GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepâk, 30th June 1884, No. 517.

With reference to previous correspondence, &c., ending with Public Works G.O., No. 1153 W., dated 7th May 1884, I have the honor to submit, for sanction, three plans and four estimates, the latter amounting to Rs. 13,930, for erecting coach-houses, stables and a latrine, the two former for the use of the officials, and the latter for the natives attached to the combined post and telegraph offices, Madras.

3 Tracings.
4 Estimates.
4 Duplicate abstracts.
1 General abstract.
1 Specification.
1 Report.

2. The plan of the buildings has been approved by both the Postmaster-General and the Telegraph Superintendent.

3. Owing to the dry-earth system of conservancy now adopted in the post and telegraph offices, an outside latrine is essential.

4. As these buildings will be erected at a corner where two streets cross each other, a little adornment has been considered desirable.

5. The favor of early orders is solicited.

From the same Officer, dated Chepâk, 23rd July 1884, No. 654.

With reference to your verbal order, I communicated with the Chief Superintendent, Madras Telegraph Department, and with the Postmaster-General regarding the erection of a large joint latrine for all the employés of the two departments on the plot of ground lately purchased near the post and telegraph offices under the authority of Public Works G.O., No. 1153 W., dated 7th May 1884. These officers reply that they would prefer having the stables and coach-houses for the officers of their departments erected on this piece of ground together with a latrine for the native employés of their offices, the present latrines for Europeans and others being retained in the main building.

2. As this is the arrangement for which plans and estimates were submitted to you with my No. 517, dated 30th June 1884, I have the honor to request you will kindly sanction those plans and estimates as funds are available for the work, the early completion of which is desirable.

Order—dated 1st August 1884, No. 1866 W., Public Works.

The estimates, amounting to Rs. 13,930, for constructing coach-houses, stables and latrine for the combined post and telegraph offices at Madras, are sanctioned as follows :—

	Rs.
Postal	7,160
Telegraph	6,770

The total amount of the estimate for the buildings will now stand at Rs. 6,32,344.

2. The expenditure under Postal will be met from the budget provision under that head. Application has been made to the Government of India for an additional grant under Telegraph.

3. This sanction has been registered as Imperial Other Services No. 24 W. of 1884-85, and classified as Civil Buildings, Original Works.

4. Ordered that a copy of these proceedings be forwarded to the Government of India, in continuation of No. 1758 W., dated 17th July 1884.

(Here enter No. 1867 W., dated 1st August 1884.)

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 8th April 1884, No. 37.

I have the honor to state that on the receipt of G.O., No. 481 W., dated 21st February 1884, sanctioning the purchase of additional land on which to erect stables for the officials of the postal and telegraph departments, I requested the Deputy Collector to take the necessary steps for acquiring the same, that officer having previously stated that it could be acquired for Rs. 3,000. I herewith forward his reply, from which it will be seen that the acquisition of the land will involve an expenditure of Rs. 3,610, instead of Rs. 3,000 as he originally estimated.

2. I, on receipt of the Deputy Collector's letter, addressed the Collector, and enclose his reply, in which he states that the land is worth more than Rs. 3,000.

3. The acquisition of the land (on which to construct stables for the post and telegraph offices or any other Government building) is a matter of urgent necessity, as hardly any land is available in that part of Madras for Government purposes, and the post and telegraph officers will have to be provided with stables built on this or on some other site.

4. I have therefore the honor to solicit early orders may be given me on the subject.

ENCLOSURES.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadûr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 16th January 1884, No. 54.

In reply to your letter of the 1st ultimo, No. 1148, I have the honor to inform you that the properties therein named will cost not more than a sum between Rs. 2,800 and 3,000.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadûr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 8th March 1884, No. 268.

With reference to your letter, dated 29th February 1884, No. 1593, and its enclosures, I have the honor to inform you that owing to unforeseen contingencies, such as the existence of minors, the properties required by you in Moor Street, Moothial Pettah, in connection with the new Government telegraph office cannot be acquired except under the provisions of the Land Acquisition Act X of 1870. This change in the procedure, together with some error of calculation in the first estimate, will involve an additional expenditure of Rs. 610 by way of compensation, &c., for the forcible nature of the acquisition, over and above the Rs. 3,000 already sanctioned; and will take some time before the properties could be handed over to you. A notification, in duplicate, is therefore forwarded, which may be published in the Government gazette with the sanction of Government.

2. If, however, you forward to me the Rs. 3,000 now available immediately, and arrange to forward the balance, Rs. 610, as soon as practicable, I shall try to put you in possession of all the three properties in a short time from the date of the publication of the notice.

3. The two tracings forwarded with your letter under reply are herewith returned.

5

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Collector of Madras, dated Chepâk, 13th March 1884, No. 1634.

With reference to Public Works G.O., No. 481 W., dated 21st February 1884 (paragraph 2), I have the honor to request your aid in helping me to acquire for Government the plot of land referred to for a sum not exceeding Rs. 3,000.

2. Two letters from the Deputy Collector are forwarded, for your information, together with two tracings, all of which please return at your convenience.

From C. D. MACLEANE, Esq., Acting Collector of Madras, to the Officiating Consulting Architect to Government, dated 3rd April 1884, No. 320.

With reference to your letter, No. 1634, dated the 13th March 1884, I have the honor to inform you that I regret I cannot help you, as the land referred to is worth really more than the sum of Rs. 3,000.

2. The enclosures to your letter under reply are returned.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 23rd April 1884, No. 102.

With reference to paragraph 1 of your memorandum, No. 17 E., dated 17th April 1884, I have the honor to resubmit the tracings referred to.

2. According to the draft notification sent by the Deputy Collector, which is also enclosed, the area of the whole land, consisting of three separate properties, is one ground and 1235½ square feet.

ORDER—dated 7th May 1884, No. 1153 W., Public Works.

The land referred to will be taken up under the Land Acquisition Act, as recommended by the Deputy Collector of Madras in his letter to the Consulting Architect to Government, No. 268, dated 8th March 1884.

2. The Collector will take order for the acquisition of the land in accordance with the provisions of Act X of 1870, the requisite notification being published in the *Fort St. George Gazette*.

READ—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 27th June 1884, No. 503.

Under paragraph 1807 of the Public Works Code I have the honor to forward, for approval and sanction, two supplemental estimates, one relating to the telegraph office, amounting to Rs. 1,757, and the other to the post office, amounting to Rs. 3,854.

2. The telegraph office estimate embraces double rattan blinds with cloth, wooden railings over some of the counters, cast-iron rails in front of a counter, and double and single barrelled pumps.

3. The post office estimate includes a spiral staircase, iron doors at west end of large hall, iron barred partition in stationery store-room, punkahs, rails over counter, double rattan blinds, canvas blinds on rollers, and one single-barrelled pump.

4. These works have been carried out at the request of the postal and telegraph authorities, and were quite necessary to enable the officials of those departments to occupy the building with any degree of security and convenience. None of these works were provided in the sanctioned estimate, and their necesssity could not well have been foreseen.

From the same Officer, dated Chepâk, 3rd July 1884, No. 543.

With reference to your memorandum, No. 1182 C., dated 30th June 1884, I have the honor to request that a sum of Rs. 8,000 may be granted on account of telegraph office work. The estimate for the work has slightly been exceeded and a full explanation of this excess will be given in the completion report. Some of the above money will be needed for the stables, &c., to be built on the site near the offices.

ORDER—dated 17th July 1884, No. 1757 W., Public Works.

The undermentioned estimates are sanctioned, as supplemental to the general estimate referred to in G.O., No. 23 W., dated 6th January 1883 :—

					Rs.
17/1	Additional fittings and fixtures to the new telegraph office at Madras.				1,757
17/2	Do.	do.	to the new post office at	do.	3,854
				Total ...	5,611

79

The total amount of the estimate for the building will now stand at Rs. 6,18,414, as shown in the margin.

	Post Office.	Telegraph Office.	Total.
	Rs.	Rs.	Rs.
Sanction referred to in G.O., No. 23 W., dated 6th January 1883 ..	3,13,788	2,91,748	6,05,536
Additional amount sanctioned in G.O., No. 3912 W., dated 12th November 1883 ..	2,932	..	2,932
Do. do. in G.O., No. 2140 W., dated 4th August 1883.	..	4,235	4,235
Amount of present sanction ..	3,854	1,757	5,611
Total ..	3,20,574	2,97,840	6,18,414

2. The amount required for expenditure on the additional work to the post office will be met from the provision of Rs. 38,200 made in the Imperial Other Services budget for the work, and the cost of the additional work to the telegraph office will be met from the grant of Rs. 8,000 applied for by the Consulting Architect, if sanctioned by the Government of India.

3. These sanctions have been registered as Imperial Other Services No. $\frac{17}{1 \& 2}$ W. of 1884-85, and classified as Civil Buildings, Original Works.

4. A copy of these proceedings will be forwarded to the Government of India, with reference to their letter, No. 503 B., dated 23rd December 1882, and with request that the allotment of Rs. 8,000 required on account of the telegraph office at Madras may be assigned at an early date.

Dated the 30th June/84

From the Consg Architect to Govt

Note of Remarks.

1. The accompanying plans and estimate are submitted for constructing coach houses, stables and a latrine for the combined Post and Telegraph offices at Madras. The amount of this estimate is Rs. 13,930.

2. The amount, Rs. 13,930, is thus divided:—

Latrine for Post and Telegraph offices — Rs. 2,200;

Stabling for Post office, including Rs. 2,726 for land compensation, — Rs. 5,770;

Stabling for Telegraph office, including Rs. 2,726 for land compensation, — Rs. 5,380;

and compound-wall — Rs. 580.

As stated above, the latrine is common

23-7-84 1-8-84

to both offices. To the Post office are allotted a coach house to hold 2 coaches, another to hold 1 coach, and 4 horse stalls; to the Telegraph office, a harness room, a coach house to hold 2 coaches, and 4 horse stalls.

3. Neither Report nor Specification has been submitted; but plans and detail and abstract estimates have been well and carefully prepared.

4. Lt A. states that the plans of the buildings has been approved by the Postmaster Genl, and the Telegraph Supdt — Lt A. further adds in his enclosing letter: — "As these buildings will be erected at a corner where two streets cross each other a little adornment has been considered desirable."
