directed to meet no outlay in excess
of the original grant in the Budget
until the additional grant is sanctioned.

2. The Vice President, Keerapatam
Swick in a reply to the President simply
declined to sanction the additional
allotment, but stated that he would
try to provide funds if the Ex-Engineer
had incurred any excess expenditure.
The President had again called upon
the Vice President to move the Board
to reconsider their resolution, setting
forth the reasonableness of the
requisition for the additional grant.
The additional grant was, after much
delay, granted in Rev. Board's Process
N^o. 1579 Routine, in which the accountant
31-3-84
General was requested to arrange
for the adjustment of the expenditure.
It would appear that the grant was
sanctioned on the last day of the
official year.
