2. The following remarks should receive careful attention in the preparation of the final issue of the Budget Estimates, the Schedules of Establishment (Part III) being amended where possible :—

(*a*)—The Engineer and Upper Subordinate Establishments chargeable to Provincial Services only have been detailed in Part III of the Assam Budget Estimate for 1884-85. In the final issue of this estimate the entire establishment employed in the Administration should be detailed in the first instance and then the necessary distribution made to the several heads.

(*b*)—In the Central Provinces the provision for Supervisors is much in excess of the number actually employed, and it appears unnecessary to provide for a Sub-Engineer of the 1st grade.

(*c*)—In Burmah the transfers of Engineers and Upper Subordinates should be allowed for. At present, including the provision for supernumerary establishment, the estimate is in excess of the actual strength. The excess is in the 4th grade of Executive Engineers, in the 1st grade of Supervisors and in Overseers. If any more men are available for transfer their names should be reported at once, in order that the establishment charge, which is at present very heavy, may, if possible, be reduced. The reduction made in minor establishments, considering the great reduction in grant, is small, and it should be considered whether further reductions cannot be made.

(*d*)—In the Punjab only 18 Assistant Engineers of the 2nd and 3rd grades are provided for in 1884-85, while 21 are actually employed; provision should apparently be made for the remainder.

(*e*)—In the North-Western Provinces and Oudh there appear to be too many Upper Subordinates estimated for in the higher grades, and too few in the lower.

(*f*)—The Madras Budget for Engineer and Upper Subordinate Establishments is framed on the principle of estimating for full sanctioned strength, omitting men permanently lent, and then deducting a lump sum of Rs. 50,000 for absentees from the whole establishment. There seems to be a danger of over-estimating by pursuing this method. The Upper Subordinates especially being estimated up to full sanction in the higher grades appear to be in excess of actuals. The lump sum deduction may suffice, but it would be safer to estimate the numbers likely to be present in each grade of Engineer and Upper Subordinate Establishments for the year, and would moreover afford a better idea of what these two classes of establishment are really costing. A lump sum of Rs. 2,00,510 is entered for temporary establishment; this should be distributed over the several classes of establishment so as to show the nature of the temporary establishment.

(*g*)—Part III of the Budget of the Budget Estimate for 1884-85 has not up to the present been received from the Government of Bengal. If it is found impracticable to submit this Schedule with the preliminary issue of the Budget Estimate, arrangements should be made to submit it immediately after.

Order—Ordered that the foregoing be forwarded to the Local Governments and Administrations noted in the margin, for information and guidance, with the request that 35 printed copies of the Budget Estimate for Provincial Services and Incorporated Local Funds, prepared for the precise amounts adopted by the Government of India, may be forwarded so as to reach the Government of India not later than the 1st May 1884.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burmah, Assam and Coorg.
The Agents to the Governor-General for Central India and Rajputana.

Ordered also, that a copy be forwarded to the Government of India in the Department of Finance, and to the Accountant-General, Public Works Department, for information.

2. Alterations have been made in the revised estimate for 1883-84, in conformity with the total figures given in the statement embodied in the first paragraph of the resolution of the Government of India recorded above.

3. In accordance with G.O., No. 244 W. of the 28th January 1884, the budget for 1884-85 has been reduced by Rs. 50,000, and has been prepared for a total grant of Rs. 22,40,000.

4. As the estimate sanctioned in G.O., No. 107 W. of the 14th January 1884, for proposed additions to the divisional office at Berhampore, in the Ganjam division, is less than Rs. 2,500, the work has been omitted in the final issue of the budget under class A. The Superintending Engineer, I Circle, will apply for the requisite funds to carry out the work in his statement of demands on the reserve.

5. The grant for alterations of the roads and replanting Chepâk Park has been increased to Rs. 25,000, to admit of the new bridge over the Buckingham canal being proceeded with during the current year.

6. The provision made in the preliminary issue of the budget on account of items Nos. 17, 26, 53, 67, 82, and 90 have been withdrawn, as the grants are not now required; and the grants allotted for items Nos. 6 and 30 have been transferred so as to provide for the construction of the taluk cutcherries at Bhímavaram and Ammayanáyakanúr, in lieu of those entered in the preliminary issue of the budget, in accordance with G.O., No. 850 W. of the 28th March 1884, and No. 709 W. of the 15th March 1884. The grants provided for items Nos. 94 and 96 have been reduced by the amount of the allotments made for those works during 1883-84.

7. In accordance with paragraph 2 (f) of the resolution of the Government of India, No. 98 A.G., dated 13th March 1884, the budget for Engineer and Upper Subordinate establishments has been estimated for only the existing strength, and the lump sum provisions allowed for absentees and for temporary establishment have been distributed over the several classes of establishment.

8. For the class A. works noted below, for which provision of funds has been made in the final issue of the budget, detailed plans and estimates have not yet been

sanctioned. The Superintending Engineers concerned will expedite the submission of the same, in order to bring under rule the expenditure that may be incurred:—
