READ—the following papers:—

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 28th June 1884, No. O-188.

I have the honor to submit, for the sanction of the Right Honorable the Governor in Council, an estimate prepared by the Executive Engineer, Presidency Division, amounting to Rs. 537, for erecting two shower baths and two douche baths in the General Hospital, Madras.

2. The cost may be debited to the allotment for petty construction and repairs to civil hospitals at the Presidency.

ENCLOSURE.

From Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, V Circle, to the Secretary to the Surgeon-General with the Government of Madras, dated Chepak, 21st June 1884, No. 1145.

With reference to G.O., No. 1111 W., dated 3rd May 1884, I have the honor to forward, for your disposal, according to paragraph 3 of G.O., No. 483 W., dated 21st February 1884, an estimate of Rs. 537 for constructing two shower baths and douche baths in the General Hospital at Madras.

2. It is proposed to put one shower bath and a douche bath on the ground floor in the lavatory near the kitchen, and one shower bath and a douche bath in the lavatory immediately above in the second story. The head of water for the ground floor baths will be got from the top cistern and that for the second story from the tank in the nurses' quarters in the third story.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

ORDER—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and counter-signature. If the Collector be satisfied as to the suitability of the proposed accommodation, &c., he will transmit the papers through the Board of Revenue to Government in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O., No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who, after obtaining the approval of His Excellency the Commander-in-Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

* NOTE.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

21st FEBRUARY 1884, No. 483 W., PUBLIC WORKS.

6. The Secretary, Code Committee, will take the necessary steps for embodying these rules in the Public Works Code, in modification of paragraphs 1168 and 1335.

READ—the following letter from Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Engineer and Secretary to Government, Public Works Department, dated Madras, 28th March 1884, No. 84 :—

With reference to G.O., dated 28th November 1883, No. 3403 W., I have the honor to forward, for the sanction of Government, the accompanying plan and estimate, amounting to Rs. 2,120, for making certain alterations to the Females' Hospital in the Madras Penitentiary.

2. The floor of the existing building is on the same level as the ground outside which makes it damp and unfit for a hospital. It is proposed to raise the floor 2 feet, to remove the present terraced roofing, to heighten the walls to 13 feet 6 inches and to substitute a tiled roof. New doors and windows will be provided, the existing ones being too small. The windows ought to be protected with iron bars; in addition to the windows there ought to be iron barred ventilators. The steps should be of stone not of brick.

3. I also enclose for sanction, an estimate, amounting to Rs. 1,670 for general repairs to the prison buildings in the Penitentiary.

4. These works can be carried out departmentally; and if convict labor is utilized there will be a large saving in the estimate.

5. The letter from the Executive Engineer, Presidency Division, is likewise enclosed.

ORDER—dated 16th April 1884, No. 982 W., Public Works.

The estimate, amounting to Rs. 2,120, for improvements to the Women's Hospital at the Madras Penitentiary, is sanctioned for execution by the Jail Department.

2. The estimate for repairs to buildings in the Penitentiary will be forwarded to the Superintending Engineer, V Circle, for disposal.

3. The attention of the Executive Engineer, Presidency Division, and of the Inspector-General of Jails, will be drawn to G.O., No. 483 W., dated 21st February 1884, prescribing the channel through which estimates for civil buildings should be submitted.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 8 W. of 1884-85 and classified as Civil Buildings, Original Works.
