Account.

READ—the following papers :—

From P. V. LUKE, Esq., Chief Superintendent, Government Telegraphs, Madras Division, to the Secretary to Government, Public Works Department, dated Madras, 23rd July 1883, No. 2359.

Has the honor to forward copy of Circular Memorandum, No. 8 C., dated Simla, 12th June 1883, for information.

ENCLOSURE.

GOVERNMENT TELEGRAPH DEPARTMENT.

CIRCULAR MEMORANDUM No. 8 C.

Simla, 12th June 1883.

It is requested that the following addition be made to the Schedule of Telephone Rates, which accompanied Circular letter, No. 8, dated the 26th July 1882, and which was specially referred to in paragraph 13 thereof, viz. :—

The above charges include the expenses of the first inauguration ; but, should a subscriber, by changing his residence or office, require the connections to be altered, and should such alteration not increase the wire mileage, a charge equal to one year's rent of half a mile of wire will be made to cover the expenses of alterations.

In a case where an alteration may cause an addition to the wire mileage, the subsequent rental will be proportionally increased, notwithstanding the charge for the actual alteration.

(Signed) R. MURRAY, Colonel,
Director-General of Telegraphs in India.

From the Under Secretary to Government, Public Works Department, to the Chief Superintendent of Telegraphs, Madras Division, dated 1st August 1883, No. 1661 D.

In acknowledging receipt of your letter, No. 2359, dated 23rd July 1883, I have the honor to request that you will be good enough to furnish this office with a copy of the previous Circular letter quoted, No. 8, dated 26th July 1882.

From P. V. LUKE, Esq., Chief Superintendent, Government Telegraphs, Madras Division, to the Under Secretary to Government, Public Works Department, dated Madras, 6th August 1883, No. 2703.

In reply to your No. 1661 D. of 1st instant, I have the honor to state that I have no spare copy of Circular No. 8 of 26th July 1882, but I enclose an extract of that part of it which applies to the matter under reference.

ENCLOSURES.

EXTRACT from Circular letter No. 8 of 1882.

I may also inform you that, whilst the Government of India has decided that this department is not to open any public exchange in any town for which the Oriental Telephone Company has applied for a license, it has also decided that if any public officers require any telephone conveniences, they are to advertise their wants, and that this department is at liberty to tender for the supply of such wants.

As the terms under which such tenders may be made should be known, I enclose you a printed extract from a letter to the Collector of Agra, quoting the rates at which public office or municipal lines can be erected, and beg you to note that these rates will be adhered to.

This extract may be shown to any public officer who may make any inquiry about telephone rates, but with the distinct intimation that you cannot finally accept any terms without reference to me.

You will understand that, in calculating charges, fractions of half miles of circuit are reckoned as half miles (*e.g.*, 900 yards counts as one mile; 1,800 yards as one and half mile), but in calculating for a set of public office lines, the rate is fixed on the total of the different circuits of that set added together. Also this rate is per half mile of circuit, measured by the nearest practicable route, and is quite independent of the number of wires on the same posts, the necessity of using return wires or the actual route that may be eventually adopted for departmental reasons.

The rate of charge being by the length of circuit by the nearest practicable routes, no scheme should be sent me for acceptance until the nearest practicable routes for the proposed circuits have been actually measured and quoted in yards.

* * * * * *

Extract from letter, No. 453 C.G., dated 11th May 1882, to the Collector of Agra.

Telephone rates charged to Public Offices and Municipalities—

	Per Annum. RS.
Rent and maintenance of each telephone transmitter and receiver ...	60
For each connection to a central exchange, if the central exchange be not worked by the Telegraph Department	30
For each connection to a central exchange, if the central exchange be worked by the Telegraph Department, for each 8 hours of service, provided there be 20 or more connections	60
For each connection to a central exchange, if there be less than 20 connections	30
Plus the sum of Rs. 600 per annum for service of an operator for each 8 hours of service.	
In addition to the above rates, Rs. 36 per half mile of wire per annum according to distance.	

II. Telephone rates charged to Private Firms and Individuals—

The same rates as above for instruments, but Rs. 54 per half mile of wire per annum.

The charge for altering the — in the building lately vacated by the Adjutant-General's office, accepted.

Board of Revenue, 23rd June 1884, No. 2173.

2041

PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from C. A. GALTON, Esq., Acting Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 7th June 1884, No. 584:—

I have the honor to state that I removed my office to the Municipal buildings on the 26th ultimo, in accordance with instructions received from Government by telegram.

2. As these buildings required certain alterations to adapt them for use as a cutcherry, I ordered them to be carried out at once in anticipation of the Board's sanction. I request, therefore, that a fresh allotment of Rs. 1,000 may be sanctioned at an early date to meet the unexpected charge.

3. I take this opportunity of bringing to the notice of the Board that my present office is nearly three-fourths of a mile from the Treasury, Record-room, Currency Office, Press and Bank. As papers have to be constantly carried between the new cutcherry and these offices, I find it very difficult to manage with the present establishment of peons and attenders. I therefore request that the temporary establishment as per margin may be sanctioned as it is absolutely necessary.

	RS.
For the Correspondence Department—	
2 Peons on Rs. 7 each	14
For the Account Department—	
2 Peons on Rs. 7 each	14
1 Masalji for the Treasury, Record-room and Currency	6
Per mensem ..	34
„ annum ..	408

4. It is very desirable that my office should be in communication, by telephone, with the Treasury, Currency Office, Record-room and Bank. I therefore request the Board will also be pleased to accord their sanction for the construction of a line, instructions being issued through the proper channel to the Chief Superintendent of Telegraphs here to complete the work without delay. This will be an immense convenience, and will save the messengers many trips per diem, whilst the cost of upkeep will be trifling and will merely require an adjustment between Provincial and Imperial.

Resolution—dated 23rd June 1884, No. 2173.

The additional allotment of Rs. 1,000 is sanctioned from savings in other districts under "Civil Buildings in charge of Civil Officers."

2. The sanction of Government is requested to the entertainment of the temporary establishment asked for in paragraph 3 of the Collector's letter, at a cost of Rs. 34 per mensem. The Board agree with the Collector as to the necessity for his office being

5

connected by telephone with the Treasury Office, Bank, &c., and request that instructions may be issued through the proper channel to the Chief Superintendent of Telegraphs at Calicut for laying down a line at an early date.

3. A proposition statement in the prescribed form is herewith submitted.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Secretary.
