SIR,

I HAVE the honor, by order, to forward for sanction and transfer to the Public Works Department for disposal, the estimate, plan, &c., below-mentioned which have been approved by the Commander-in-Chief. The plan and estimate have been countersigned.

1 Plan and Estimate amounting to Rs 1050 for Construct-
ing drains in the Family Quarters of the Field Batteries at
Saint Thomas' Mount.

It is reported that the work is essentially required

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for constructing drains in the Family Quarters of the Field Batteries at St. Thomas' Mount. The amount of the estimate is Rs. 1050.
2. At present the water from the bath room of each cottage of the Family Quarters, is allowed to stagnate near the building, and this the Senior Med. Officer considers injurious to health, and it is in compliance with his opinion the accompanying estimate has been submitted. - H. J. W. Written

in the Report: - "It is therefore proposed to construct putka drains as per plan from each bath room to the nearest longitudinal drain, from which the foul water will be passed off by transverse drains to the low ground on the west, and eventually into the Adyar river."

The plans and estimates have been countersigned by the Jt. Mr. General.

3. It is stated: - "The estimate has been kept as low as possible in order to get the work done soon, and hence it is not provided to make the outer longitudinal drain putka as would be desirable," - Subject to approval, this step appears to be a mistake. In the matter of drains none but putka work should be allowed.
