23RD SEPTEMBER 1882, No. 2471 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 183.

READ—the following paper :—

Office Note from the Examiner of Public Works Accounts, dated Madras, 11th September 1882, No. 474.

With reference to G.O., No. 2100 W., dated 16th August 1882, I have the honor to bring to your notice, for the information of Government, that from July 1881 to July 1882 (inclusive) special sanctions have been obtained from Government for carriage of tents and horses belonging to the Superintending Engineer, Sixth Circle, for sums aggregating Rs. 543-8-0. The several amounts vary from Rs. 9-13-0 to Rs. 101-4-0 and have been submitted for sanction every month except April 1882.

2. It is I think a matter which requires the notice of Government, inasmuch as it can scarcely be intended by the code rules that such charges should recur month after month; were it so, the circumstances would hardly be so *special* as to necessitate the required "special sanction of the Government," Code, paragraph 580, Standing Order No. 66 of 1882.

No. 184.

ORDER—dated 23rd September 1882, No. 2471 W., Public Works.

The Government do not consider any modification of the principle of the Code rule necessary. They resolve, however, to delegate their special powers of sanction to Superintending Engineers in the case of tents and horses of officers subordinate to them, and to the Chief Engineer of the Department in respect to those of Superintending Engineers.

2. It is now requisite that the maximum weight of tents and number of horses to be carried by officers of each class should be prescribed. Superintending Engineers will as early as practicable submit their views on these points.

Has not E. I. himself the power to authorize C. G. pass such charges? If he has not he certainly ought to have.
