6TH AUGUST 1884, No. 1911 W., PUBLIC WORKS.

1911 W

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 1st July 1884, No. 907 G.D.

I have the honor to submit through you, for early sanction and the provision of funds, a plan and estimate, amounting to Rs. 17,300, for a house for the Superintending Engineer, I Circle, at Dowlaishweram; and, as you are fully aware of the urgent necessity for the building, I trust you will obtain for me the necessary authority to commence the work in anticipation.

2. The thatched building at present occupied by the Superintending Engineer is, as you know, below flood level, and since the construction of the wall to keep out floods immediately in front of it, it has become very much shut in and is no longer suitable as a residence.

3. As the new house is to be built in the vicinity of the ancients and head works, the provision of good foundations, a high basement, and an upper-story are essentially necessary, and the cost of the building will, in consequence, be somewhat greater than if it were built on high ground; but even at the estimated cost a rent of from Rs. 80 to Rs. 100 per mensem would cover all expenses to Government, and such a rent would, I am sure, be gladly paid by any Superintending Engineer for a healthy residence.

No. 63 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the plan and estimate, amounting to Rs. 17,300, for constructing the Superintending Engineer's residence at Dowlaishweram may be sanctioned, and the necessary provision of funds made at an early date.

CHEPÁK,
12th July 1884.

(Signed) J. PENNYCUICK, Lieut.-Col., R.E.,
for Chief Engineer for Irrigation.

Telegram from the Superintending Engineer, I Circle, Rajahmundry, to the Chief Engineer for Irrigation, Ootacamund, dated 30th July 1884.

Rupees eight thousand available from tools and plant, Provincial, for transfer to Superintending Engineer's new quarters. Is estimate sanctioned? Present house riddled with whiteants, quite irreparable.

ORDER—dated 6th August 1884, No. 1911 W., Public Works.

The estimate, amounting to Rs. 17,300, for constructing a residence at Dowlaishweram for the Superintending Engineer, I Circle, is sanctioned.

\$

2. The proposed transfer of Rs. 8,000 from Tools and Plant, Provincial, for the Eastern Godavari division, is sanctioned to admit of the work being commenced. A further grant will be made should funds become available.

3. This sanction has been registered as Provincial No. 110 W. of 1884-85, and classified as Civil Buildings, Original Works.
