Read—the following papers :—

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Secretary to the Surgeon-General with the Government of Madras, dated Chepâk, 24th July 1884, No. 1540.

I have the honor to forward, for disposal, under paragraph 3 of G.O., No. 483 W., dated 21st February 1884, an estimate of Rs. 11,590, for building an operation-room to join on to the first floor of the general hospital at Madras.

1 Detailed estimate.
1 Report and specification.
1 Plan.
2 Abstract estimates.

2. The plan is approved by the committee of medical officers in their proceedings dated 14th June 1884.

No. 4564.

The senior medical officer in conjunction with medical staff of the general hospital will be so good as to report on the plan before taking any further steps.

(By Order.)

(Signed) A. J. STURMER,
Secy., Surg.-Genl. with Madras Govt.

30th July 1884.

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 7th August 1884, No. O2/15.

I have the honor to submit, for the sanction of His Excellency the Governor in Council, the accompanying plan, estimate and specification, amounting to Rs. 11,590, for building an operation-room in connection with the general hospital, Madras. The amount, it is presumed, will be met from the allotment for new civil works at the presidency.

No. 1834 Public.

Approved and transferred to the Public Works Department.

(By Order.)

(Signed) H. TREMENHEERE,
Acting Assistant Secretary.

Ootacamund,
14th August 1884.

Order—dated 25th August 1884, No. 2096 W., Public Works.

The estimate, amounting to Rs. 11,590, for constructing an operation-room in connection with the general hospital, Madras, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 125 W. of 1884-85, and classified as Civil Buildings, Original Works.

PUBLIC WORKS DEPARTMENT.

17th September 1881, No. 2,305 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 129. From Surgeon-General W. R. CORNISH, F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Ootacamund, 7th September 1881, No. 0-115.

WITH reference to G.O., No. 1,017, dated 27th July, in which Government decide that no portion of the General Hospital building in Madras, now in occupation as a European Regimental Hospital, can be given over for the better provision of hospital accommodation for the civil population of the town, I have the honor to request that the sanction of Government may be given to the preparation of plans and estimates for—

1st.—Provision of a Mortuary Theatre for the General Hospital.
2nd.—Provision of suitable buildings for the out-patient department of the General Hospital.
3rd.—Provision of an upper-storey over the centre wards of the present Women and Children's Hospital, Egmore, for the accommodation of European and East Indian females.
4th.—Improvement of the out-house accommodation in ditto.
5th.—The enclosure of the premises of the Women and Children's Hospital by suitable fencing.

2. I would venture to hope also that provision may be made in the Provincial Public Works Budget for the execution of, at any rate, a portion of the necessary works in the year 1882-83.

3. Letters on the subject of the hospital requirements are enclosed for information, and all necessary details will be furnished to the officer who may have to prepare plans and estimates, should Government be pleased to sanction their preparation.

Letter No. 1,241, dated 20th August 1881, from the Senior Medical Officer, General Hospital.
Do. No. 219, dated 31st August 1881, from Surgeon, Second District.

No. 130. ORDER THEREON, 17th September 1881, No. 2,305 W.

THE Superintendent of Works, Presidency, will frame the requisite plans and estimates in communication with the Surgeon General.

2. It seems questionable, however, whether much money should be spent on the old Lying-in Hospital. It does not follow that, because the military patients cannot be moved from the General Hospital, that the required additional accommodation for women and children cannot be provided there. If the old Lying-in Hospital buildings and site are not required for any other public purpose, their sale proceeds should go far to meet the cost of the new buildings at the General Hospital. The question should be considered and reported on in connection with the estimates now called for.

(True Extract.)

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 162.

Read—the following papers :—

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Ootacamund, 29th July 1882, No. O/410.

With reference to the enclosed correspondence with the Superintendent of Works, Presidency, I have the honor to solicit the sanction of Government to expediting the construction of a new out-patient department for the General Hospital as an urgent work, the accommodation being at present very defective and inconvenient for the large number of patients attending the institution.

2. The probable cost of the improvements proposed for the General Hospital, according to Colonel Burton, R.E., is Rs. 23,000, but as the improvements include a new pathological theatre and enlargement of the present operating theatre, it is probable that only a moiety of the above amount will be wanted for the new out-patient room.

3. If funds can be spared this year, I shall be glad if Government will be pleased to direct that the plan and estimate be submitted for execution of the work within the current year.

No. 162-A.

From Lieutenant-Colonel W. H. BURTON, R.E., Executive Engineer, Presidency, to the Superintending Engineer, Fifth Circle, dated Bangalore, 15th August 1882, No. 2068.

In reply to your No. 1681, I have the honor to report that the estimate and plan for new out-patients' room, &c., at General Civil Hospital forms a small portion of six unusually large estimates called for by the Civil Medical Department, amounting approximately to Rs. 1,00,000 ; these are all nearly ready and will be submitted prior to Mr. Lalor's transfer, he having had the preparation of them.

1 Chief Engineer's endorsement with its enclosures.

The three pavilion sheds are so much out of repair that it will be necessary to rebuild them ; having sufficient funds to construct one of these orders were given in August to that effect ; the requisition for the three was only received on 17th July, so that there has, I submit, been no undue delay.

The allegation that the "Hospital has not been whitewashed for five years" is not founded on fact ; the inside was limewhited in February 1880 at a cost of Rs. 556, and other repairs were effected in October 1880 at a cost of Rs. 1,770. From the above dates until latter end of April 1882 no requisition was received for repairs or limewhiting now found necessary, probably because the Hospital authorities were in the habit of limewhiting the interior walls of the wards to a height of eight feet and of *doing petty repairs out of the* monthly allowance of Rs. 100 which, it is understood, *they receive for this purpose*; an estimate, amounting to Rs. 6,070, for general repairs *to the whole building* is now with me, but I have no funds wherewith to meet it.

As to the blinds, 211 in number, the repair of these, estimated at Rs. 2,710, is *being executed*; that of 82 is finished, and that of the remaining 129 will be finished by the 20th September next, the work is not being done faster because of the objections raised to removing all the blinds at one time for the purpose. Objections not of course made by me, as it would be very much to the convenience of the department that they were all removed at once for the purpose.

The Chief Engineer's No. 509 E., dated 2nd August 1882, is returned.

No. 1843.

Endorsement on the above.

The Executive Engineer shows that the plan for the out-patients' room is only one item out of a large demand for improvements.

2. The pavilion sheds have to be rebuilt.

3. The Hospital was whitewashed in 1880, and has not been left untouched for five years.

4. The Hospital authorities object to having the blinds taken down all at once for repairs; on this account there is delay, but it is not attributable to the Public Works Department.

(Signed) H. L. PRENDERGAST, Colonel, R.E.,
Superintending Engineer, 5th Circle.

18th August 1882.

No. 163.

Order—dated 25th August 1882, No. 2187 W., Public Works.

The submission of the required plans and estimates for the out-patients ward should be expedited.

2. A sum of Rs. 7,000 has since been allotted in G.O., No. 1999 W., dated 7th August 1882, for the three pavilion sheds and other special repairs stated to be urgently needed.

No. 92.

READ—the following papers:—

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 30th October 1882, No. 2701.

With reference to G.O., No. 2305 W., dated 17th September 1881, I have the honor to submit plans and estimate of Rs. 20,350 for constructing an out-patients' ward and dispensary at the General Hospital, together with a mortuary and theatre, with water-pipes to be laid on to the latter. The present sheds for out-patients and the dead-house are proposed to be converted into separate waiting-rooms for men and for women, and each is to be connected with the new dispensary by a covered passage.

2 Plans.
1 Report.
1 Specification.
1 Detailed Estimate.
1 Abstract Estimate (in duplicate).

2. In G.O., No. 2187 W., of the 25th August 1882, the estimate for the out-patients' wards is specially called for. The out-patient department includes the dispensary, two consulting-rooms and four small rooms for dressing and bath-rooms, and the estimate, excluding the mortuary arrangements, amounts to Rs. 15,890.

No. 92-A.

From the same Officer, dated Chepauk, 9th March 1883, No. 4327.

With reference to your memorandum, No. 2029, of the 10th November 1882, I have the honor to submit again the plan and estimates (of Rs. 20,360) for constructing an out-patients' ward, a dispensary, mortuary, &c., at the General Hospital. Excluding the mortuary arrangements, the estimate amounts to Rs. 16,100.

2 Plans.
1 Report.
1 Specification.
1 Detailed Estimate.
2 Abstract Estimates.
1 General Abstract.

2. On the questions of the dissecting table being made according to the standard design, and a flooring more suitable than asphalte being laid down in the mortuary, the Surgeon-General states that a table on the standard design is not suitable, but that a table which swings round is required, while he prefers asphalte to any other description of flooring. A revolving table on the War Office pattern and the asphalte flooring have therefore been left in the estimate. A receptacle sink and cistern have now been entered in the estimate as suggested in your memorandum.

No. 93.

Order—dated 13th March 1883, No. 819 W., Public Works.

The estimate, amounting to Rs. 20,360, for constructing an out-patients' ward, dispensary and mortuary at the General Hospital, Madras, is sanctioned.

2. The Superintending Engineer will report at once whether any money can be expended on the work during the current official year, and application should be made, as soon as possible after 1st April 1883, for funds required during 1883-84.

3. This sanction has been registered as Provincial No. 270 W. of 1882-83 and classified as Civil Buildings, Original Works.

(True Extract.)

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Surgeon-Major J. KEESS, M.D., Senior Medical Officer, General Hospital, to the Secretary to the Surgeon-General with the Government of Madras, dated Madras, 10th July 1883, No. 1938:—

I have the honor to represent that the size of the theatre in the sanctioned Mortuary is 18 × 17½ feet, and that there is a gallery or platform for eighteen students standing in two rows, allowing 1 foot 9 inches frontage and 1 foot 6 inches in depth.

2. As cases may occur in which it would be necessary to accommodate forty students and medical visitors, I beg to suggest, for the Surgeon-General's approval, an addition to the Mortuary of 7½ feet in length. It will then measure 25½ × 17½. The additional cost will amount to Rs. 400. The foundation is about to be dug, and, if sanction be obtained to this proposal now, no unnecessary trouble or expense need be incurred hereafter in making alterations.

3. The present arrangement provides standing room for students. It would be an improvement if they were provided with seats. This could be done by raising the platform a little, so that the students' heads, when seated, would be on a level as when standing on the proposed platform.

4. The small size of the proposed Mortuary did not strike me until its dimensions were marked out on the ground.

No. 179 O.

Forwarded to the Secretary to Government, Public Works Department, for favorable consideration, if the expense is not greater than Rs. 400 as stated by Dr. Keess. The plans of the Mortuary Theatre were submitted to and approved by the Senior Medical Officer, General Hospital.

OOTACAMUND,
14th July 1883.

(Signed) W. R. CORNISH,
Surgeon-General, Government of Madras.

Order—dated 26th July 1883, No. 2048 W., Public Works.

Communicated to the Superintending Engineer, Fifth Circle, who will carry out the proposed modification of design on the understanding that the additional cost will not exceed Rs. 400.

2090/9

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Order—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and countersignature. If the Collector be satisfied as to the suitableness of the proposed accommodation, &c., he will transmit the papers through the Board of Revenue to Government in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O., No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who,* after obtaining the approval of His Excellency the Commander-in-Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

---

* Note.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

21st February 1884, No. 483 W., Public Works.

6. The Secretary, Code Committee, will take the necessary steps for embodying these rules in the Public Works Code, in modification of paragraphs 1168 and 1335.

Current No. 3834

Letter No. 1834

Dated the 14th August/84

From the Chief Secy to Govt

The only point that strikes me is whether some special provision sh'd not have been made for & in connection with the operating table — but that detail doubtless will be considered when the work is being carried out.

Sanction, for execution when funds become available.

CJ
19.8.84

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for building an Operation Room in connection with the General Hospital at Madras. The amount of the estimate is Rs 11590.

2. The work proposed is not accurately described in terming it 'the construction of an Operation Room' for it is intended to construct a large room on ground floor, 44 ft. x 32 ft., to serve as a portico, and above this to build the Operation Room.

3. The plan and estimate have been well prepared. It is to be noticed that the scantlings of timbers

DW

Q 20·8·84 Q. 25·8·84

are in excess of those laid down in the standard Specification but the purpose the building is intended to serve warrants the increased dimensions — Subject to approval.

Certainly.

4. The plan has been approved by the Committee of Medical Officers in their Proceedings dated 14th June 1884. The estimate has been countersigned by the Senior Med. Officer of the General Hospital.

Public Works Department, 1882-83.

Current No. 7426

Letter No. 2701

Dated the 30-10-82

From the Suptg. Engr. Fifth Circle

NOTE OF REMARKS.

Estimate with Plan & Specifn. for constructing an out patients Ward & Dispensary at the Genl. Hospital, Madras, together with a Mortuary, & Theatre in Post mortem room, with water pipes to be laid on to the latter amounts to Rupees 20,350.

2. Plans & Estimates for the above works were especially called for in G.O. No 2187 W of 25th August 1882.

3. The existing sheds for out Patients & the Dead House are proposed to be converted into seperate waiting rooms for men & women & each are to be connected with the new Dispensary by a covered way.

4. The Estimate excluding the mortuary arrangements amounts to Rs 15,890.

5. The rates more or less agree with the District schedule.

The

6. The Estimate alone has been countersigned by the Surgeon Genl. with the Govt. of Madras.

7. No provision has been made to intercept the pipe outside, from the Dissecting Table, the outfall should be received in a moveable receptacle on the outside, (to enable the contents to be buried or carted away,) & not allowed to run its course along the provided drain.

8. In addition to this a sink measuring 3' × 2' × 3 ft. with trough 9 inches deep lined with lead, (as provided in Standard plan) may have been provided for washing different parts of the body, & a stop-cock opening over the sink may also be provided.

Memo: No. 2629 C d/ 10th November 1882

Letter from S.E. 5th Circle No. 2701 d/ 30.10.82 submitting plan & Est: for constructing an outpatients ward and dispensary at the Genl Hospital, Madras.

2096/15

The Chf Engr. has the honor to remark that the arrangements proposed for the dissecting table do not agree with the Standard design, in accordance with which the floor should be such as to admit of washing without absorption of the water, and such as not to be liable to fracture or cracks, eg asphalte. There should be an outlet from the floor for the washings which should be received into a moveable receptacle on the outside – a sink measuring 3' × 2' × 3' with trough 9" deep, lined with lead, should be provided for washing – different parts of the body, and be placed opposite a glazed window, as also a cistern outside for the supply of water through a pipe, with stop cock opening over the sink –

2. The plan & estimate should be revised in accordance with these remarks, unless special reasons exist for the adoption of the proposed arrangements.
