25TH AUGUST 1884, No. 2095 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 11th August 1884, No. 286 T.N. :—

With reference to paragraph 1 of G.O., No. 1412 W., dated 5th June 1884, I have the honor to forward, herewith, a copy of letter from the Executive Engineer, Tinnevely division, No. 152, of 28th July 1884, explanatory of the circumstances under which the lands shown against items Nos. 37 to 39 were taken up without the prior consent of the Revenue Department.

2. From paragraph 1 of the enclosed letter it would appear that no satisfactory information can be obtained from the divisional records as to how the lands against items Nos. 3 and 4 were taken possession of by Executive Engineer Mr. Martin, now on furlough to Europe.

3. I have the honor to report that endeavours are being made to adjust the claims shown in the statement received under the Government order under reply.

ENCLOSURE.

From W. L. BIRD, Esq., Executive Engineer, Tinnevely Division, to the Superintending Engineer, VI Circle, dated Courtallam, 28th July 1884, No. 152.

Former reference, No. 224 T.N., dated 12th July 1884.

With reference to the above, I have the honor to inform you that the records of 1881-82 and 1882-83 have been searched, but there is nothing to show that the lands were taken up with or without the consent of the Revenue Department.

2. It is observed from column 4 of the statement opposite to items 37 to 39 that a certain quantity of earth remained to be paid for. From this I presume that earth for the bank must have been excavated from the lands, the owners thereof subsequently claiming compensation for filling in the excavations. The same method should have been followed with items 3 and 4, but in this case compensation for land was subsequently demanded and bill sent for payment.

3. It is probable that the parties who executed the work have dug earth from the adjoining lands to which no objection was made at the time, so that there would have been no occasion for applying for the land, but claims for compensation having since been made the Revenue Department has considered that the lands were taken without any reference to them.

4. The Collector has again been written to for the bill referred to in paragraph 2 of your memorandum under reply.

The statement is herewith returned.

ORDER—dated 25th August 1884, No. 2095 W., Public Works.

Communicated to the Revenue Department, with reference to G.O., No. 1412 W., dated 5th June 1884.

25TH AUGUST 1884, No. 2095 W., PUBLIC WORKS.

2. No avoidable delay should be allowed to occur in carrying out the instructions in paragraph 2 of that order.

Lands.

Acquisition of — in the Tinnevely district.
— Orders on explanation submitted by the
Superintending Engineer as to — without
prior reference to the Revenue authorities.

Tinnevely Division Office.
Sontallam, 28 July 1884.

No 152

From

The Executive Engineer

Tinnevely Division

To

The Superintending Engineer
6 circle.

Former reference No 224.T.R.
12.7.84.

Sir,

With reference to the above I have
the honor to inform you that the records of
1881-82 and 1882-83 have been searched
but there is nothing to show that the lands
were taken up with or without the con-
sent of the Revenue Department.

2. It is observed from Column 4 of
the statement opposite to items 37 to 39 that
a certain quantity of earth remained
to be paid for. From this I presume
that earth for the bank mounds have been
excavated from the lands the owners
there of subsequently claiming compen-
sation for filling in the excavations. The
same method should have been followed
with item 34 but in this case com-
pensation for land was subsequently

demanded and bill sent for payment.
3. It is probable that the parties who executed the work have dug earth from the adjoining lands to which no objection was made at the time so that there would have been no occasions for applying for the land, but claims for compensation having since been made the Peninsular Department has considered that the lands were taken without any reference to them.

4. The collector has again been written to for the bill referred to in para 2 of your memo under reply.

The statement is herewith returned.

I have &c.

Sir,
With reference to para 1 of S.O. No 1412 N dated 5th June 1884, I have the honor to forward herewith a copy of letter from the Executive Engineer, Sinnerahy, D. No 152 of 28th July/84, explanatory of the circumstances under which the lands shown against Items No 37 to 39 were taken up without the prior consent of the Revenue Department.

2. From para 1 of the enclosed letter it would appear that no satisfactory information can be obtained from the Divisional records as to how the lands against items No 3 & 4 were taken possession of by Executive Engineer Mr. Martin, now on furlough to Europe.
