" from Examiner, Public Works Accounts, dated 23rd June, 1884.
" to Examiner, Public Works Accounts, dated 26th June, 1884.

Read—also telegram from Examiner, Public Works Accounts, dated 27th June 1884.

"The figures given in my telegram of 23rd excluded Irrigation and Navigation Accounts. The receipts are 55,677 and outlay 3,37,809 as stated by you. The revised estimate for other provincial outlay as accepted by Government of India and entered in Budget for 1884-85 is 22,67,190 and the outlay wired by me being 21,76,300 the difference is only 90, 890 and not 3,22,000."

ORDER—dated th July 1884, No. , Financial.

The official year 1883-84 opened with a balance of Rs. 26,31,096 to credit of Provincial Services proper.

Setting down the receipts in the Public Works Department at Rs. 1,49,477 and allowing for the mutual adjustments between Imperial and Provincial and for an adjustment of Rs. 47,624, on account of the Local Fund Establishments in the Presidency town, the revenues of the twelve month ending March 31st 1884, amouted to Rs. 235,43,586, and the expenditure to Rs. 232,41,582.

The year 1883-84 closed therefore with a balance to credit of Rs. 29,33,100, or Rs. 3,02,004 more than the opening balance.

The revenue as above stated, includes the following *plus* and *minus* items, representing mutual adjustments between Imperial and Provincial, which will be exhibited in the final accounts under 'Land Revenue, Receipts':—

Plus Entries.	Rs.
(1) Special contribution to the Madras Government from Imperial	2,50,000
(2) Contribution on account of a change of rate in the Stationery Accounts	65,000
(3) Contribution on account of the Tanjore Survey ...	1,20,000
Total Rs...	4,35,000

Minus Entries.

	Rs.
(1) Refund of famine outlay	62,464
(2) Water works adjustment	1,47,679
(3) Savings on Customs Establishment	42,000
(4) Salary of Inspector of Local Fund Accounts for two years ...	24,000
(5) Inter-provincial adjustment	7,000
Total Rs...	2,83,143

Excluding from the *plus* entries, as *extraordinary* receipts, Nos. (1) and (3), (the latter with reference to the proposed change in the character of the Tanjore Survey), and transferring to *expenditure* Nos. (2) and (3) of the *minus* entries, the ordinary actual revenue of the year may be set down at Rs. 233,65,000 in round numbers, and the ordinary actual expenditure (omitting the excess outlay on Stationery, a charge which would in ordinary course have appeared in the accounts of the current official year) at Rs. 233,55,000.

This result would be satisfactory, were it not for the fact that the ordinary revenue as above stated included what must be regarded, in the absence of explanation, as abnormal receipts under Land Revenue.

The heads of revenue and expenditure under which there was a considerable difference between the budget estimate and the actual receipts were the following :—

Heads of Revenue.	More than Estimate.	Less than Estimate.	Cause of difference.
	RS.	RS.	
Land Revenue	6,20,000	......	Larger collections.
Stamps	35,000	......	......
Law and Justice	......	2,30,000	Restriction of jail manufactures under the orders of the Government of India, and Miscellaneous causes.
Medical	29,000	......	......
Scientific and Minor Departments.	60,000	......	Local Cinchona Sale.
Miscellaneous	1,45,000	......	Credit of value of impressed Stamp Papers for copies of Judicial Documents.

Head of Expenditures.	More than Estimate.	Less than Estimate.	Cause of difference.
	RS.	RS.	
Refunds	1,06,000	......	Unexpected refunds of water tax and profits of Zamindari Estates in Godavari, and payments on account of losses sustained by arrack contractors in Madura and Tinnevelly.
Land Revenue	1,40,000	......	Increased process service charges and Tanjore Revenue Survey Charges.
Forest	......	1,70,000	......
Law and Justice	......	2,15,000	Diminution of Jail charges, and miscellaneous causes.
Police	......	1,34,000	......
Education	54,000	......	Transfer to this head of charges on account of the School of Agriculture.
Stationery	2,51,000	......	Issue during year of stores which would in ordinary course have been issued during and charged against the current official year (1884-85); District Press of Anantapur; and other causes.
Miscellaneous ...	1,19,000	......	Copyist establishments, and miscellaneous causes.
Guaranteed and Subsidised Railways.	......	68,000	Delay in forming the Nilgiri Railway Company.
P. W. Department	......	1,34,000	Changes in programme.

The Revenue department will ascertain and report the cause of the large excess receipts under Land Revenue.

Turning to the estimates for the current official year as passed by the Government of India, the Government observe that the Revenues have been set down at Rs. 233,29,000 and the charges at Rs. 234,33,000. The opening balance to credit of Provincial Services proper would thus be reduced at the end of the year to Rs. 28,30,000. Allowance must, however, be made for the debit during 1883-84 of more than Rs. 70,000 to Stationery on account of issues provided for in the budget estimate of 1884-85. Adding this amount, the estimated closing balance is raised to Rs. 29,00,000 in round numbers, or Rs. 9,00,000 above the standing balance prescribed by the Government of India. Again, it is immaterial whether the standing balance consists entirely of Provincial funds, or partly of them and partly of Pound funds, the transactions of which enter into the accounts as rendered to the Government of India. The

3A

sum of Rs. 1,49,192 * must accordingly be added to the opening balance of Provincial Services proper, raising it to Rs. 30,82,292 and of Rs. 1,11,200 † to the closing balance as above stated, raising it to Rs. 30,10,000 in round numbers.

* Opening Pound fund balance on 1st April 1884.

† Estimated closing Pound fund balance.

The Government have therefore a sum of about ten lakhs available over and above the standing balance of twenty lakhs.

There will also be additional charges of half * a lakh, approximately, on account of the numerous retirements from the Covenanted Civil Service, shown under the head 'Superannuations and Pensions,' and possibly of a lakh and three quarters † in consequence of Mr. Garstin's scheme, which still, however, requires the sanction of the Government of India. There will be a further debit, the amount of which is as yet uncertain, in the event of the Government of India sanctioning the proposal to convert the Tanjore Irrigation Survey into a Revenue Survey. From the balance of seven lakhs and three quarters the Government resolve to make the grants marginally noted, retaining six lakhs and a half in hand.

	Rs.

Demands amounting to upwards of 3 lakhs have been included. The Statements printed with G.O. 1581 W. d/ 21st June 1884 show the works which S.Es have brought forward for execution. Those unprovided with funds are now included in the proposed allotment Statement. Some of these appear in Part B of the Provincial Budget but not many of them. It is considered that the works specially brought forward by S.Es should receive preference over other works in Part B, and this Statement has been prepared thereon.

To W.

The C.A. recommends the purchase, at a cost of Rs. 28,000, of certain property immediately adjoining the Govt Brickfield at Madras.

The property, which belongs to a Mr. Coleman, consists of a house & compound, & includes a number of casuarina trees planted on Govt land alongside.

The object of acquiring the land & premises is set forth in full in para 5 of Major Mervants Report.

Of the purchase money, if sanctioned, Rs. 12000 will be debitable to "Civil Buildings" & for this an allotment in full will have to be made. For the remainder, Rs. 16000, debitable to "Stock, Lands & Kilns", no appropriation will be required.

The scheme is doubtless a very desirable one, and will, sooner or later, be adopted, but unfortunately at the present moment we have absolutely no funds to meet the outlay. I must therefore recommend that, for the present, the project be allowed to "lie over".
