GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From E. J. FIRTH, Esq., Secretary, Lawrence Asylum Press, to the Chief Secretary to Government, dated Madras, 10th April 1884, No. 1759.

Adverting to order of Government, Public department, No. 701, M.S., dated 5th April 1884, I have the honor, by order of the Government Directors of this Press, to inform you that steps are now being taken towards opening a branch at Ooty, the Directors considering themselves justified in taking this step from calculations based upon the estimate of probable Government work required to be done at the press received with your letter, No. 310, of the 22nd February 1884.

As far as can be seen at present, the press will be ready to receive work within one month of the date of this letter.

ORDER—dated 18th April 1884, No. 749, Public.

Communicated to the Departments of the Secretariat and the Superintendent, Government Press.

The Honorable E. F. Webster
Chief Secretary to
Government.

Sir

On receipt of your letter to the Secretary Lawrence Asylum Press No. dated Public Department, the Government Directors of the Lawrence Asylum Press, through their Secretary, wired the Military authorities here for the dimensions of the rooms assigned the Branch Press. A reply having been received giving dimensions, I was requested to despatch the plant to Ootacamund

and

2

and to proceed without delay to open the Branch Press. The plant — some 20 to 25 tons — was despatched, and it was decided that I should leave Madras on Thursday last. On Wednesday last the Military authorities wired that the rooms were not available. The Secretary of the Lawrence Asylum Press, under instructions, replied that it was too late to alter the arrangements, that the plant was en route, and that the Superintendent would leave for Ootacamund on Thursday. I accordingly left on Thursday evening. I waited upon the Quarter Master General of the Army and said that I had come to open the Branch Press and that the plant was then on Frangee Hill. That gentleman replied that the rooms could not be put in repair, and he did

did not think they would be put in repair during the year, owing to want of funds. I inspected the rooms assigned the Branch Press and find they require considerable repair.

I beg that room, sufficient to house the plant (as it is in cases) from the weather, until such time as the question of accommodation for the Branch of the Lawrence Asylum Press, may be settled.

I am,

Sir

Your most obedient Servant,

W H Moore

Transferred to the Public Works department for consideration whether the rooms assigned to the branch press can be put in repair, and whether temporary arrangements for the shelter of the plant can be made till the rooms are ready.

The Executive Engr. Nilgiris is authorised to undertake all repairs of an urgent nature, necessary for the immediate occupation of the building in question, which forms one of those alluded to in G.O. dated 15th February /84 No. 408 W.

The Chief Engineer has seen no order of Govt. placing public buildings at the disposal of the Lawrence Asylum Press free of rent. Assuming therefore that rent will be charged for the accommodation provided, there will apparently be no objection to put the buildings into such a state of repair as will admit of their
