To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

In your letter, dated 16th July 1883, No. 983 G, it was stated that "the Government of India would not object to applying to the Secretary of State or otherwise providing for a permanent addition of three Executive and six Assistant Engineers for the supervision of expenditure on improvement and development of the irrigation tanks in the Madras Presidency;" and in your subsequent letter, dated 20th September 1883, No. 1254 G, it was explained, with advertence to this promise, that "all that the Government of India can undertake to do is to gradually increase the Madras establishment within the next four years, by either transferring officers who may become available from its own lists, or by increasing the number of recruits for Madras, out of the total number arranged for the whole of India." It was added: "Any officer transferred now, or in the future, will carry his own rank in the graded list with him, the Madras list being increased and the list from which he is taken being reduced by one post corresponding to the rank of the officer. It is anticipated that the arrangements consequent on the re-organisation of the Engineer establishment now under consideration will provide that under this arrangement neither the promotion of the officer himself nor of the other officers on the Madras establishment will suffer."

2. What the proposed arrangements were, to which allusion was made, is not known to this Government; but I am directed to state that, unless the interests of the officers now on this establishment can be safeguarded, His Excellency the Governor in Council would prefer that the promised increase to the Public Works Department of this Presidency should be effected by adopting the second of the alternative measures quoted above. Without altogether objecting to the transfer of efficient officers from other lists, an arrangement which might occasionally be convenient, I am to state that this Government, looking to the fact that promotion in its Public Works Department is already very slow, and to other considerations, would greatly prefer to receive the promised additional aid in the shape of a larger proportion of the recruits sent out from England.

3. I am directed to add that, in the event of its being found necessary to transfer an officer to this Presidency from another part of India, it would, in the opinion of His Excellency the Governor in Council, be desirable that the name of such officer should be retained on his old list for purposes of promotion.

I have the honor to be,

Sir,

Your most obedient servant,

READ—the following letter from A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 21st June 1884, No. 743 G. :—

I am directed to acknowledge your letter, No. 1375 W., dated 2nd instant, pointing out that it is important, when increasing the Madras Engineer establishment by transfers from elsewhere, that the measure should be carried out in such a way that the interests of those officers already on the Madras list are not allowed to suffer. In reply, I am directed to state that, as a present arrangement, the plan will be followed of keeping officers so transferred on their own list for promotion, and this has been done in the cases of Messrs. Lobb and Span, lately transferred from local administrations. But it will be necessary in this case for the Government of Madras to submit to the Government of India the half-yearly promotion rolls prescribed in paragraph 67, chapter I of the Public Works Code for officers on the local administration list, and to send recommendations to local Governments for officers who were on their lists previous to transfer.

2. I am to add that if the Secretary of State sanctions further changes in the organization of the Public Works Department, care will be taken to protect the interests of the officers serving under the local Governments to which transfers have been made.

ORDER—dated 7th July 1884, No. 1690 W., Public Works.

Recorded.

2. The orders of the Government of India in respect to half-yearly promotion rolls in the case of officers transferred from foreign lists should be kept in view; Madras Form No. 185 being submitted by officers concerned, as prescribed in paragraph 60 of the Public Works Code.

whether the hon of
Keeping officers on their

has been extended to
his case, as his seniority
on his own list is very
much higher than on
that of the Madras Govt.

In October 1883,
the Govt of India in-
creased the scale of
Madras engineers
by one, & Mr Target
was transferred to this
Presidency to fill the
vacancy thus caused.
It would thus seem
that he was perman-

I think Mr. Target's request
may be sent forward to India
with recommendation from
this Govt. that he may be placed
in same category as Messrs
Span & Lobb, his name being
retained on his old list
for purposes of promotion.

I do not attach much weight
to the difficulty suggested by
S.A.W.

In the first place, a long
time will elapse before Mr. Target
becomes the Senior E.E. case
on his old list, and many
changes in procedure will
probably take place during
the interval.

In the second place, promotion
to the rank of S.E. is always
made by selection, - and no
officer has valid grievance if
he is not so selected. No
officer in position similar to
that held by Messrs Span &
Lobb could be promoted, except
on recommendation of Madras
Govt. - vide Pro. of 7-7-84
No. 1690 W. - and it would
rest with this Govt. to make
such recommendation as
X

Genl
Edlaht

W 2005
W 2006
seemed right. In the
event of such promotion
to S.E. being recommended
and made, I do not see
how W. Target would absorb
one of the Madras & E posts,
any more than W. Span
at present absorbs one
of the Madras & E posts.

At any rate, I do not
think the point requires
consideration now.

Please draft letter to
India.

W

+ note. Mr. Span was lent
temporarily to Madras & Mr.
Lalib also is some temporary
to Madras. These officers do not
therefore absorb any of the E & E
posts. Mr. Target however has
been transferred to the per-
manent service establishment
& does therefore absorb one
of the E & E posts.

See

2006 W

Mr. Target asks whether the
form of being left on the Local
Administration list for purposes
of promotion, as has been done in
the case of Messrs Lalib & Span, has
been extended to him, his seniority
on that list being very much higher
than on that of Madras.

My reference to the G.O. S. Classified
List up to 31st December, 1883, I
find that there were then 14 E.Es.
2nd grade in the Local Administration
Establishment.

Of these 1 (the senior) had attained
the grade in October 75, 1 in Jan. 80,
and then came 8 of June 80.

4 of these 8 are senior to Mr. Target
by dates of appointment to the D.P.
and after these came Mr. Target &
another of same date, viz. Oct. 68.

Mr. Target was therefore 7th or 8th
for promotion, according to seniority.

Mr. Target when transferred was
placed 8th on his promotion list.
He is therefore on some footing in
the grade as he was before, with
this difference that on his old list
there were 12 E.Es 1st grade, against
9 E.Es 1st grade in Madras, and
therefore the chance of a step on
the former list was greater.

The Govt of India appear to have
recognized the justice of the arrange-
ment whereby men transferred from
one service to another are retained
on their old lists for purposes of promotion
only. Whether they will consent to
give retrospective effect to the arrangement
is another matter.

The point alluded to in enclosing

82

W 2002
W 2005
para of accompanying note by
S. L. W. is a difficult one to get
over, a solution would, however,
be to carry him on the Madras
list as a Superannuating S. L., not
absorbing him until all Madras
officers of same standing as he
& length of service have been
promoted to that rank. This is
but a partial & imperfect solution,
I admit, but in abnormal cases
departure from normal practice is
inevitable, at any rate, it is the
only solution I can think of.
