READ—the following paper:—

G.O., dated 23rd October 1883, No. 2429, Financial.

Read—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 17th October 1883, No. O-115:—

As directed in official memorandum, of the 20th August 1883, No. 1605, Financial Department, I have the honor to submit proposals for the winding up of the Educational Building fund, and to return the file of papers.

2. The fund closed with a balance of Rs. 8,003 (in round numbers) on 31st March 1883. The capital standing in favor of the fund on the 1st April 1883 was Rs. 45,000, and the interest realizable will be about Rs. 1,800. Adding to these sums Rs. 102, the rent to be collected on account of the Dindigul school, Rs. 1,383, the probable sale-proceeds of the Tindivanam school-house, and Rs. 18,613, the amount of subscription and contribution due on account of the Chittoor school-house, the total receipts of the fund at the close of the year will be approximately Rs. 74,901.

3. The estimate sanctioned for the school-house at Chittoor is Rs. 41,150, of which Rs. 7,048-8-0 were spent in 1882-83, leaving a balance of Rs. 34,102-8-0 to be provided. For the construction of a library and two new rooms in the Rajahmundry college an estimate, amounting to Rs. 6,900, was sanctioned in G.O., dated 1st May 1883, No. 1271, Public Works Department. For the Tirumallur school-house an estimate for Rs. 9,500 was approved in G.O., Public Works Department, No. 405 W., dated 6th February 1883; but, as the Local Fund Board have agreed to provide for half the cost, including the amount subscribed, the balance to be provided from the Educational Building fund is Rs. 4,750. No portion of this sum was spent in 1882-83. A sum of Rs. 300 has lately been sanctioned for the excess charge incurred in connection with the Presidency college tower. For the reflooring of the verandahs and class-rooms of the Madura college two estimates, amounting to Rs. 1,500 and Rs. 1,400, respectively, were sanctioned, and the former work has been completed, and the latter is in progress, but payment for the former has not as yet been made from the Educational Building fund. For improving the Russellkonda school-house the sum of Rs. 1,590 was recently sanctioned. The Madras Normal school is undergoing repairs, which were estimated to cost Rs. 5,900. The total sum required for the above works is Rs. 56,442-8-0—

	Rs.	A.	P.
Chittoor school-house	34,102	8	0
Rajahmundry college	6,900	0	0
Presidency college	300	0	0
Tirumallur school	4,750	0	0
Madura college	2,900	0	0
Russellkonda school	1,590	0	0
Madras Normal school	5,900	0	0
Total ...	56,442	8	0

Adding to this sum the cost of Public Works supervision and tools and plant, the gross liabilities against the Educational Building fund aggregate Rs. 70,271.

4. The balance of the receipts after meeting the liabilities is Rs. 4,630, and this sum will be required for petty repairs to school-houses during the current year. The actuals of 1882-83 on this item were Rs. 4,183.

5. The contributions due on account of the Chittoor school-house will probably not be paid *in full* during the current year. Omitting this sum from the receipts and Rs. 4,630 required for petty repairs to be carried out departmentally, the balance left is Rs. 51,658 as shown in the margin. I beg to suggest that this sum may at once be placed at the disposal of the Public Works Department to carry out the works specified in paragraph 3. If that department cannot expend the amount before the 31st March next, the balance may be shown in the deposit or suspense accounts of that department for utilization during the ensuing year without further reference or sanction. As soon as the Circle Board of Chittoor and the Collector are ready with the funds which they have agreed to contribute or subscribe, the amount will be placed at the credit of the Public Works Department. This will enable the Account Department to wind up the transactions by the close of the current year.

			Rs.
Receipts			74,901
Contributions	18,613		
Petty repairs...	4,630		
		23,243	
		51,658	

6. Should the funds reserved for petty repairs, viz., Rs. 4,630, prove insufficient to meet demands, the excess charge will be debited to savings in the budget provision of the Educational Department. Such of the building grants as have been debited to the Building fund during the current year will be transferred to the head "Grants-in-aid" in the departmental budget.

Order—dated 23rd October 1883, No. 2429, Financial.

The Director's proposals are approved and sanctioned.

2. The sum of Rs. 51,658, as calculated in the fifth paragraph, will be at once placed at the disposal of the Public Works Department, in which the executive officers concerned will be instructed to make special endeavours to utilize the full amount now allotted, which must cover charges for establishment and tools and plant.

3. The Educational Building fund accounts will be closed on the 31st March next. If any balance remains, it will be carried on to the credit of *Provincial*, and a corresponding amount allotted therefrom for expenditure on school buildings after the 1st April next.

ORDER—dated 12th November 1883, No. 3208 W., Public Works.

Referring to paragraph 2 of the order read above, the sum of Rs. 61,728, as per details in the accompanying statement, have already been placed at the disposal of the Public Works Department during the current year.

2. The Director of Public Instruction will, as early as practicable, submit a statement of the works required to be carried out in the next official year, in order of urgency, for inclusion in the Provincial budget for 1884-85. The amount likely to be required under Construction and Repairs in the Presidency and Nilgiri divisions should also be entered.

3. Superintending Engineers will, in consultation with the Director of Public Instruction, provide funds for Educational buildings in their Provincial Public Works budgets in future.

4. The Examiner, Public Works Accounts, will, after the close of the current official year, report the expenditure incurred under Educational.

Order—dated 24th June 1884, No. 1581 W., Public Works.

With the papers read above, Superintending Engineers and the Consulting Architect submit statements of the estimated requirements for the current official year, in lump sums for minor works and tools and plant for each division; and in detail for the incomplete works of the past year, and for new works recommended to be taken up in 1884-85.

2. Under "Imperial other services," the demands against "Original works" amount to—

	Rs.
Postal	5,151
Telegraph	1,000
Salt	553

of which only Rs. 1,404 under Postal have been allotted for the completion of two incomplete works. The balance of the minor works grant, after the above allotment for unfinished works, under Postal, Rs. 10,596, and the whole of the minor works grant under Telegraph, Rs. 6,000, are placed at the disposal of the Director-General of the Post Office, and of the Director-General of Telegraphs, as shown in Statement A. Those officers will allot the requisite funds for work to be undertaken during the year.

3. The sum of Rs. 553 is required under Salt, to permit of the early completion of the head sluice across Mercanam brine supply channel. On receipt of a reply to a

reference made to the Revenue Department, the requisite reappropriation statement, reallotting the sum required from the budget provision under Item No. 10, opening and maintaining the Covelong bar, will be submitted for the early sanction of the Government of India.

4. The allotments under Repairs will be found in Statement A.

5. The demands of Superintending Engineers under Imperial Military amount, as shown below, to Rs. 1,31,411 :—

„ incomplete major works ...	34,677
„ new minor works ...	22,080
„ new major works ...	41,773
Total ...	1,31,411

6. As the minor works grant, Item No. 5, Class B, amounts to only Rs. 22,320, the demands of Superintending Engineer have been greatly reduced, as shown below; and (provision to meet the same having been made) the balance of the minor works grant, Rs. 10,961, has been placed in lump sum at the disposal of officers commanding divisions and districts, to be distributed individually in such proportion as His Excellency the Commander-in-Chief may deem proper :—

For incomplete minor works ...	1,961
„ incomplete major works ...	5,103
„ new minor works ...	1,500
„ new major works ...	2,795
Total ...	11,359

7. There are several new minor works for which funds have been applied for by Superintending Engineers; but as the balance of the minor works grant, after providing for works now on hand, has been placed at the disposal of the military officers commanding divisions and districts, application should be made to them by Superintending Engineers to meet outlay on such works as are to be carried out during 1884-85.

8. A reference has been made to the Military Department respecting suggestions of the Superintending Engineer, V Circle, to resume the budget grant for "Alterations and additions to wash-house for the British Infantry at Bangalore," and to reduce the budget grant for "Armaments of Fort St. George." On receipt of a reply, the necessary order will issue.
