READ—the following letter from A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 26th June 1884, No. 768 G. :—

Referring to your letter, No. 1306 W., dated 23rd May 1884, regarding the Tank Maintenance Scheme, I am directed to remark that the work in connection with this scheme hardly seems of sufficient extent to warrant the continued employment of a Superintending Engineer, and apparently this view is shared by the Government of Madras, for it is understood that Lieutenant-Colonel Montgomerie has returned to his Circle on being relieved by Lieutenant-Colonel Pennyquick, Executive Engineer, 1st grade. Under these circumstances, the allowance of Rs. 100 per mensem, referred to in paragraph 2 of your letter, No. 862 W., dated 31st March 1884, should apparently cease from the date on which Lieutenant-Colonel Montgomerie made over charge to Lieutenant-Colonel Pennyquick.

ORDER—dated 13th August 1884, No. 1981 W., Public Works.

Ordered that the Government of India be addressed.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of your letter, No. 768 G., dated 26th June 1884, remarking that the work in connection with the Tank Maintenance Scheme hardly seems of sufficient extent to warrant the continued employment of a Superintending Engineer, and that apparently this view is shared by the Government of Madras.

2. In reply, I am directed to invite the attention of the Government of India to the proceedings of this Government forwarded under endorsement, No. 647 I., dated 12th July 1884, in which the scope of the operations to be undertaken by the Tank divisions is fully described; and to point out that an officer in the position of a Superintending Engineer was required for purposes of organisation, and that it is desirable to retain the services of such an officer until the divisions are in working order. Lieutenant-Colonel Pennycook, who, prior to proceeding on furlough, had for some time been officiating as Superintending Engineer, was specially selected for the work of continuing the organisation of the Tank Maintenance Scheme; and this Government are strongly of opinion that he should receive the additional allowance of Rs. 100 per mensem as Superintendent of Works.

3. I am therefore to solicit a reconsideration of the decision conveyed in your letter under reply.

I have the honor to be,

Sir,

Your most obedient servant,

I think we may ask the G of I
to continue the clearance of Rs 100
a month until the arrangements
which have been proposed for
clearing out the books of indebtedness,
which are by a long way the
most important part, is not
in circulation. These proceedings
will be sent to the G of I, and we
could take attention to them
and point out that the Rs 8
has been required for purposes of
organization & it is desirable
to continue his services until
the divisions are in working order.
Col Pennycook has been for some
time off as Lieut. Colonel
& was especially selected for the
work, and should receive the
extra pay. I must not forget
to mention that the order in
Col Montgomery's report is not.
