Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Wellington, 4th June 1884, No. 255 E.W.:—

With reference to G.O., No. 45 W., of 10th January 1884, I have the honor to request that an allotment of Rs. 6,312 may be made to meet the compensation settled by the Collector for the piece of land on the northern margin of the lake at Ootacamund required for the construction of the pipe sewer.

ORDER—dated 16th June 1884, No. 1497 W., Public Works.

The sum of Rs. 6,312, required for payment of compensation for the land to be taken up on the northern margin of the Ootacamund lake for the construction of the pipe sewer, will be met from the allotment of Rs. 14,200 provided for the Ootacamund bazaar drainage scheme in the current year's Provincial budget, item No. 157. Any further allotment of funds that may be required for the project should be applied for later in the year.

2. The estimates already sanctioned for the Ootacamund drainage project will be increased by the amount of compensation, with reference to paragraph 3 of G.O., No. 1112 W., dated 5th May 1884. The total sanction will then be Rs. 2,07,247.

Sir,

With reference to G. O. No 1479 W of 16th June 1884, I have the honor to point out that, as the charge of Rs 6,312 for compensation for land taken up for the Lake Sewer is, under instructions from the Examiner, to be adjusted in the Supplemental Accounts for March 1884, provision of funds in the current official year appears to be unnecessary and may be cancelled.
