GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 3rd June 1884, No. 268 E.W.

With reference to your No. 1014 C., dated 15th May 1884, I have the honor to forward, for your information and for instructions, a letter (in original), No. 104 S.E. 4th, of 29th idem, from the Examiner of Public Works Accounts, regarding the servants' quarters proposed to be constructed for the dwelling-house of the Sub-Collector at Vellore. As mentioned in my letter, No. 197 E.W., dated 25th April 1884, the estimate was framed at the request of the Collector.

From the same Officer, dated Arni, 1st July 1884, No. 287 C.-E.W.

As requested in your memorandum, No. 1130, dated 14th June 1884, I have the honor to report on the subject of the servants' quarters proposed for the Sub-Collector's residence in the Fort of Vellore.

2. The bungalow now occupied by the Sub-Collector is the same that was used up to 1860 by the Brigadiers. It is a large upper-storied building. The Sub-Collector lives in the rooms of the upper-story, and the ground floor is occupied by his office, record, stores and servants.

3. In the compound in rear of the building there is a cook-room, stable and coach-house. There are also, at about 200 feet from the main building, traces of what are said * to have been servants' quarters. These latter are stated to have been in a dilapidated state, and to have been blown down in a storm about seven years ago.

4. From the fact of their having been seriously damaged by the storm and not repaired or rebuilt, I conclude that they were in a ruinous state before the storm, and that they were not considered very necessary. Anyhow, this is the first time that a demand for servants' quarters has been made. During the last seven years the servants must have lived either in the ground floor rooms of the main building or in the town outside the Fort.

5. The Sub-Collector's rent was formerly only Rs. 30 per month, and was raised about 18 months since on a special valuation of the building, allowance being made for the fact that part of it is occupied by his office and stores. The rent now paid by the Sub-Collector is Rs. 60.

6. The estimate for the proposed servants' quarters is Rs. 830, and a suitable rent would be Rs. 5, which would make the total rent to be paid by the Sub-Collector in future Rs. 65.

7. I send herewith a rough sketch showing the dimensions of the ground-floor and godowns of the Sub-Collector's bungalow.

30TH JULY 1884, No. 1847 W., PUBLIC WORKS.

From the same Officer, dated Coimbatore, 16th July 1884, No. 329 E.W.

With reference to your memorandum, No. 1232 D., of 10th instant, I have the honor to forward, for sanction, a plan and estimate, amounting to Rs. 840, for constructing servants' quarters for the Sub-Collector's bungalow at Vellore.

ORDER—dated 30th July 1884, No. 1847 W., Public Works.

The estimate, amounting to Rs. 840, for constructing servants' quarters for the residence of the Sub-Collector at Vellore, is sanctioned for execution when funds are available.

2. It is noted that the provision of this additional accommodation will involve an increase of Rs. 5 per mensem to the rent now paid by the Sub-Collector.

3. This sanction has been registered as Provincial No. 102 W. of 1884-85, and classified as Civil Buildings, Original Works.

Servants' Quarters

Estimate of Rs. 840 for constructing —
for the Sub-Collector's residence at Vellore,
sanctioned with remarks.

Should it not be also asked
whether additional rent is to
be paid - in respect of the
additional accommodation
& increased capital outlay?

1847 W

W. 1884
11-6-84

To W
This is a matter which
will require consideration.
A clause has therefore
been added to the draft.

R.S.
11-6-84

4

1847

5989

To Gov

S. A. W.

As a rule of Rs. 60 per annum
is L. L. which for the quarters which
will cost Rs. 140, I think the
estimate may be made L. L. which
out when funds are available. The
conditions of para 1680 are sufficiently
justified, in my opinion.
Draft sanction etc. for W's approval.

Cf.
23-7-84

For orders whether, in
the circumstances reported
by the Supply Dept in his
letter No 287C of 1.7.84,
The estimate amounting to
Rs 840, for constructing
servants quarters for the
Sub Collector's bungalow
at Vellore, shall be
sanctioned.

The C in his letter
No 10452.4. of 29.5.84, invites
consideration of the question
whether the provision of these
out-offices could be looked
upon as a bona fide public
work, to be provided at the
expense of the state, having
in view the provision of
Code para 1680.

It would appear from
the S. & S report that what
were supposed to have been
the original servants quarters
were blown down about
seven years ago, that the
present is the first demand

on the A.W.B. for the provision
of such quarters -

The S.B. Notes that the
Sub Collector now pays Rs 60
per mensem for his house,
& that if the servants' quarters
be constructed, an addition
of Rs 5 per mensem to the
rent would be proper.

No. 104564

From

THE EXAMINER,

PUBLIC WORKS ACCOUNTS,

MADRAS,

To

The Superintending Engineer,

4th Circle,
Madras,

29th May

1884.

Sir,

With reference to the Chief Engineer's (P.W. Depart-
ment) memo No. 1014 C. of 15th. May 1884, I notice that one of
the Estimates referred to is for "constructing servants'
quarters" and this will have to be treated as an original
work and the Estimate submitted to Government for sanction.
But I would inquire whether the "construction of servants'
quarters" for dwelling for a Sub Collector should be looked
upon as a bona fide public work to be provided for at the
public expense and on this point I would invite attention
to Code para 1680.

I have etc. etc.
