. 423-C.

With reference to previous correspondence ending with this office letter, No. 2175, dated 2nd April 1884, to the address of the Controller of Military Accounts, which has been submitted to Government by that officer, on the subject of the supply of chicks or tatties to military buildings on the Western Coast during the monsoon, I have now the honor by order to submit the enclosed letter * from the Brigadier-General Commanding Western District representing that the rainy season is approaching on that coast and that the Officers Commanding Malapuram, Mangalore, Quilon, and Trichoor report that tatties are absolutely necessary as a protection from the monsoon to the military buildings there.

2. The Controller of Military Accounts states that funds to the extent of Rs. 2,000 can be made available for the purpose, and I am to request that the sanction of Government may be accorded for placing the requisite funds at the disposal of the Public Works Department or the regimental authorities, as may be decided, to meet the requirements of the stations under the above head.

3. This opportunity is taken of soliciting a general ruling of Government on the above-quoted letter to the Controller of Military Accounts as to whether the supply of chicks and tatties to barracks and buildings on the Western Coast should be made by the Public Works Department, or provided for regimentally on funds being supplied to the latter from the military budget.

4. The return of the correspondence now forwarded is requested.

From Brigadier-General B. L. GORDON, c.b., Commanding Western District, to the Quarter Master General; dated Cannanore, 16th April 1884, No. 68-G.

In continuation of my No. 38-G., dated 1st March 1884, and with special reference to para. 4 thereof, I have the honor to invite attention to the fact that the rainy season is approaching and that the Officers Commanding Malapuram, Mangalore, Quilon, and Trichoor report that tatties to certain buildings are absolutely necessary during the monsoon at their various stations.

2. The Officer Commanding Mangalore submits an estimate for work of this nature at his station amounting to Rs. 190, and requests that funds may be early placed at his disposal.

3. The provision of extra monsoon shelter to the exposed faces of houses on the coast is, I am informed, absolutely necessary, and such shelter has hitherto been provided where necessary for military buildings.

4. I have the honor to solicit information as to whether funds for this service can be provided, and, if so, from what source.

No. 64.
