READ—the following proceedings of the Board of Revenue, dated 9th July 1884, Mis. No. 6342:—

Read—the following letter from J. STURROCK, Esq., Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 24th June 1884, No. 1459:—

I have the honor, at the request of the Superintending Engineer, IV Circle, to

- 1 Revised estimate.
- 2 Abstract estimates in duplicate.
- 1 Comparative statement.
- 1 Report.
- 2 Sanctioned plans.
- 1 Do. estimate with specification.

submit, for sanction, a revised plan and estimate, amounting to Rs. 6,340, for repairs and improvements to the taluk cutcherry at Udipi.

2. An estimate of Rs. 4,500 was sanctioned for the work in G.O., dated 5th December 1882, No. 3187 W., Public Works Department, but the Superintending Engineer states that this estimate having been prepared prior to the issue of G.O., No. 1055 W., of 28th April 1882, it has become necessary to revise it, in order to admit of the necessary alterations being effected to the treasury.

3. Opportunity has also been taken to provide for the construction of a verandah to a portion of the taluk cutcherry, much needed for the accommodation of ryots and parties visiting the office on business, and who are now obliged to stand in the sun and rain outside the office.

4. Several other minor excesses over the original estimate are explained in detail by the Superintending Engineer in the comparative statement of differences which accompanies the revised estimate.

Resolution—dated 9th July 1884, Mis. No. 6342.

The revised plan and estimate for the repairs and improvements to the taluk cutcherry at Udipi, amounting to Rs. 6,340, are submitted for the sanction of Government. The increase over the original estimate of Rs. 4,500 is required to carry out certain alterations to the treasury room to fulfil the conditions laid down in G.O., dated 28th April 1882, No. 1055 W., and to construct a verandah to a portion of the cutcherry to provide accommodation for ryots and others attending the office on business.

ORDER—dated 27th August 1884, No. 2114 W., Public Works.

The revised estimate, amounting to Rs. 6,340, for improvements to the taluk cutcherry at Udipi, in the South Canara district, is sanctioned.

2. The excess of Rs. 1,840 over the original estimate of Rs. 4,500, sanctioned in G.O., No. 3187 W., dated 5th December 1882, is explained in the Executive Engineer's report.

3. A sum of Rs. 1,586 has been provided for this work in the statement printed with G.O., No. 1581 W., dated 24th June 1884. The Superintending Engineer will apply for additional funds later in the year if required.

4. This sanction has been registered as Provincial No. 129 W. of 1884-85, and classified as Civil Buildings, Original Works.

Resolution of the Government of India in the Department of Finance and Commerce,
No. 4028, dated 4th November 1881, recorded with G.O., No. 77 W., dated 11th January
1882, on the subject of strong rooms for the storage of coins.

No. 94.

ORDER—dated 28th April 1882, No. 1055 W., Public Works.

The application of the rules laid down by the Government of India for the
storage of coins in strong rooms has led to a proposal for the construction of new
Huzur Treasuries throughout the country. While the Government cannot entertain
a proposal of this character, it is thought that, with a view to safety, the two following
general principles should be put in force in all cases, and the requisite measures will
be taken as soon as possible for carrying them into effect:—

- (1.) All strong rooms should be so exposed in all their parts to the sentry on
duty that no one can enter them without being exposed to view.
- (2.) The roofs or ceilings of such rooms should in all cases consist of solid
terracing.

Report to accompany the Abstract Estimate of Rs. 4,500 for repairing and improving the Taluk Cutcherry at Udipi in Coimbatore Division.

The plans and estimate were prepared at the request of the Collector of South Canara District for thorough repairs and improvements to the Taluk Cutcherry at Udipi, and they have been approved and countersigned by him.

2 Plans.
2 Abstract Estimates.
1 Specification.

2. At present the building in question is in a very leaky and dangerous state ; and it is proposed to remove the existing terrace roof entirely and substitute a roof of couples and collar beams covered with machine tiles.

3. The treasury of the Taluk Cutcherry is at present kept in a room measuring 16 feet by 12 feet, which it is proposed to re-terrace and cover with a tile roof as per Section G. H. shown in the plan. New iron railings on an iron door are to be provided to the treasury as per enclosed plan.

4. The Executive Engineer has been ordered to carry out such repairs as may be necessary to ensure the safety of the building in anticipation of your sanction.

5. As the amount of the estimate exceeds one-fourth of the value of the building it has been treated as an original work under paragraph 960 of the Public Works Code, and it is submitted for the sanction of Government.

6. Funds for this work were allotted to the full extent of the estimate of Rs. 4,500 in G.O., No. 2755 W., dated 23rd October 1882, and it is hoped that the estimate, if sanctioned shortly, will be worked out in the current official year.

The revised estimate amounting to Rs 6,340, for improvements to the Saluk Butcherry at Udipi in the South Canara District, is sanctioned.

2. The excess of Rs 1,840 over the original estimate of Rs 4,500, sanctioned in G. O. No: 3,187 W dated 5th December 1882, is explained in the Executive Engineer's report.

3. A sum of Rs 1,586 has been provided for this work in the statement printed with G. O. No: 1581 W dated 24th June 1884. The Superintending Engineer will apply for additional funds later

from the original estimate by an oversight. The excess Rs. 153 on account of glazed windows is due to an increase in the rate for those articles having taken place since the submission of the original estimate. Under the new item 'roofing with tiles &c' there is the additional sum Rs. 328. This latter item belongs to the verandah provided at the request of the collector for the shelter of ryots who come to the butcherry on business. The foregoing are the most important ^{items} under which the excess of the revised above the original estimate occurs.

3. The revised estimate has been countersigned by the collector of the District.
