No. 159

Rushikulya D^r Office,
Mundamari
17th May 1884

From,

The Executive Engineer
Rushikulya Division
To,
The Sup^r Engineer
First Circle.

Sir,

I have the honor to inform you that the Examiner has finally disallowed the appointment of Ghumsingh Sala as Head Clerk in this Division office. That appointment was approved by you in your rescript No. 471 G. N. of 7th February 1884 on this Office No. 58 of 14-1-84.

The Examiner disallows the appointment because Ghumsingh has not passed the Examination in P. W. Code laid down for Clerks and also with reference to paras 184 & 185 of the P. W. Code.

Ghumsingh is prepared to go up for the next examination in the P. W. Code procedure. He has been exempted from passing the General Text (required in para 184 of the Code) in G. O No. 3046 of 30th December 1872, and as the Examiner was aware of that fact, I do not understand his reference to para 184 of the Code as a reason of disallowance. I hope

therefore that you will bring Ghun-
singh's case to the notice of Gov-
ernment and recommend the re-
tension of his services in this ap-
pointment as Head Clerk in this D.
I have also the honor to draw at-
tention to the great delay that has
taken place in the settlement of this case.

Ghunsingh was appointed Head
Clerk by me on the 15th of January 1884.
The appointment was approved of by
you on the 7th of February, and objected
to by the Examiner on the 14th of February.
The Examiner's objections were answered
by me on the 28th February and the dis-
allowance list containing those ob-
jections and answers were forward-
ed to the Examiner by you on the 11th of
March. The list was then detained
in the Examiner's Office till the 7th
of May and all this time the Head
Clerk was working without drawing
any pay.

In my No. 99 of 2 May 1884
I explained that I had advanced
one month's pay to Ghunsingh as he
was unable to carry on work any
longer without money.

Till the question of his retention
of his appointment or not is settled
Ghunsingh will continue to perform
the duties of Head Clerk and should
Government decide to dispense with
his services I hope no objection will
be made to his being paid for work
actually done.

in the P.W.D. Code. Under the cir-
cumstances Govt. may authorise to

Proceedings of the Madras Government, Public Works Department,
30th December 1872.

No. 491. Read the following letter from the District Engineer, Ganjam
District, to the Chief Engineer and Secretary to Government, Public
Works Department, dated Chatterpore, 15th December 1872, No. 8:—

I HAVE the honour to forward for sanction the District Engineer and two
Range Office Establishments of Ganjam as I propose them to be under the new
organization of the department. No one in these establishments will receive a
less salary than he received before and most will receive a higher salary.

2. In the District Engineer's Office I propose Ghun Singh as Accountant;
he has been my head and for greater part of time my only writer and accountant,
and has therefore had much to do with preparation of Rooskoolia Project estimates,
etc; it is on that account convenient that he should be retained in the District
Engineer's Office; he is a very good writer and accountant; and in General Test
Examination in 1868, passed in Handwriting, Dictation, Spelling, Arithmetic,
Geography, and Composition and was rejected in History only; since then he has
been fully employed in my office and I recommend that he may be exempted from
passing the General Test Examination.

3. T. Nursimloo Naidoo is a neat draughtsman, but I only propose he should
draw Rupees 35 until he has had more practice in estimating and can survey and
level; I think it will be found necessary to have two draughtsmen in the office,
and I propose therefore to entertain K. Venketrutnum as draughtsman instead of
a clerk, but until he passes an examination he will only draw Rupees 19-8-0; these
two men are the Draughtsmen that have been employed on Rooskoolia Project
and that the Government in their Order No. 2,686, dated 15th November 1872,
ordered to be received into the District Engineer's Office.
