G.O., dated 19th July 1884, No. 3098, Revenue.

Read—the following proceedings of the Board of Revenue, dated 9th July 1884, Mis. No. 6335 :—

Read—the following letter from the Collector of South Canara, to the Secretary to the Board of Revenue, dated 26th June 1884, No. 1486 :—

I have the honor to submit, for sanction, a plan and estimate, amounting to Rs. 4,880, received from the Superintending Engineer, IV Circle, for effecting improvements to the taluk cutcherry building at Puttur.

2. The building (an old military hospital, afterwards used as an office by the Public Works sub-division officer) was recently converted into a taluk cutcherry; but when it came to be occupied, the accommodation was found to be so limited that the enclosed plan and estimate to effect improvements have been prepared at my request. If fuller details are desired, they will be found in the enclosed copy of my letter to the Executive Engineer on the subject.

Resolution—dated 9th July 1884, Mis. No. 6335.

The plan and estimate, amounting to Rs. 4,880, required for providing additional accommodation, for altering the treasury room and for making certain other necessary alterations to the taluk cutcherry at Puttur, are herewith submitted for the sanction of Government.

Order—dated 19th July 1884, No. 3098, Revenue.

The Government view with disapproval the Collector's omission to bring to notice the inadequacy of the accommodation which the old building was capable of affording. He inspected it shortly after funds were granted, and had he then brought the matter to notice the transfer of the taluk head-quarters might have been reconsidered, and at any rate Government would not have found themselves committed to the present heavy outlay in return for which they get a building which must always be an indifferent tahsildar's cutcherry.

2. As the matter stands, and looking to the fact that the building as completed is utterly unfit for use as a taluk cutcherry, there is nothing for it but to sanction the alterations and additions now proposed. The plan and estimate submitted are accordingly approved, and will be transferred to the Public Works Department for the issue of necessary orders.

ORDER—dated 15th August 1884, No. 2004 W., Public Works.

The estimate, amounting to Rs. 4,880, for improvements to the taluk cutcherry at Puttur, is sanctioned, for execution when funds are available.

2. This sanction has been registered as Provincial No. 113 W. of 1884-85, and classified as Civil Buildings, Original Works.

 As their order No. 3098 of the 19th July/84, the Government express their disapproval of the action of the collector in the case.

4. The work proposed to be done is:— The construction of a court room, 30' x 18', with an open verandah, 4' 2" clear width, on three sides, the formation of a room, 15' 4" x 10', by closing in an existing verandah at one end of building; the alteration of the treasury room in accordance with the instructions laid down in G.O.
