Read—the following letter from the Inspector-General of Registration, dated 28th June 1884, T. No. 2528 :—

Referring to G.O., Judicial Department, Mis. No. 1523, dated the 18th June 1884, I have the honor to state that it does not appear to be advisable to disturb the allotments made in the Public Works budget estimate for 1884-85 for the construction of registration offices ; and as no work can be carried on in the Wynaad during the south-west monsoon, I think the question of allotting funds for the construction of quarters for the sub-registrars at Gúdalúr and Vayitri may lie over till November or December next, when it may be possible to make a special grant from Provincial Services to Public Works.

2. The receipts from registration during the last two months of April and May are in excess of those realised during the corresponding months in 1883 by no less than Rs. 15,285, and I hope by November next there will be a pretty large sum of money available.
