1920-21 W

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

From Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 3rd June 1884, No. 565-M.W. (Accounts).

I am directed to forward, herewith, copy of a letter * from the Director-General of Ordnance, stating the arrangements in force in the Bengal Presidency for the administration of the funds available for minor works required by the Ordnance department, and suggesting that similar arrangements should be introduced in the Madras Presidency.

* No. 956 O., dated 19th May 1884, and enclosures.

2. With reference to this letter, I am to inquire whether the Governor in Council would have any objection to the proposals of the Director-General being carried into effect.

Enclosures.

From Major-General T. E. HUGHES, Director-General of Ordnance in India, to the Secretary to the Government of India, Military Department, dated Simla, 19th May 1884, No. 956 O.

I have the honor to forward, herewith, the correspondence noted in the margin, regarding allotment of funds for minor and petty works, and to state that the system now in force in the Bombay and Madras Circles does not appear to be satisfactory.

Letter from the Inspector-General of Ordnance, Bombay Circle, No. 5209, dated 22nd April 1884.
Letter from the Inspector-General of Ordnance, Madras, No. 847, dated 1st May 1884, and accompaniment.

2. In Bengal, a certain amount is placed by the Inspector-General of Military Works at the disposal of the Inspector-General of Ordnance, who distributes it as required for the minor and petty requirements of the department, the Inspector-General of Military Works being informed by the Inspector-General of Ordnance of the distribution made to Superintending Engineers and to stations. The sanction to individual estimates for *minor* works rests with the Superintending Engineers and for *petty* works with the Inspector-General of Ordnance. On the latter officer's either sanctioning or approving of estimates, they are forwarded to the Superintending Engineer concerned for the requisite allotment from the portion assigned to him out of the whole grant.

3. As there are no Inspectors-General, Military Works, in the Bombay and Madras Presidencies, I have the honor to suggest that in those presidencies Superintending Engineers of Circles should intimate to the Inspector-General of Ordnance the amount allotted by them for works, and that the Inspector-General of Ordnance in the Circle should have the disposal of the same.

From Major-General A. A. BAYLY, Inspector-General of Ordnance, Bombay, to the Director-General of Ordnance in India, dated Poona, 22nd April 1884, No. 5209.

With reference to your letter, No. 164 O., of the 14th instant, I have the honor to state that no cash allotments for minor and petty works in the Bombay Presidency have ever been placed at my disposal with the undermentioned exceptions, viz. :—

(1) Last year at Quetta when the Superintending Engineer of that district informed me that 1,000 rupees had been placed at my disposal for that official year.

(2) Yearly the same amount is drawn by the Superintendent, Gun Powder Factory, for petty works connected with the Factory.

2. Hitherto application for all works of the nature mentioned, both minor and petty, have been made to the Local Government, on whose orders the works have been executed by Executive Engineer.

From Colonel S. CHAMIER, Inspector-General of Ordnance, Madras, to the Director-General of Ordnance in India, dated 1st May 1884, No. 847.

Adverting to your No. 163 O., dated 14th instant, I have the honor to enclose copy of a letter from the Superintending Engineer, V Circle, describing the system which is followed in the Madras Circle with regard to allotments for minor and petty works.

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Inspector-General of Ordnance, Madras, dated Chepâk, 25th April 1884, No 363.

In returning your endorsement, No. 612, dated 23rd instant, I have the honor to inform you that grants are placed by the Government at the disposal of General Officers for minor works to be sanctioned by them, and on sanctioning an estimate the General Officer communicates the sanction to the Superintending Engineer.

2. Another allotment of funds is placed at the disposal of Executive Engineers for minor military works that may be sanctioned by the Government, and that supplements the amount given to the General Officer.

No. 255 E, Public Works.

Referred to the Quartermaster-General, for an expression of the opinion of His Excellency the Commander-in-Chief, with reference to G.O., No. 1076 W., dated 11th April 1883.

Ootacamund,
11th June 1884.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Government, P.W.D.

Letter from the Government of India, Military Department, dated 22nd July 1884.

From Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Public Works Department, dated Ootacamund, 1st July 1884, No. 547 A. :—

In returning the correspondence marginally noted received with your reference memorandum, No. 255 E., dated 11th June 1884, for an expression of His Excellency the Commander-in-Chief's opinion with reference to G.O., No. 1076 W., dated 11th April 1883, I have the honor, by desire, to inform you that His Excellency concurs in the views expressed in letter, No. 565 M. W., dated 3rd June 1884, from the Government of India, and considers that the arrangements in force in the Bengal Presidency for the administration of the funds available for minor works required by the Ordnance Department should, as far as possible, be made applicable to this Presidency.

Letter from the Government of India, Military Department, No. 565 M. W., dated 3rd June 1884.

1920-21 W

Order—dated 7th August 1884, No. 1920 W., Public Works.

It is observed that the total grant for Minor Works, Military, for the current official year amounts to Rs. 22,320. Of this sum, Rs. 10,961 have been placed by orders quoted in the margin at the disposal of Officers Commanding Divisions; and the balance, Rs. 11,359, has been distributed to Superintending Engineers for incomplete works of last year and new works in the current year; the allotment for minor works being Rs. 3,461.

G.O., No. 1581 W., dated 24th June 1884.

2. The Inspector-General of Ordnance will now be called on, in the Military Department, to report the sum which he requires to be made available for petty works appertaining to his department. On receipt of that report, re-appropriations of funds to meet his requirements will be considered.

3. A copy of these Proceedings will be forwarded for the information of the Government of India, with reference to their letter, No. 565 M.W., dated 5th June 1884.

(Here enter No. 1921 W., dated 7th August 1884.)

Minor Works, Ordnance Department

Copy of Proceedings accepting the suggestion to place the funds required for —, at the disposal of the Inspector-General of Ordnance, forwarded to the Government of India.

Letter from India No: 365 M.W. d/ 3d June 1884

Do from Ir. Mr. Genl: No: 527/A d/ 1st July. 84

1920-21 W

The total amount of the grant for "Minor works, Military" is only Rs 22,320 - of which Rs 10,961 have been placed at the disposal of officers Commdg Divisions; the balance - Rs 11,359 - being distributed to Supdg: Engineers.

If a further division of allotments is to be made so as to provide the I. G. of Ordnance with funds, the allotments (already small) with officers Commdg Divisions, or those with Supdg Engineers, must be still further reduced.

This distribution of the very limited grant for "Minor works" [illegible]

Military works, it is thought, weaken financial control. It would apparently be much better if the whole grant were administered from one Central office.

Officers Commdg Division as well as other Military Authorities, including the I. G. of Ordnance, could make known their requirements to Supdg: Engineers, who would estimate for works, and the Chief Engineer, acting in concert with the Dy. Qr. Mr. General, could appropriate funds in order of urgency.

A programme of Minor Works might be drawn up by Supdg: Engineers as an accompaniment to their Circle Budgets, and could be disposed of in the Govt. office with the Budgets themselves. This would admit of the works being put in hand

---

3/ immediately after the 1st April, instead of being deferred till the middle of July, as at present. G.O. 1581 W d/ 21 June 84 disposing of the Minor Works grants reached Ootacamund only on the 6 July, and cannot be acted on by Supdg: Engineers before the middle of July.

1920-21 W

The proposed arrangements would also enable the grant for Minor Works to be administered with accuracy. Now there is no information as to what amounts local officers may hold in reserve.

It would also enable fair consideration to be given to rival claims from different branches of the Army.

6

Under existing arrangements, a comparatively unimportant work in one Circle may be

n,

Your most obedient servant,

J. E. Broadbent Captain

Secretary to the Government of I

To W. 1920-21 W

I am entirely opposed to this retrograde proposal to administer the whole of the Minor Works grant Military from the Central Office.

I think the whole of this grant should be distributed to and administered by the Supg Engineers or by the Officers Commdg: Divisions and Heads of Milty Departments, and it is to the General Officers & to the Heads of Deptmts that I would rather assign the whole of the funds available, in the proportion to Divisions & Districts to be determined on by H.E. the C. in C.

C.M.W's proposal would not, in my opinion, lead to either economy or efficiency or to works being undertaken in the order of their usefulness.

C.O.s & Heads of Depts having the administration of the funds to be spent in their jurisdictions on minor and petty works would take care that allotments were spent in the most useful direction, and knowing that only a given sum could be spent would do their best to get the most for the money available.

If this does not commend itself to your views, then I would distribute the whole to the S.Es, to be worked by them as they think proper. 9

The system now in force was introduced, or rather re-introduced only in April, 83, and has not as yet been fairly tested. It would be rather soon to go back on it.

Such being my opinion, I think an allotment may be placed at the disposal of the Inspector Genl of Ordnance. It will be very small of course, but that will be helpful. — —

I concur generally in D.W.'s remarks. The existing system has not been in force much more than one year, — being based on G.O. 11-4-83 No 1076, — but I would not attempt to modify it without further experience.

I approve of suggestion to place an allotment at disposal of the I.G. of Ordnance.

MILITARY DEPARTMENT.

It is requested that the above heading, with number and date of this communication, may be quoted in any subsequent correspondence on the subject.

Simla, the 3rd June 1884.

To

THE SECRETARY TO THE GOVERNMENT OF MADRAS,
PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to forward herewith copy of a letter from the Director General of Ordnance,* stating the arrangements in force in the Bengal Presidency for the administration of the funds available for Minor Works required by the Ordnance Department, and suggesting that similar arrangements should be introduced in the Madras Presidency.

* No. 9560 dated 19th May 1884 + enclosures.

2. With reference to this letter I am to enquire whether the Governor in Council would have any objection to the proposals of the Director General being carried into effect.

I am, Sir,
Your most obedient servant,
J. E. Broadbent Captain
for Secretary to the Government of I.

1920-21 W

№ 9560

From

The Director General of Ordnance,

To

The Secretary to the Government of India,

Military Department.

Simla, 19th May 1884.

Sir,

I have the honor to forward herewith the correspondence+ noted in the margin, regarding allotment of funds for minor and petty works, and to state that the system now in force in the Bombay and Madras Circles, does not appear to be satisfactory.

+ Letter from the Inspector General of Ordnance, Bombay Circle, № 5209 d/ 22nd April 1884.
Letter from the Inspector General of Ordnance, Madras, № 847 dated 1st May 1884 and accompaniment.

2. In Bengal, a certain amount is placed by the Inspector General of Military Works at the disposal of the Inspector General of Ordnance who distributes it as required for the minor and petty requirements of the Department, the Inspector General of Military Works being informed by the Inspector General

15

General

General of Ordnance of the distribution made to Superintending Engineers and to Stations. The sanction to individual estimates for minor works rests with the Superintending Engineers and for petty works with the Inspector General of Ordnance. On the latter Officers either sanctioning or approving of estimates, they are forwarded to the Superintending Engineer concerned for the requisite allotment from the portion assigned to him out of the whole grant.

SECRETARY TO GOVERNMENT P.W. DEPARTMENT WORKS 10 JUN 84

3. As there are no Inspectors General, Military Works in the Bombay and Madras Presidencies, I have the honor to suggest that in those Presidencies, Superintending Engineers of Circles should intimate to the Inspector General of Ordnance the amount allotted by them, for works, and that the Inspector General of Ordnance in the Circle should have the disposal of the same.

I have, &ca,

Sigd/ T. E. Hughes, Major Gl,
Director General of Ordce in India.

From
The Inspector General of Ordnance,
To
The Director General of Ordnance in India,
Simla

Sir,

With reference to your letter No. 164/O of the 14th Instant, I have the honor to state that no cash allotments for minor and petty works, in the Bombay Presidency, have ever been placed at my disposal, with the undermentioned exceptions, viz; (1) last year at Quetta when the Superintending Engineer of that District informed me that 1000 Rupees had been placed at my disposal for that official year, and (2) yearly the same amount is drawn by the Superintendent Gun Powder Factory for petty works connected with the Factory.

2. Hitherto application for all works of the nature

nature mentioned - both minor and petty - have been made to the Local Government, on whose orders the works have been executed by Executive Engineer.

I have, &ca,

Sd/ A. A. Dayly, Major Genl.

Inspr. Genl. of Ordce., Bombay

To

The Inspector General of Ordnance,

Madras

Sir,

In returning your endorsement No. 612 dated 23rd Instant, I have the honor to inform you that grants are placed by the Government at the disposal of General Officers for Minor Works to be sanctioned by them, and on sanctioning an estimate the General Officer communicates the sanction to the Superintending Engineer.

2. Another allotment of funds is placed at the disposal of Executive Engineers for Minor Military Works that may be sanctioned by the Government and that supplements the amount given to

17

the

the General Officer.

Sir,

Letter from the Government of India, Military Department, No 565 M.W. dated 3rd June 1884.—

In returning the correspondence marginally noted received with your Reference Memo No 255 E dated 11th June 1884 for an expression of His Excellency the Commander-in-chief's opinion with reference to G.O. No 1076 W dated 11th April 1883 I have the honor, by desire, to inform you that His Excellency concurs in the views expressed in letter No 565 M.W. dated 3rd June 1884 from the Government of India, and considers that the arrangements in force in the Bengal Presidency for the administration of the funds available for Minor Works required by the Ordnance Department should, as far as possible, be made applicable to this Presidency.—

I have the honor to be

Engineers for incomplete works of last year and new works in the current year, the allotment for minor works being Rs 3461.

The Inspector General of Ordnance will now be called on, in the Military dept, to report the sum which he requires to be made available for petty works appertaining to his dept.

On receipt of ~~this~~ that report, reappropriations of funds to meet his requirements will be considered.

A copy of these Proceedings will be forwarded for the information of the Govt of India, with reference to

their letter No 565 M W d/5th June 1884.
