2. *Revised estimate for* 1883-84.—The land-cess is estimated at Rs. 2,47,000 against Rs. 2,70,000 in the budget. This sum represents 88 per cent. of the demand exclusive of irrecoverable arrears and may be accepted. Turning to charges, the outlay under grant I is in excess of the sanctioned budget by Rs. 39,320 owing to subsequent allotments sanctioned by the Board of Revenue. Under grant II, the contribution to Provincial funds for the deputy inspectors of schools should be shown under miscellaneous.

3. *Budget estimate for* 1884-85.—Excluding the opening balances, the total estimated receipts under the three minor funds amount to Rs. 2,62,530, or Rs. 14,940 below the revised estimate. The falling off appears chiefly under land-cess, and is due to the absence of as large arrears as in 1883-84. According to the foot-note to statement I, the anticipated collections under this head are Rs. 2,32,900, and this amount, which is only 86 per cent. of the total demand, will accordingly be entered in the estimate instead of Rs. 2,30,000 shown by the President and the Board. The transfer of the pound fund contribution and fishery rents from the road to the general fund is approved. The income from tolls will be raised by Rs. 420, and the contribution from the Chidambaram municipality (Rs. 150) will be struck out with reference to the Cuddalore and Chidambaram municipal budgets. The miscellaneous revenue will be raised by Rs. 500, Rs. 100 being the increase under bungalow fees, and Rs. 400 the income from the sale of sweepings anticipated in the revised estimate. Under charges, grant I, no provision is made for new works with the exception of Rs. 1,600 for a school-house; the maintenance grant of communications has been cut down to Rs. 1,10,000 owing, it is stated, to want of funds. As pointed out by the Board the cost of the engineering establishment (25 per cent. of the outlay on works) is excessive, and should be reduced to the limit of 20 per cent. The road fund reserve will be raised by Rs. 240 with reference to the alteration made in the land-cess and tolls estimates. The views of the Circle Board on the Director's proposals, called for in paragraph 6 of the Board's proceedings, are awaited. Under grant III the payment from Provincial funds of a fourth of the salary of the medical subordinate attached to the Chengam dispensary is sanctioned. It is not clear why the usual application

was not made. The general fund reserve will be raised to Rs. 4,410, and the road fund balance to Rs. 7,200, with reference to the increases for which credit is taken under land-cess, tolls, and miscellaneous.

2. *Regular Estimate for* 1882-83.—The regular estimate as amended by the Board of Revenue is accepted, but the Government observe that the Land-cess estimate is extremely low, the anticipated collections amounting only to 83 per cent. of the arrear and 61 per cent. of the current demand. As the year has since closed, the figures will be allowed to stand; but, unless the actuals are found to have considerably exceeded the estimate, the slackness of collection should be fully accounted for in the annual report. Under Charges the outlay on "Communications—New Works and Repairs" was considerably in excess of the budget provision, owing to subsequent allotments, chiefly on account of the incomplete works of 1881-82. The provision for the final adjustment of the famine debt of the circle is noted.

3. *Budget Estimate for* 1883-84.—Excluding opening balances, the receipts for 1883-84 are estimated at Rs. 2,94,980. The improvement on the regular estimate is the anticipated result of better Land-cess collections, partly counterbalanced by the falling off under Tolls in consequence of the abolition of the toll-gates of the late Vriddháchalam Circle. The estimate of Land-cess revenue, amounting only to 77 per cent. of the total demand, is considered fair by the Board of Revenue on the ground that one-fourth of the current demand falls due in the last month of the year. The same remark, however, applies equally to the demand for the previous year, and if the distribution of the kists is accepted as a sufficient reason for an unusually low estimate of current collections, the same reason should justify a correspondingly high estimate of the collections in arrear. Taking one year with another, there would seem to be no reason why the total annual collections should be affected by such considerations. The Board of Revenue will be requested to reconsider the matter and to state whether in their opinion there would be any objection to the raising of the present estimate by Rs. 30,000.

4. The allotment for Public Works falls short of the regular estimate in consequence of reduced expenditure on new works. Ample provision would, however, appear to have been made for repairs. A sum of Rs. 20,000 is provided for New Works—Communications, and will be expended on two works already sanctioned and in progress.

5. The assignment for Education is considerably in advance of the budget provision made in the preceding year owing to the opening of a new Normal School and to increased allotments for Local Fund Schools and results grants. With regard to the proposed establishment of ten new schools for boys and five for girls, the matter will be reconsidered by the Circle Board in the light of the remarks passed by the Board of Revenue and the result of their deliberations submitted through the Board of Revenue for the final orders of Government before the schools are started.

6. The remaining items call for no remarks.

7. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the South Arcot Local Fund Circle for 1883-84.

RESOLUTION—dated 10th August 1883, No. 2319.

The Local Fund Budget Estimate of the South Arcot Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—With reference to the remarks in this paragraph regarding the Land-cess estimate, it is observed that, according to the Circle Report for 1882-83, Rs. 2,90,390, or Rs. 30,390 more than the estimate, that is, 72 per cent. of the arrears and 84 per cent. of the current demand, were collected during the year.

3. *Paragraph* 3 *of the Government Order.*—In regard to the question of raising the current year's estimate of Land-cess, the Board are of opinion that it cannot be increased, as the present year's arrear demand is only Rs. 51,540 against an estimate of Rs. 1,16,400 entered in the Demand, Collection and Balance Statement printed at the foot of Statement I-A of the budget. The causes which have led to the decrease in the arrears demand for 1883-84 are the enhanced collections during 1882-83 noted in paragraph 2 *supra*; the remission of Rs. 24,274 as irrecoverable (G.O., 16th January 1883, No. 59, Revenue Department; G.O., 18th November 1881, No. 1751, Revenue Department; and Board's Proceedings, 24th September 1880, No. 1393); and the reduction in the actual Land-cess demand for 1882-83 by about Rs. 10,000, due to the heavy falling off in the Land Revenue demand owing to the unfavorable character of the season. These causes reduced the arrears estimate of Rs. 1,16,400 to an actual of Rs. 51,540, so that it will be impossible to reach the estimated collection of Rs. 87,300; assuming that Rs. 45,000 will be collected out of Rs. 51,540, there will be a deficit of Rs. 42,300, which will have to be made good by a corresponding increase in the collection of current demand, if the budget estimate of collections is to be realized. As the budget estimate of current demand only allows 25 per cent. (Rs. 60,465) as probable balance on the 31st March 1884, it is unlikely that this deficit in arrear collections will be entirely made good by an excess in current collections.

4. The President has not yet replied to the several points noticed in Board's Proceedings, dated 14th February 1883, No. 423. He is requested to do so at an early date.

2. *Revised estimate for* 1883-84.—The land-cess is estimated at Rs. 2,47,000 against Rs. 2,70,000 in the budget. This sum represents 88 per cent. of the demand exclusive of irrecoverable arrears and may be accepted. Turning to charges, the outlay under grant I is in excess of the sanctioned budget by Rs. 39,320 owing to subsequent allotments sanctioned by the Board of Revenue. Under grant II, the contribution to Provincial funds for the deputy inspectors of schools should be shown under miscellaneous.

3. *Budget estimate for* 1884-85.—Excluding the opening balances, the total estimated receipts under the three minor funds amount to Rs. 2,62,530, or Rs. 14,940 below the revised estimate. The falling off appears chiefly under land-cess, and is due to the absence of as large arrears as in 1883-84. According to the foot-note to statement I, the anticipated collections under this head are Rs. 2,32,900, and this amount, which is only 86 per cent. of the total demand, will accordingly be entered in the estimate instead of Rs. 2,30,000 shown by the President and the Board. The transfer of the pound fund contribution and fishery rents from the road to the general fund is approved. The income from tolls will be raised by Rs. 420, and the contribution from the Chidambaram municipality (Rs. 150) will be struck out with reference to the Cuddalore and Chidambaram municipal budgets. The miscellaneous revenue will be raised by Rs. 500, Rs. 100 being the increase under bungalow fees, and Rs. 400 the income from the sale of sweepings anticipated in the revised estimate. Under charges, grant I, no provision is made for new works with the exception of Rs. 1,600 for a school-house; the maintenance grant of communications has been cut down to Rs. 1,10,000 owing, it is stated, to want of funds. As pointed out by the Board the cost of the engineering establishment (25 per cent. of the outlay on works) is excessive, and should be reduced to the limit of 20 per cent. The road fund reserve will be raised by Rs. 240 with reference to the alteration made in the land-cess and tolls estimates. The views of the Circle Board on the Director's proposals, called for in paragraph 6 of the Board's proceedings, are awaited. Under grant III the payment from Provincial funds of a fourth of the salary of the medical subordinate attached to the Chengam dispensary is sanctioned. It is not clear why the usual application

was not made. The general fund reserve will be raised to Rs. 4,410, and the road fund balance to Rs. 7,200, with reference to the increases for which credit is taken under land-cess, tolls, and miscellaneous.

2. *Revised estimate for* 1883-84.—The land-cess is estimated at Rs. 2,47,000 against Rs. 2,70,000 in the budget. This sum represents 88 per cent. of the demand exclusive of irrecoverable arrears and may be accepted. Turning to charges, the outlay under grant I is in excess of the sanctioned budget by Rs. 39,320 owing to subsequent allotments sanctioned by the Board of Revenue. Under grant II, the contribution to Provincial funds for the deputy inspectors of schools should be shown under miscellaneous.

3. *Budget estimate for* 1884-85.—Excluding the opening balances, the total estimated receipts under the three minor funds amount to Rs. 2,62,530, or Rs. 14,940 below the revised estimate. The falling off appears chiefly under land-cess, and is due to the absence of as large arrears as in 1883-84. According to the foot-note to statement I, the anticipated collections under this head are Rs. 2,32,900, and this amount, which is only 86 per cent. of the total demand, will accordingly be entered in the estimate instead of Rs. 2,30,000 shown by the President and the Board. The transfer of the pound fund contribution and fishery rents from the road to the general fund is approved. The income from tolls will be raised by Rs. 420, and the contribution from the Chidambaram municipality (Rs. 150) will be struck out with reference to the Cuddalore and Chidambaram municipal budgets. The miscellaneous revenue will be raised by Rs. 500, Rs. 100 being the increase under bungalow fees, and Rs. 400 the income from the sale of sweepings anticipated in the revised estimate. Under charges, grant I, no provision is made for new works with the exception of Rs. 1,600 for a school-house; the maintenance grant of communications has been cut down to Rs. 1,10,000 owing, it is stated, to want of funds. As pointed out by the Board the cost of the engineering establishment (25 per cent. of the outlay on works) is excessive, and should be reduced to the limit of 20 per cent. The road fund reserve will be raised by Rs. 240 with reference to the alteration made in the land-cess and tolls estimates. The views of the Circle Board on the Director's proposals, called for in paragraph 6 of the Board's proceedings, are awaited. Under grant III the payment from Provincial funds of a fourth of the salary of the medical subordinate attached to the Chengam dispensary is sanctioned. It is not clear why the usual application

was not made. The general fund reserve will be raised to Rs. 4,410, and the road fund balance to Rs. 7,200, with reference to the increases for which credit is taken under land-cess, tolls, and miscellaneous.

RESOLUTION—dated 25th June 1884, No. 2191.

The Local Fund Budget of the South Arcot Circle for 1884-85 is herewith circulated to all officers concerned.

2. *Paragraph 3 of the Government Order.*—The Circle Board's opinion on the Director's proposals for selling maps at half prices, &c., and on the subject of reducing the cost of the Engineering Establishment was submitted to Government in Board's Proceedings, dated 20th May 1884, No. 1716.

2. *Revised estimate for* 1883-84.—The land-cess is estimated at Rs. 2,47,000 against Rs. 2,70,000 in the budget. This sum represents 88 per cent. of the demand exclusive of irrecoverable arrears and may be accepted. Turning to charges, the outlay under grant I is in excess of the sanctioned budget by Rs. 39,320 owing to subsequent allotments sanctioned by the Board of Revenue. Under grant II, the contribution to Provincial funds for the deputy inspectors of schools should be shown under miscellaneous.

3. *Budget estimate for* 1884-85.—Excluding the opening balances, the total estimated receipts under the three minor funds amount to Rs. 2,62,530, or Rs. 14,940 below the revised estimate. The falling off appears chiefly under land-cess, and is due to the absence of as large arrears as in 1883-84. According to the foot-note to statement I, the anticipated collections under this head are Rs. 2,32,900, and this amount, which is only 86 per cent. of the total demand, will accordingly be entered in the estimate instead of Rs. 2,30,000 shown by the President and the Board. The transfer of the pound fund contribution and fishery rents from the road to the general fund is approved. The income from tolls will be raised by Rs. 420, and the contribution from the Chidambaram municipality (Rs. 150) will be struck out with reference to the Cuddalore and Chidambaram municipal budgets. The miscellaneous revenue will be raised by Rs. 500, Rs. 100 being the increase under bungalow fees, and Rs. 400 the income from the sale of sweepings anticipated in the revised estimate. Under charges, grant I, no provision is made for new works with the exception of Rs. 1,600 for a school-house; the maintenance grant of communications has been cut down to Rs. 1,10,000 owing, it is stated, to want of funds. As pointed out by the Board the cost of the engineering establishment (25 per cent. of the outlay on works) is excessive, and should be reduced to the limit of 20 per cent. The road fund reserve will be raised by Rs. 240 with reference to the alteration made in the land-cess and tolls estimates. The views of the Circle Board on the Director's proposals, called for in paragraph 6 of the Board's proceedings, are awaited. Under grant III the payment from Provincial funds of a fourth of the salary of the medical subordinate attached to the Chengam dispensary is sanctioned. It is not clear why the usual application

was not made. The general fund reserve will be raised to Rs. 4,410, and the road fund balance to Rs. 7,200, with reference to the increases for which credit is taken under land-cess, tolls, and miscellaneous.
