Read—the following proceedings of the Board of Revenue, dated 19th June 1884, No. 2123 :—

Read—the following letter from H. SEWELL, Esq., President of the Local Fund Board, Trichinopoly, to the Secretary to the Board of Revenue, dated 9th June 1884, No. 557 :—

With reference to G.O., No. 3704 W., dated 24th December 1883, I have the honor to submit, for sanction, a revised estimate, amounting to Rs. 11,470, for forming a road from Palavaduthi to Vaiyampati. The estimate has been revised in accordance with the instructions of the Superintending Engineer, who recommended a deviation of alignment proposed in order to avoid rock. A copy of Local Fund Board's proceedings, No. 154, dated 28th May 1884, resolving to submit the revised estimate for sanction, is enclosed.

ENCLOSURES.

Proceedings of the Local Fund Board, Trichinopoly, at a meeting held on Wednesday, the 28th May 1884, No. 154.

Read letter No. 21 from Local Fund Engineer returning revised, Rs. 11,470, the original estimate for forming a new road from Vaiyampati to Palavaduthi, sanctioned in G.O., No. 3704 W., dated 24th December 1883.

Resolution—The revised estimate will be submitted to the Board of Revenue for sanction. It is noted that the saving in the amount has been effected by carrying out the instructions of Government.

From the Board of Revenue

NOTE OF REMARKS.

1776

1. The accompanying revised estimate provides for forming a road from Palaniyuthy to Vyanpatti, Trichinopoly District. The revised estimate amounts to Rs. 11,470 — or Rs. 2,930 less than the original, Rs. 14,400, sanctioned in G.O. No. 3704 of the 24th Dec/83.

2. Para. 2 of the G.O. above quoted runs thus: — "Before carrying out work on the second and third miles, the Local Fund Engineer should, as suggested by the Superintending Engineer, carefully examine the ground in view to an alteration of alignment."

27.7.84 R. 19.7.84

"whereby the heavy cost of rock cutting at the end of the second mile may be avoided." In obeying these instructions the L. & S. discovered, and has adopted a better alignment of road than that originally chosen. The alteration of alignment is shown on the survey herewith submitted, from which it may be gathered, as also from the estimate, that the former great demand for rock cutting does not exist on the new line.

3. Though no comparative statement has been submitted, the full extent of the proposed change may be learnt from survey and estimate.
