GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from L. R. BURROWS, Esq., C.S., President, Ootacamund Municipality, to the Chief Secretary to Government, dated Ootacamund, 9th July 1884, No. 218 :—

I have the honor to submit an extract from the Proceedings of the Municipal Commissioners of Ootacamund, passed at a meeting held on the 3rd July, and to state in explanation of it that the whole of the Rs. 25,000, the portion of the grant of Rs. 75,000 (referred to in G.O., dated 5th April 1884, No. 696 P.), retained by the commissioners in their own hands, has been expended on improvements as explained in letter embodied in G.O., No. 1241 W., dated 26th April 1883. When the Chemical Examiner for Government, therefore, sent in his bill (also enclosed) for Rs. 440 for analyses of water, the Executive Engineer was requested to pay it out of the Rs. 50,000, (the other portion of the grant of Rs. 75,000) which had been handed over to the Public Works Department, and he replies in his letter, dated 30th June 1884, No. 344, as quoted in the Resolution. It appears therefore that nothing remains of the grant of Rs. 75,000 from which Government directed the charge for analyses of water to be met but the Rs. 10,000, which the Executive Engineer states was resumed by Government in G.O., No. 3296 W., dated 13th December 1882. The commissioners therefore request that Government will be pleased to direct that this bill for Rs. 440 may be paid out of that sum of Rs. 10,000.
